

Missions Week Life Group Notes

Hello Life Groups! We would heavily encourage you to pause your regular life group meetings this week, and instead to attend the missions meetings at night.

This is a great space to not only hear what God is doing through Fellowship supported missionaries locally and abroad, but also is a great space to love on and care for our missionaries as well.

Sign ups are not required, and you can find more information on the schedule and set up of each night at fbclife.org/events.

If you do still plan to meet with your Life Group as regularly scheduled, we would encourage you to have either a community-building night, or a night centered on studying Matthew 28:16-20 and thinking through how each of us can be a part of the Great Commission with our time, talents, and treasures.
