Application Questions

1) Where have I wandered from God's promises?

Action: Identify one area where you have been knowingly slow to obey, return, or worship God. This week, take the next specific step of obedience rather than waiting for your feelings to change.

2) What brokenness am I allowing to make me doubt God's faithfulness?

Action: Name the circumstance that is causing you the most pain or uncertainty. Write down one promise of God that speaks to that situation and pray it back to Him daily this week.

3) Am I trusting God with what I cannot yet see?

Action: Identify one situation where you are tempted to control the outcome because you cannot see how God could possibly work it out. Surrender that outcome to God and choose one faithful action you can take today while leaving the results to Him.
