

**Text:** Galatians 5:1-15

**Big Idea:** Gospel transformation is different from moral reformation. Gospel transformation is centered on Jesus' redeeming work. Moral reformation depends on individual effort. Gospel transformation changes us from the inside out.

- We have been set free from [empty religion, fear] and for [freedom].
- Grace provides certainty.

**Discussion Questions:**

1. How is being “saved for freedom” (Galatians 5:1) different from just “doing our own thing”? Share personal examples.
2. How can our view of others serve as a motivation test for your actions? Your thoughts?
3. How have you experienced joy in celebrating in the success of others? How does a Gospel-centered perspective enable that? Do you find it easy or difficult to do?
4. Why do you pursue holiness? What are the personal implications in your life?
5. How would you explain why you are involved in Hill Country Bible Church (attendance, participating in activities)?
