God’s tests strengthen us in faith.

God provides all we need to obey Him.

1. What areas of your life is God calling you to do something uncomfortable? What might you need to do to follow God in certain areas?
2. Considering Abraham’s response to Pharaoh & Abimelek, where has God blessed you in spite of your response to Him?
3. What area of your life has tested your patience? Have you turned it over to God? What causes you to hold on to these areas?
