**The Good Samaritan - Luke 10:30-37**  
**Dr. Willie Bolden**

1. How do you personally practice living out the Great Commandment?
2. If the stranger that was robbed had been your political enemy, how would you have handled this situation?
3. Why did Jesus use the religious elite in the story (the priest and the Levite) to contrast the Samaritan?
4. Why do you think the Samaritan went the extra mile to pay for the man's needs beyond the robbery?
5. In our present racial and political climate how can the Church be more like the Samaritan?
