okay I want you to share with us
I'm gonna go do something in house real quick
and then I'm gonna meet you back up here
but can you share your word that God gave you today
and then you had a dream last night that I
want you to share
so can you come back up
I will and I will just yes
join me alright
switch places
cause I gotta go that way
okay alright
I'll be alright y'all well
thanks for joining us for
our Resurrection Day Celebration and I do
I have a few things that I wanna share with you
and I think that um
what's on my heart is um
all about how you know
you're living a resurrected lifestyle
Kyle thank you
and some of the things that
are on my heart was the last seven words of Jesus
he started talking to me about the last 7 words
of Jesus and I'm like okay
Lord Luke 23
let's go to that place
he's on the cross
he's saying some things
it's crucial
it's the I mean
if you're gonna say something that means something
now is the moment to do that
and what are the last seven words that he spoke
and literally
the last seven words that he spoke
are going to fuel the power of resurrection

like literally
you can't get to resurrection
without speaking these words
and nobody thinks that
everybody goes oh wow
the the ground begin to shake
and the stone is rolled away
and that's all amazing
but what were the things that he said before
he even gave up his spirit on the cross
that actually started the resurrection there
that's really when
the power of resurrection was released
and here's the last seven words of Jesus
he said this
he said he was speaking to the father
and he says
into your hands
I commit my spirit
now think of that
into your hands
I commit my spirit
those are the last seven words of Jesus
into your hands
I commit my spirit
now that's really where the resurrection got started
because you can't live a resurrection lifestyle without
completely surrendering your life to the father
and say Lord
everything that I'm about
all that I am
my finances
my job my company
Lord my family
everything that I'm doing
my ministry
my life into your hands
I commit my spirit
and I wanna share with you that
that is the secret to living a resurrected lifestyle
and we gotta go back
we gotta go back to that place
because surrender is the biggest freedom ever
and that may seem counterintuitive
but trusting your life into God's hands is the gateway
to resurrection and
and not only that

but it takes the greatest courage ever
like literally
the greatest act of courage anywhere
is to fully trust your life into the hands
of the father
I remember when the Lord spoke to me
and said Bobby
greater than any battlefield
you would ever fight on
greater than any miracle
signs wonders
anything that you are doing
greater than all of that
is when you decide
to trust me with your whole life
that takes the most courage
and is the most valiant on any battlefield ever
and so this
last seven words of Jesus
were so powerful in living the resurrected lifestyle
and I say that
we need to prophesy that right now
we need to say those words
right here and right now
and you just say it with me
into your hands
I commit my spirit
and that's really what
God has us prophesying over ourselves right now
he has prophesying that about our company
yes that are
prophesying that about our family
everything father
into your hands
I command my spirit
and that is the release
of the power
of the resurrection
and so I wanna bring Becky up here
to share a dream with you
that was super powerful
Becky 1st John 4
first John 4:19 I woke up
I don't even remember the dream
all I remember is waking up and saying
first John 4:19
and this is what it says

we love because he first loved us
and I got to
this picture of how parents
they love their children
before they are even
formed conceived
thought it like
being like baked inside the womb
they love their children
and they have this love for them
that only grows and grows
as they're being knitted
informed inside the womb
and they are
burst into this earth
you know that's
the love that Jesus has
his love didn't just start
come on when we were
made on this earth
or born into this earth
he knew us before
the foundations of the earth
but he loved us
even before then
he loved us
at the very beginning yeah
and because
he loves yeah
so we love yeah
who do we love
we love him yeah
we are made
to love and worship him
yeah and because
so in this today
resurrection Sunday
think about
Jesus on the cross
he is he's saying these last seven words
and he's knowing
because I left
he could have left off that cross
at any moment yeah
he could have done whatever
to say okay
I've endured

enough pain
I don't need to actually commit my spirit
I don't need to actually
die I'll just
I can walk off this
this cross and
and it'll be done
but he knew something about Covenant
he knew something
that needed to take place
and he needed to walk it through
to its entirety
so because he loved
and in John 3:16
it says for god
so loved the world
for god so loved
again there's that
because he loved
and because he loved
we love him
and here it is
what he's done
to the fruition
of all covenant
agreements he
he committed to it
and he because he loved
he did it all for us
and now we get
the opportunity to
to love him and do
and say father
we commit our spirits into
your hands yeah
isn't that good
everything that he did
was birthed
out of love
so he made us
out of love
that was like
the fuel behind
um our coming to life
if you will
was love it seems like
love is the power of life

it's like love has
within it these
make you come alive qualities
and love is
the power of resurrection
and all the things that
are being resurrected in
your life right now
uh relationships
um if you're going to
allow things to be resurrected at all
uh and let's say if
if it was relationships that
that would start with
new levels of love
you would say
you know what
I just started
getting God's heart for them
I started getting God's perspective
for them or
for nations
maybe that he's
put on your heart and or
or just maybe
for yourself
and learning to forgive
who you are
all that forgiveness
and all of that
begins with love
and it is the
ingredient for resurrection
and so we just wanna prophesy
some things
are being resurrected
in your life today
some things are
being resurrected
not just because
we're celebrating this day
but because this is a season
of resurrection
and so Becky
in the time that we have left
I think we should just pray
and prophesy

um over God's people um
this resurrection
and um that
the reality of love
you had this dream
you had this
encounter with the Lord
1st John 4:19
and you knew
everything right
now that he's doing in us
is the foundation of love
his love yeah
that's right
and you we talked about it this morning
and you're like
it's not just like
sentimental love
right right
it's the agapeo love
and you said
there's two words for love
that I feel like
are important
that the Lord has for us
in love yeah
so you know
there's the
one that we talked about
that you know
I think a lot of people
confused with
love agapeo
and that's the word
fileo they get
emotionally connected
and they're
like oh dude
that's it for me
that's the love of God
and if I can feel it
and if I can
feel a connection
then boom we got love and
and actually
the love for Jesus is
way deeper than

that isn't it
it is a commitment
according to your will
uh sometimes
it has to do with that
passion and
and I love that
but it's way beyond just an
emotional connection
and so the second word that
you're talking about
other than agapeo
is the word
agape and it's
what happens with
your Agapeo
your Agapeo
is unconditional love
beyond um emotion
it's a commitment
of the will
um and so out of that
you go love
people and so
out of God's love
he sent his only son
and that's the word agape
which means
to be benevolent
to go do something
with that love
like we saying today
love has a name yeah
yeah that's
awesome so I just
I feel like
let's just pray
let's do it
let's pray over them
and it changes
and transforms
love hopefully
in your hearts
it does in my heart
because when
I know that
um because he

he loves me
I can do all things for him
and hopefully
that is your
part of your discovery
too and also
in that resurrection
life you know
because there's
there's the tomb and Bobby
you call it
you know your
your your tomb
has become a womb
your womb and so
what is God
resurrecting in
your life right now
because he loves you
he has resurrection
life over you
and for you
in all things
that concern you
things that he's
put in your heart
to concern you
because he has
a plan and a purpose
for the goodness
of his will
and purpose
in his agapeo love yeah
to be seen throughout
the earth so
father yeah
let this resurrection life
first begin
in the womb
of their spirits
to now birth
out and and
and grow up and
and reawaken yeah
and bring love
back to life
in areas that

it has gone cold
Lord let that love
just now be on fire
set of blaze
and father like
Holy Spirit
we just need
your your touch
and your power
and your strength
and your wisdom
and your guidance
to love well
and to love God
well and to
to know what
your plan is
and to say yes
to life and no
to the things
that are not
in your plan
and purpose
and so let's
do it together
say it with us
Father Father
we commit we commit
our spirit our spirit
to your will
to your will
in the name of Jesus
in the name of Jesus
father I prophesy
right now that
the things that
you're bringing to life
right now in
the church globally
I say right
now healing
is released
um I see um
like a upper
spine um like
at the base of
the neck I'm

not sure um
what to call that
but at the at
the base of
the neck um
I see that being
healed right
now I see that
there was a lump
and that lump
I command to
dissolve right now
in Jesus name
and you're watching this
I want you to
put that's me
in the chat
and I see um
curvature of
the spine too
and I just command
curvature of
the spine to be healed
right now right
where you are
in Jesus name
and those of
you who are
believing god
for a strange
relationships
to be resurrected
I even see business
partners that
have gone their
separate ways
and you know
the idea that
you had was
from the Lord
and you have to
work out the
emotional side of it
you have to work out
the hard side
it's hard work
um designing

your thing uh
was it came to
you by revelation
but staying in
relationship is
the hard work
and so God's gonna help
you to do that healthily
and both sides
are gonna have to learn
how to do that
healthily but God
is wanting you
not to be estranged
and to resurrect
that relationship
to a healthy
emotionally
healthy relationship
and so we just
prophesy that over
you and we say
that business
a relationship
is being resurrected
also I see someone who
um you're a
grandmother
and you've been
praying for
a specific grandchild
I'm gonna go
out cause I
see a girl with black hair
and I'm gonna say
the Lord has heard
your prayer
for her and
we just call
her home today
we just call
her home right now
in this moment
in this hour
in Jesus name
we call her home
thank you for joining with us today

we hope that you have an amazing opportunity and
and time with uh
the father that you get to say thank you
thank you for what you've done
thank you for loving us
well yeah and uh
and I I just wanna say this too
I think this is a season of love where we
learn to love the father
the way we would have been made to love him wow
so father thank you
yeah for that
for that love moments
the love moments that are gonna come
Lord just sweep over
let there be a revolution
a Jesus revolution
Lord yes really
that's what's going on isn't yeah
where are we just
it's not a love that's apart from Jesus
it is the love of Jesus
yes and so we just prophesy
thank you and this season
if some of you are not
you're just that
you refuse to do the Easter Bunny thing
and I totally get it
I totally get that some of you are like no
I'm gonna go enjoy the grandkids or the kiddos
and hide some cool things in there
and Jesus is still the reason for the season
then if you're doing that
and you're out there hiding Easter eggs for your kids
remember this
that the Lord never hides things from you
he always hides things for you
and use that insatiable love and desire
to go seek Jesus
this is time for a Jesus Revolution
and we do thank you
and from all of us
here at Eagle Mountain Apostolic Resource Center
there's a ton of life on what we're doing
and so we just take a moment to just say Lord
like a tsunami
overtake your people with Zoe life yes

yes we bless you thank you
