okay one of the things that I love to um
announce is something that I've been
dreaming about with my mom for several years
and just talking about the power
for inner healing and deliverance
and about two years ago
my mom and I sat down with a team and
over the years
we've been a inner healing and deliverance
transformation center for Sozo
we've got friends at Bethel
and they just really trusted us
um and then
we came into this building and felt a bit of a shift
and so we're like okay
what does that look like for us
and how do we just um
do something that
God wants us to do with the DNA that we have
and and sort of put the Lord stamp on it
Eagle Mountain style
and so we've just been just praying and waiting
and God's just really brought us some great um
specialists in inner healing and deliverance
we have several teams
and we're super excited
to launch our Glory Light Transformation Center
that's what we're gonna call it
and that Glory Light Transformation Center will
specifically be available
for inner healing and deliverance
in the Lord said that deliverance
he was going to um
soften the stigma
about people needing inner healing and deliverance
and he was just going to make people desire to be free
and he said in the next three years
it would become one of the top three

ministries in the Kingdom
that we actually
needed to be set free
and it wasn't gonna be this oh wow
I need deliverance
it was gonna be just a
car wash of
and not only were we being
he said we were not only being delivered from things
but we were being delivered to things
and he was going to cause us to have practitioners
who knew how to be solutionaries
and push people into their next
and so sometimes you just need a washing
and a cleansing to make that happen
so I want mom to come up and talk about a um
an event that we're doing to sort of kick this off
and I recognize that I gave Becky the mic and she
took off with it
so can somebody get that mic for me
I got it I'll get it for me
hi mom I can hug you
yes you can
you can get close
yes we're very
very excited about this
like he said is taking this a long time
and we've had a lot of opposition of the enemy
so we know we're on the right track
come on because this is exciting
we have waited for this moment for years yeah
literally and prayed about it
we've had so many different things that we've done
but not to this degree
and a couple years ago when we talked about it uh
Linda and I actually are the ones that approached Bobby
and says we need workshops for training for last
days ministry
we really God set us on fire for that
it was like okay
we're up here in years
and why is God doing this again to us
and we're so excited about this
and it's taken time
there's been a lot
of opposition of different things from the enemy
but we have

god wins and the timing of god is perfect
I really am seeing revival and lives opening up to
the things of Lord around the world right now
I can't think of a better time for this to be launched
and we're so excited about Glory
Light and all the things
we have several different things involved
we have workshops that will be doing monthly
they start up next month
that we will be having um
training and equipping
and support for those that are going through hard times
and all kinds of things
in those training workshops
we will have practitioners in there
we will also have panel discussions
we will have
healing prayer
all kinds of things in those workshops for all of you
to just break free from all the things that hinder us
from doing what we are called to do
that's our main focus
we want to see people set free right
come on amen
and so this is our dream and our desire
this is being launched on Saturday
this coming Saturday
we are having a
a discussion
it's it's called
healing for um
I have to something
healing for
the heart and soul
yeah this is what this is all about
so many of us
I mean we have healing for the physical body
but this is really designed for the heart and soul
there's so many things that hold us back
and all of us
there's none of us
that haven't gone through some sort of trauma
that needs things
and it's not always just
current things that we've done to ourselves
a lot of stuff is generational
that has been passed on to you

and it needs to be broke off of us
and so this is what is happening
on Saturday
we have five practitioners that will be here
speaking and sharing with us
and they have
there will be
discussions on trauma
there will be discussions on identity
all kinds of different discussions from any
any situations that all of us have gone through
but it also
they will be equipping us
with tools to
with there will be teaching
and activation
so that you can be enabled to participate in experience
in healing and freedom for yourself
but not only that
you will be able to
be equipped
with tools to be able to
minister to somebody else yeah
that needs help
yeah and so
this is a whole program of this
we want to equip
we want to support those that are in need
we this is one thing that Sozo laughed
and they didn't have
the follow up programs for afterwards
and so we have developed that for you and I
and then also
the equipping
for anybody who's interested in this type of ministry
you join this
April 27th in that upper room
or wherever we might meet
because worships going on and anyhow
it's gonna be great
we're really excited about this
this has been a long dream
and I am so honored to be able to be a part of this
administration and getting this going yeah
thank you thank you
so this Saturday
what time oh yes

10:00 in the morning
but take a lunch break and then end 4
so 3:50 3:50 all day seminar and it's free
yeah so sign up up there
or you can go online to Eagle Mountain Dot Global
and go into the resources and find glory light
and you get all the information on
our Transformation Center
and at the bottom on the last page
there isn't
a registration where you can register for this
so that we have a head count
because we have lots of material to give you cool
give her a hand
thank you for that mom
thanks for all your work on that
she and the team have been working super hard
and this isn't something we decided uh
just in the last few months
we've been working on this for years
and just seeing Lord
what are you saying
and what does it look like
what is deliverance look like in this new era
and so how does it look like
with an aposolic resource center
how can we shift the model a bit
and so coming sooner
those individual prayer sessions
and people from around the world
and you can um
sign up for those online and we'll
we'll tell you when that's launching
but we wanted to launch with this training
and this workshop so that you could get equipped
and you don't have to be on a team to to do that
this is equipping for you
you're gonna find out personally um how to
stay focused in exactly where God wants you to be
it keep the mindset
you're gonna find out how to get freedom for yourself
in areas that you maybe weren't
aware that you needed it
but also you're going to be able to say hey listen
I know how to get someone else free
who's struggling with something
like they said

generational stuff
or just mindsets
all of that sort of thing um
the type of trauma that comes
or maybe even physical
ailments that are linked to spiritual things so again
that's this coming Saturday
and it begins at 10 a
m all right
thank you so much
um okay so I want to
first of all
just deliver a word that God's been saying to me
about deliverance
and then I wanna get in to a portion of scripture today
in our time remaining
and just see what the Holy Spirit does
so God's been showing me
that this last 3 years
has been the
the entire global church
and those who named the name of Jesus
we've been walking through the Red Sea
and we have been
spending the last three years
crossing over on dry ground
and now we're coming up out of the sea
that literally
it's taken us three
plus years to make that transition
and make that transition into coming up
coming out and so
two of the most heavy words that I got for um 2023
um number one
was a Jesus Revolution
and that Christ was going to take
the center of his church once again
and be the preeminents
and the reason why we came
and that if we would see him
and lift him up
and not just send Moses up the mountain again
that we would experience the power of the raw
Jesus himself
because we entered into his presence unafraid
and then the second thing was that
as I mentioned

that deliverance would become
so commonplace
and that we would be free
in his presence and so um
God's given me this word that I wanna release today
and I wanna dive in the scripture
here's what he said
he said to me
Bobby do you see
there is a great movement of my people
coming out of Egypt
they are coming out of slavery
out of shame
and out of performance
see they are coming out to worship me
they are coming out of a
man centered experience
to worship me
they are coming out boldly
and with the treasures of Egypt
there is a great deliverance from humanism
there is a great deliverance from darkness
there is a great deliverance
from the doctrine of demons
and from doctrines that only glorify man
I alone can save
and I will do it I am here
I have sent
my east wind of revival to be a
to part the sea
and this is the great divide
and now there is a great divide
just as my word divides
between soul and spirit
so my people shall be sure footed
as they cross over
into the promise
I am bringing a great victory
that will cause Jesus to be lifted high above all
do not say it is coming
but say it is here
in Jesus name
and God says it is here because I am here
and so father
we just thank you and God
we just prophesy this great deliverance
and I saw this east wind coming

and I actually saw
revival coming from East Coast to West Coast
it was literally a wind of revival
the Bible says that when the sea was split into
god sent an east wind
and the wind means rua
it means divine breath
it's the literal spirit of the Lord
that's where he
the spirit of God
shows up at the Red Sea
and I saw this wind coming from the east
this wind of revival coming
from the east coast and spreading to the west coast
and all around the world
and so we just say yes Lord
yes Lord yes Lord
breathe oh breath of God
oh divine wind
breathe oh breath of God
oh divine wind
upon our hearts
would you just breathe in
just breathe in
oh Holy Spirit
breathe oh God
oh breath oh divine wind upon us
and we agree with you
we will not say it is coming
we will say it is here
in Jesus name
amen alright
turn in your bibles to the book of revelation
and chapter 15
the book of revelation and chapter 15
I just wanna launch some thoughts today
that will probably spend the next several weeks
Lord willing
in Revelation Chapter 15
and we'll start with verse two
and it says this
and I saw something like a sea of glass
mingled with fire
and those who were victorious over the beast
and his image and the number of his name
standing on the sea of glass holding hearts of god
and they sang the song of Moses

the bond servant of god
and the song of the Lamb
wow so God's letting us in on the activity
at the end of the age of the victorious
the ones who come through
the ones who've overcome
and what's happening at the end of the age is that
the ones who come out victorious have two songs to sing
did you get that
the song of Moses and the song of the Lamb
so if that's what you and I
are going to be doing at the end of the age
as we come through
what's happening on the earth victorious
then shouldn't we know the song of Moses
if we're gonna sing it
you ever tried to sing the song you didn't know
yeah throw a couple holys in there safe in church
and the song of the Lamb
so the song of Moses
we need to know what that is
we need to dive into that and
and and that's the script of being aware
of what the song of Moses
doesn't doesn't mean that we're all gonna somehow
memorize every word
we might it might be that miraculous
it's really about the
essence of what the song of Moses is and God said
he could have said anything
he could have said
you're gonna do this or you're gonna do that
it's gonna be amazing
but he said
those who come out
they're gonna have two songs to sing
and everyone will be singing them
and he said
and they'll stand on
the glassy sea mingled with fire
I remember having an encounter with that glassy sea
and the Lord said you're standing on the transparency
and I knew it was a play on words transparency
that in order to stand there
I had to be willing to be a window and not a door Lord
you can see right through me
you can have every part of my life

in order to stand here with you
I am fully yours
I am fully transparent before you
I have come before you
to stand before the one who looks on me with his
eyes of passion
eyes of fire
but also the eyes of him with whom we have to do
the Bible says
on the transparent sea
and they were victorious over the beast
and his image and the number of his name
standing on the sea of glass holding hearts
and they sing the song of Moses
the bond servant of god
and the song of the Lamb
so if you're gonna be victorious
you have to know your deliverance
you have a story
you have a story of how God has brought you through
and is bringing you out
and you wanna know that story by heart
you wanna know that song
so to speak by heart
and then there's the song of divine love with Jesus
it's the song of the Lamb
and that's the song of intimacy with the Lamb Christ
Jesus said knowing
that he was slaying before the foundations of the world
so that you could
and I could even be delivered
so we're gonna wanna know those two songs
is because of Jesus that I can walk through and ascend
and just I mean
with those two revelations
we will bow down
we will worship
we will dance
the glass he sees gonna be a radical place of worship
every tribe
every tongue
every nation
and not just the ones on the earth now
or the ones in heaven now
but all throughout history
he's literally
enthroned on the praises of a thousand generations

and here we are
and so these two songs will be sung by those who come
out victorious
now Exodus 14 and 15 talk about the song of Moses
and I'm gonna sort of preempted a little bit today and
um just kind of hit where we're headed
and so we'll start in Exodus 14
and you can turn there with me verse 8
Exodus 14 and verse eight
now think about your own life as we read this
think about your own crossing over
think about the great things that
the Lord has done to bring you out of some things
and maybe he's bringing you out of them right now
from mentalities to physical things to places
to whatever it is
Exodus 14 verse 8 says this
so the Lord hardened the heart of Pharaoh really
he hardened the heart of Pharaoh
ever knew that the Lord was behind doing
allowing certain things to happen just to stir you up
to be bold enough to come out and get delivered
I thought if it was God
everything was supposed to be peaceful
the Lord knows how to start a fire in you
and so he hardened Pharaoh's heart
because he not only wanted to bring his people
out of Egypt
he wanted to get the Egypt out of his people
and how many know you can change your location
but if you don't change on the inside
you won't be delivered
so god harden Pharaoh's heart
king of Egypt
and he chased after the sons of Israel
as the sons of Israel were coming out boldly
your Bible says
did you get that verse 8
as the sons of Israel were coming out boldly
I'm telling you in this season
you are coming out with boldness
you are coming out
not just coming out
but you're coming out of slavery with boldness
now slide down to verse 13
Exodus chapter 14
verse 13 says this

but Moses said to the people
don't fear stand
or some of the translations say
take your stand and see the salvation of the Lord
which he will perform for you today
everybody say today
it's not just someday ethereally
Moses is putting a demand on the anointing right now
if there was ever a ham in his garment to be touched
if there was ever a Jesus to be tackled
I'm not leaving you until you bless me
today is that day
if there's ever a need for passion in the church
to hold on to Jesus
and not let him go until he blesses you
this is that day
so we're coming out with both us don't fear
take your stand and see the salvation of the Lord
which he will perform for you today
listen to this
for the Egyptians whom you have seen today
you will never see them again
forever forever
those things that have been enslaving you
this is a season of such great deliverance
that you will overcome
and never struggle with these enemies again
never struggle
I'm not talking about a little deliverance
remember that's what Pharaoh wanted
hey guys you can go out and worship
go knock yourself out for a week
get it out of your system
and get back here under bondage
I'll give you seven days
and Moses was like no
I have no deals
no deals at all
I I don't wanna be free for a month
I don't wanna be free for a week
I'm going out
Pharaoh and we're never coming back
we're never coming back
better than that
we're gonna take your gold and your silver with us
I wish somebody would get the heart
of what it takes to be set free

and not only get free
but stay free
you will never see them again forever
who's ready for that level of deliverance
I remember it
I remember the day that I gave my heart to Jesus
I came up here uh
and my mom was administrator of a church
and the pastor was like sweet
you just got saved awesome
go be a youth camp counselor
we're just going to you know
sending the kids off to youth camp
and I'm like
dude I smoke like a pack a day of cigarettes
and a bunch of other things
I still have THC in my body
and you want to be a
you want me to be a camp counselor
and I was like mom you gotta pray for me
I'm gonna go screw up all these kids
and she laid hands on me and she said
you will never smoke again
and I have not ever
ever I mean
that was like that day I saw them for the last time
that enemy and I have never seen him since
never not a craving
full on deliverance and I was
to me it was like a dream
because I was like a freaking freight train
smoking all the time
this is a season of such great deliverance
that you will overcome the struggle
and never see these enemies again
time to get free
Exodus 14 and verse 15
then the Lord said to Moses
why are you crying out to me
right when God gets ready to do something
and we're just like
come Lord and do it
do you realize we can pray a prayer of unbelief
he's like the walls are like raging
the sea is standing up he's like
sent in east wind so that you can walk on dry ground
and we decide to hold a prayer meeting

please deliver us
Lord we're like
begging for things that he's already laid at our feet
at salvation
who's tired of doing that
who's tired of begging
for things that are already yours
so they decide to hold a prayer meeting
on this side of the Red Sea
come Lord he's already performing a miracle
it's already dry
so they could be sure footed
while they're crossing over
that's what that's all about
it's not crossing over slightly and slippery in the MUD
and sinking
it is sure footed while you're going over
and we're no longer praying
for things that he's laid at our feet
nothing like entering into a prayer meeting
when you can tell
people are begging for things that are already theirs
I'd accept that prayer meeting too
we need to be declaring things that are ours
and if they're not happening
then like Smith Wigglesworth says
if god doesn't seem to be doing anything
I know how to pull on him until he does
god wants you to be bold
and so here in Exodus 14 verse 15
the Lord says
why are you crying out to me
tell the sons of Israel go forward
why are you crying out to me
tell the sons of Israel go forward
that's your command
stop the prayer meeting
you prayed long enough
now it's time to believe it
no we're still believing for revival
it started no
we're still praying for it
he's here no
we're still praying for it
imagine the people in the house
when Peter knocked on the door
we're praying for Peter's escape from prison

it's me I'm here oh
don't bother us
we're praying for Peter to be delivered
dude it's me I'm here
the angel heard your prayer
showed up and delivered me from my bondage I'm here
so verse 18 of chapter 14
then the Egyptians will know
god says that I am the Lord
so he's doing this for his people
but he's also doing it for the ones
who maybe have tried to hold you in bondage
they haven't seen who you are
they haven't known the greatness that was inside of you
they haven't known how to handle
the beauty of who you are
the strength of who you are
and God's about to
use your story to capture the world around you
can you say amen to that
he said I did this for the Egyptians
then the Egyptians will know
when I am honored through Pharaoh
oh really you got a plan
yeah I'll I'm not only using him
I'll actually be honored by him
before all of this is done
so I'll read that again
then the Egyptians will know that I am the Lord
when I am honored through Pharaoh
through his chariots and through his horsemen
I've got a plan
so what God is doing will get the attention of those
who have preferred to stay in slavery around you
they're watching you come out
do you know that the word Egypt means narrow place
God promised he would bring his people out
into broad places that narrow thinking
this or he can only use people who are perfect
God's you know
done doing the mighty miracles
and he's a bit of a cessationist and all of that that
you know made God sort of
distant or make us feel like we're serving at a distant
and in exodus chapter 14
verse 19 through 31
here's the APEX of the story

then the angel of god who had
who had been going before the camp of Israel
moved and went behind them
now he was leading them
and now he's gonna get behind them and push them
and the pillar of cloud moved from before them
and stood behind them oh
the angel was the pillar
the pillar was the angel
did you get that
then the angel of god
who had been going before the camp of Israel
moved and went behind them
in the pillar of the cloud moved and went
from before them and stood behind them as well
so it came between the camp of Egypt
and the camp of Israel
that's what the glory is doing right now
it's separating you from your past
the glory of god
the cloud of god is coming to stand between you
Israel and Egypt your past
it's the glory of God that is causing the separation
you gotta say yes
but you gotta be willing to go
you gotta be willing to cross
and God sees that willingness
and the glory
of God moves in behind you
and the cloud changes
can you imagine that day guys
up to this point
I've been the one leading you
now I'm changing my position
cause you've got it in your heart to go forward
now I will push you
it's a whole different trajectory
and a whole different mindset
when God goes from in front of you to behind you
pushing you forward into your next
he's literally standing behind them
in verse 20
so it it came between the camp
of Egypt and the camp of Israel
and there was a cloud along with the darkness
yet it gave light at night
and therefore

no one did not approach the other all night
and in this season
angel of the Lord has positioned himself now
to separate you from what was behind you verse 21
then Moses reached out with his hand over the sea
and the Lord swept back to sea with a strong
east wind all night
it didn't just happen while they were crossing
it happened all night
the night before
they were crossing over
all night a strong east wind all night
and he turned the sea into dry land
and the waters were divided
you are going to have to reach out your hand
and realize the authority has been given to you
and not only is your deliverance for you
it's for the people around you through your family
it's for your generations
it's for the ones who've gone before you
for the ones who are coming behind you
you are called to lead his people to cross over
you're called to lead people out of bondage
to cross over verse 22
so the sons of Israel went through
in the midst of the sea on the dry land
and the waters were like a wall to them
on the right and on their left
then the Egyptians took up the pursuit
and all Pharaoh's horses
his chariots and his horsemen
went in after them into the midst of the sea
but at the morning
watch that now
this is the total next morning
but at the morning watch
the Lord looked down on the army of the Egyptians
through the pillar of fire and the cloud
that's what the Lord looks through to see his people
through the fire
through the passion
through the fire that Jesus created
through the holiness
and through the cloud the glory
and god looks through that and sees his people
now just picture this for a moment
the Egyptians are in full pursuit

they're in the midst of the sea
here's the fire
here's the cloud the angel
himself and verse 24 says this
but at the morning watch
the Lord looked down on the army of the Egyptians
through the pillar fire in the cloud
and he brought the army of Egyptians into confusion
and he caused their chariot wheels to swerve
the Lord did that he could
have brought all kinds of other ways of confusion
but he likes seeing these guys go whoa
where's whoa
wow where's this thing
where's this thing leading me
and so much so that this is what verse 25
and he caused their chariot wheels to swerve
and he made them drive with difficulty watch this
so the Egyptians each said
let me free from it
let me flee from Israel
for the Lord is fighting for them against the Egyptians
they understood that
that confusion and the chariots going everywhere
and of course
was the Lord fighting for Israel
and that's what's happening
while they're in the midst of the sea
verse 25 again
he caused their chariots and will
chariot wheels to swerve
and he made them drive with difficulty
so the Egyptians each said
let me flee from Israel
for the Lord is fighting for them against the Egyptians
then the Lord said to Moses
reach out your hand over the sea
and seas often in the prophetic
in scripture and in dreams etc etc
um it's the Lord saying that the sea is humanity
I want you to reach out your hand over humanity
so that the waters may come back over the Egyptians
and over their chariots and their horsemen
verse 27 so Moses reached out his hand over the sea
and the sea returned to its normal state at daybreak
while the Egyptians were still fleeing right into it
then the Lord overthrew the Egyptians

in the midst of the sea
and the return and cover
the chariots and the horsemen
Pharaoh's entire army
say entire army
that had gone into the sea after them
not even one of them remained
that's deliverance
but the sons of Israel walked on dry land
through the midst of the sea
and the waters were like a wall to them
on the right and on their left
verse 30 so
the Lord Israel that day
from the hand of the Egyptians
and Israel saw the Egyptians dead on the seashore
I mean not to get too graphic
but can you imagine sort of bodies floating now
not one of Pharaoh's army was left
not one of his captains
not one of his horsemen
not one Verse 31
when Israel saw the great power
which the Lord has used against the Egyptians
the people feared the Lord
can you imagine on one hand
being super thankful and excited about your deliverance
and on the other hand going whoa
that means so much
that the Lord would show up for me like that
what does this mean for my life
what does this mean for the value
that god is placed on me
that he would show up for me like that
that's what deliverance does
deliverance doesn't shame anybody for needing it
deliverance says
I'm with you
you have value
you are worth the life of one Jesus on the cross
that's what you're worth
I place value by coming to get you
and the people feared the Lord
and they believed in the Lord and in his servant Moses
imagine all the backbiters that day
who didn't like Moses's leadership
which one of you threw that up

that staff and made that happen
it was kind of like the day that Aaron's rod butted
and the Lord was like
I'm telling you
don't talk smack against Aaron
I'm telling you
and all of a sudden Moses
his whole life changes again
Lord we just did that
all throughout Exodus 14
you'll see moments where it says
and Moses said this
and then the Lord did this
and Moses raised his hand
and then the Lord did this
and then Moses raised up his staff
and then the Lord did this
you can see them working in tandem
and Moses was getting used to
partnering with God Almighty
when the Lord saying we're asking God to do it for us
and he's like
I won't do it for you but I will do it with you
raise up your hand
raise up your voice
raise up your
say something
do something and then I'll do something
but you gotta do something and then I'll do something
you stand and then see the salvation of the Lord
but you gotta stand
you can't be sitting while God standing
so you gotta come out
you gotta make a decision
for me it was to leave a bunch of friends
when I got saved and the Lord said
when they hear of your good favor with God
they're gonna get saved
I remember what I I
it was wild because I was I couldn't get out of Egypt
that one for me was California haha
um I couldn't get out fast enough to get up here
and I get up here I'm just withered
I'm just it wasn't good
my lifestyle was horrible
and my mom's nursing me back to health
you know how she did it

my mom and my grandma teamed up on me
my grandma gave me those cans of insured to get me all
puffed up again like proteind up because I was skinny
skinny little rock star
Becky says you still are
and and my mom would just throw on Benny hint
at nighttime
and I just see this little man
look like tattoo from Fantasy Island
just like healing people
and I was like too sick
I couldn't get off the couch and change it
and I would just heal
I would see this guy just
calling words of knowledge and words of wisdom out
and people getting healed and come up
and I remember one time specifically
I'm watching it now
it's late at night
Benny used to come on at like 10 or something like that
and it's gone for an hour more
and I'm watching it and there's one um crusade
Benny's just calling people up and they're like hey
I was I was healed of this and healed of that
and the Lord says to Benny him
regardless of what you think of them
um I mean there
there were so many major miracles that was happening
one time Benny just goes
the Lord is telling me I need to leave
cause too many eyes are on me
and you know
he's the one that standing right here
and as often as the ushers will bring people
they'll get touched
and did you know
as soon as he walked off stage
even I was like
oh man it's gonna
the annoying is gonna weigh in
cause you know
the man of God is leaving
and did you know when they
when those ushers brought people for the next 2
3 hours it went way into the night that um
as soon as they got
basically within arms length of each other

about this span
bodies would go down everywhere
and people would get healed
just to show that it wasn't man
and that it was Jesus touching his people
and those days are back
those days are back
a long long ago
I remember reading prophecies
even back in the 80s
where it was said that god would raise up out of the
ashes dread champions
and that people would think
people with deep pockets
would think that they were building arenas
for sports and all of that
but actually
god was moving on the hearts of the pharaohs of the day
to build great monuments
but he was doing it for him
god was strategically having these people build
massive arenas
so that in the last days
he could use those arenas to hold massive revivals
not just for sports
massive revivals
and he says
but this is how it would work
dread champions
as god would call
the nameless and the faceless generation
they would walk out on that stage
and they would have such power that they would just go
God heals today
and sort of just
you know inadvertently just throw their hand forward
kind of like Moses did
and light would shoot out of their hand
and whoever that light touched would be healed
and he quoted the verse that when the son of man comes
and he shall arise with healing in his wings
so I quickly looked up what
the word wings means in that scripture
and the word wings means rays of light
that the son of man would arise with healing
from rays of light
his glory light

and that the news people would show up
just like they were trying to break in
I love that you know
Tucker Carlson honored the Asbury revival
by wanting to go there and take a team to film it
and he called in advance
and they said Tucker
we don't want it
we don't want it
we're not looking to get on the map
we're not looking for fame or glory
and that's exactly what Paul Kane
dead in 1988
when he prophesied that he said uh
film crews would come to the arena and they would say
what is your name
what is your name
uh you inadvertently were walking
and you got so excited that you literally walked
off the platform and stood on nothing but air
who are you
and these dread champions would say
you do not need to know my name
the only name I will give you is the name of the Lord
Jesus Christ
of whose I am and of whom I serve
God's doing something inside of you right now
where your life only makes sense
when you are glorifying Jesus
when you live and move and breathe inside him
would you stand to your feet Holy Ghost
a great crossing over
Holy Ghost a great deliverance
a cloud and a fire
a people with testimony
a people that realize god can use anyone
father I thank you that you're taking our story
and making it your story
it's really about you
Lord all across this place and those watching
around the world right now online
I just bless your spirit to fathom the greatness of God
as you cross over
as you come out of a season of pain
and wounding and obscurity
as you lift up as you cross over
now stay in this place of prayer

I was praying and the Lord took me to the Red Sea
and I was standing there with him
and I saw this great deliverance
and people going over to the other side
and the Bible says that Miriam got out of
her tambourine and begin to dance
and there was great Celebration on the other side
and he said
look at them
look at the joy that they're experiencing
because of the great deliverance that I brought
and I said look at that
that is a massive worship
Celebration on the other side of the Red Sea
he says that is great
but what is coming is
I will teach my people to worship like that
on this side of the Red Sea
before I ever do a miracle for them
I will teach them to worship me right now
that worshipping me is the greatest key
to open the door for their deliverance
worship is the greatest key
to open the door for your deliverance
if you're wondering if you feel heavy
if you walk into a building and you feel heavy
if your thoughts aren't aligned
you start to worship
and watch what happens to your pharaohs
worship but don't wait for that side
he's worthy
on this side of your Red Sea to be worshipped
he's worthy right now
right now and you can say things like Lord
thank you that you are doing this
thank you that you are this
thank you that you are mighty
thank you that you are for me
and you bring yourself present with God into the now
because the fact is he's with you right now
not will be right now
god I ask today for a great empowering
to glorify Jesus
that as we come up out of this moment
Lord that there would be a great empowering
there would be a fierceness
you said God

they came out with boldness
why should we come out with anything less
Lord I just speak to the identity
and those of you walking in shame
those of you have been the victim of
the pointing finger and accusations by people
we break that off of you right now in the name of Jesus
those of you who've been through trauma before
and that demon of trauma is trying to tell you
you're never gonna make it
something wrong's gonna happen once again
and it's trying
it's the voice that's trying to stop you
from crossing over
God is saying
you will see him no more forever
no more forever
and so we just break that off of you right now
and today I just felt like the Lord was gonna
just take us into a time of empowering
we could break off things
I remember going to that come out in
Jesus Name movie last week
it was so good
what they did was awesome
and we were all in a theater
and it's a movie about deliverance I
I'm super aware of the type of deliverance that they do
and it was just right up my alley I love it
and then what I wasn't sure that was going to happen
was this live stream came on after the movie
where Pastor Greg stood up and did a deliverance
live stream into our Regal Cinema
into our Regal Cinema
and not only ours
but 22 cinemas throughout
and here were people
and all of a sudden he's like
you spirit of
come out in Jesus name
and he was like
say this with me
I renounce the spirit of
I renounce the spirit of
and they were just
people were just
I renounce all hands were up

and people I mean
I had never seen that before
in a live secular arena like that
I've seen it one on one
I've seen it in church
I've seen it at meetings
blah blah blah
but this was regal
I mean that's
that's the lord huh
time to make you regal
time to make you read
this is a perfect place to get you free
and show you who you really are
so father I just thank you for deliverance
but today there's an empowering
and that's what Holy Spirit's doing
I wanna focus on that
so so Chris
I'm not sure how you wanna sort of
facilitate this empowering but there's
there's an empowering today in the spirit for people
so um one of the things that Bobby said that
literally leaped out at me
I don't know if it leaped out at you
but it literally leaped out of me was
you can't be sitting when the Lord is standing
and it reminded me immediately of this
this passage where it talks about David
and David was a mighty warrior
a mighty commander of armies
but then there's this verse where it says
and then David was at the palace
when it's the season for kings to go out to war
this isn't about glorifying war
but it was a
most of the time
David was in the right season at the right time
doing the right thing and
but in this time he wasn't
and that's when
he got into all the trouble with Bashiba
so he was he was he was
he was supposed to be doing this
he was supposed to be standing
the Lord was standing
he was sitting

and we're in a moment in history
where the Lord is standing
and it's time for us to not be sitting
and he just like leaped out at me as he said that
and then I ran back there
um right after I was doing the little transition thing
and Bobby came up
I ran back there so that Becky could come out here
because of the
because of the thing with Lori and
and just um
you know ushering her off to her next season
while I was back there
when I went back there
did you know that there's no Junior Holy Spirit
so when I say back there
there's this uh
kids back there kids class
they're like this big
or some of them this big
there's no junior Holy Spirit
so we what we do is we
we pray with them and then we say
what are you hearing from God
you know sometimes God's trying to speak to us
he speaks to them the same way
no junior Holy Spirit
but we have all of this life
it's like we're wearing glasses
and life is got the glasses really dirty
like like oatmeal on our glasses
and we're trying to see what God's trying to show us
through these oatmeal glasses
they don't have glasses on yet
sometimes what they get is so powerful
so it was amazing to hear these little things
and there was
have a picture of it
I'm gonna read kind of the
the summary of it
listen you guys get ready
so there was five different things that they said
when you put
the five different things that they heard from the Lord
this is what it together
remember we hear in part and we see in part
so these kids who are hearing from the full Holy Spirit

not a little Holy Spirit
not a junior Holy Spirit
the full Holy Spirit
the one that we're listening to also same God
there is a woman who in her childlike faith
is wishing in the well of god
as the angels praise Jesus
he begins to speak to them
commissioning them
and they are released like the horses of heaven
coming to earth to release the answers from God
and they're taking us on rides to heaven
are you kidding me
is that not unbelievably perfect to
we're going through what Bobby was just talking about
we're going through this thing
we're supposed to be standing because God standing
we're going through this period of history right now
and he's got it all figured out
we don't necessarily know
but he's got it all figured out
and the Egyptian army is right there
and we're not worried about it
because he's got a plan already in place
and I feel like what is happening right now today
not right now in the season
right now actually right now at 12:00
18 on this day
something incredible is happening
and I feel like it's stirring
and I feel like it's opportunity for us
okay I saw two things
one is I want the ministry team to come forward
because I want to pray for healing
uh we wanna honor the Lord
and see those of you who need healing to be healed and
and there's physical healing
there's emotional healing and
and I want you to go after it with a boldness today
signs and wonders and miracles
I want you to go after that with boldness
and then there's an empowering
and here's the picture that I got for empowering
and that is this
you do not wanna come out
partially
you wanna get

all the way through these last three years
in the transition that's happening in your life
and you couldn't make the ascent
to come out of your past
I got all the way through
I made the decent from last
I humbled myself
I went across on dry ground
but I just couldn't get that victory
and god sang
come out all the way
no deals with the devil
God's got great things for you in this season
and it's all about being Christ centered
but don't come this far
not get the power from God to ascend
do you know what takes God to ascend
you can't do it on your own strike
that's why he's brought you here
so that you would know
only supernatural power could cause you to ascend
in the next season of your life
so I wanna lay hands on you
I want this team to lay hands on you
I want the release
of the fire and the power of God to see you empowered
because you don't wanna come out partially
you wanna come out 100%
so that's you
I just want you to come up
let's just turn this front into uh
a ministry time and you're saying listen
I need healing physically
emotionally and spiritually
or I need empowering as God is calling me to ascend
we wanna lay hands on you right now
so we'll come on as many as I want to uh
we're gonna lay hands until uh
so we're done
thank you father thank you father
pray with fire pray with fire
pray with fire
I also wanna open it up just that healing again is
is deliverance
you feel like I just
you just need deliverance from mindsets
from thought processes

come up and just say Lord
that's that's me
so I wanna pray for 3 people again
those who need healing
physically and emotionally and otherwise
and deliverance as well
1 2 3
those who are crossing over
and want to be empowered by the Holy Spirit
as god brings you into a new season
I want you to come
father thank you
thank you for your glory come with boldness
and then lastly
I wanna pray for those
who know God's calling you into a new season
and you can't see it
you're not sure what it is
and maybe even a little afraid to step into
and I'll tell you that the best version of
who God's created you to be is about to get started
let's go and if you want prayer for I
I don't know what it is Bobby
but I just want prayer to step into the best
the best version of who God's called me to be now
from this day forward
going forward
then I want you to come up as well
and those online
we just bless you with this
respond to this call right now
respond to the call of the Lord right now
