Europe  
so Bobby this is for you  
and I believe even for what Eagle Mountains  
about to step into in the season  
and what I was seeing is that  
god has given you the perfect prophetic perspective  
for such a time as this  
but what I saw is that  
you guys are shifting and moving into  
an apostolic Grace and an apostolic season  
and the Lord is saying that this is the  
our body that you are to build  
to build to build  
to build and I just see  
and it's not just about building buildings  
it's like I  
I in fact there  
there's even a scripture  
I think there's gonna be a theme  
for this community in this next season  
and actually  
from the passion translation in Proverbs 24  
starting at verse 3  
and it says  
wise people are builders  
they build families  
they build businesses  
they build communities  
and I see even that the doors being opened  
even for the  
for the leadership in this community  
like the mayor's office  
and other departments within this community  
is that it's like  
you're gonna have all access  
and part of your coming with that  
with a prophetic voice and a prophetic encouragement

but with it  
there's kingdom  
solutions that God has already deposited in your heart  
as well as your leadership team's heart  
and I really feel like it's gonna be a coming and going  
and it is that spirit of wisdom  
and the spirit of counsel  
that's even being deposited in this place  
that literally is gonna catapult  
bend organ in a fresh new way  
that God is unbending  
even those places that have been bent  
by the demonic spirits  
and I really  
see a Grace that's coming to you in this season  
but I wanna finish reading this  
why people are builders  
they build families  
they build communities  
they build businesses  
and through their intelligence and insight  
their enterprises  
and there's a real entrepreneurial spirit  
I feel like it's being birthed  
even in the season  
and I see like even a house of prayer  
if you guys do a house of per thing  
but I see like  
just this harp and bowl kind of sound that  
just begins to stir up the atmosphere  
and it says that their  
their enterprises  
are established and endure  
because of their skilled leadership  
the hearts of  
the people are filled with the treasures of wisdom  
and the pleasures  
of spiritual wealth  
and that's a Grace that you carry  
and I just see it spilling out over this region that  
that really  
this part of Oregon is a  
is being marked  
even for such a time as this

and god really is raising this place up to be a hub  
to be a hub of his Grace  
love and power  
wisdom can make anyone into a mighty warrior  
and revelation  
knowledge increases strength  
and there's a fresh dimension  
really a perspective  
and revelation that's coming to this place  
and it's all about the kingdom  
why strategy is necessary to wage war  
and with many astute advisors  
you will see the pathway to victory more clearly  
and that's part of  
there's a battle cry that's coming out of this place  
and it's it's about setting captives free  
and so Lord  
I just thank you for Bobby  
I thank you for the  
his whole team here at Eagle Mountain Church  
and God saying that  
it's not even gonna be proper to call it a church  
because you are the church  
it's not about the destination anymore  
God is saying  
I'm raising up an apostolic  
people that will bring about the change and the reality  
of my glory  
of my Grace and of my kingdom  
but I thank you Lord  
even in this season there  
and it's almost like I see a lightning strike  
it's almost like a lightning strike hitting this place  
and Lord we just thank you for the power  
a fresh dimension of power that's being released  
and it will be signs  
wonders and miracles  
but with the God  
it's the wisdom  
that will come out of this place that will draw many  
in the name of Jesus  
we just thank you papa
