um so open your bibles to acts Chapter 17  
I wanna jump in to a topic um  
that I feel like the lord's speaking to me lately  
um and as a leader  
I just am so excited to  
bring anything that I get regarding living in alignment  
and so I want to set it up this way  
when the Lord first began to speak to me  
about alignment a few years ago  
I was um gosh  
it was about 5 years ago  
and I was taking a golf lessons  
and is anybody know that god can speak to you  
and he does speak to us often through uncommon ways  
and if we we have ears to hear right  
what the spirit is saying to the church  
God will just get your attention in uncommon ways  
think about some of the ways that he spoken to you  
that are sort of out of the box  
through people  
maybe through different things  
um that happen go on  
so I'm getting this golf lesson  
and here's a unlikely servant of the Lord  
he comes up  
my golf instructor  
and as he kneels down in front of me  
and he's having me take a couple shots and um  
he's watching me from this angle and from that angle  
and then he comes back and he takes a knee  
and he gets down in front of me and he puts a ball  
at a certain place in my stance and goes okay  
take another shot  
and as soon as he got in front of me the second time  
I can smell a ton of like  
hard liquor coming from his breath  
and he starts talking to me

and he starts to slur a little bit  
and he goes  
you know what your problem is  
and I said what  
and it goes alignment  
and as soon as he said that the Lord goes  
you better listen he's right  
and I was like  
oh man this is  
I thought this was a golf lesson  
and the Lord was like  
this is a life lesson  
and you know  
I have just  
loved hearing the Lord through uncommon ways  
so I knew you better listen up  
he's gonna teach me principles that will keep me  
aligned for my life  
not just for my swing  
does that make sense  
and so I did I just  
I've Learned to pay attention to those uncommon ways  
that the Lord shows up in my life  
and I was like sweet okay  
I'm about to pay this guy to give me a life lesson  
and so god began to speak to me through this  
now acts chapter 17  
if you're there  
um can this sort of um  
eluded to this earlier  
and I wanna uh  
she didn't know I was preaching out of this scripture  
and this is so right on  
so acts chapter 17  
verse 24 will start there  
and Lord I just thank you that you uh  
speak to our spirit today  
uh I thank you that you give us tools  
I thank you that you call our spirit to the front  
to meet with you and to receive not just information  
but an importation  
Verse 24 says this  
the god who made the world  
and everything in it is the Lord of heaven and earth  
and does not live in temples built by human hands  
and he's not served by human hands  
as if he needed anything

but rather he himself  
gives everyone life and breath and everything else  
from one man  
he made all nations  
that they should inhabit the whole earth  
and he marked out their appointed times in history  
and the boundaries of their lands  
god did this so that they would seek him  
and perhaps reach out for him and find him  
though he is not far away from any of us  
for in him we live and move and have our being  
some of your poets have said  
we are his offspring  
now that's a fascinating portion of scripture  
and I wanna go over that and sort of  
break that down slowly  
because there's some truths in this  
of an importation for us today  
the God who made the world and everything in it  
is the Lord of heaven and earth  
can you just say  
heaven and earth  
he does not live in temples built by human hands  
some of the other translations  
and even the original language said it's it's not  
it's not his favorite  
place to dwell is in temples made by human hands  
it's not his favorite place to dwell  
his favorite place to dwell is inside you and me  
the temples that are not made with the hands of man  
you get that  
God said that he would create a place  
a temple not made with the hands of man  
and so he'll come and he'll visit  
and he'll come amongst his people  
and being thrown and all of that sort of thing  
but his favorite place to dwell is in temples not made  
with the hands of man or human hands  
and he's not served by any human hands  
as if he needed anything  
so that means I'm not just allowing you to serve me  
because I'm in need  
I'm partnering with you  
and inviting you into a partnership of servanthood  
because that's what you need  
because we get to do something together  
and god who can do everything by himself

invites us into partnership with him  
he's not served by human hands as if he needed anything  
but rather he himself  
gives everyone life and breath and everything else  
from one man  
he made all nations right  
that one man is Adam  
from one man  
he made all nations  
that they should inhabit the whole earth  
and he marked out their appointed times  
did you know that you  
he marked out for you which time you should live in  
like right now  
instead of 50 years ago or 100 years ago  
like you are this age right now  
because god appointed that time in season for you  
you were born in the 1700s  
and you weren't born in 2,050  
you are born right now  
you live right now by the wisdom of the Lord  
and that's super powerful  
if you're ever wondering about  
do I have purpose  
do I have destiny  
what's my purpose  
I feel like sometimes  
you know people kind of say that they're kind of a  
you know a square peg and a round hole kind of thing  
and I'm not sure what God's doing in my life  
and all of that  
listen the wisdom of god states that you were  
that you're alive right now  
or else he would have had you alive at some other time  
but he goes beyond just you in that scripture  
and he says now  
and the boundaries that are set  
or some of the translations say  
the place that you should live  
so not only that you're alive  
but actually where best you should be  
some of the translations actually say  
and into which family you should be born  
like God super like detailed on when you should live  
where you should live  
and with whom you should live and be  
and he's dialed all of that into your life

destiny and all your calling  
he knew in advance  
all of the tension  
all of the success  
he knew in advance  
and he says you work best in my story  
if you're alive right now  
everything works best in the whole world on heaven  
in heaven and on earth  
if you're alive right now  
like everything works best in God's story  
or else he would have had us born at different times  
did God screw up  
let's check in  
did God screw up  
is God aware of everybody on the planet right now  
who should be born right now  
like he had you born that many years ago  
so that you could be alive right now  
is god aware of all the people on the planet  
how many people  
how many billions on the planet  
8  
so God's aware of eight billion  
what do you think about that  
right now not 100 years from now or before  
let's go a little deeper  
he's not only aware of all 8 billion people  
he's counted the hairs on their head  
I just wanna like get on the floor right now  
I just got goosebumps all over  
I don't know if he knows me  
read your Bible  
I don't know if he's aware of what I'm going through  
read Act 17  
get a little Act 17 in you and all of that will change  
into which family  
into which time right now  
there's no better time for you to be alive than right  
now can you say man to that  
because it's in him  
everybody say in him  
so it's not just you on the planet  
looking sweet right now  
you don't work unless you're in him  
can you say in him  
it doesn't work

just for you to be on the planet right now  
instead of 100 years ago or 100 years from now  
it doesn't work just for you to be  
a part of God's big plan  
and the 8 billion people on the planet by yourself  
without him  
that doesn't work  
you work best in him  
you function best in him  
your success is in him  
not apart from him and when  
what do you think it means to be in him  
let's just shout it out for a second  
what do you think it means to be in him  
let's define that for a second  
totally dependent  
I didn't hear that  
you refuse to be without him that's excellent  
carriers of his love  
seated in heavenly places covered in his blood  
living out our purpose  
I mean in him  
right that's where you function best  
that's where the god story  
the flow of your life works best  
there's a lot of people in the 8 billion on  
the planet right now that are not in him right  
maybe God's not even in their life  
maybe they've never heard the gospel story at all  
maybe they're Christians and they're not in him  
what does it take to be in him  
are you in him if god is second in your life  
are you in him if he's third or fourth  
most Christians would say to me Bobby  
of course he's first  
I'm a Christian  
but how do you know if he's first  
how do you really know if he's first  
I want to talk to you about  
something that's near and dear to my heart  
um and that is music  
and I wanna call Owen up to help me  
uh with this example  
and I want to talk to you for a second  
about your signature sound  
every one of you has a signature sound  
it's actually been proven by science

that your DNA gives off a sound  
you have a signature sound  
and it's a melody that can be heard  
science now can extract the melody from your DNA  
and they're confirming what we've always known  
and that signature sound is unique to who you are  
it's unique to your DNA  
isn't that cool  
and so everybody has that signature sound  
and when we're together  
like we often talk about  
there's this concert of melody  
and when we combine saints with angels  
then it goes to the next level right  
and so that's why worship is so cool and so great  
that God created that so we can worship him  
God created worship so we could worship him  
he knew that we would  
uh our DNA would just love to get in worship  
because our DNA was created with a melody  
so you're out there working or hiking in the sun  
you hear the birds  
they're singing  
something's happening all around you  
and all of a sudden you just start humming the tune  
something's going on inside of you  
and you're not even aware  
you're just sort of humming  
and next thing you know  
bird start coming closer to you cause they're like hey  
we all have DNA with a melody  
that's how it works  
God said it this way  
that if you didn't praise him  
even the rocks would cry out  
so how deep can we get into the Quantum Realm  
literally everything that has breath  
should praise the Lord  
and so your signature sound  
is based on a few things  
now in music  
there are um  
a lot of ways to get your signature sound  
and I've worked on  
for years trying to develop my signature sound  
my tone when I'm playing guitar or bass  
or one of the instruments that I play

and so that signature sound has to do with  
what resonates with me  
and what resonates with me  
is different than any other musician  
and I can tell where there's slight nuances in my  
sound versus someone else  
I can tell when there's someone else likes a sound  
and that just resonates with them  
and you can see that oh yeah  
look on their face  
like I am nailing  
this sounds great right now  
and my signature sound is slightly different  
sometimes a lot different  
and no matter what instrument you're on  
everybody's got and  
is walking towards learning how to play  
their signature sound  
and so for me  
um I wanna show you my guitar pedal and oh  
and if you would just um  
put that on the screen for everyone to see  
my guitar pedal board is made up of a few pedals  
and that make up my signature sound  
and you can see on the right side where my cord goes in  
to pedal number one  
and that's the beginning of my pedal  
that's um where I start what's called my gain structure  
and my gain structure is set  
on that top right pedal board  
which is called my preamp  
and that begins to  
um lead me through what's called a signal path  
and all of those pedals daisy chain together  
but if one is out of order  
then what will happen is  
I'll start getting these phase issues  
because everything's based on voltage  
and if one pedal is out of order  
or just in front of another pedal  
you'll start here and it's wrong  
you'll start hearing that I'm out of phase  
and I can tell that I've been doing this long enough  
I'll be like up  
we need to switch that pedal  
it's not working well  
it's not talking well with the one in front of it

and then you go all the way to the end  
and then you can see on the left side of my rig the out  
and the out cord comes out of the left side of my rig  
and there's pedals underneath this first deck  
so there's some pedals underneath  
and that sends the signal out  
to my amplifier  
which is in a back room so that I can just crank it up  
and you guys don't get blasted out  
and so that's just a little bit  
you know I've got tons more pedals and you know  
how many can you use on a Sunday  
so a lot yes  
as many as you want so um  
so part of that though  
is that it's super important for me to be in phase  
and I can tell when I'm not so um  
let's let's  
let's walk that through  
what are the things that are like  
unique and all of these sounds and and  
and um pedal  
pedals have different sounds  
they all create different sounds  
some are very melodic  
some are rhythmic um  
they do different things  
and they're supposed to speak to each other  
so that when you have more than one pedal on  
you don't want them working against each other  
you wanna be able to turn on three or four pedals  
at the same time and have them lead into one another  
and sing and compliment each other  
and you can break the chain  
if you've got the right equipment  
and you can say well  
I want pedal 2 and pedal 7  
and pedal 9 on at the same time  
but everything else off  
and so now they're starting to sing together  
and even in that order  
they have to still be in phase or else just  
everybody will notice a weird sound  
and so I started thinking about that  
the Lord was speaking to me about  
gain structure and signal path this week  
and he said

what's it like when your life is misaligned  
what's it like  
thank you Owen  
what's it like when your life is out of order  
when you think it's out of order  
and I'm like  
well Lord how would we know  
because we're all Christians  
and we would all actually go  
yeah my life is totally in order  
and we could have one assessment  
and the Lord could totally have another um  
and it doesn't mean that we're out of order sometimes  
it just means we need to shift a pedal  
does that make sense  
sometimes they're just small shifts  
it's not well  
I'm not like majorly sinning or cheating on my wife or  
you know whatever  
it's not about that  
usually it's about alignment  
usually it's about Lord  
what's going on  
that will release the life flow inside of me  
and that I can create that signal path  
and so I just started asking the Lord  
how do you know  
for instance  
I love talking  
to people about a house of powerful people  
trying to figure out how you can show up well  
in your IQ in your EQ  
your emotional quotient  
and then in your sq  
your spiritual quotient  
I love people to be fully alive and fully um  
emotionally healthy  
but I've noticed  
that there are things that if we're out of alignment  
it'll be super hard to become emotionally healthy  
so how do we make sure that we're living in alignment  
and so um for instance  
when I speak on the prophetic  
uh I love to speak on the prophetic  
but I noticed  
that if I speak on the prophetic to a group of people  
who are narcissistic

then they're  
the prophetic training they receive  
is going to exacerbate the  
Me Too movement inside the church  
your prophetic words are somewhat about you  
but they're mostly about you glorifying the Lord  
they're mostly for people who choose to put Jesus first  
if you speak about identity to a humanistic crowd  
they will go yes  
I love when people teach on identity  
it reminds me of who I am  
but identity teachings don't do well  
when Jesus is third  
you can't speak on those things  
to people who don't wanna put Jesus first  
cause the identity message  
doesn't work unless Jesus is first  
it becomes humanism doesn't it  
the prophetic doesn't work if Jesus is second or third  
the prophetic only works when Jesus is first  
because it was he who set me in motion  
it was he who caused me to be born into the family  
into which family  
and to which time and season in history  
and into which region that I now live  
none of my prophetic  
story means anything if Jesus isn't first  
I get out of phase don't I  
I get out of alignment if Jesus is not first  
well Bobby Jesus is first come on  
well how do you know  
Paul said test yourself to see if you be in the faith  
how do you know if Jesus is first  
how do I know if I'm in phase or out of phase  
well I've got a couple questions for you  
if you're taking notes write these down  
four questions to ask yourself to find out  
if your signal path is right and if  
all of the things that you're gifted and called to do  
each pedal in your life  
so to speak  
is working symbiotically and improper alignment  
there's a few ways that you can tell  
and then you can make those adjustments  
if and when you need to  
and they're slight adjustments  
but they're adjustments that will release

the life blood of Jesus inside of you  
and even though they seem small  
they're actually huge adjustments  
I mean if you go in  
dock will know this more than me  
but if you go in and you've got some blood vessels  
or clogged arteries or something like that  
it's probably just a very small  
adjustment that needs to be made  
and then all of a sudden you're like whoa  
I feel like a new man  
so think about that here's those four questions No. 1  
what do I think about  
you gotta ask yourself that question  
what do I think about  
if I'm going to understand if I'm in alignment  
then ask yourself that question  
what do I think about I might put the word most  
what do I think about the most  
cause what you think about the most  
and what gets your attention  
that's in first place  
second question is  
what or who do I talk about  
and I probably would put the word most in there  
what or who do I talk about the most  
cause out of the heart the mouth speaks  
and what you talk about or who you talk about the most  
determines what's high on your signal chain  
third question  
who do I talk with  
who do I talk with  
that might be your friends  
that might be the types of people that you hang around  
but mostly it's about the Lord Jesus isn't it  
who do you talk with  
and or how much do I talk with Jesus  
and then fourth and finally  
what am I learning  
like what's he teaching me  
what what what am I learning  
because that is going to help me understand my priority  
I'm gonna give my time and my learning and my  
ingestion into the thing that I prioritize I love music  
it's high on my list  
but it can't be first  
like I spend a lot of time

you can tell in research  
and there's twice as many of these at home  
I mean that's a lot of time  
and I could get I could geek out  
like for hours and this and then when you get them  
and you're starting to play and you  
it takes time to rearrange and oh  
hear that okay  
slight little tweaks and all of that  
years it takes  
and the Lords like Bobby I  
I gave you music  
I wired you that way  
but music doesn't work with you unless I'm first  
your giftings and callings work best  
when I am your preamp  
when I am first on your chain  
like when I'm third  
you're struggling to be the real you when I'm second  
you're struggling to be the real you  
when I'm first  
the anointing as the scriptures say  
will make a way for you  
when I'm second or third  
your flesh has to go make a way for you  
but when I'm first  
the anointing will make a way for you  
think about that  
think about what we want as the priority  
and let's make the adjustments that we need to  
No. 1 again  
what do you think about most  
what or who do you talk about the most  
who do you talk with  
the most and what are you learning the most  
what's grabbing your attention  
that is the word congruence  
when you're in congruence  
meaning you're in flow and all cylinders are firing  
the way they need to be and you are in alignment  
that word congruence is based on three things No. 1  
your focus in other words  
what gets your attention  
No.2 the meaning that you attach  
to what gets your attention  
and then how that manifests in your physiology  
if you are in congruence

then you will uh  
be aware of your thought traffic  
and what you're focusing on  
the meaning that you attach to it  
so and when you get  
when you go through inner healing  
you can be focused on a wounding that someone created  
uh in your life  
but part of the inner healing that takes place is when  
you find the meaning that's attached to that wounding  
and the Lord begins to shift  
the meaning from pain to purpose  
and that's when inner healing begins to happen  
that nothing happens to me  
my Bible says all things happen for my good for me  
not to me but for me  
I'm not the victim of somebody else  
all things happen and work together for me  
for my good  
and so if I start making that shift  
and attaching that reality to my wounds  
I'll change the meaning that is associated  
with every wound  
what gets your attention  
and the meaning you attach to it  
and then your physiology  
when someone begins to get healed  
you'll see their whole body just comes into alignment  
and it's not just a physical healing that happened  
there's so much  
physical healing that's attached to emotional healing  
right do you wanna be healed or do you wanna be whole  
like I love going after the root  
of things that cause people to need healing  
because I'm interested in making them whole  
not just getting them healed  
does that make sense  
we're try human beings spirit  
soul and body  
they you can't think that one doesn't affect the other  
and so what does it look like to be in congruence  
and have that manifest in who you are  
you can tell when someone's depressed  
you can see it in their face can't you  
you can tell  
sometimes the shoulders get round  
there's just a heaviness

and we manifest that  
and that's not wrong  
we're that kind of like emotional cell tower  
we like radiate what's going on within us  
likewise when someone's full of life  
bigger and confident  
that sort of thing  
you see that in their physiology as well  
and these things that I'm teaching you  
if we don't go to the supernatural and get healed  
then we'll start faking our physiology  
look don't I appear amazing  
and then you gotta like  
keep that battery  
you like gotta keep the Energizer Bunny on the inside  
all the time cranked up  
so that your physiology can lie to everyone around you  
that's what happens when God is 3rd or 4th or 5th  
you gotta manage this physiology  
that's not in alignment with Jesus being first  
when Jesus is first in anybody's life  
think about the people that you've loved  
and respected over the years  
the solid people that you know  
whatever attributes that appeal to you  
there's a reason why those things appeal to you  
there's a reason why you said wow  
that's a solid Christian  
I wanna be like them  
think about that  
those people were solid  
because they knew the scriptures  
those people were solid  
because they trusted in the Lord  
those people were solid because God  
was first in their lives  
and they were modeling for you how to put God first  
in their lives  
they just lived it  
sometimes you were able to go ask them questions  
other times  
you just saw them from afar  
and you could tell that they were living with God first  
and their alignment was appealing to you  
you retracted to their alignment  
now when Jesus  
his disciples were learning his way as kingdom

way to live in alignment  
and they noticed while they were learning from Jesus  
that others were casting out demons in his name  
you remember that  
and they came to Jesus and they were like hey  
there's other people casting out demons in your name  
they're having success in ministry  
but they're not a part of our group  
we don't think that should happen  
and the Lord was like hey  
if they're using my name  
then you should be champion  
there's championing their success  
it shouldn't just be your success  
it's the kingdom success  
rejoice that the kingdom is advancing  
and he took him to school a little bit on them  
like sort of wanting you know  
their own success  
but not being able to champion the success of others  
and that's always the sign to me of living in alignment  
if you can't see beyond your own nose  
and you're all taking up all the space in the room  
but you're nobody else's success is on your mind  
whose success is on your mind  
that's a part of living in alignment  
as you just recognize you can give it away  
and there's plenty more where that came from  
over time we start giving it away  
then people steal it and run away or whatever  
and attempts you to wanna stop giving it away  
and I hear the Lord just go  
there's more where that came from  
if you want to be generous  
I'll continue to be generous  
you never have to wonder  
so the disciples come back  
and they have just like had major success  
they're like wow  
even the demons are subject to us in your name  
and he's like  
I rejoice in that  
and no sooner had they come back  
after he breathed on them  
they're walking in the success of their anointing  
their lives call  
they're coming back with all kinds of cool stories

they went out two by two  
and now they're coming back to celebrate each other  
and Jesus walks up on the first  
conversation that they're having after they came back  
and they're discussing  
who should be greatest in the kingdom  
like we just got a little bump  
and we're already discussing like  
I'm pretty sure my thrones gonna be next to his  
I mean no sooner had they got back in  
this is the first discussion they're having  
so it went from hey  
I want for us to have success  
but I'm not sure like the success of others  
which we've been sent out having success  
and now we're already discussing  
who's going to be the greatest in the kingdom  
and he's and he says listen  
and it just so happens  
perfect time right  
works for Jesus  
every time a small child is walking by and he grabs  
and he goes  
unless you become like this  
right and then he goes a step further  
like a child  
the servant of all  
and least of these  
like a child  
the servant of all and the least of these  
unless you become like that  
you won't use your authority well  
you'll be misaligned  
but notice he never rebuke them for imagining greatness  
he never said ah  
can't believe you guys are thinking about Thrones  
and being great no why  
because being around Jesus makes you think that way  
come on it actually makes you think  
I'm kind of a big deal  
not because I'm anything  
but because I'm recognizing his anointing his Grace  
he's showing me how to live  
and I'm starting to live in alignment  
and the result of living in alignment is believing  
in greatness  
he never rebuke them

for thinking that they could have thrones  
or that they were great at all  
he never said ha  
let's give you a dose of humility  
right right  
he said I wanna teach you how to direct that greatness  
I will never talk  
you out of being great  
because that's actually what you're destined to be  
but let me tell you  
how to know if your greatness is in alignment  
you live like a little child with the faith  
with the joy  
with the happiness  
with the excitement  
with the intended outcome of a little child  
nothing gets in the way of your faith  
you use that greatness to become the servant of all  
that's how you know that you're great  
the greater you get  
the more servant you should get  
all the leaders who think hey  
the greater I get  
I can't touch the broom anymore  
cause people are  
start seeing me a little lower than I wanna be  
and so I gotta start wearing that 3 piece suit  
and I can't touch the broom anymore  
I can't mop the floor as I can't you know  
cause I gotta hold this image  
and Jesus is bashing that notion  
he's like it doesn't work that way in the kingdom  
the greater you get  
you become more of a servant  
and I want to tell you  
how to know whether you're in alignment  
if your greatness has stopped  
you from becoming a servant  
you're probably starting to  
use that greatness in misalignment  
they become like the least of these literally  
like Paul went from the greatest of the apostles  
that he said  
to the least of all saints  
he actually started out  
thinking he was the greatest of all apostles  
and his last statement

about himself  
as I pull the least of all saints  
not because he's self abased  
not because the religious spirit had gotten on him  
but because he had Learned the truth  
about the power of god resonating with someone who is  
through someone  
who's aware of who they are and who they're not  
so in all the teachings about greatness  
and all the teachings about  
powerful people when God's not first  
we begin to make that about us  
humanism is already running rampant in the world  
and it should  
not be running rampant in the Church God forbid  
self help and all these things  
they're all about me  
and god has a place for you  
when you understand Act 17  
you don't have to make it about you  
because you recognize you're a part of God's story  
he started this  
the times and seasons that you should be alive  
into which family  
all of that  
that's the lord's design  
you don't have to come up with your own design  
if you know his  
but you do learn half  
you do have to learn how to direct your greatness  
and no matter how great you are how great you get  
the outpouring of that greatness  
the manifestation of that greatness  
and increasing levels  
is you get to become more like a child  
the servant of all  
more and the least of these  
more like the least of these  
doesn't mean like false humility  
as I mentioned  
it just means I recognize I do this  
and when I go low  
I push people up and God gets the glory  
I don't need to take up all the space in the room  
it doesn't mean some weird definition of yourself  
the least of these  
it just means

I understand that my greatness was given to serve  
and it makes me do this  
that's phenomenal  
that's phenomenal  
so what does that look like  
when Jesus says  
I've called you to be great  
I'll never rebuke anybody for desiring greatness  
but I just want to  
cause you to shift in terms of how you think  
and then step into alignment  
my prayer for us  
is that we understand completely who we are  
that we have the same definition as a church  
about ourselves  
that the Lord has for us  
you've heard me speak on this  
pride is having a different definition  
about yourself than god has about you  
literally and most often  
our definition of who god says that we are  
like our definition of who we are  
is often lower than God's definition about us  
so when we haven't heard God's definition  
then we have to go make one up  
and so we tell everyone  
this is my definition of me  
uh maybe if we haven't heard God's definition of us  
and every time we get a definition of ourselves  
that doesn't match who God says we are  
then that's pride  
because we're saying God  
I've got this  
my definition of who I am  
is better than yours  
and God's like  
how can you have a better definition of who you are  
than the one who created you  
I created you  
so we got to go back to the word then  
and find out who God says we are  
and that breaks the power of humanism  
we put Jesus first  
we find out what he says about us  
we believe it  
we choose to believe it  
we speak it over ourselves every day

but we understand that in speaking I'm anointed  
I'm powerful I'm pretty  
I'm you know  
whatever it is  
we we've gotta  
we've gotta make sure that  
you can't speak that stuff unless Jesus is first  
cause you'll just walk right into humanism  
and it's too rampant in the church  
why is Jesus becoming first in the church  
because we just don't work well  
we fight against ourselves when he's not first  
all right let's stand  
did you get anything out of this  
all right so I wanna pray a prayer of alignment  
and then we're gonna call our ministry team up  
and Chris is gonna facilitate just a moment  
moment of prayer but um  
what I feel like the Lord told me to do is just pray  
a prayer of alignment  
where we just  
you know I'll pray  
but you guys use your own words really  
and it's and it's a prayer  
I'll tell you where we're going  
we're just like Lord  
if you're second  
I want you to be first  
if you're third or fourth or ninth on the list  
I want you to be first  
I was made to flow and God  
I just feel like I'm missing out if you are not first  
and the truth is that we all are missing out  
our lives are not improper alignment or improper flow  
if he's not first so  
this is that kind of prayer where we just sort of say  
Lord I'm making you first  
so I'm gonna pray for you  
but you really just connect with the Lord  
and use your own language if you need to  
so father first of all  
as Eagle Mountain  
as a people together  
as your bride  
your ecclesia  
or we this thank you God  
that not only have you saved us

but you're discipling us  
you're teaching us your ways  
and Lord I just thank you for all the free  
that is found at the cross for us but Lord  
I also thank you for the sanctification of our lives  
**spirit soul and body**  
**where we're learning how to put you first**  
**that part of Christianity**  
**that cost a lot to put you first**  
**and I know Lord**  
**that we all struggle with this**  
**and different ways and all of that**  
**and many might be saying**  
**and hearing this from around the globe online**  
**and thinking gosh**  
**I'm pretty sure that the Lords like way down the list**  
**and we all just wanna make sure Lord**  
**that we're living our best life by having you first**  
**and so Holy Spirit**  
**we just ask that you would show us right now**  
**where god is in our lives**  
**where he is in the signal chain**  
**and if my signature sound is out of phase or not**  
**Holy Spirit just show us where you are**  
**where Jesus is in our lives**  
**not in the people around us but us right here right now**  
**just in this moment**  
**and we get a holy moment with you to make a choice**  
**to make a decision to change that**  
**and the outcome is a game changer**  
**so just let the Holy Spirit speak to you about where**  
**where god is in your life**  
**all kinds of things going on all kinds of distractions**  
**I don't mean where God is generally I know you love him**  
**but where God is today this week**  
**and then just look the Lord in the eyes and just say**  
**God I invite you to be first**  
**and I'm sorry for not having you first**  
**and Holy Spirit**  
**I ask that you make me relentless**  
**to constantly every day and sometimes 10 times a day**  
**make Jesus first**  
**I wanna talk I wanna think about you the most**  
**I wanna talk about you the most**  
**I wanna talk with you the most**  
**I wanna learn things from you the most**  
**I get one life Lord**

I want you in first place  
put me into alignment right now  
put me into alignment and let my body my spirit  
soul and body come alive just by making that adjustment  
let it manifest in every cell of our being god  
let it manifest right now  
I prophesy today from this adjustment  
people's lives are put back on track  
I prophesy from this adjustment today  
people's bodies are made whole  
because alignment is necessary  
it's crucial  
mentally people all of a sudden the fog lifts  
physically Lord  
for those who are spending  
way more energy than they need to  
because you're third  
or we just ask that you become first  
so that the anointing haha  
is traded for my physical human effort  
Jesus get back where you belong  
I wanna look into the eyes of the author  
and the finisher of my faith  
and Jesus I just want to know every day  
every second of the day when I'm out of alignment  
Holy Spirit that's your role  
come and show me  
and I'll be super attentive to your voice  
show me when things throughout the day  
knock Jesus off that first place  
put me up there  
put somebody else up there  
but what I'm doing up there my desires all of that  
show me when I'm out of alignment  
you said that if I saw it first  
huh that if I saw it first  
the Kingdom and your righteousness  
then all of these things would be added to me  
Lord you want us to have great things  
nice things  
you want us to live life  
you want us  
to have great friends and all of those things  
but seek first not just the kingdom  
but the king of the kingdom  
and his righteousness  
so Lord we just step back into alignment today

and we ask you to be first  
and I just pray and prophesy testimonies this week  
of powerful changes Lord  
Lord for those who got somebody else first  
like the fear of man  
people first  
what will they think if I make a stand  
and all of those things  
Lord get people off of first  
we just put you back there for people's work  
their identity all of that Lord we want you to be first  
and God right now  
I just released as you told me to  
uh alignment  
spirit soul  
embody in your people  
let them even now begin to feel the physical change  
the spiritual change  
by making you first  
I declare over them  
they were made to enjoy life  
they were made to have fun  
they were made to connect with amazing people  
they were made to surround themselves with people  
who would understand alignment and not be used  
to get them out of alignment  
Lord we just want to understand  
see through your lenses and your glasses  
and if there's anybody in our lives  
that constantly are pulling us out of alignment Lord  
give us the power to address it or make new friends  
father in the name of the Lord  
we step back into alignment and we're happy  
we're excited about this  
we value ourselves enough to be intentional  
to make Jesus first  
and owe the joy in him we live in him we move  
hmm and have our being
