who loves Jesus
yeah who's here for Jesus
come on so let's see Jesus do some cool things today
um you know
we've been talking about from the beginning of the year
and even just a little bit toward the end of last year
that we needed to set our faces to the glory of god
and just explore all year long
what the glory of god looks like
what it means
um what it means on the inside of you
to change your nature
what it means on the outside of you
to experience the presence of the Lord
there are some people
I think in the sound of my voice
who maybe never experienced the glory of god
like tangibly seeing the presence of god in in uh
like up close and personal
and if you've never seen that
you need to see that
um there's something about
my mom used to say when she was a youth
um she used to experience the glory of God
and that's really what kept her
throughout the years growing up
is that from a young age they would
her siblings would experience the glory of god
her siblings are all serving the Lord
because from a young age
their parents introduced them to the glory of god
and I think that there's no better
attraction these days
especially to the supernatural
than the glory of God
there's one way to get your kiddos to stop
playing so much video games
experience the glory

introduce them to the glory of God
let them be right with you while you pray for someone
and let them pray for someone
I love getting the kiddos come
every time I'm in ministry
and the kiddos come around me
I'm like hey
you lay hands
let's see some great things happen
I love the you know
Catherine Coleman days and all of those days where
even in the Azuza Street revival
and you've heard me talk about this
the kiddos used to play hide
and seek in the cloud of his glory
it was so thick
and they just grew up
and I remember
you know watching some of their testimonies of
when those kids grew up to be 70
80 and 90 years old
I mean that was it
they would tell about experiencing the glory
as a young child
you were made to experience the glory of god
that's not foreign to the young child
they might not know how to put words to it
they might not know how to express it
or how to walk in it or appropriate it or any of that
but they're closer to the glory sometimes than
than we are as adults
because they just came from the presence of the Lord
they were just birthed into this world
coming from the presence of the Lord
he knew them and fashioned them before they were even
put into their mother's womb
literally on loan on this planet for 15 minutes right
just the short time that we have on this planet
I mean it goes by so quick
and you just want to experience the glory of God
and then release the glory of God
there's people who used to do that
you know when they would experience the glory
used to release the glory
and used to be looking for ways release the glory
and now it's just like yeah
I don't do that anymore for whatever reason

and God's here to just stir you up today
God's here to just light a fire under you and go
don't lose the glory of God
we talked about um
not falling short of the glory of God
Romans 3:23
for all have sinned and fallen short of the glory
that that verse really didn't mean hey
let's focus on your sin
but the verse really meant
anything less than the glory is sin
just stay up in the glory
don't fall short
just get a new definition for glory
or maybe get a new definition for sin
and the definite new definition for sin is
anything that will cause you to fall short of the glory
so that your eyes are always beholding the glory of God
what is the glory
you were made to live in the glory
you were made to walk in the glory
and you were made to introduce
people to the glory of God
the tangible
manifest presence
magnificence and love
the expression of all that he is
all the his nature
who he is how he feels
the glory of God
literally experiencing that
I mean it's the glory of God that begins to
change you into his image
it's the glory of God that begins to
really identify who you are
identify who God is in you
it's the glory of God that changes you
into the very image of the Lord
and when we're not and sing the glory of god
we begin to go from a vertical
perspective to a horizontal perspective
and life becomes about man
life becomes about pleasing man
god forbid church should become primarily about men
instead of experiencing the glory of god
if there's one place to be focused on the glory of god
it's in the house of god

but the Bible says that we're the house of god
greater than all of Solomon's colonnades and the gold
and the pillars and the structures of mighty
uh buildings
how's God's glory
all throughout history god said
I will make a temple not made with the hands of man
a place for his glory to dwell
about that song that we sang to the last one
I wrote it when I was just like Lord
I am just I refuse to leave this place just like Joshua
I'm just gonna stay here until I experience your glory
I will not leave this place
and there's so many
problems that get solved in the glory
I mean I've listened to all the great speakers that we
all love throughout all of the decades
and they'll say
I know how to solve a problem
some of them have been huge business owners
huge ministry
pastors and leaders and all that they said
whenever I come up against a problem that I can't solve
I just go sit in the glory
I've Learned that
that's the best place to solve your problems
that's the best place to get heaven's perspective
when you're getting attacked
when you're not sure what to do
it's not just
you know go out and do nothing
get in the glory of God
get into his presence
manifest God
your presence in my midst
because I don't wanna make a decision
based on 2nd heaven information
and God's teaching us the difference between
second heaven information and the glory of god
Chris you shared something backstage
grab a mic and come up and talk about for a second
what God's been teaching you and what you're learning
yeah so what I was mentioning back there is right now
I'm in this season where
I don't have any choice but to be release control
and so does anyone like that
Bobby does

but the but what I've Learned
what I've been learning
I have not Learned it yet
I'm in the midst of learning this
so I this is an in process testimony
so what I'm learning is that if you only um
use the information in front of you and the natural
um it feels very safe
and it feels like complete information
and you kind of think you see the whole picture
but you're you will not be able to accurately
understand what's really happening
you will never
where God is taking us
where he's taking me personally
where I think he's taking Eagle Mountain
and probably every single person that's hearing this is
if you're only using that information
you will not
actually be able to know what's really happening
you'll not have a complete information
only with information that you don't ignore this
you don't pretend like what's in
the world isn't happening
but you you have to take that
and then you have to take that to the Holy Spirit
and then he gives you the rest of what
you need to actually understand what's happening
and if you don't do that
you're going to then make decisions
that seem very reasonable because of all the data
the information
the picture
the were the scenario
the story that's unfolding that you see
but without the Holy Spirit's piece
you'll then make the wrong decisions
because you actually aren't seeing
the whole picture
and I'm going
I'm personally like walking through that right now
and I don't have an answer
like a formula that we could pass out on a card
we don't have that
but I do feel like a lot of people
are going through that right
that's good Chris

thank you yeah yeah
that's a good work
I'm Tom come on up
Thomas talking about the glory
and what God's been speaking to him
and I just feel like I'm supposed to facilitate um Tom
and we always just sort of do this spontaneously um
but God's been speaking to Tom about the glory
and it was no coincidence so Tom
come and let it rip
green is for glory
all right the glory
I want to read a verse
start out with a verse and habitat
one of my favorites
uh one of my life verses
something that's been in me a long time
and I believe it's a day that we're gonna see
I'm gonna see the fulfillment of this thing
I says in Habitat 2:14
for the earth will be filled with the
knowledge of the glory of the Lord
as the water covers the sea
and in my life
I've had starting at a young age
very young age had
I've had encounters with the glory of God
bad encounters of god
sometimes it would shake me while I fall out on this
in the spirit
I just begin
sometimes I just start doing this
I don't know
if something happens in my arm and I lose control
and I have this nerve thing comes on
and I know it's the presence of God
it's the glory of God
and many of you have had encounters
you've had midnight hours where you've been woken
and the Lord visited you
but we're coming into a season
he told me he says
I'm taking you to a place
will you intimately know what I'm doing
and you're intimately know the glory of god
not just an encounter
an inferior encounter

which is awesome
I love that
I does something to me
it transforms me
but I'm talking about a level to where I actually
there's a knowledge
there's an it
knowledge means is intimate
plus it's also understanding
we're gonna have an understanding
of the knowledge of the glory of the Lord yeah
and this also says
that all the earth will be filled with the knowledge of
the glory of the Lord yeah
that means people that aren't sitting here today
yeah people that are on the street
people that are homeless
people that think they have it together
but actually they're lacking something
because Lord I believe
it's a season where he's gonna pull away the props
and he does that in our lives too
he takes away the things
that we do to prop ourselves up
to make us feel good about ourselves
make us feel good about our circumstances
when the circumstances are actually designed
like Bobby says
to causes to fall short of the glory of god
not inner fully into it
but we're coming into a place where we will not settle
on this side for anything less than the glory yeah
and what is the if
if if their whole knowledge of the Earth
if they're gonna know about the glory of God
how are they gonna encounter that glory
come on through us
because we are the temple
the glory came to the temple
right and I seen
this picture is only ever shared about the water
that in Ezekiel
there's a picture of
water running underneath
gushing forth under
flooding the earth from the temple
we're gonna be so full when

it's not enough for us just to experience something
but we need to understand it
we need to come away with something that we carry
on the inside of us
yeah that transforms
yeah all we
people we encounter
that means that when you come
you have something for someone
I'm coming to a place where I reminded of
some of the experience that I had
when I first came back to the Lord in 1984
and I couldn't help myself
but walk down the street
and someone I
I someone would get LED to the Lord
I mean I'd speak to somebody
I'd bring something to somebody
and it seems like we're in an hour where
that thing wants to be diminished
and we've seemed
we all struggle with
well I don't know what I'm gonna say
people aren't gonna receive this
but when you're filled with the glory of the Lord right
and you are
they are encountering the glory of the Lord
through you
you have something
you have the answer
that everyone's needs is inside of you
Christ in you
the hope of what glory
the hope of glory yes
and so all the earth
your earns and groans and prevails and cries
for the manifestation of the sons of God
that we would come into that place
and that's happening
is it we can't help it
we we're gonna get caught up in it
it's the hour then
we talked a few weeks ago about revival
that doesn't end
revival that that program
that digital conference recently
revival that state sustains that revival continues on

is not like the ones before where they just fade away
no because people
God's people are so full with his glory yeah
all the earth will be filled
with the knowledge of the glory of the Lord
come on come on
come on hold on Tom get back come on
alright so if if you're
I gotta be careful
if you're 60+
and like Tom
God showed you something a long time ago
about the glory of god coming to his church
and you've been waiting and you've been prophesying
and you've been keeping the faith
I want you to stand up right now
that generation that's gone on before us
youngers that has been stewarding the glory of God
God show them something
gave them a vision
of something that was yet to become tangible
and you've been waiting
like Joseph of Aramathea
the Bible says
he and Nikademus purchased the tomb for Jesus
and when they rolled the stone in front of the tomb
your Bible says that Joseph sat outside the tomb
and was found waiting for the kingdom
I want you to pray over this generation
and honor them for waiting
and that they will see the glory that you've waited for
thank you father
I speak God
that we have
we carry something father
that's not a promise
it's far off
and it's not a promise that will not be fulfilled
father but we carry something
father this
people my age
people that are mature
mature saints father
that means they've been through the fire
they've been through it father yes
they've been through it
and they understand you do

they understand
carry something that's not just eferial
but it's experiential
and they know that the kingdom does not come by
observation
by participation father
so I say we are ignited father
we are fired up
we are fired up
and we are not silent god
and we will not be quiet father
but we will speak up in this house
and we will not look and say we are significant
but I say we are significant
full of your glory
full of maturity
full of a word that's been birthed very substance
and I say the wisdom you've imparted God
I believe father
and I say it's released for these people father
into this congregation
into their workplaces
into their families
father igniting
bringing wisdom
power god but not just wisdom
like an old man who just sits on the couch and
and waits father
but I say we're full of fire
we're full of eight nation
we're full of action god
I thought we were full of physical stamina god yes
ignite us god
re fire us guys
re fire re fire
re fire re fire
thank you for god amen yes god
yes Lord come on the rest of us
give those 60 plusers a hand for waiting
what God's doing is multigenerational
it's multigenerational
and God would never let us younger
start something new without honoring the old
that's just how it works
you've heard me teach about that
David wanted to build the Tabernacle with no veil
so that every man could behold the glory

you didn't want just the high priest
to go back behind the glory while the rest
of the people of God didn't experience the glory of God
and so he said father
I wanna build you
a tabernacle where every person can see the glory
that was not God's idea
God never asked David to do that
that was David's idea
and God gave David permission to go after the glory
under the law for the common man
and God said David go for it that's your heart's desire
and he said
all that I ask you David
is that you first go back to Gibbia
and sacrifice at Moses's tabernacle
why because you cannot bring in the new
without first honoring the old
you can't that's why the Bible says
that we honor our fathers and mothers
that may be well with you
so that God not strike the earth with the curse
it is that promise that God gives us
if we honor our fathers and mothers
and that's not just your parents
it's the fathers and mothers who've gone before you
and any spiritual father and mother
who's truly a spiritual father and mother
the the glory that you give back to them
as a father and mother is to actually walk in
what they prophesy over your life
to actually walk in it
right Paul said this
I have no greater joy
than to know my children walk in truth
I mean we're yearning
for our spiritual and natural children to walk in truth
and that's gotta be a yearning
and if you're filled with the glory of God
and you're yearning for that
you're in the right place
I wanna read you a couple scriptures
and then I just wanna pray
let's let the
the word of god speak some things to our heart
second Corinthians 4:11 through 18
second Corinthians 4:11 through 18 says this

for we who live are constantly being
handed over to death because of Jesus
now let's talk about the Apostle Paul
and how he sees opposition
how he witnesses demonic opposition coming against you
the body of Christ

he says for we who live are constantly being
handed over to death because of Jesus
so that the life of Jesus may also be revealed
we're constantly going through things
we're constantly slamming against the norm
we're constantly pushing back
and it's happening in our spiritual body
in our mortal flesh verse 12

so death works in us so that or but life works in you
so there's something we're experiencing for you
it's like the spirit of God in me is for me
but the spirit of God on me is for you

Verse 13 goes on to say
but having the same spirit of faith
according to what is written
I believed therefore I spoke
so we also believe and therefore we speak
they speak about things
that they're not yet fully experiencing
we're experiencing death on every side
but it doesn't stop us from prophesying
because we believe in better days
because we're believing for the glory of God
not waiting for the truth to manifest in your life
before you speak it out
because you speaking out truth before it manifests
is the APEX of your belief

we believe therefore we speak
not waiting to speak truth
is crucial do not wait to speak truth over your life
do not wait to speak truth over someone else

Verse 14 goes on to say
knowing that he who raised the Lord Jesus
will also raise us with Jesus and present us with you
for all things are for your sake
everybody say all things
all things yeah
they're they're for your sake
did you get that
all things are for your sake
nothing happens to you

all things happen for you
nothing happens to you
all things happen for you
if you're gonna experience the glory of God
you're gonna step away from any victim mentality
that anything is happening to you
your Bible says nothing happens to you
but all things happen for your sake
god causes all things to work together
not some things
not most things
all things to work together
for the good of those who love god
and are called according to his purpose
so knowing that he who raised
the Lord Jesus will also raise us with Jesus
and will present us with you
now he's saying
we're all living this resurrected lifestyle
for all things are for your sake
so that Grace
having spread more and more to more and more people
will cause Thanksgiving to overflow to the glory of God
Thanksgiving is the outpour
of living in the glory of God
if you wonder why
or like the litmus test of what Tom shared today
what Chris shared today
what I'm sharing
Thanksgiving is an outflow
as to whether or not you're living in the glory
now there's all kinds of
degrees if you will of the glory of god
but let's talk about having heaven's perspective
Paul says that it equals
it will cause more and more people
will cause Thanksgiving to overflow to the glory of god
I mean we just don't have time to live
below the glory line
when we're constantly giving thanks
right give thanks in all things
for this is the will of God
Bobby what's the will of God for my life
give thanks in all things
I mean that's just how it works
that's how you know you're staying in the glory
is you live a life of thank you

never forget
when I heard Chris Valaton tell the story of
he went up with um
Bill Johnson to go speak at a retreat
and they were up and they put them in one of the cabins
you know up in the retreat and um
they put them both in the same cabin
and Chris gets up
um to go to the bathroom in the middle of the night
and he walks by
um Bill's bed
and Bill sitting there sleeping
totally dead sleep
and he's going through the night
thank you Jesus
thank you Jesus
just dead sleep
but thank you Jesus
and he goes
I sat there
I just I wept
like this guy thanks you in his sleep
that's a life of living in the glory of God
is thank you
Jesus all the time he said
it wrecked me
I didn't even know whether I was supposed to
say anything
I was kind of quiet on the ride home the next day
and just like Lord
teach me to live that he did it
while he was sleeping
not while anybody was looking
thank you Jesus
that comes a whole lot
easier when you're living in the glory of god
doesn't it I say
it's a manifestation of living in the glory of god
verse 16 says
therefore we do not lose heart
but though the outer man is
oh the outer person is decaying
yet our inner person is being renewed day by day
for our momentary light affliction
is producing an eternal way
momentary light affliction people tell me all the time
Bobby you're way too spiritual

you're way too in the clouds too eternal
and I'm like you're way too momentary
I'm looking for an eternal weight of glory
and how many of you know eternity is now
we're not when we don't
the word there for eternal isn't someday
eternity is gonna start
your eternity has started
how you spend eternity right now
did you know you're training for raining right now
right now you are training for raining
your perspective here equals what you do there
I am convinced he goes on to say do not lose heart
what is god spoken to you a year ago
five years ago 10
20 years ago more
do not lose heart
hold on to that dream
hold on to that vision
stay as much on the edge of your seat now
as you did when god first spoke it
that's how you know we're
you're going from glory to glory
cause the glory never dies
that's the glory of God
it never dies
it's in the eternal weight of glory
it's not a temporary weight of glory
a feeling that we felt at a cool conference one time
it's more than temporary
what God does in you in a moment when heaven
when the eternal he kisses now
when it's from the Lord it's eternal
and that's what we're looking for
is an eternal weight of glory
and but though the outer person is decaying
yet our inner person is being renewed day by day
that's what you can expect living in the glory
who wants day by day renewal
day by day renewal
I'm not waiting
I'm not waiting for my next encounter
I'm not waiting for some big event to happen in my life
day by day renewal
yet our inner person is being renewed day by day
for our momentary light affliction is producing for us
remember for us

it's not happening to you
it's happening for you
for your momentary light
affliction is producing for you
isn't that wild how God has a purpose
in your momentary light affliction
it that's even on a mission
this scripture says it's producing something for you
God spinning it
he's changing the narrative
he's saying this is not happening to you
it's happening for you
this momentary light affliction is producing for us
thank you Lord
and eternal weight of glory far beyond comparison
while we look not at the things which are seen
but at the things which are not seen
for the things which are seen are temporal
but the things which are not seen
these are eternal
thank you Lord
that I get to look at what is seen and what is temporal
with eternal glasses
here's what is right in front of me but wow
here's what is eternal
superimposed over what's right in front of me
in that wild
when the Prophet prayed for his servant Gahazi
for his eyes to be open
he prayed for his eyes to be open and Gahazi was
your Bible says that Gahazi saw the armies
the angel armies of the Lord on the Hillside remember
there are more with us who are with them remember
but his eyes being opened didn't cause him to
for the angelic to appear
it caused what was already there to be seen
so when you put on eternal glasses
and eternal perspective
over what's happening right in front of you
it causes what's already there in the spirit realm
to be seen by your natural eyes
an eternal weight of glory
I love studying the patriarchs
I love studying the guys who've gone before me
guys my grandpa's age
the guys my mom's age
she's still young

but here's so I looked up some of the bigs
and I was like
how can I pass along their message
I'm all about honor
especially for the generations
here's some of the great quotes
four ways to operate in the glory of god No. 1
they all agree
look for the glory
look for it constantly
what's God doing
cause you can look for all kinds of things
you start pointing the finger
you start going accusation
you start going lateral
you start highlighting people
someone stop looking for the glory when you do that
No.1 way to walk or operate in the glory is No. 1
look for it
how about the Chapter 2
he talked about it
behold I will stand at my guard post and I will watch
look for the glory
acts chapter 7 verse 55
but he being full of the Holy Ghost
gazed in the heaven and saw the glory of god
you gonna be filled with the Holy Ghost
you're going to behold the glory of God
that's what being filled with the Holy Ghost does
it helps you
the Holy Spirit helps you to perceive the glory of God
and if you're not
then say Holy Spirit
help help me
I get my soul man
where it needs to be
under my spirit
and I call my spirit to the front
so I can perceive the glory of God
No.1 look for it
No. 2 pray for the glory
I mean that's what it was
they were instantly going after it
praying for the glory of god
revivals mostly in the past
never happened as an accident
there are no accidental tourists in the kingdom

just like you don't fall into sin
you plan it
there's all kinds of things you have to ignore
to fall into sin
I'm tired of the excuse making
you don't fall into the glory
you plan it
breakthrough is not just a moment
breakthrough is the result of thousands of moments
between you and God
pray for it
No. 3 prepare for it
prepare for the glory of god
the love of god has been poured out in our hearts
by the Holy Spirit who was given to us
you want to prepare for the glory of god
ask the love of god to be shed abroad in your heart
Lord in every situation
no matter what happens to me
there are degrees of glory
and I prepare for the glory by learning to walk in
a galpeo love
that is a love that is beyond emotion
it has emotion to it
but it is a commitment of my will agapeo
no matter what Lord
no matter what happens
right though you slay me
yet I will trust you
remember job situation
job situation wasn't about just god restoring to a man
property and things in his family
job situation was a prophetic picture
of the church overcoming humanism
right when everybody is around you as saying
even his own wife curse God and die
his own bride curse God and die
the word curse there means to lightly esteem
lightly esteem God
it wasn't just about Joe getting his stuff back
jobs test was like I don't need it
it's the glory of God that I'm after
it is the glory of God that I'm after
I'm breaking the power of humanism
and you know the story
job got all the stuff restored
but that wasn't his focus

your Bible says that he got all the stuff restored
and his family healed in his life
whole when he prayed for his friends
cause your thing isn't about you
it's about God
it's about God leading you down a Box Canyon and saying
are you ready yet for the supernatural
are you ready yet for me to do something
I've never done before in your life
do you have faith
do you still
prepare for the glory of God
I've asked the Lord
I just said Lord
I just trade
as Paul said
if I was still seeking to please man
I would not be a bond slave of the Lord Jesus Christ
so I just trade all of that Lord
to live under your smile
I don't need it
I never have
I never wanted it
I love people and I love people
I love coming alongside people
I love raising people up
I my motto is
you can fail on my stage any day of the week
this is as long as you're going after it
as long as you're sincere
but when you go coward
I mean that's why the Bible says
cowards shall not have their place in the lake of fire
or they shall have their place in the lake of fire
they shall not enter heaven cowards
of all the people that god should have said
will have their place in the lake of fire
cowards is on the list
so we gotta go after the glory of God
and you know
most people spend their courage going after each other
I wish they would take that same tenacity
and go after the glory
cause it's easy to view courage
as ripping on people and going lateral
unless your courage is pointed north
you ain't using it right

you ain't using it right
the Lord told me Bobby
if you don't come out of covid
the pandemic
that get us off YouTube if I say that
see I don't care
if you come out of that season um
and you're not closer to me you didn't spend it right
maybe some of you heard my interview with Elizabeth and
uh inlo recently
and she just pulled out of me a little bit of my story
I really want to talk about the eclusia cause I'm
I'm passionate about where God's taking the church
and the type of church that's being grown right now
um but she wants to talk a little bit about my history
and I got to talk about some pretty heavy
pretty wild encounters that I've had with the Lord
but what I didn't say is I remember the day
where the Lord said
I'm taking you into the unseen realm
and the unseen realm
to me I was
I thought I was already experiencing the unseen realm
cause I had so many great
encounters with biblical figures
and you can just go to the um
to the interview that she did with me on
Johnny and Elizabeth then low and
and listen to it but um
when the Lord said
I'm taking you in the unseen realm
I said I thought
I had been in the unseen realm for the last four years
and that was the day that all those encounters stopped
dried up done
and for the next four years
I didn't see his face
I didn't smell him like I used to
I didn't see him
I used to open the scriptures
and all of a sudden the pages
the wind of God would come into my room
and open the pages to a story god wanted me to read
and no sooner had I begin to get into the story
suddenly I wasn't in my room anymore
I was actually in the physical place of the story
and the person of that story would walk up to me

and begin to tell me about the story
and I was taught that way for like four years
almost non stop
and I remember the day it shut
and I thought for the first whole year
maybe two what
what did I do
what wrong did I do
I didn't realize
that God was taking me into literally the unseen realm
like I didn't see anything for four years
and I could feel him sort of chuckling at me
and I was like
I'm dying down here
and I was learning
what was that phrase
to suck blood from a turn up or whatever
I was like any moisture any spirit
I just want life
I'm tired of dead word
I'm tired of dead people
I want life
and I learn to find life just anywhere
and because of that
I could find life in a non Christian
sometimes I'd see the glory
or I'd find a flicker of something God was about to do
and I'd jump on it
I don't need the full manifestation
just give me a flicker
and I'm drawn to the light like a mosquito
yes I just need a little just a
and so but at the same time
I Learned to hunger and thirst for more
there's degrees of the glory of God isn't there
I wanna pray stand up let's do something
what God's about to do
here at Eagle Mountain
we've been preparing for
for 22 years
it has and my
and you've been preparing
and your own personal life for perhaps longer than that
he's been preparing for ages
what God's about to do in the church right now
I will just come to a glorious place in history
it's phenomenal

it's not about me
it's not just about us or a team
it's about what God's doing
and we just like Lord
we just wanna step aside
and just let you do what you wanna do
but at the same time
we want to steward the glory of God intentionally
and there's been some things that
you've had to walk through in order to get to a place
where the glory of God is your priority
you've had to walk
in a season where the glory of god is your priority
you've bumped up against everything else
and everyone else
you've sought it
you've been down a Box Canyon
a dead end road
there's been
all kinds of things that you've experienced
and you've been oh no
that's not the glory
oh that's the glory
okay mental note
oh that's not the glory
okay that's the glory
and you've you've tasted and touch the glory of God
so that you can get an appetite for the glory
and you've come to this place in your life where
you refuse to settle for anything less than the glory
that's what's going on right now
I refuse anything less
and that revelation is creating identity in you
that's where you get your identity
I was made for nothing less than the glory of God
father I wanna pray over us
Lord as we step into the word of the Lord
going from Psalm 22 to Psalm 23
stepping from 2022 into 2023
going from Psalm 22
Jesus broken on the cross poured out for sinners
people broken carrying their own cross
in Psalm 22 to Psalm 23
you are my everything I have no need
you lead me by peaceful strains
I am full of peace shalom authority over chaos
father I thank you that in this hour

you reveal your glory
Laura just thank you
that in this season it's gonna feel like two angels
goodness and mercy
following us all the days of our lives
and we just release the reward of Psalm 23
Goodness and mercy will follow me
like an angelic being called goodness
and another one called mercy
following us all the days of our lives
and I will dwell in the house of God forever
father thank you
for making sense of all that we've been through
Lord like Joshua
we just stay here for a while in your presence
long after the riff raff
long after those
who are attached to temporary things are gone
we stay here for a while
and we behold your beauty
