good to see you all  
oh  
thank you  
can we just hang out for a second  
Lord we love you so much  
Lord we love Israel  
and we love your hand on that nation  
God we love that you love to show yourself strong  
you love to flex your muscles and say  
is there any God like me I know not one  
so do that today over Israel God  
while we're praying  
and joining thousands around the globe  
God would you just touch your beloved  
Lord keep your people safe Lord  
I wanna be bold enough to ask that  
even in their Protection of themselves  
that they get Gaza back  
not just protect themselves get it back  
Lord I just thank you for your power and your Grace  
and your glory God  
and we pray not only for the peace of Jerusalem God  
we pray father  
for salvation healing wholeness  
supernatural angelic  
your fire your Grace  
God  
we just join you and many around the world and we say  
God just stand up  
step up stand up  
behold your beloved behold their cries and break in  
break in God  
break in  
let me give you praise for that Lord  
and we just again  
it's just our honor to pray for your beloved  
um is there anybody here that uh

you have um  
high blood pressure and you um  
you need prayer high blood pressure  
and you need prayer  
raise your hand if that's you  
anybody  
okay  
hmm  
um when I'm feeling stuff like this  
you know it's so easy to go  
well maybe it's someone online  
it could be but I think um  
I just think  
I wanna sit in what the lord's doing for a second  
Lord um  
I ask God  
if there's any stress or anxiety in people's lives Lord  
that are causing high blood pressure  
I ask that if there's feelings of being overwhelmed  
feelings god  
of just momentary dizziness  
those types of things god  
that you would heal you would bring back equilibrium  
physically and spiritually  
God you would do something right now um  
to break the power of anxiety and stress  
Lord I just pray over your people  
those watching around the globe  
right here in this room God  
I pray in the name of the Lord  
any feelings of um  
just being overwhelmed feeling overwhelmed um  
this week or recently if that's you  
you don't have to respond in any way  
you can just receive the healing  
I know God's here  
I can feel his presence for just peace  
like in that overwhelming moment  
in that overwhelming anxiety filled moment  
I can just feel his peace here  
I just want to take a moment to release it  
God I thank you that your peace crushes the enemy  
it's wild how you are the God of peace  
but you crush the enemy  
with a vengeance  
and we give you praise for that  
God I just thank you all anxiety

your power is broken  
fear your power is broken in Jesus name and God  
I just thank you for your peace  
I just thank you for your goodness  
all right amen  
all right I'm feeling it lift  
so maybe it was just me  
but did anybody need that  
I felt like okay good  
thanks  
could sometimes it is just me  
all right turning your bibles to revelation chapter 4  
we're gonna jump and talk about 5  
7 8  
4 the year of the open door  
I feel like God's given me some insight on that  
and so revelation chapter 4 and verse one  
revelation 4 and verse 1 after these things  
I looked and behold a door standing open in heaven  
everybody say standing open  
and the first voice which I had heard  
like the sound of a trumpet speaking with me said  
come up here and I will show you what must take place  
after these things immediately  
I was in the spirit and behold  
a throne was standing in heaven  
and someone was sitting on the throne  
now in the year of the Open Door  
Chris hit it right I mean  
the first thing that we've been talking about  
is beholding Jesus  
and making sure that Jesus is the one that we behold  
through any open door  
it's not about just me getting ahead  
or my business getting ahead  
or my life getting ahead  
without beholding the one who sits on the throne  
can you say men to that it's not an open door  
unless  
you behold someone on the other side of the door  
I just wanna say that  
cause it's so easy for us to go narcissistic  
but that's in the past that's not 5  
7 8  
4 we're gonna walk through the doors of heaven  
we're gonna behold one sitting on the throne  
so your insatiable love for Jesus

is about to go next level  
anytime the open door opens  
then we behold the Lamb of God sitting on the throne  
and that's this encounter right here  
and then the invitation to come up higher  
and all that happens  
but first we behold Jesus I just wanna say that um  
the church is coming out of this  
man centered experience where it's mostly about us  
and we're coming to that place  
where Jesus is taking center stage in his church  
and he is our target audience  
we totally believe in community  
we don't believe that there are  
community and Jesus are mutually exclusive  
we believe that if you're going after Jesus  
you'll find community we also believe that sometimes  
if you're looking for community  
and that's your preoccupation  
that doesn't automatically mean you'll find Jesus  
if community is your priority  
so we need to behold the one sitting on the throne  
that's the first thing there was a door standing open  
now I wanna say that  
I've seen recently some doors standing open  
which is amazing  
I've also seen some doors slightly open  
ever feel like you're standing in front of a cracked  
just slightly open door and you're like  
okay Lord I'm not sure what on the other side  
when a door is standing open  
it's like evident okay  
this is I'm gonna walk through I can see the vision  
I can see where I need to go into the next season  
but sometimes there's a door that's just slightly open  
and you're not sure  
but you know it's still an invitation  
you know you're still supposed to walk through it  
there are some doors that are shut  
completely shut and some of those doors should be shut  
because we wanna walk through not just any door  
but the right door right  
and then  
there are some doors that are waiting to be open right  
that's the door that's waiting to be open  
like any door that you see standing open  
that means someone went before you and open that door

and so

I like to be the one in people's lives and in regions  
to open a door that prior was shut  
so what does it look like to have keys to open doors  
we're gonna talk a little bit about that  
also for relationship sake  
as you transition

literally across the threshold of new open doors  
some relationships will not be able to make that  
transition with you

I mean it's important to understand that  
I love to be sentimental and have friends for life  
and all of those sorts of things  
but some uh they're just not meant to go with you  
and so um

it's important that you understand that  
you're not dragging people through a door  
that they don't wanna go that they don't wanna go  
everybody's gotta make a choice  
and some will just not make that transition  
doesn't mean they're worse  
it doesn't mean you're better doesn't mean uh  
you're worse or anything like that  
it just means some people won't  
won't go and they're not meant to go  
and they're not meant to make it across the threshold  
there's some tests that the church has been sort of  
overcoming in this last season  
and it's important that we up our threshold  
how many  
would you say that you're not the person you were  
even three years ago  
yeah right

I mean there's just this threshold of gosh  
there's way more inside of me than I knew  
there's way more tenacity  
maybe courage whatever God would has done in your life  
there's way more inside of you than you knew  
and I feel like um  
in this season as we cross in the thresholds um gosh  
it's like buckle your seatbelt  
we had Chris Felton here last week  
and some of the things that he said to us  
behind the scenes as leaders  
was like super good and challenging  
very encouraging but very challenging  
to have a mindset for greatness

in what gods call us to do  
even in our little church got he was like listen  
I am telling you that this place is an exploding  
by this time next year you are in disobedience  
I mean just like  
those words of encouragement that you wanna hear  
but at the same time you're like huh  
I've never heard growth or the lack thereof  
be disobedience before so what does that look like  
so we're we're just bracing ourselves for that  
but I also know that um  
I personally have had to walk through a threshold  
I personally have had to understand  
I've had to say no to some open doors  
a lot of open doors the Lord told me a long time ago  
Bobby you go home  
stop traveling  
and if you can't first pull off in your region  
what you've been prophesying to nations  
go home until you can  
you have no business taking to the nation  
something you haven't pulled off yourself  
and I was like why Lord  
I got tons of friends who write books about stuff  
they've never done  
he's like not so with you  
you go home and transform a region  
and then  
you can spend the rest of your life bragging about it  
and make Jesus famous  
and so um  
there are times when yeah  
there's the open door and if you're a driver like me  
you see a door cracked and you just wanna push it open  
you're just curious  
and you wanna look on the other side and  
you know if you're dreaming big  
you know God's doing great things and all um  
but it's so  
it's super important to be tethered to the Lord  
and then  
there are those moments where you just rather sit down  
you you feel like gosh  
I don't know if I had gas in the tank  
and the lord's like I'm grabbing you  
and you're gonna open this door with your forehead  
as I toss you through it

and you're just like I mean  
we're like on complete different spectrum sometimes  
when the Lord is like using you as a battering ramp  
and so um  
I just wanna encourage you  
because the neat thing about the open door is  
the invitations um  
come from the Lord now um  
a familiar passage  
that a lot of people have been going after uh  
I just wanna break down for us a little bit today  
Isaiah 22 then verse 22 but we'll start at verse 20  
Isaiah 22  
and verse twenty  
remember when Chris built  
like a full glass of water last week remember that  
he totally got flailing and I could see that  
I was sitting over there where Ed's at  
Ed Mr fighter pilot in the house hurrah  
and I could see him like shaking that thing  
and I could see the waves getting larger and larger  
almost to the top and then finally it was it  
he's baptized his whole iPad and everything  
all right  
Isaiah 22 and we'll start a verse 20 then I will  
then it will come about  
on that day that I will summon my servant  
Ellicant Eliakim the son of Hilkaya  
and I will clothe him with your tunic  
everybody say mantle transfer  
and tie your sash securely around him  
and I will hand your authority over to him  
and he will become a father  
to the inhabitants of Jerusalem  
and the house of Judah  
then I will put the key of the house of David  
on his shoulder  
and when he opens no one will shut and when he shuts  
no one will open how many of you know  
this is not talking about the Lord opening doors  
this is about a gentleman named Eliakim open  
opening doors because Shebna  
the uh the guy who was in charge  
the royal uh steward of the land  
was not doing what he was supposed to do  
he was looking to build monuments for himself  
he was looking to make himself gray

and God says that's not what you were supposed to do  
as a royal steward so I'm gonna bring in Elliot Kim  
and he is going to have your tunic and your sash  
I will tie securely around him  
and I will hand you your authority over to him  
how many of you know  
it's super important that in this last season  
you were faithful doing what god has called you to do  
they always say that you know  
you're a great leader if people follow you  
and maybe there's some truth to that  
but I say you know  
you're a great leader if you obey Jesus  
even if no one follows you  
if you go up that mountain alone  
Moses go you go  
you go you go and you go  
and you go and you go a thousand times  
it's um  
that  
uh Jezebel spirit that will try to legitimize whether  
what you're doing is successful  
don't give her the ability to legitimize  
whether you're being successful  
she'll usually use numbers  
noses nickels  
you know just all those types of things  
and um  
and don't do it don't  
don't let that happen  
because I have found out that if you bite off on that  
that goalpost will start moving and never stop  
Jezebel is never satisfied  
if she is the one that's legitimizing your success  
it's good to have KPIs it's good to have goals  
it's good to have all those kinds of things  
but when that religious Jezebel spirit gets involved  
um then something begins to take place  
and you begin to discount who you are  
and before you know it  
your shoulders around and you just can't do anything  
right and that spirit is try to again  
well hey  
you'll be successful if you'll be successful  
when I just drew the lion in the sand a long time ago  
on that and said that  
I am not going to use those external things to judge

my obedience to the Lord or my success in in the Lord  
Elia Cam means God will establish  
I love that I I'm bringing this guy in  
because I'm going to establish people  
God's famous for taking people of obscurity  
and bringing them to the front line  
not everybody needs to be in the front line  
not everybody wants to be in the front line  
but what I'm saying is God knows how to establish you  
God knows exactly where you are right now  
he knows how to establish your  
your life your family  
your business he knows how to establish you  
so that's what God's doing  
and Shibna he  
he was the royal steward as I mentioned  
but his name means captured  
not wild  
Elliot Kim  
the one who's coming in with the authority of god now  
in the season  
he's the one whose name means god will establish  
or god rises  
but Shibna the one who going out  
is the one whose name means captured or reverse motion  
that's what his name means  
so there's a passing on of mantles right now  
he it was said of Eliot Kim  
as he comes in and  
he will become a father  
to the inhabitants of Jerusalem  
that's what god is looking for right now  
not just superstars those who are fathers and mothers  
can you say amen to that  
they love those that they're called to minister to  
and they're not just looking to be that rock star  
they are looking to see people completely succeed  
and the Lord told it to me this way a long time ago  
2nd kings 18:18 I was in Jerusalem  
with a guy who was writing the word wealth  
for Jack Haver's Bible  
it was the sort of the Greek and Hebrew um  
portion of the scripture and um  
I saw the heaven open  
and some rays of light shining on this building  
and I said to him while we were there  
hey what's that building

and he said that's Absalom's Monument  
and God says you're gonna wanna know about that  
so I went back to the hotel and then later came home  
started studying about Absalom's Monument  
and I found out that the scriptures say  
Absalom had no sons  
and therefore built a Monument to himself  
so fathers have sons mothers have sons  
they're constantly about giving it away  
and that's always messy cause  
you find that you're giving it away to people  
who aren't as amazing as you are  
I mean it's just part of it  
it's just how it works you can always do it better  
and you'll always be able to do it better  
but that doesn't negate the power  
and the need for sons and daughters  
so whose success is on your mind  
who are you giving it away to  
somebody somebody  
somebody's got to be on your mind sometimes  
my sons have been twice my age  
you like there's no bounds in the spirit  
you just do and you just give it away  
you can't be stingy with the anointing  
you've got to be able to not get out of the sort of  
the orphan mindset instead of protecting what's yours  
just walk in the mindset of gosh  
there's plenty more where that came from  
so he'll be a father  
and I'll put on him the key to the house of David  
I'll put it on his shoulders  
that's authority right  
and when he opens no one will shut  
I mean heaven  
imagine having that kind of authority  
when god gave Peter the keys to the kingdom  
and just saying  
dude I've got keys now to open  
I mean imagine  
the first time these apostles Learned  
how much authority they really had  
like really had  
like the first time  
Peter sat down and found out that a shadow could heal  
the person next to him  
I mean I always think about that I

I just like Lord  
I want like  
days in my life that way  
where I discover something about  
what you put on my life that I didn't know prior  
what what does that look like  
levels of love levels of whatever  
whatever it looks like levels of generosity  
I wanna understand those things  
and I want the keys to the house of David  
to be on my shoulders  
and I wanna be able to open doors for  
and for people  
and I wanna be able to shut gates of the demonic  
that need to be shut for regions  
just be able to go and say  
no more in this region in Jesus name  
and be able to use that authority  
and that's what Elliot Kim had  
I mean can you imagine finding out  
what would you do if you were Aaron and and Aaron  
was being mocked for his leadership  
but God stepped in that day and let Aaron's rod  
but what would you do if you were Aaron that day  
how would you feel from that point on about yourself  
about the lord's hand on your life  
about your personal confidence  
talk about an identity sesh with the Lord that day  
my rod just budded you know  
God chose me out of all the people  
I wonder if we feel like we're that special  
or if that religious spirit is trying to keep us  
from levels of pride uh  
that are really false  
like do you know that you have the keys  
you've been given the keys  
and when Peter was given the keys that day  
it was like real  
God said  
I'm building my church I'm building my ecclesia  
and the gates of hell will not prevail against it  
and so what kind of keys do we have  
what kind of authority do we have  
and this is something I think  
that we need to continue talking about  
now I was um  
we were doing a um

something online and I just had this vision  
and I saw a set of master keys  
and I could it was kind of a play on words  
I could tell that it was like the master's keys  
and I was like whoa  
and I saw like who gets the keys  
I was standing out in this vision  
outside a large corporation  
and I saw the people that had keys to the building  
and No. 1 it was the owner  
No. 2 it was like the chief officers  
the CEO CFO right  
the executives of the corporation  
and then sort of that's kind of like sons and daughters  
right  
power of Jesus and then it sort of went down  
and I saw the security team like walking around  
like the watchmen the prophets  
the intercessors  
just all of those whose job is to watch the city  
and watch our  
our neighborhoods and all of those sorts of things  
and then all of a sudden the camera pan and I was like  
Lord who else has keys  
and I looked and it was late night  
nobody else was at the building anymore  
and I saw one dude pushing a mop bucket  
and he had all the keys the janitor  
and I was like Lord  
there is a level of servanthood that equals authority  
I mean we see that  
the greatest mantle in the kingdom is that drab  
brownish gray mantle of humility and servanthood  
that the angels like Revere  
that's the most powerful mantle in the kingdom  
and we're talking about the passing of mantles  
and all of that and it's really like they say  
an upside down kingdom where you've got to go low  
to go high you've got to go low  
to go high  
so who gets those keys and I just feel like um  
part of what the lord's opening right now is that Hosea  
chapter 2 um  
it's a doorway of hope if you ever read that scripture  
I just want to read it to you  
Hosea chapter 2 maybe get some fresh understanding  
god says this over Israel and Hosea chapter 2

I just love the prophetic voice of the Lord  
he says but then I will win her back  
speaking of his beloved Israel  
I'll win her back once again  
and I will lead her into the desert  
and I'll speak tenderly to her there  
um I don't know if you can feel this right now  
but I feel like the Lord is just winning us back  
in so many ways he just winning our hearts  
he just winning um  
and he in every level is just capturing us  
come on come back to your first love  
come on everything else is  
pale in comparison to when I called you  
I want you to feel what it's like to be mine  
to be set apart before you get any more of the world  
before you do any great thing  
come to me come to me  
but I will win her back once again  
and I will lead her into the desert  
and I'll speak tenderly to her there  
I will return her vineyards to her  
and transform the valley of trouble  
into a gateway of hope  
and I feel like that's  
one of the major doors that are opening right now  
is to give you hope  
as you walk through into new seasons  
that should be the  
the feeling that's raising up in your spirit right now  
is hope  
is hope because god so good  
he is speaking tenderly to you  
it doesn't matter  
like what the enemy is convinced us about  
regarding whether we're qualified or disqualified  
or whether we're positioned well or not  
I mean I was just reminded  
like some old stories I had heard about David  
whose dad didn't even invite him to  
you know the front lines  
when Samuel was choosing  
sort of the king of Israel from his sons  
David didn't even he was totally overlooked  
still out in the field and God knew where to find him  
I love that I love that Samuel even  
even the prophetic voice

sort of got caught up in the biggest and the strongest  
for a second God had to school him and just go  
that's not how I work  
uh there's gotta be someone else  
is there no one else  
and Samuel just goes  
I'm not gonna sit down until he gets here  
and I just feel like that's what God saying to you is  
I have not forgotten you the hope is found in Jesus  
but the hope is also found in  
I've not forgotten you  
I've not forgotten you I know your name  
I know where you are I know who you are  
I'm touching your life  
and the point is is that Jesus is after you  
he's speaking tenderly to you right now  
there's some things that he's doing that are sort of  
shocking on to you but  
but when you get alone with him  
he is speaking reality a tenderness to you right now  
going come on  
let's go come after me  
come after me come after me  
I know you're doing all kinds of things for stewardship  
remember she've known as the chief steward  
but I want you to know me  
I remember uh  
like  
one of the strongest words I was asking the Lord for um  
clarity for my region for Covid  
and the Lord says here's your word for Covid  
if you get through this season  
and you don't know me better  
you have not stewarded this season  
like my No. 1 job was just to get to know god more  
I knew I was making decisions for our church  
and for our region and all of those things  
and the places that were connected to around the world  
but the Lord was like yeah  
that's all secondary I want you to know me  
that's that's your goal right now  
and I just felt like when I got that simplicity of call  
hope was restored  
so I'm telling you how to get hope  
and hope is found in a person  
and his name is Jesus no matter how well you're doing  
don't wait until you

hit a brick wall at 100 miles an hour to say  
I need hope everybody needs hope  
and if you're overflowing with hope right now  
then give it away  
give it away  
but if you need it it's found in the person of Jesus  
he said this I will return her vineyards to her  
and transform the valley of trouble  
into a gateway of hope  
and she will give herself to me there  
as she did long ago when she was young  
when I freed her from her captivity in Egypt  
and when that day comes says the Lord  
you will call me husband instead of master  
I mean just a total shift in the way we see the Lord  
in the way we look at him  
in the way we operate with him  
now there's partnership  
now there's bridal understanding  
now we're walking with the Lord  
on a totally different realm  
and it all have happens to do with hey listen  
I see where your trouble is  
and I'm providing a doorway of hope for you  
how many of you just need a dose of hope  
a dose of like Lord  
literally not just for me  
but the people around me now  
I would I need enough hope for my region  
like that's that's what I'm sort of putting a demand on  
the anointing  
touching the hem of his garment right now for my region  
I'm like Lord  
I remember a long time ago  
you know Benny Han always  
gets trashed for blowing on people  
and waving his code at people  
but I remember um  
when um I went to one of his um meetings in Sacramento  
I think it was and um  
he was telling a story how he said Lord  
I don't know if I've got enough faith  
for all these people to be healed  
and Jesus just said that's okay Benny  
I've got enough faith for both of us  
and I've never forgotten that  
every once in a while

I'll hear the Lord say that to me  
and I'm like Lord  
I don't know man  
I feel honestly leaked out and he'll just go  
that's cool Bobby  
I got enough faith for both of us and I just feel like  
you know Larry Randolph once said  
we're not big enough to screw this up and I love that  
I love that I need doses of hope  
like I've Learned to like  
you know see what I'm doing  
I've Learned to like remember and get hope  
to remind myself of where hope comes from  
Bobby I've got enough faith for both of us and some  
something happens inside of me and then I go  
and if I'm the only one who has faith for my region  
or faith in the room or whatever it is  
then I just often say that under my breath  
and sometimes even out loud  
if someone's like totally depressed  
like the two guys on the road to amaze  
I'm like that's cool  
I got enough faith for both of us  
I love to look to Becky  
in times when she feels leaked out  
or she looks to me in times where I feel empty  
and we'll just look at each other and we've  
we've like snagged that whole Benny Hinn statement  
and we're like that's okay sweetie  
I've got enough faith for both of us  
I love to use the faith of Jesus  
the hope of Jesus for other people  
and watch you sort of carry them  
um I remember going through a hard time  
when Becky got cancer many years ago  
and I remember asking Bob Jones  
and all those friends from Morning Star  
um No. 1  
you need to come and and lay hands on Becky immediately  
and they said we prayed about that Bobby  
and the Lord said we can't come  
and I was tipped I was like gosh  
you're supposed to be my friends  
and they said no  
no God's gonna do something through this  
that's gonna be powerful  
and he's not allowing us to come

but the Lord says to you  
take good notes because what you learn through this  
you're going to strengthen a whole lot of people  
and so I I couldn't even hear that part of it  
I was so ticked that they weren't coming  
I was like I need you now more than ever  
and they said here's what the Lord told us  
Bobby for you  
is that we're you're not supposed to fast and pray  
um during this time at all  
you keep your strength up  
you eat protein  
they actually had like a word of knowledge to  
for me to eat protein and keep my strength up  
and they said um  
the Lord said we're supposed to fast for you  
and so that was their part in my breakthrough  
and Becky's breakthrough was too fast for me  
they like literally had a part of my breakthrough  
by sending the angelic to us  
and I remember the day it shifted  
um and there's  
there's a whole story about uh  
part of that team saying Lord  
we send the angelic to Bobby and Becky this day  
and that was the day that it shifted  
and when I found out later that they had done that  
that they had been fasting and praying on my behalf  
I mean there's something special about you  
giving your life for someone else's breakthrough  
sometimes we do that silently  
don't we I had to pray in mom for years  
when I got saved the Lord told me through a prophet  
you're the product of prayer  
you got to pray in Mama  
that meant you didn't stand a chance  
and I was like wow  
I had no idea I talked to my mom about it later  
I was like how  
like she's like Bobby  
for you all the time  
I was like okay  
say no more I'm cool  
she's like like all the time in the middle of the night  
all the time you know  
like gosh  
what were you doing out there son

I was like you don't need to know  
thank you for praying and it created a relationship  
a bond I mean  
I already had a bond with my mom  
but when I found out she had spent hours and hours  
and hours and hours and hours into my breakthrough  
um that did something for me  
it made me wanna do the same thing  
it one made me wanna be generous  
made me wanna wake up at 3 and 4 in the morning  
and just go god who who  
who can I so into who needs hope who  
and I think that that's part of  
just  
the way that the Lord is dealing with us right now  
and just going gosh  
we we know already that the globe is super small  
we Learned that before Covid  
but we know it now more than ever  
I mean you can just dispatch heaven instantly  
they go  
what happens when you say the word amen in heaven  
that word means a lot  
that word means a whole lot  
think about who you are think about what you carry  
think about all of heaven waits for you to say the word  
amen  
amen  
so just like the guys on the road to Mais  
I just want to ask the Lord to just visit us today  
and give us a special understanding  
when Jesus showed up to those guys  
remember they were all depressed  
they thought that you know  
he was gonna do this  
and they had hoped he was gonna do this  
the Bible says it was all past tense  
we were hoping we thought  
and they couldn't get in the present with Jesus  
because they were still stuck in the past  
you get that  
that's what hinders sometimes  
when we're still stuck in the past  
and we can't get present and your greatest  
you know relationship with the Lord  
is when your relationship is present  
that's where hope comes from

is when you got a present relationship with the Lord  
and you know I ask people all the time hey  
what's the destiny of your region  
I was on a conference call with a bunch of people  
yesterday and I was like  
what's the destiny of your region  
I think 9  
90% of the people on that call  
didn't know the destiny of the region  
I mean how are you gonna know what to pray  
and what to prophesy and what future to create  
if you don't know what God's saying  
but as they started to try to put words to it  
it was like 30 seconds in  
and they all told me  
what the devil was doing in the region  
what we got  
human trafficking and we got all kinds of stuff  
and I was like hold on  
that's not what I asked  
I asked for the destiny of your region  
what is it  
and they couldn't go  
because I think that's what the enemy does  
is he just keeps a sort of narcissistic  
and we can't get beyond our nose  
to see what he's doing outside of our own lives  
I think that the the fields being white for harvest  
right all of that has to do with that little  
one liner that we all overlook  
and that is to lift up your head  
meaning get your eyes off of you  
because you just won't see what God's doing  
judging yourself  
and allowing Jezebel and all of those things  
I could just  
sometimes feel the implosion on the body of Christ  
just really getting hit  
and the invitation is to think higher  
the invitation is to get outside of ourselves  
and join Jesus and the harvest  
in a lot of times that just means  
wait a minute I've got to see from his perspective  
isn't it there's no better way to hope  
have hope than to see what he's doing  
so those guys on the road to a mass  
um they needed Jesus to show up

they needed Jesus to encounter them  
and he did and the way he did it was to open the truth  
remind them of the scriptures  
remind them of that even though it feels like super bad  
I've got a plan and not only do I have a plan  
I didn't just shoot a plan from the hip  
like this has been planned all along  
look throughout all the scriptures  
throughout the  
prophets and the Psalms and the law and all of this  
this was actually my plan and you guys are depressed  
I mean how could it be that you're depressed guys  
and this is the greatest day in history  
the resurrection  
like it's super easy for all of us to lose perspective  
and then lose our hope  
I mean they actually were like dude  
are you not the only are you the only one in Israel  
that doesn't know what happened  
and I love Jesus he's like yeah  
like what what's happened  
and I just feel like  
the lord's asking us that same thing hey  
what's happened what's happened from your perspective  
so you tell me what's happened from your perspective  
and then all  
tell you what's happened from my perspective  
let's open the word let's open the truth I mean  
I'm cool with you telling me your perspective  
cause I'm interested  
but we're gonna talk about my perspective right after  
I love that right after that they ask Jesus  
the Bible says that  
Jesus supposed that he would walk on  
and they made him stay they landed on him  
they urged him strongly to stay  
but I love how Jesus like just like I'm out  
he knows how to create a divine hunger  
to see if you'll make him stay  
like the guys  
you know when he was just walking and um the blind man  
the guy uh uh uh who um was lame uh  
son of David have mercy on me  
and then he would turn around and go oh  
what would you that I do for you  
I mean this he was the son of god  
he knew what they needed

but there's something about asking you and me  
what do you want  
that brings our relationship current with the Lord  
what are you believing for right now  
and sometimes that means gosh  
I don't even know what to ask for hey  
that's honesty you can start there  
I don't even know what to ask for  
and as I went through all these people  
who were looking for city transformation  
and they were like  
I don't know the destiny cause I told them I was like  
if you don't know say you don't know  
don't try to make it up on the fly  
cause we've got all kinds of people on this call  
who are listening to you  
don't waste our time if you don't know  
be honest and say  
I don't know the destiny of my region  
and 90% of the people said I don't know  
I just think  
that's the level of honesty that we need to get to um  
and we look Jesus square in the face and say God  
I I'm not sure what you're doing  
I can't really tell  
sometimes what you're doing right now  
but I know you're here  
I know you're with me and if you're with me  
something good has got to happen if you are with me  
something amazing has to happen  
listen  
I just wanna prophesy  
there's some doors that need to shut  
like gates of hell that need to shut  
and one of them is the Jezebel spirit  
and I'm not fanaticizing that up  
I'm just telling you  
that's the level of maturity in this season  
that the church is going to go to  
literally knowing how to shut the gates of the enemy  
and his thought  
traffic from bombarding you any further  
some doors I think are gonna remain shut for a season  
and you're gonna learn I'm gonna learn um  
what to open and what to uh  
what to keep shut  
I mean there's

there's nothing worse than having an invitation  
that you take just because there's an invitation  
and God saying something different  
don't do it don't take every invitation  
don't walk through every open door  
maybe that open door is for someone else  
so just stay close to Jesus  
and just pray about the things that are considered  
open doors and he'll show that to you  
if your heart is to do what he says to do  
he'll show you what's of him  
but so many times  
we're pushing open doors and calling it favor  
and the lord's like hey  
wait a minute come up higher than that  
if you're gonna walk in my favor  
not every door is gonna be open  
sometimes  
it's the favor of the Lord to shut doors for you  
that you shouldn't walk through  
that's favor too  
oh I don't know if you believe that  
but it is favor too  
and so also last thing that I wanna say is this um  
I just in many encounters with the Lord  
especially recently and I'm asking the Lord for um  
I hope that makes me joyful  
I can I can hear him laughing  
I can feel the excitement of the Lord for this season  
and it just  
sometimes I'll just be driving and start laughing  
like I didn't I got saved in the mid 90s  
and so the renewal thing was happening  
and I never went into like major  
like I watched it  
and Rodney and all those people that were just getting  
lately I've been getting hit like the nineties  
and I'm like dang  
um Lord  
what's going on and he's like yeah  
that's that's a joy that comes out of hope  
they're not separate they're together  
and I'm like Lord  
I'll be joyful  
because I understand that  
the joy of the Lord is my strength  
so I wanna see what you see

I wanna have the hope and strength that comes from you  
and I feel like God's doing that  
so I just wanna pray for you  
and just ask the Lord to impart  
some hope and joy  
and perspective and um  
open the doors for you that have been shut  
um but the bigger thing that I feel Holy Spirit saying  
as I've given you the keys  
you open doors  
some of those doors you will open for yourself  
but don't go narcissistic  
some of the doors that you will open are not for you  
there for someone else  
so that when John the Revelator gets there  
and there's a door standing open  
it's because you opened it for them  
you got there first and you prayed that door open  
you went through that door  
you were the first you were not afraid to be innovative  
and open doors that have not yet been open  
that's what is happening right now  
we've come out of fear  
and we are doing things that nobody's ever done  
on the planet before  
literally eight people went into the Ark  
needing to be saved from a global pandemic  
a reset but those same eight people came out of the Ark  
ready to start a brand new civilization  
like  
that's the level of things that God's doing right now  
and his people like  
you won't even know who you are in the next few years  
you you won't even be able to recognize yourself  
and you'll be like wow  
I went into that Ark needing to be saved  
but I exited that Ark  
ready to start something brand new  
that has never happened on the planet before  
and if you don't have hope for that or faith for that  
that's that's what I'm talking about today  
the those are the people that I wanna minister to  
I just wanna pray and ask the Lord to give us the hope  
that's on his level and if you feel like  
you can just use a whole lot of extra hope  
and perspective would you just stand up  
I just wanna pray for you

wow

Lord with just the most  
um simplicity that I know how I felt  
like you just said don't hype it up  
and so Lord

I just wanna um  
thank you for meeting us  
all right now on the road to amaze  
ha

I just wanna thank you right now  
for putting a a new song in our heart a joy  
an invitation to perspective  
but I just thank you  
that you're challenging the devil on our behalf  
you're annihilating the devil on our behalf  
you're crushing Satan under our feet  
Lord I thank you that it's through a revival of peace  
but just prophesy

a revival of peace that crushes the enemy  
it's so peaceful it's violent  
it's so violent it's peaceful

Lord I know that's different than we think  
because we think that the strength of man  
produces the righteousness of God  
but you're leading us to a doorway of hope  
and Lord I just prophesy keys that open doors  
and I'm just prophesy open doors for us  
where you do all the work and we have no keys  
god I prophesy keys

keys for our region what are the keys to love more  
what are the keys to knowing you more  
what are the keys to getting out of narcissism  
so we can join you and lift up our head  
see what you see  
keys to get off the road to Amayas  
and join you in the harvest  
keys to getting out of Jezebel  
the great legitimizer who's always moving the goalpost  
Lord keys to understand our authority  
to shut doors that need to be shut for our region  
so that the enemy never has access again  
God I'm asking for a revival  
of peace

and I just prophesy over you  
you are my servant Elliot Kim  
I will clothe you  
with the tunic

I will tie a sash securely around you  
I will give you the authority of the faithful  
and you will become a father and a mother to my house  
then I will put on you the key of the house of David  
upon your shoulders  
and when you open  
no one will shut  
and when you shut  
no one will open  
father I thank you today  
all of that shame  
all of the lies that we didn't know we were buying  
and now  
and I bless your people God  
to strap those keys to their side  
from the owner to the CEO to the janitor  
and faithfully serve you  
I speak joy over you right now  
raising up supernaturally in your spirit  
I release joy over you right now  
I release hope over you  
would you just sort of hold your hands up like a funnel  
just however you want just receive hope and joy  
there it comes there it comes  
just break off all performance  
every lie that you've had to do more to receive it  
and I just prophesy a revival of peace for you  
not just a national revival or a global revival  
a personal revival of peace that crushes Satan  
Lord I thank you for your genius plan  
to use peace to crush the devil in our lives  
and in our region  
and we bless you for it in Jesus name
