um I saw Bobby had this uh
picture sometimes we get our
our treasures um
who go through our phone and they look at our camera
to see what pictures we have of them
and this one came up and I was like oh
you've got to send it to me
so Leilani will you put up that picture
this is a picture of what it would potentially you know
it's a funny about Jesus on the day when he was feeding
the 5,000 and the response of the people as he's
you know about ready to feed them and you know
I can't eat that I'm vegan
I don't know if you can see that really good
but that just gave me um
I just chuckled on that one
and I chuckled for a couple of reasons
one of them is because you could find me doing that
where did that come from
I get food I don't get food poisoning
I get food poisoning very easily so I'm overcoming that
but that would be that would be me in the crowd there
how many would like say that's me
you're you're asking is a gluten free
is it dairy free
you know don't don't be shy
don't hold back just cause it's Jesus
be honest with us
raise that hand um
not only did it just made me laugh at it made me think
when Jesus is feeding us
how many of us

that's our automatic response
wait a minute
what is that
do is that do I want that
does it have enough sugar
how about chocolate
is it chocolate in there
and we hesitate to eat what our Lord is feeding us
and it just hit me that
sometimes when Jesus is feeding us
we say no thank you
what a harsh reality to maybe even ponder
that our spirit may say yes
but something else says no within us no thank you
and sometimes
it may be that we don't recognize that
the food is from him
or that he's saying I've prepared the table
you actually have to put it in your mouth
it will not be fed to you
and so we say no thank you
or we're craving something but that's not it
and I in the scriptures
it talks about how Moses in the Israelites
were in the wilderness and Mano was provided for them
like they were starving and they were like oh we
we've gotta eat
we're gonna die and
and so God provided manna for them
but then after a while that manna
it was a no thank you
give us something different
and because he's so good
he gave them something different
until it was coming out of their ears
remember in the scripture
he's like oh yeah
you wanna feed on that
I'll get ya
that was the meat yes
but later when Jesus was on the earth
he actually referenced that and talked about how he

was the mana that the Israelites would consume
and then he references to everyone there
that he is the bread of life
and if you will eat of me
then dot dot dot
and many of them were like we're hungry
we'll do it
but many others said no thank you
and walked away
and in Psalm 42
the sons of Korra wrote this psalm
and it says
go ahead and put it up on the
on the thing it says as the deer pants for the water
so my soul longs after you
and that's the picture that we can hold on to
as to the posture
of what we can look like when we're hungry for God
when we're thirsting for him and him alone
do you know that the worship that we sing every Sunday
is really spirit led god
we entrust our worship team to hear from the Lord
the songs that he wants to hear us sing
and we believe that as we sing those songs
there is a message that our soul
our heart is actually
our spirit is actually saying to the Lord
and he is saying to us
that's why it's so important to be here on time
so you don't miss singing every word
that he wants to hear from you
when you come late
guess what you miss out
and he's missing your voice
because he hears every sound
just like Bobby hears every sound when the band plays
and when they play a wrong sound
he can hear it
or when there's a saw
a sound missing
he can hear it so can God
and I decided

I said well
actually I was impressed by the Lord to say
look up the songs that you guys sang the most
for the last few years
and so I did
I went back
cause we have it all you know
on a little chart
um and I was able to compile and see every song we sang
and how many times we sang that song
and do you know something stood out for every year
we sang one song or two songs or three songs the most
that entire year
and so can I
I did it for 2020 2021
2022 and 2023
but I don't think I included 2023
did I yeah I did
there it is
check out what we sang
so 2020 was you keep on getting better
we sing that the most
2021 was a tie
gratitude and take the land
2022 was anything as possible
I believe in the sound of adoration
and so far this year
including today
we have sung the most
we praise you and water is wild
now I'm sure that that's gonna grow as we go
and it'll be exciting to see what song stands out
but if there is a message in every one of the songs
then there is an overall message
for every year that we have
been singing to god
whether we're aware or not
and it's out of the words of the songs
and so I decided to compile them together
for the last few years
and I want you to hear the message that
was highlighted to me

and this is your heart
this is your spirit
our combined message to the Lord and his to us
you ready to hear it
this is the day of salvation
what a time to be alive
I've got one response
I've got just one move
with my arms stretched wide
I will worship you
I will sing of your goodness
I will sing of your love
Jesus our redemption
our salvation is in his blood
Jesus light of heaven
friend forever
his kingdom come
heavens tearing open
tearing open wide
there is no shadow that has ever overcome your light
there is no rival
that could ever stand against your might
you've always been with us
every battle you've already won
we've already won
we'll see you break down every wall
we'll watch the giants fall
fear cannot survive when we praise you
you are the joy of all creation
oh how we love you Jesus
we love you
come on my soul
oh don't you get shy on me
lift up your song
cause you've got a lion inside of those lungs
come on let's take the land
giants fall
when you make the stand
this is the year of his favor
this is the rain that we prayed for
start living in the promises
like you know who your father is

show me one thing he can't do
show me mountains
he can't move
he's the god of breakthrough
anything is possible
I do believe and I do pray
and I will take a step to the Promised Land Today
I hear the voice of my five father saying
this is my child
the god of breakthroughs
on our side forever
lift him high
as I bow before you Lord
I will rise in confidence
I will see your goodness Lord
in the land I'm living in
so I throw up my hands and I praise you again and again
and I know it's not much
but I've nothing else fit for a king
except for a heart
singing Hallelujah
with all creation cry
God we praise you
this is the sound of adoration
oh how we love you Jesus
we love you
you have always been enough
though the night may get darker
the waiting seems long
you have always been faithful to remind me of your love
you are good
in the morning
I will sing
you are good
in the evening
I will sing
you are good
you are good to me
and you keep on getting better
I've got just one response
I've got just one move
with my arms

stretch wide
I will worship you
that's you guys did you know that was coming from you
did you know that's what he wanted to hear from you
when Jesus hung on the cross
there was a choice the people had
should Jesus be freed or should Barabbas be free
and the crowd chose Barabbas
and as as they're getting Jesus ready
they're crying out
give us Barabbas
give us Barabbas
give us Barabbas
do you know what they were actually crying out
give us the son of the father
give us the son of the father
give us the son of the father
cause that's what Barabbas actually means
you see Jesus knew he had to go to the cross
do you think it was by a mistake
that their spirits cried out and their mouths cried out
for the son of the father
whether they knew why
whether they knew how
what was going on
God and Jesus knew
give us the son of the father
whether you know what you're singing or crying out
he knows what he wants for you to cry out
but you have a choice
and we all have a choice
and if we're not craving manna
if we're not craving Jesus
if we're not hungry for Jesus
our spirits may still cry out
but is everything else aligned
saying I'm hungry only for Jesus
only for what he has for me
it's alignment time
that our mouths would sing and our hearts would align
and our spirits
everything would come and say

I'm fully aware
I'm making this decision and I'm
I'm cognitively
aware I'm hungry for you Jesus
and I'm gonna I'm gonna be at that table
that banqueting table
and I'm gonna look at what you're feeding me
and my response will be no will not be no thank you
but it will be yes
and thank you
for he is good
he wants to feed us today
but this is how I was impressed that we were to do it
he wants us to sing to him with our whole knowledge now
cause now you know see
once you know something
you're responsible to for it
so now you know
when we come to worship
guess what we're doing
we're feeding him what he's feeding us to feed to him
we're singing and singing is intimate did you know that
singing is intimacy with God
and as our spirits sing to him
he sings to us
so now this is the cool thing we're gonna do
knowing that what we sing
is something that our hearts
and our spirits are already crying out for
we're gonna sing a song to the Lord
that he said he wanted us to sing to him
he he wants this song
fully impressed upon us that he wants this song today
and it's an older song called hungry
but here's what we're gonna do
we're gonna sing it
we're gonna start singing it
and then we're gonna take a moment
and then we're gonna listen
cause he wants to feed you wow
that song is playing
so it's going to take you posturing yourself

in whatever way that looks to show him your hunger
and sing to him that song
and then listen
cause he said he's gonna speak to
every single person here today
now let me tell you that that may not look the same
for every single person
some people hear God differently
some people hear through thoughts that sound like
your own voice
some people hear through pictures
some people hear through impressions
some people hear him audibly
however he feeds you today
be open and be ready
so go ahead and posture yourself
the way that you want to
to show that you're hungry to the Lord
and we're gonna have the
the team come and they're gonna start playing for us
alright let's just listen stay in this posture
heart is living for
take off slowly
is living for
blessed are those who hunger and thirst for
Jesus we're hungry for you
we don't wanna just have a taste
or swish you around in our mouth
we wanna consume everything you have for us
you are our Mana
you are our life
thank you God
so we fully consume you today
every word that you've spoken
we consume today and we say it is good
help us to crave you and you alone oh Lord
thank you God
who would like to share what they got
what tasty little yummy what treat did you
get from God today
I can't see very well
so please forgive me if you're trying to

raise your hand and oh yes
God's love for us
that's awesome
thank you Chris you're awesome
anyone else
what did he speak to you
what did he get what did you get from him
God's love that's really I mean that's huge
how do you swallow that
you do that's good
Blake
when we were asked the question
look around the table
what do you see
my first thing that came to my ears was just this
hilarious laughter
like that kind that just
you can't help but laugh when you hear it
and during worship
I kept hearing the joy of the Lord is your strength
and like there was a impartation for healing today
through that joy that he wanted to release at the table
that is awesome
yes Lord I'll consume some of that with you
that's awesome
there we go Shelly and then yeah
thank you God
so when we were sitting at the table tasting
I tasted something I don't normally eat
and I found joy in eating it
and I could hear everybody else's joy
you know when you're sitting with your family
and you're having conversation and laughing
and the clink of the fork on your plate and
the drink glass hitting the table
and I looked up and Jesus said
come sit by me
I was just undone
wow just to come sit by him wow
that's awesome we had yeah over here
yeah I wanna rewind a little bit and
go back to what Kelly was sharing with us because it

immediately reminded me of a dream I had some time back
and in the dream
I was in this big room
there's a big backboarding table
and I was walking up to it
and I was looking at all these
beautifully prepared dishes
and I didn't know
what I was looking at
it was like it was food I had never seen before
and I thought
you know I've
God's got things for us that we've never imagined
so when she shared that
I thought oh
that's totally reminds me of that dream that
he's got dishes for us that
we have never tasted of before so
let's all partake yeah
that's awesome did I see someone okay
I thought I saw someone over here ah Eric
haha
so when you were asking us what was gonna
God was gonna give us well
he usually gives me things visually
and I was getting like
like a text message kind of love this
I couldn't read the whole thing
I just saw two words in it
people then send
Lord give wisdom
thank you God
sometimes we don't understand what we're consuming
but it doesn't mean to not consume it
we'll digest it and it will it'll happen
we will know at one point god will reveal that
I bet you anything the people who were
are that his disciples had no idea
when they were drinking the cup what that really meant
yet they consumed
Judy hi I I
in singing the song

I kept hearing all
Jesus you're all this heart is longing for
and I kept hearing
I don't want anything else in my heart
but what he's longing for
nothing else in the world
worries or whatever
and it's it's
that kept coming to me
all that he wants is our heart yeah
that's awesome
I thought I saw a hand over here
Miss Emma Joy and Miss Patty
I think he's going to Emma yeah
well earlier in worship I got all creation worships
but we are the manifestation of it or the release of it
that's good
wow that's awesome
how shows how much he wants us to be involved huh yeah
when Bobby was singing we wait for you
that was just something I was saying to the Lord
and he said I've been waiting for you to wait for me
wow yes that's awesome he longs for us to wait for him
Miss Pat I hesitated to share this
but one thing he asked me
was are you willing to taste
of the sufferings of Christ
wow and it to me
and I'm still pondering it
but at the same time
things that I complained about
and murmured about through my life he told me
was sharing in the sufferings of him is why I
have his love deep inside of me
yeah so I broke me wow
thank you Lord
for your sufferings yes
Mark
mine was a little bit different
I almost didn't want to share it
but when I saw the table
all I saw was a loaf of bread in front of me

and Jesus was across in front of me
and I looked and I said this is all I need
I didn't need any other food
and he was pure communion wow
wow that's awesome wow
this is a part of how we will
live out what our bracelets are saying
we're gonna
we're just gonna continue to ascend by consuming him
the bread of life
and on the bracelet
it actually says saved disciples and friend
so whatever he wants to feed us
it'll help in our salvation
as we go from glory to glory
it'll help in our discipleship
as we go from glory to glory
or to help us to become his friend
so we go from glory to glory
so God thank you
thank you for this moment that we got to
listen and share how hungry we are for you
let us never
be hungry for anything or anyone else but you
in Jesus name amen
