first of all

I want to give a shout out to all of our tech team

they do an amazing job

their stuff goes around the world and they do it well

so we're so thankful for their time and effort

you know it says in the day of your power

your people will volunteer freely

I love that

because we all need to have that spirit in us amen

so just wanna share today

it's gonna

be a little different than what you're used to and um

really going after being creative

and not just the same old

I mean how many you can have sandwiches

peanut butter and jelly and soup all day

but you know

it's something nice to have something different

you know once in a while so um

Pastor Bobby's very brave

uh to let me talk cause um could get very interesting

so um I'd like to do uh

just been a moment and we're gonna talk about um

a story of the double portion anointing

so before you even get into the word

I really wanna talk about that for a minute

and then

I wanna give three prophetic words to different people

but it's not just to them

it's to all the who have yours to hear and then uh

we'll get into a word so uh

get ready so um

the I was noticing

I don't know if any of you noticed Pastor Bobby

whenever he comes up with a leather coat

you know you know

you know

what's gonna be like the double portion anointing

you know it's gonna be

it's on him you know

and Chris he's got one on here

you know this is the double portion right here so

so we we just wanna

so I looked at that and then I thought

you know Chris Bellington came

he had a leather jacket on

and Chris read

when he gave us the Psalm 23 into 24 word

he had a leather jacket on

so like a good Berean you know

you gotta go to the scripture to see if it's true right

so you have to so I don't even heard about the Berean

you know but they listen to what Paul said and I said

we'll check it out so I like that

it's good to have the the chapter in verse

so I look back and sure enough

Matthew boom John the Baptist

a voice crying in the wilderness

and he had a camel leather coat on

come on so uh

that was cool I said I want some of that uh

so the Lord said

you better get a leather coat on and I said

well study a little further and in the Old Testament

who had a leather jacket that was cool that his brother

that his associate wanted Elijah leather coat

and I thought that was pretty cool  
because there's a double portion  
which we want to come back to  
but it didn't really end there as I studied  
there's another leather clothing  
it goes all the way back to the garden of Eden  
man sinned  
and when they recognize that they were um  
they were naked  
they built the put the fig leaves out there you know  
you see them on all the Greek statues you know  
cause they're biblical right  
so they put the fig leaf right there for David you know  
and so all the painting same thing you know  
draw the fig leaves um  
but it's actually God's God said no  
no no that's what man does  
I'm gonna do something that's never been done  
in the garden of Eden I'm gonna kill an animal  
whenever you see a leather jacket  
something has to die in order for that to happen  
so the first thing killed in Eden was an animal  
and I don't think it was just any animal  
how many believe it was the lamb

how many believe it was the Lamb of god

that was a 4 type

of what god wanted for us so coming back to that

that uh a double portion anointing

I believe today

that there's a double portion anointing here

I believe there are mantles all over

and god is waiting for up her people

willing to take it

because it doesn't come without sacrifice

you're gonna have to spend some some some some blood

David said I will not offer to the Lord that

which cost me nothing okay

so anyway as we as we look at that story

there was a little bit of a problem God had

so I don't know if you know about that

I'll tell that so Elijah and Elijah

Elijah asked for double portion and he uh

he gets it and the faint mantle fell out of the sky

but that's not what he asked for

he asked for the double portion of the spirit

that was on his master and so um

when the first and second Kings record that

there were eight miracles that Elijah did

and there was one raising of the dead young boy

and when Elijah picked up the mantle

he died and he only had 15 miracles

he was one short a miracle when he died

and he was one short of raising from the dead

so the angel comes to Lord says

hey God we have a problem

you're the God of the universe

you know all these numbers

and you like numbers and all that

so he said we're a little bit short

God said don't worry

I've got this he said watch

so sure enough there's a lightious grave

there's your lights are burying someone

and they look up

and hear all these raiders coming over

I think the Bible says they were Tuscan raiders

so if you're a Star Trek fan

you know what that is

the tusk invaders come over the hill and oh my gosh

they got to bury this guy quick

so they opened the tomb

and they didn't wanna go in there on Elijah's bones

to serve the bones of the prophet

so they stood outside the tomb

I'm pretty sure

and they did okay on three over ready one

you know they got the body 2

3 they toss him in

as soon as he touches those bones

the bones still had anointing on them

they who was jumped up he was raised from the dead

god turned to the angel and said boom

16 and a raising of the dead

now it's a perfect double

so you know

God doesn't miss anything

and I I think that there's this

I just get the I just get the sense from the Lord today

that he really does um

is interested in putting the double portion

so he says wear the leather jacket

but tell the people that

there's a mantle that just fell

and he wants people to be willing to pick it up

come on come on

who is willing today to pick up

now you can pick up no

it's that's a full leather coat

it's really not a leather coat

so you know

I'm so grateful

we live under the spirit of not the letter

cause otherwise dude

you know I think we're out of it man

only Bobby has the real thing

so don't tell anyone

so anyway let's pray for a minute

and just invite the Lord to come

so father we're just so grateful that the Lord

you have gifts for your people today

that we can pick up and Lord

and that we can just see you move in our lives

Philippians 2:3

2:13 says

for it is god that works in you both to will and to do

haha

you know it's a woman

it's like Deborah okay

come on double portion

uh god just works within you

both to will and to do of his good pleasure

some translations said it's god working in you

giving you the desire and the power

he gives us the willpower

and then he gives us the power to do his will amen

so it's really not us

we just have to be willing to say the three letter word

yes be it unto me according to your word

so god

that's what we ask today we ask that um

we can do all things through Christ

and how many know

yesterday's Grace ain't enough for today

how many you know

for the work and the things that are head

there's a double portion so when a light Elijah

Lightjah

went up to the mountain to heard the mountain of god

the angel gave him a double portion

gave him bread and water he went to sleep

he gave him bread and water

represents a double portion

he was about to release upon his servant

and that's what god wants to do today

so I have a couple prophetic words

but it's not just for a person

although there's three of them

you can grab it too

how many you know

God's not limited you know

so if your Holy Spirit you know

nudges you it's you

Debra stand up for me

where'd you go yes

stand up

so I saw a picture of you working on artistic sketches

last couple weeks

I've been praying about who to give a word to

and on the side of the desk

there was this waste basket

waste basket and in it's like a wire when you could see

and there were all these ideas

and sketches that were discarded

and your latest one with a sigh

you crumpled up and joined all the others

and I heard this well

back to the drawing board

at that moment Jesus walked over

picked up one of the crumpled sketches and said oh

I really like that one

and then he looked through a few more

and found another one and said

I like that one

and then he looked through another one and said oh

that one's great

so

writers sometimes have something called writer's block

it's where the flow of creativity stops

you know and so

then they try to do something different

and try to get that creativity to flow again

and um

I just feel like it's the gift of God that's in you

the enemy has tried to seize the gate of creativity

in your life

how many you can feel

that there's something enemy wants to steal and take

that's creativity from our lives

P&J all day long

so there's an old saying the dogs of doom growl louder

the closer you get to the gates of your destiny

in the temple

the lamps burn day and night before the Lord  
but every morning the wicks had to be trimmed  
and Samuel had this task when he was a young boy  
and he would go in and there's all the broken  
you know there was linen  
there was fine linen that they wove to make the wicks  
come down to that menorah  
and there went all the way down  
and they had to trim all of that charred  
carbon off there clean out all of that oil  
and then then they would set it on fire again  
so I feel like the old ashes yesterday are removed  
and the wicks are pulled up and soaked with fresh oil  
on your life God wants to just set it on fire again  
to review

so in judges 5 there's the song of Debra  
and it just happens to be a double in 5  
5 and listen to the doubles in this verse  
Debra was a mother in Israel  
she was called the prophesy  
and to judge matters among the people  
peacemaker  
and it says in verse 5 arise  
arise Debra doesn't stop there arise

arise and sing a new song

now that is a double double double

come on you right

judges 5 5 Arise

arise arise

arise and that's just a something for us

so father

we just wanna pray

reach out and stretch out toward Debra

but not just all of us as well

let the double portion

Lord anointing come upon your servant Debra

Father we just pray that the balm of gilyad come to her

Lord God

in any area in her life that's just the old ashes

Lord you say there's beauty for ashes amen

there's a fresh slate there's

there's healing to the past

so now Lord

let there be a new song

let her contend with the enemy in her gate

so we're not done yet

where's brother

brother Dan

you here

brother water

come on stand up

this before I knew what he did

so Lord gave me this verse

and we serve is so so cool

you know God doesn't miss a lot

so this is

this gentleman here God has something to say about

well of enlargement over him

so how many need a well of enlargement

your time of contention and

and you know

in that that

what that enemy wants to do

so the Bible says a lot about Abraham

Father of our faith carry our promises

father nations but one of the key gifts he had

he found water wherever he went

he didn't just find surface water

he dug deep

and dug wells that are still being used today

still today isn't that amazing

so he but he recorded

the names only a 7 of these wells  
but we went to go through the first couple  
sort of a great story here's how many know that the  
the gifts of the fathers transmit down sometimes  
and so his son comes along Isaac  
and now he's got to exercise this gift  
says in Genesis 26:18  
and Isaac dug again the wells of water  
which had been dug in the days of Abraham  
his father  
that speaks to us all the revivals that we stand on  
all the other things we do  
we have to dig again the wells there are no shortcuts  
we have to dig deep in order to find well of water  
and it says this after the Douglas of Jesus  
Father for the Philistines had stopped him up  
after the death of Abraham  
they wouldn't even use it  
they just covered it  
they put all the rocks and stones they could find  
in those things they hated what God wanna do  
because it meant prosperity  
and fruitfulness for his people  
come on and it says

oh no there was a famine at the time oh great

so you have to try to dig water in a famine

so I don't know if you know

sort of relating to this brother

the famine thing it feels like

way I know is what I think God wants to say to you

is following your father's footsteps

Genesis 26:19

and Isaac servants dug in the valley and found a well

of running water not only they penetrate the ground

it just started to flow out everywhere

just couldn't stop and the enemy of

the herdsman of Guerra quarreled with him

saying the water is ours so he named the well essic

because they quarreled with him

no essic means quarreling

didn't stop there he's gonna

you know what God gives us the power

dig another well come on

do not stop just because one well got filled up

so he dug another well

and they disfittered over that one too

the dispute and so he called the name sitna

which means enmity so there's now enmity over that

and he does what foot faith does

digs another well okay

so he dug another well

and he called the name of the well rehaboat

which means enlargement

and it said because of this

now the Lord has made room for us

and we'll be fruitful in the land

so let me pray over you but at the prayer also

all those who need that well

who have been contended with

who have been enmity quarled over and say god

I want today a well enlargement to be open on my behalf

father we see the enemy is contended with you

my brother Dan

and disputed that what you worked hard for

and taken from you what was rightfully yours

he comes to steal to kill and destroy

but Jesus said

I am come to bring life and that abundantly

I'm opening for you a well enlargement

I will be a wall of fire around you

Jesus is the living well

and we can you will

draw both from spiritual and material blessings

and these shall be open to you

because the blessing of the father

rest on you

where's Tom

Tommy California

Tommy

I think you need to come on up here

and you need to do whatever you need to do here

to prepare but I want to give you a word at a Daniel

so the time of Daniel

a bunch of Israelites were living where

in Babylon in captivity there's a scripture that says

play for us one of the songs of Zion

and they hung all their harps on the trees right

and they say play us one of the songs of Zion

just goading them and it says the king of Babylon

at the time

he said he set up a statue that was 90 feet tall

nine feet wide

and when they made a noise

now the Bible doesn't say it's a song

it's a noise it's

they played it

so that everyone would hear and get the message  
it's time to bow down to the image  
it's time to conform to the image that what  
worse what we're putting out here  
and I saw you standing in the shadow of this huge  
dark image of  
so dark I really couldn't tell what exactly was  
it looked like a tower  
look like something out of the Lord of the rings  
and the enemy in your of the enemy in your region  
and you were  
you were camped at the foot of that sucker  
just right there underneath it  
and it's like  
those high tension lines that some people  
transmission towers carry  
and you can hear the humming when you're below them  
you know you can just static in the air  
you can feel it and you can't even think  
you can't receive messages phones  
it just disrupts everything  
and the thing that's  
that's there wants you to power and bow to it  
but God's putting in you an unyielding spirit

relentless that is not going to be deterred by that  
which the world has said  
he's putting you at like Jesus  
a face like Flint to confront the powers of the word  
and he's gonna put a breath in you  
that's gonna do something  
God is birthing a new song  
this weapon I think was gonna bring down the tower  
in the next chapter of Daniel  
there's another statue you know  
there's two different things  
once the king built the statue  
and then the king of Babylon says  
God so upset about it he says  
I'm gonna give the dream to the king  
of the statue that I had in mind  
and then he's gonna make the diviners  
try to figure it out and the king said  
he will have to tell me the vision  
and otherwise I'll kill all of you guys  
so Lord gives the vision to Daniel and of course  
it's  
this is God's idea of what the tower really should be  
and in that story that Daniel brings

there's a mountain

it gets bigger and bigger and bigger

and a rock is cut out without hands

and it hits the foundation of that thing

and brings it down to dust okay that's the kingdom so

so that's what I see god doing in you

it's

and I Lord gave me the verses out of

out of acts were Paul and Silas in Acts 16

and they were beaten

thrown into prison

every light was shut off

they were in the inner prison it said and at midnight

god gave him a song at midnight beaten

and it said the foundations of that prison were shaken

and everyone's bonds were broken off

everyone's bonds

the foundation was was broken we know Jericho

God said shut your mouth

Israelites do not talk for seven days

and when you last day you listen for the Rams horns

then you can shout in the city as we know fell

so that foundation is what God wants wants you to tack

so I'm gonna pray for you

follow just thank you for your servant  
who lives in the shadow of the stronghold of the enemy  
in the backyard at its feet Lord  
but it says the Lord says  
you are abiding under the shadow of the Almighty  
he's giving you a new song and new breath  
in your lungs to sing and declare what god is doing  
and it will collapse the foundation in which it stands  
and bring it down  
come on father  
so I wanna release you just for a minute  
maybe you can preach I don't know  
so that's it's okay with me anyway  
but I do want you to release  
come on up here and I just want you to release it  
whatever God's given you right now  
and I just want you to be free  
you you guys

Ho

ho

ho

ho

ho

ho

how

sometimes we just don't know how to pray

and sometimes we don't know what to say

but the Holy Spirit in us knows how to

and he says with groanings

how

how

how

oh

shut up

the Lord wants to release in us today

prayers that are crafted

I had someone call me last week

or actually text me

and they said they were going through something

they said pray for me brother

and they

they shared me kind of roughly what what

what the situation was but I just felt not so quick

not so quick that there's the

seek the lord's will how do you want me to pray God

what do you want me to say

I felt like the the prayer that I had was more like

Lord craft this situation

to release in this man what you wanna do  
and make him become who he  
not to pray that he would  
release from the situation  
but the situation would craft and mold him  
and make him become what you want him to become God so  
um I'm a musician and when I come up to play um  
I don't usually know exactly  
I kind of I'm kind of spare the moment kind of what  
but what the lord's put on  
showed me today was that he actually  
the instrument that we he play  
that we play is actually the one that he plays  
and so he wants to play us  
when you speak when you pray  
when you play an instrument  
when you sing whatever it is  
you're not necessarily  
it's not you but it's G you  
a life that yielded  
actually he's playing that instrument  
you see what I mean and so  
my prayer is always Lord  
let me get back out of the way

and you play today and you do it

you say what you gonna say

but see the things that you go through

and you have gone through in your life

actually form you

they form you and make you

I mean

I love that message that Chris gave a couple weeks ago

about the sword my word

my word

you know why it was so powerful is because he lived it

and that day you spoke from your heart

probably didn't even go you know

maybe you had some things wrote down

but you got off the page and you spoke from your life

so if you want to impact people

what you say what you play

how you sing how you pray

what you speak to them it has to be real

and a lot you know

I've told people before something about myself is

sometimes I spill the beans a little too much

you know what I mean

and I'm saying you know

you asked me a question but are you  
do you really want me to say  
share with you because I'm gonna bleed all over you  
in other words my life  
my story you know  
and the Lord uses us by having us open up  
not hide behind fig leaves  
but open and be open to who you are  
and he takes those situations  
and the things that you go through  
to form a word in you and a message in you  
and he wants you to be real  
and that's where the power is  
and one thing that's been spoken to me a long time ago  
and I think I lived as you know  
I don't have a reputation anymore  
Mine's pretty and in a lot of people's eyes  
pretty messed up you know just  
just maybe maybe I don't look so good  
maybe I don't speak so well  
maybe I've done done this right  
but you know what  
he uses that and your reputation is his  
and his him is hidden in him

and we should be bold

and not hold back from what we've gone through

and what we have they say

but we should be bold to express in reality be real

bleed on somebody this week

bleed in your prayers go to him

go to the garden of just said to me lay down and bleed

bleed pray blood

blood blood would come from you and

and you would pour out

and be real and go there and be yourself

chill thank you buddy

you know we overcome the enemy by

the word of our testimony is not to be underestimated

I think we deemphasize sometimes

testimony in our church cause we don't

you know hear a word

but I just wanna give opportunity for

for that help brother to share

we all need that

we all need that those things to be God is good

here's my testimony and it's so powerful

so thank you Tom

thank you all each of you

that for letting us feel the share with you

so today is want to talk about

so yeah

transforming the valleys in mountains in our lives

the rough places in planes

all shall reveal the glory of God

wish I had time to really cover the rough places

the plains and the glory um

but we just have to stick with mountains and valleys

today okay

so so where does this uh

where do we where do we have

in terms of what are we looking at here

is that um

we are really dealing with creativity Bobby

Bobby had been sharing and

there's a

five emphasis areas that we wanted to really look at

really falls more into that

let's just stand and let's

let's all say this together

cause it's our prayer to move forward

in this next season so the end of the year

the last 2 3 months

I put together the titles of every sermon  
and it spoke a paragraph and this is it  
so the  
so cool to see a road map of where God's taking us amen  
so let's all just share the say this together  
faith is going to be required  
for the journey that lies ahead for us therefore  
we need to put our faith into action  
in this next season  
haha  
come on shine  
thank you presents  
you will enter your gates and courses  
you can receive the password  
thank you together  
you will stand by the Lord and stand in his holy place  
hey man is that good  
that's came from my words over our house so  
so the verse the chapter  
if you wanna log open what opened there  
it's Isaiah 40 and it starts out in Isaiah 40  
very interesting used old days  
it was three books of Isaiah  
and this is the this is that

the third book that's now kind of being opened  
but it's all been condensed into one  
and the the setting is  
is that the people of captivity are receiving a word  
it's time to get out  
the gods come coming and opening that  
door of freedom  
and so the captive people are receiving a word of hope  
how many other gods been infusing hope lately  
in our spirits I sure felt it  
and it starts out with a double double it comfort  
comfort okay  
so it's pretty awesome  
that there's a doubling of that word  
where God says it for emphasis  
and it says a voice cries in the wilderness  
prepare the way of the Lord  
make straight in the desert a highway for our god  
every valley say every and every mountain  
every mountain and hill will be made low  
the uneven ground shall become level  
and the rough places of plain  
and the glory of the Lord will be revealed  
so Psalm 23 the value of the shadow of the death

and that was for us so about June July  
my daughter uh had a pneumonia  
it turned into a double pneumonia  
and then she had sepsis  
so for for she was in the hospital for 30 days  
she was on life supports for about two weeks  
and during that time  
they said we can't go up any higher on oxygen stuff  
so if she doesn't  
she may not might make it just be aware of that  
so in the middle we were praying  
obviously you wonder you know  
your faith gets gets tested basically  
and at the work  
I've been in there a newer job for about three years  
and I was asking God okay  
where's the next job on the horizon I was having  
I was looking up I mean  
you know  
you start looking at other jobs and God did something  
he broke through and he gave us uh  
you know just a breakthrough so um  
that was our um part of our experience  
and then

we really begin to see in the later half the year

God do something I don't know about you guys

do you feel some of that

do you feel there was a definitely brush with death

I mean it's not not just lightly

but I was gonna ask about ask but the interest of time

I'm not sure if we can get to all of the um

I got to all of that but

how many are glad that we get to ascend the mountain

so yeah I like the mountain a little bit better

you know you sort of like see a few things

you know things makes more sense

and Bobby's been talking about the ascending lifestyle

I think that it's interesting

the word or Deborah and creativity was arise arise

you know it goes along with that ascended lifestyle

so um

the ascended lifestyle is

you can learn from the mountain tops

and take what you have to the valleys below

so mountains are places in our lives

where god wants to transform us

and in doing so put his doxa

it's Bobby's preaching about our glory inside us

and then we can take that which we have Learned  
to the values below and reveal it to the world amen

is that good so

mountains and valleys

speaking of mentions in the Bible here

let's uh

think that I'm not sure if I'm on the right side

let's go back one a little bit there we go um

the Bible mentions uh

the mountains and hills about 570 \* 270 times

the valleys are mentioned

and many of these reveal significant truths

so we can learn from so this is interesting now

so in the Bible

there's a lot of different names of these things

that every

seems a generation throws a new name at something

but it's the same thing

so you have to be kind of look at what the

look what the research is to figure it out

so mom Mariah

Isaac

goes up there with papa and he gets offered just about

and at that moment Jehovah Jireh

God will provide there's a  
there's a lamb there and Abraham sacrifices the lamb  
sea mountain David there's a plague going on  
thousands of Israelites are dying  
he goes up to the top of the sea mountain  
he then looks around there's an angel  
destroying angel  
freaked everybody out like a visible angel  
they're killing everybody  
he says that famous thing  
I will not offer to the Lord  
that which cost me nothing  
cause the guy who owned it said  
here you go offer everything  
he said no I have to pay for it  
I'm gonna buy everything in fact  
that I'm gonna put the temple here one day  
so the plague is stopped  
and then David Levert later built the temple  
so constant sacrifices  
same mountain and guess where Jesus died  
same mountain at the bottom  
there's a little knoll hill just outside the gates  
cause it said prophetically

Jesus stood outside the gates  
but Jesus dies on the same mountain  
for the redemption of the entire world  
do you think God does some stuff  
don't you think that's interesting  
I mean I think  
it's fascinating to see how God takes something  
and he transforms it  
he does something beautiful with it Mount Cyanide  
Moses got the law right well  
it's also called Mount Herman  
that's the place where Jesus was transfigured  
and figured and comes down  
the living word okay  
so you can't make it up  
god just does stuff like this all the time  
how about Psalm 84 the valley of Baka  
we the it's a place of weeping  
but we make it a place of springs for those that follow  
and then it's a place of life okay  
there's a highway that we make with our lives  
in our generations after come after us  
and there's a highway of holiness  
that they get to follow cause of what god did in us

how about Ezekiel 37 Valley of dry bones  
and the prophetic want word  
comes three times to those  
and then rises up a mighty army  
come on god does something with these things  
he doesn't leave mountains and valleys alone  
he actually wants to transform them  
and that's what god wants to do in our lives  
so the cool thing is is when you study the Bible  
and you start learning that  
there's something called the law of first mention  
we are study the Bible a little bit and kind of Learned  
first time something's mentioned  
it establishes a precedent  
a pattern or a biblical concept  
sort of a yard stick or a blueprint  
and then what god it does is he  
it helps later to find the use of that word  
so let's start with mountains  
those are the two words I want to do a law  
first mention on and guess what  
the very first mountain mentioned in the Bible is  
Mount Arrow  
that's where the Ark lands

and arrow rat it's interesting

it's 16,945 feet high

taller than any mountain around here

that's by far 11,000 Mount Hood

14,000 Mount Rainier um member of course 29,000 Everest

so that's quite a lot of long ways to go for that

but it um you have to go up to Alaska

to get the next five tallest peaks in North America

Mount Denali being the tallest

so in Genesis 7 and 8

the flood waters covered the earth

the Ark came to rest on this thing

and this is interesting god tells us nor if I go inside

and then it said very interesting in 7:17

it said the Lord shut him in

Bam the outside door closed the door

you understand I'm saying

it's interesting cause there was like no way out

it was sealed there was

it's like a womb

but it be

it's like closed in and then there's a delivery

there's a from tomb to a womb so seven months later

the art kingdom rest on Ararat

god closed the door on the past and opened a new future

amen to us

so god decided to have a do over

it's called a fresh start

and in Latin it means a tabular rasa

and artists know about that

they just start with a new fresh

you know here we go

many of the masters arts by the way

painted over old paintings

and they can do imaging of the photo and see

there's another photo

actually under the old painting that the master did

so there's two and three times

sometimes three paintings underneath a single painting

that the map they didn't have the tabular asset

they didn't have another fresh slate

so they just used an old one

so that's kind of cool

so what are the lessons that we can learn

well error rat

do you know what it means

it means the curse reversed

come on isn't that awesome

the curse reverse Jesus bore the curse on the cross

we know the enemy comes to steal

kill and destroy

but Jesus brings life and life abundantly

and the rainbow which would happen at that time

reminds us of his covenant

so he's slamming the door in our past

and he opens the doors of destiny for us

cause on the mountain he gives vision

perspective and reveal secrets that we can learn

that we can take to the valleys below

so I'm gonna ask my wife to come up here in a minute

so this is a brother

I don't know if you may or know this guy

he's a revivalist goes all around he's about 62

I think right now Rodney Hower Brown

his brother great revivalists all over the world

he has this conference that actually

this going on right now

it's called transfigured do you know what

I don't wanna be transfigured

I wanna be transformed

cause as the transfiguration happens

when Jesus got it

he didn't glow at the bottom of the mountain

when Moses got it he it faded away

he put a veil over his face

I don't wanna be transfigured

I wanna be transformed I mean

does that make sense you guys

because it's what we carry that that we wanna

we wanna have God transforms us from

it's us from glory to glory so come on up sue

my wife and we have a funny story

and I love it when God sort of takes us

you have to get your heart over your head sometimes

and as a doctor you know

I've sort of analyze everything and you know

I found out how he took all the mountains in the world

have ate all this kind of things

some falls tallest Everest

how many base camps there are

that's where my guy goes I just

it's terrible um

my wife keeps me tries to keep me grounded

so there's a story that we have uh

we wanna share about how god transforms us

and sometimes he does something in us

so you wanna go ahead and share a little bit

or you want me to share oh

I'm starting yeah

I can start alright

well um

some of you are old enough to remember um

the uh laughter anointing in the nineties

yes some of you aren't um

but that's okay

because we get to have it every day of our lives

so um but this was a move of God

and it was a major move of God in the nineties

and there was purpose it wasn't just to have a warm

fuzzy encounter with Jesus and oh

wasn't that fun

although fun is great and she has the fun

I'm more serious she laughs

when I go to one way street to Seattle

the wrong way and she's laughing

I'm like oh my gosh

stuff like that that's true

that's true you've been making me laugh for 48 years

so that's you know like I mean wrong

anyway um

so we were in this huge tent

I mean it was massive

there were hundreds of people in this tent

Basil Howard Brown came and after he preached

a funny thing was Wendell Smith

some of you might remember his son Juda Smith

a Wendell Smith was glued to the front of the podium um

during this during the worship time

he was glued down here his feet could not move

people were trying to move it and he was

he could

so they finally just got a chair and set him down

and so he continued to preach and then he said

okay everybody

we're gonna line up around the tent

and so being good Pentecostals

we all got up and we

we lined up all around the tent and we had a catch

there was a catcher crew and Basil was going around

and laying hands on every single person

and for the laughter anointing

and the police just went up in smoke

I mean seriously

and so somehow during that time

Leo and I got separated  
we were a few bodies apart and we  
you know since as I came out of the womb laughing  
you can guess what happened  
when the laughter anointing came on me  
I was quiet  
I'm laying there yes Lord thank you God  
and I'm hearing someone a few bodies away  
and I'm thinking wow she's really getting blessed  
and there is this falsetto laughter  
just reading out as loud as you can imagine  
and so I thought okay  
I'm gonna peek  
so I'm laying there quietly and I'm trying not to  
you know erect the spirit or whatever  
and I look over and it was my husband haha  
I could not I could not believe my eyes could I mean  
I just I could Leo is um  
he was raised in a can I say that alcoholic family okay  
Catholic poor Catholic both parents alcoholic  
lots of chaos lots of wounded lots of anger  
lots of pain and suffering  
and he was emotionally just stuffed and um  
and that day a miracle happened

you know a miracle happened

I'd never heard him laugh like that when he laughed

it was

like a donkey kind of thing you know Donkey Kong

you know

you know

but God is funny you know

cause the big mouth is laying over there quietly

and the calm guy is hanging from the rap lost

so is that that's that's great yeah

I need I've had enough humiliation that's awesome

I really appreciate that oh yeah

wait I just gotta say

I'm not gonna get to preach today

pretty much that's how it goes

Tom Sue the you know

be pretty much everybody but you know

we go to a church where you can receive the miracle

working power of god every single Sunday

every single Sunday

you can come and get on the fuzzy mat

and you can encounter god

and you can receive miracles in your life

you know

that is just not that common in the church today  
you know we need to be grateful and like Leo said  
the word that we need um is yes yes  
you know yes let's  
let's let's get this going  
so that we can get healed for a reason  
cause there's always a reason for healing  
and that is to heal others right  
to bring life and peace  
and Grace and emotional healing to everyone  
in our bubble in our world  
imagine if every single person in this room is  
not a lot of people was functioning fully healed  
just yes you would change the world  
and that's the reason why we lay on the floor  
and laughs hey man  
am I on okay so now we come to the valleys  
so it's pretty interesting when the valley  
first valley is mentioned it's in inheritance  
this the dividing the tribe of Judas borders  
this is cool because the very first time  
gets mentioned in Scripture  
and it's talking about all the boundaries  
and I'll just show you in a minute old map

because it's hard to wrap around

it's the territory

the tribe of Judah is being described

and in verse 8 it says then it

the boundary line ran up the valley of Ben Hinnom

along the southern slope of the Jebel City

that is Jerusalem literally over the shoulder the city

and there there's another valley

and from there it climbed to the top of the hill

west of the Hinnom Valley

at the northern end of the valley of Rafam

and the cool thing is about if you can see

and imagine that you have the bottom here

the tribe of Judah

you can see that it was such a big tribe

that they said to Simeon come on

be part of our inheritance

they just a lot of them within their thing

so there's like that

there's that spirit that I love that but at the very

very top can't see it very well right at the end

God just included that border

cause Jerusalem had to fall in the border of Judah

that's that's their rulership inheritance

so justice right there in the valley unfortunately

um

the valleys of Ben Beninom

in the valleys of Rafael literally encompass Jerusalem

almost like 300 degrees all the way around

you cannot get to Jerusalem

unless you go through a valley period

you cannot get to the mountain

all so that going through a valley

all these valleys are very significant scripture

and we're Learned here is the actual

an old nineteen forty uh picture of the valley that's

you can see Jerusalem up on the hill is about 1945

and this is taken

and that you're standing down here in the valley of

of Ben Henome

and a very famous valley felt the valley of Ben Hanome

is also known as Gahenna in the Bible hell Hades

divine punishment all the evil kings

and Jerusalem took their kids out there

and sacrifice to Molec in this valley

all the garbage it came out the dung gate

literally a Jerusalem and it went out in this valley

and all their stuff was thrown out in this valley

it was a terrible place

representative for the people of Judah hell

but you know what

the very gates of hell are part of our inheritance

cause we can pull people out of the gates of hell

amen and of the tribe of Judah said

upon this rock I'll build my church

and the very gates of hell shall not prevail against it

come on in the valley of Rafam

the other valley that it literally surrounds Jerusalem

is all the valley of giants great

you know 2nd Samuel 5:17

here's the anointing coming on David

he had three anointings over his family

over the tribe and over the people

the nation correct

so this is the third anointing comes on David

when the Philistines heard about it

they were pretty excited right

pretty happy no

they came out in full force

and guess where they camped

in this valley they said

I dare you to get to Jerusalem

you got to come through us  
so David went up and and he fought  
and they defeated him  
and the next year the same thing happened  
they came up again camped in the same valley  
and god said oh  
whatever battle plan we had before  
you know what it's not good enough  
if you do the same thing  
like Joshua made the huge mistake  
right he same thing he did  
soon as he did that defeat Israel was defeated  
the same battle plan  
ain't going to work with your next battle  
cause that's where you need  
the commander of the Lord of hosts  
at your side that's who you take orders from he said  
don't face them  
go around behind them and when you go behind them  
you're gonna  
something's gonna happen and he said they separate  
they just parted the Red Sea with the bodies  
and it said David said the Lord the breakthrough  
Lord of the breakthrough and he named the place

the value had a new name it was the valley of Parisime

and he gave thanks to the Lord bail Parisime

which means Lord of the breakthrough isn't that cool

there is breakthrough and there are the gates of hell

we're gonna have to deal with to get to your anointing

cause I will guarantee you

when the anointing comes on you

if there's a double portion anointing

it's like the heat seeking radar will happen

and the enemy there's a target on your back

you will be opposed when Jesus was just 2 years old

I mean you know

Harrod sent the entire army out there to Bethlehem

right and so there somehow he

he knows that what's going on and he can go after us

but be man we're not gonna do uh

we're not gonna be unprepared

so the lessons that we can take from the valleys

the gates of hell

will not prevail against his anointing

ones amen

the anointing will always cause the enemy to seek

to stuff it out the valley of the Hells Gates

and the giants can be transformed

there's that word come on transformed  
and what we need is divine strategy  
and how to confront the obstacles  
that lead to breakthrough  
and let those of the tribe of Judah release their roar  
come on  
over a little bit over I'm gonna skip ahead  
I have a song that I'd like to sing and um  
we just need to know that in the last days  
God's gonna raise the  
the mighty mountain of his kingdom amen  
and so we're just gonna I'm gonna  
just gonna play and I'm gonna release the song  
so this last few months God's been speaking to me  
he said  
you've got things that you haven't released and uh  
he he you know I was  
I was called to account  
on the talents that I was given  
so I had resources for a church that we had and I  
I felt that Lord wanted me to release them  
to one of our local pastors  
and I released those resources  
I had a couple guitars that I wasn't using

you know and I blessed my brother with them

two beautiful guitars you know

and he in turn before I even gave him to Ryan

where are you Ryan

you're around here somewhere over there

before I was even given him these gifts

he was already thinking about who to give him to

you know I mean

so that's how God works you know

he he just you're already in a mindset to give and so

uh he said um oh

you haven't picked up your guitar probably a year

and you haven't picked a banjo

which I played since I was 16

in about two or three years

and he said what are you doing with that

what are you doing with the gifts that I've given you

so I just want you to know that

so I picked up guitar a couple weeks ago and I hadn't

hadn't played in a long time

and so uh

Lord gave me a song

and I haven't been able to play anything else

for the last three weeks or so

so I haven't played in a long time

but God said no

it's a first fruits it's a first fruits to me

you just play it for me

so I'm gonna I'm gonna play and there's a little uh

there's a little um video I wanna do

so the house lights can come down a little bit

and um I think we're think we're good

and you can see that video here in a second

so you can run that video

amen

so Chris once you come on up buddy and whatever you got

whatever you think
