all right quick question for you
and we may need to pass the mic around for this um
I wanna know how your behold the Lamb
28 day challenge is going
um just before we launched on March 4th
um we felt like the Lord was saying
and particularly
I had this encounter with the Lord where he said
everybody's beholding darkness because it's everywhere
and there's plenty of it to go around
but who is beholding the Lamb
and I just felt like
if we would do something for 28 days
leading up to Resurrection Day
where we could just train our minds
new neural pathways to look for god everywhere
we would start to see him in all things
and totally change the way that we view life
for the rest of our lives
um but unless you are keen in doing that
you won't John the Baptist beheld the Lamb of god
who takes away the sin of the world
that's what the Bible says
but the reason he was able to behold the Lamb
was because he took time to prepare for his coming
he was only thinking I'm preparing the way for the
for the Lord and so because of that
he didn't miss the Lamb when he came
opposite that
the Pharisees were constantly beholding sin
their weakness shortcomings and trying to avoid that

and because them beholding those things
they got religious
so we've been doing that we've been going on now
and I wanna hear not just how you're beholding god
but I wanna hear what this 28 day challenge is doing
for your perspective somebody
if you would
just share how this is helping your perspective
Chris if you would help
that would be amazing couple gals over here
thank you so much
it's the law of the other side of the room
hundred percent
I love that
you're just bringing awareness to worshipping the Lord
and beholding the Lamb and so every single day
we're thinking about beholding the Lamb
and I think the sweetest day for me so far
was just one morning I had worship music on
and then my husband got up
and we were actually sitting in opposite rooms
but together we were beholding the lamb
and it was just um
it was so sweet it just brought um
it brought a closeness
in a way that was just really sweet
that's awesome that's so great
last week Bobby asked anybody to stand up
that felt like they were in a cave
the cave of Adulm Adulm
and you EQ the low end out of that
is that better
okay and um
and so as I was standing back there
Lord began to tell me
I have you in that cave for Protection
just like I had David in that cave for Protection
and I have you in that cave to teach you
the things that I want to teach you
while you're there wow
and so the rest of the week I was like
okay Lord so what are you gonna teach me today
what's today gonna be like as I gaze upon you
and there were so many things

I have so many pages full of what he taught me
as I chose to look at my cave as a place of Protection
and a place of teaching and grounding
come on him give me more um
more truth of who I am and who he is
and what my place is here in this world
so it was a beautiful week
as I scrolled past your messages once a while
beholding like yeah
I see it I don't have time to tune in
but I'm gonna behold right now
I'm gonna behold so thanks Bobby
thank you really good
thank you guys that's what we need
we need a bunch of people jumping on and sharing it
and just really modeling for the church
how to behold the lamb everyday
anybody else wanna share what it's meant for you
couple more
the anointed section anointed yeah
we'll go with that um
so for those of you that don't know
my girls went back to California on Friday
and I was in a bad place I was feeling pretty low
and then my 15 year old son
who for the last two years has been angry with god
puts it in perspective and says look
right now it's just Satan trying to pull you away
from god
and instead take this time to realize that
we're all getting closer wow
and when you have a 15 year old
who says he hates god for everything that he's lost
yeah says wow
you've shown me that no matter what
we still have somewhere to go
and that
and then he said the most prophetic words of ever
he goes
you ever think that maybe the world's a little hard
so that when we get to heaven
we really really appreciate everything that it is
haha wow
cause if this was easy

what would we have to look forward to
wow some 50
wow come on
that's a good way to behold the land
I was um
thinking about beholding the lamb
and I had to go to town and on the way home
I thought oh
I'd really like some Chinese food
so I kind of had to go another street and go up there
and and I was sitting there
I ordered my food and I was saying
okay God
I'm beholding you who do you want me to pray for
and there's restaurant or something
this older couple comes uh
out of the restaurant and she's struggling
trying to walk with a cane and he's trying to help her
and I'm just saying God
just bless him uh
give her healing and they go through the double doors
and they go through the other double doors
and then she just collapsed
oh and so
I ran out and help pick her up because he couldn't and
uh picked her up and I just said
God's gonna be healing you
and I just was praying for
and just the look on her face was like wow
and then this other lady came along
cause we both were trying to help her
and we told him to get the car
and we'd help get her to the car
so we got her to the car and I helped her get in
and then she just grabbed me and pulled me down
and kissed me haha
it was just kind of awesome
but I was just praying for them
so I thought wow
God works in miraculous ways
come on isn't that awesome
that is wonderful wow
thank you one more yep
so God was talking to me this week about trusting

I'm one of those guys that financially
I think I need a buffer you know
a savings account hidden money
and that had been happening recently
and so God was talking to me about trust
and so we got blessed with an extra delivery
on the end of our week a little surprise
and what we didn't know is that
he was gonna lead us on another section of trust
it was a dirt road that turned into a cliffside
about 800 foot above the Columbia River Gorge
with blind corners
and cows and horses
that would come up to our truck and greet us
and say hey
don't you have food like the last guy had food
why don't you have food for us
as we had the most incredible tour
such that we got to the end of the road
and found out it was part of the
or original Oregon Trail
and we were delivering to a century farm
and the guy is testifying to us
about the goodness of the land around it
and that directly across the street from the farm
was the one room
schoolhouse that his grandfather went to
when he homesteaded you know
and his father had gone there
and that history and all of that blessing
yeah and it was all about trust
so much that we turned around
went back the same way
we came to relive that road one more time
and that awesome that is so good
you guys thanks for sharing
does it yeah give the Lord a hand
doesn't behold the lamb
and having that as a part of your mindset
just open opportunities open doorways for you
if the Lord knows you're beholding the Lamb
if he knows that that you're looking for him everywhere
you're just gonna find what you're looking for
that's how it works and of course

we become what we behold don't we
and so I mean
that's just way better isn't it
than beholding all of the other stuff
that the enemy wants us to behold right
I woke up one morning this week
and it was super early and um
I can hear a conversation going on in heaven
and I could hear these patriarchs um
and I knew who was in this conversation
and I could hear them talking about um
the plan and the strategy of the enemy
to keep the Saints distracted
to keep us so distracted with so many things
even good things
that we would be too distracted to keep the main thing
the main thing
and the kingdom of god they were saying
was advancing and I could feel as they were talking
how committed they were to the kingdom
and I was like Lord
I mean most of the stuff that they were talking about
about the commitment and the level of tenacity
that it takes to advance the kingdom
the current church would call religious
and Lord I just asked for an importation while I'm here
hearing this conversation
of a tenacity
that pushes me forward to advance the kingdom
and if I'm distracted
and I'm doing everything but beholding the Lamb
I'm going to miss opportunities
I'm going to like Jerusalem
miss my day of visitation
your business is a platform for the Kingdom
that's how it works
your family is a platform for the kingdom
our business our family
the things that we do are not the end
they are the platform to behold the land
to bring Jesus to experience God on this planet
the tension that you go through
all of that is so that you and I can behold the Lamb
and I'm so glad that you guys are joining with me and

and we just need to push through
we're just almost halfway through
and we need to keep you holding the Lamb
and literally change that narrative
and if you will then it'll change the rest of your life
I know it
and so just go there would you with us
I wanna show you a graphic that we've been going after
um recently
and one of the 5 main purposes for who we are
and what we do around here um
as an apostolic resource center is the word resource
and resources so important um
when you're ascending the mountain
because Psalm 24 for 20 24
we've been going after that begins with
the earth is the lord's and the fullness thereover
all it contains and so
you just can't ascend the hill of the Lord
without that understanding
that everything
God's doing is from a place of abundance
everything belongs to him
and so if we're going to ascend the hill of the Lord
we've got to understand how much God wants to use us
as a resource remember is covenant with Abraham is
I'm gonna bless you for one reason
because I'm gonna make you a blessing
I'm gonna bless you and make you a blessing
there are seasons in life
I think where we have to learn to be content
when we're not abounding it seems like Paul said
whether I'm a base or abounding
I wanna learn to be content and all things
and just thank the Lord just worship him and say gosh
thank you whether I've got that nest egg or
or don't have that nest egg or just had to deplet it
or whatever it is I've Learned to be content
but there's a um
a challenge that comes to the mindset
in regards to truth
when it doesn't seem that you're doing well
maybe financially maybe relationally
and there's a test um

that we go through in those seasons
but there's a similar test that happens
when we're killing it when we're exploding
and it's the test of abundance
it's the test of what we do with our hearts
and are we coasting are we now like okay
you know after 9 11
how long did it take before
churches weren't filled with people
like they were one Sunday after 9 11
does that make sense where it just seems like
okay Lord
now we got a reason to praise you
life is real let's go after God
and how long does it take before sort of
that thing wears off and so we're like Lord
we wanna behold you all the time and
and I believe we're coming into a season this year
this is the year of the Father's blessing
and so how do we handle or manage abundance
like it's super important that we understand that
and it begins with a mindset
that's part of what it means
to ascend the hill of the Lord
most of your ascending
is the mindset that attracts the favor of the Lord
do you know that
there's a mindset that actually attracts favor
or you can have the opposite
and you can have a poverty mindset
and favor will sneak around you
it won't find you because you become what you behold
and so
it's super important for us to behold the word of God
to become the word of god
in terms of letting his truth touch our heart
so much so where they become a part of our lives
and a lot of that is understanding you have access
unlimited access to heavenly resources
that's it
you have unlimited access to heavenly resources
how many of you would say amen to that
how many of you would say amen right now
when your bank account is depleted

you have unlimited access
it's time that we just get far beyond the natural
and we start commanding the natural to shift to truth
instead of bending our truth
to what seems to be happening in the natural right
so if you believe in healing
but then you pray for a bunch of people
and they don't get healed
the tension there is to begin to shift your truth
well maybe God doesn't heal
rather than to shift your experience
to line up with your truth
you start to shift
your truth to line up with your experience
and that's a scary place to be
isn't it but it's easy to do
that's part of the distraction
well we're just backing off of that healing thing
and calling it wisdom
right
and yeah that wisdom is sensual demonic
as the Bible says that is not the wisdom from above
that's the wisdom of a of a broken heart if you will
my name my name Bobby
but Robert is my real name
and um
John is my middle name Robert John
and I'm named after my gramp
my grandfather Grandpa Hu
and I remember uh
he being a mighty man of God
was on hospice later in his life
and all the family was called to come around him
and we all loved and respected him
just great man of god he and my grandma were amazing
and I I don't
I'm sure you're not allowed to have favorites
but I mean they were mine absolutely
and um
we all came near
my grandparents raised um
people who knew how to serve the Lord
they knew how to give their lives
for the sake of the gospel

all of their children were in one form of ministry
or another around the world
and so here we were we were all around
we were singing we were just thinking
my grandfather was just gonna pass into glory
and what a what a glorious homegoing that would be
and he's just there he sort of out of it
he's it seems like he's just like
almost slipping into the next realm unconscious
you know that kind of thing
and all of a sudden
he opens his eyes and sits up in his recliner chair
and goes
god just said I don't have to go home sick
and he like recovers and lives 5 more years
I mean he just
something happened to him and it just snapped
I'm in covenant I don't have to go home sick
if God wants to take me home
he can take me home but I don't have to go home sick
and the Lord honored that prayer
the Lord honored a man and here am I
I am just like hair down to here
Pearl Jam I'm not saved
I'm doing my thing
and I'm front row seat to a man in covenant
and I'm just like what is happening
what is happening and my
I'm watching my grandfather
who I love and respect draw on the reality of covenant
and God said
that's right you don't have to go home sick
I remember hearing about aw Tozer
and a couple other guys that I love
later on I'm studying about their lives
and one one gentleman in particular
he comes and he sits down with his family and he says
and he's not feeling ill he's
nothing's going on at all
he just goes family
it's time for me to go to heaven today
and he's like in perfect health
he goes then the Lord said we need to worship
so let's just get and worship

and so his families there
uh big musical family too
they're all worshipping
this guy is used to preaching all around the world
and he's got his family there
he's got a legacy
and all the kids and grandkids start worshipping
and he just tilt his head back
raised his hands
and slowly his arms came down and he went to heaven
I mean there's
all kinds of ways to transfer into the next life
and we just think gosh
it's gotta be a tragedy
it's gotta be all kinds of things
gotta be sick oh this
this disease took that person and
and I just
I wonder how much we understand the power of covenant
I wonder how much we understand the benefits
my mom talks Psalm 1:03 don't forget his benefits
and so I wanna go over some of that with you today
Psalm 24 verse 5 and 6 is this
the people who ascend the hill of the Lord
they will receive blessings from the Lord
or the passion translation says it this way
they'll receive Yahweh's blessing and righteousness
given to them by the Savior God
they will stand before god
for they seek the pleasure of God's face
and there's just
benefits to being in covenant with the Lord
Psalm 1:03
bless the Lord oh
my soul right
and all that is within me
bless his holy name bless the Lord
oh my soul
and forget not all of his benefits
if you're reading King James
let me read it in this translation
let all that I am praise the Lord
with my whole heart I will praise his holy name
let all that I am praise the Lord

may I never forget the good things that he does for me
he forgives and now we're gonna get front row seat
just like I did to my grandfather in covenant
you're gonna spend the rest of someone 0
3 getting front row seat to a man named David
who walks in covenant with the Lord
he forgives all my sins that's part of the benefits
he heals all my diseases he redeems me from death
and crowns me with love and tender mercies
he fills my life with good things
my youth is renewed like the eagles
the Lord gives righteousness and justice to all
who are treated unfairly
I mean he's thinking
he's surveying his own life
and he's thinking about the benefits of covenant
he revealed his character to Moses
and his deeds to the people of Israel
just stop right there
he revealed his character to Moses
and his deeds to the people of Israel
so Moses got to see his face
the people of God got to see his hand
that's what that means
he revealed his character to Moses
but his deeds to the Israel
would you rather see his ways or just his acts
another translation says his acts he revealed to Israel
but his ways he revealed to Moses
the Lord is compassionate and merciful
slow to anger and filled with unfilling love
verse 9 he will not constantly accuse us
nor remain angry forever
he does not punish us for all of our sins
he does not deal harshly with us as we deserve
for his unfailing love toward those who fear him
is as great as the height of the heavens
above the earth he has removed our sins as far from us
as the east is from the west
the Lord is like a father to his children
tender and compassionate to those who fear him
and the word fear there means just to Revere him
for he knows how weak we are
and he remembers that we are only dust

for our days on the earth are like grass
like wildflowers we bloom and then we die
we're on this planet for 15 minutes
but god loves and every detail about who we are
the wind blows and we're gone
as though we had never been here
but the love of the Lord remains forever
and those who fear him
his salvation extends to his children's children
of those who are faithful to his covenant
of those who obey his commandments
the Lord has made the heavens his throne
and from there he rules everything
praise the Lord you angels
you mighty ones who carry out his plans
listening to each of his commands
yes praise the Lord
you armies of angels who serve him and do his will
praise the Lord everything that he has created
everything in all of his kingdom
let all that I am praise the Lord
and that's David's response to covenant
that's David's response to living in covenant
I'm I'm aware of the blessing and it changes everything
gives you uh
kingdom confidence doesn't it
all creation Romans 8 says
eagerly awaits the revealing of sons
or sons and daughters of the Lord
why I've asked the Lord about that
and that's because sons and daughters are those
who live in the reality of covenant
like all creation
just desires
for people to have that kind of experience
because when you're living in that level of confidence
everybody can feel it around you
everything living can feel it around you
you just are living that large
and that level of confidence does something for you
I mean if during Covid
they wanted you to stay 6 feet apart at least
what do you think being next to someone
if you're living in covenant can do for them

like being close like touching them
like really laying on of hands is powerful
like it's real like actually getting that close
I mean the Bible says that
when the cohort of soldiers came to get Jesus
in the garden when Judas was betraying him
he was turned and they
said are you the king of the Jews
he turns around and says I am and just with those words
all of those 50
40 cohort soldiers fell on their back and he's like
gentlemen do that in office
so that it can never be said that you took my life
I laid it down
I mean talk about power in that moment
they're all on the 40s like yeah get up
everything that we are hangs on the power of covenant
whether you know that or not
covenant means a solemn and binding agreement
covenant goes beyond your emotions
doesn't it
think about relational covenant think about marriage
think about all that goes way beyond your emotion well
god created all that goes way beyond his emotion
goes way beyond file love
which is emotionally connected
and it goes right to the highest Pinnacle of love
and it says gosh
I'm committed to you beyond all of that never changing
unending
doesn't matter if I have a good day or bad day
doesn't matter if I just said something that that
that I I
I'm gonna regret in a moment
I mean all of that God's covenant is bigger
and even if we don't know how to walk
and covenant toward him
it doesn't change who he is like he's like
I don't let anybody control my love
like whether you're that way
and whether this seems to be an unbalanced covenant
or not he's like
that's okay I got enough covenant for both of us
I'm big nobody is going to control my love

and that's the way that we want to operate
because Covenant isn't really covenant
until it gets challenged
right and so
who gets authority over your love
when you're challenged nobody
nobody gets authority over your love
the way that they respond
doesn't determine the way that you respond
if it does you're outside of covenant
you don't know the reality of covenant
if you change who you are because of someone else
that's not covenant that's not how God lives
that's not the essence of covenant
Levitico Leviticus 17
verse 11 says this
for the life of a creature is found in the blood
and I have given it to you
to make atonement for yourselves
on the altar
it is the blood that makes atonement for one's life
that's why I know that life is first found in the blood
when we're all arguing about abortion issues
and when a child is a child
read your Bible life is found in the blood
if there's blood there's life
end of story that's how it works
but God gave a sacrifice
because he wanted us to understand away
if you're gonna be a covenant
something's got to be cut
that's why they call it hey
we're cutting a covenant
because something had to be sacrificed for a covenant
just like it does in every covenant
that is a sacrifice
everything God did was revealing Jesus
beholding the Lamb right
the word forgive
I wanna just talk to you about forgive
because forgive has to be a huge part of your covenant
it's it is the blood
you don't have forgiveness without the blood
but what does it mean to forgive

well forgive means to cancel the debt
but if you take the word in the original
and you look a little closer
the word forgive is actually two words
it means 4 f O r e in the English
that means beforehand
like before and give means to provide
so
those words in the original means god knew beforehand
he needed to provide
so before the foundation of the world
the Lamb was slant
is that rad I mean before the foundation of the world
this is me coming into covenant with you
before you can even respond
before you're even aware you need it
I slay the lamp before the foundation of the world
I forgave and I'll forgive you now before you're next
Paul was undone with that reality and goes
whoa well then should we walk
should we use that as a weirdness to walk in sin
I don't know if I can handle that much forgiveness
and he was wrestling with the reality of what it means
to walk in covenant
like I think that
if I understand that he's already forgiven me
then I'm just gonna go blow it
and he was concerned that the church would think
that way too
and I think that's how slaves operate sometimes
but it's not how those in covenant operate
we understand Lord
I've already been forgiven
this freedom that I've been given
I have to manage
it's much easier to manage people in prison
it's much easier to manage people at the DMV
but what about managing freedom
wow let's be the church with the most rules
that's what we wanna do
because that's how you manage people
well that might be how you manage people
but that's not how you empower them
nor is it how you manage freedom

what you do with freedom tells us about you
and we're all learning to manage that freedom
that's part of living the offended lifestyle
the ascended lifestyle
I'm prone to prophesy if the shoe fits
so I love how God
we should just laugh about that for a second
it put a new scope on
for God so loved the world that he gave
right it was like oh
that's what you did
you loved us so much that you gave an advance
you forgave like you knew that we would need it before
and as the Bible says um
while we were yet sinners
Christ died for us
I love that
the Lamb
Jesus was slain before the foundation of the world
which means that god cut a covenant with you
way before you were even ever ready to say yes
let me read a few more scriptures to
you just sort of soak in the reality of truth
Isaiah 53 verse 7 says
he was oppressed and he was afflicted
yet he opened not his mouth
like a lamb that has LED to the slaughter
and like a sheep that before it shears is silent
so he opened not his mouth first
Peter 1:18 and 20 says this
for you know that it was not with perishable things
such as silver or gold
that you were redeemed from the empty way of life
handed down to you from your forefathers
but with the precious blood of Christ
a lamb without blemish or defect
he was chosen before the creation of the world
but was revealed in these times for your sake
I mean this deal happened a long time ago
and it's saying here
but it was just recently revealed for your sake
that's what covenant means
it's the God who goes before you
it's the God who comes behind you

it's the God who places his hand upon you
David's understanding this in the Psalms and goes
this is too much for me
to walk in covenant to live in covenant
listen guys
I want you to see that covenant with god
and his ability to love you
was never contingent on your ability to love him back
what are you gonna do with that freedom
I hope you love him like crazy
in Revelation 4 and 5
as the saints and angels are mingled around the throne
we get front row seat to an encounter
that's happening in Revelation 4
and 5 and we see saints and angels worshipping the king
Lamb that was slain the one who sits on the throne
the only one who's worthy to take the scroll
and to read it the Bible says
the only one
and in that midst of them worshipping
and bringing him adoration
suddenly the Lamb Jesus Christ
the one slain the sacrificial Lamb
begins to make himself vulnerable
in that moment of worship
and he lets the people
and the angels feel how he responds to their worship
and your Bible says that
thundering and lightnings begin to come out
of who he is they're just worshipping him
and his emotions can only be described by
sounds of thunder and lightning
like
when they tried to hear his voice for the first time
from the top of Sinai
and it sounded like thunder in the worship arena
that's what's happening
and he's making himself vulnerable to say guys
this is what your worship does for me
to me
ever thought about the power of your worship
and how God needs to be ministered to by you
never thought about that God needs my worship
absolutely the God who has everything

finds himself wanting what only you could give
and you could say no
covenant means
I'm gonna give you the choice not to worship
that's exactly why there were two trees in the garden
right because you don't have the freedom to obey
unless you have the freedom to disobey
you choose you be powerful
you be strong
you steward the presence of the Lord
our inability to love him back
sometimes might change how
or whether or not we experience covenant
but it does not change how god walks out
his covenant with us are you so glad for that
first Corinthians 2
7 and 9 says this now no
we declare God's wisdom a mystery that has been hidden
and that god destined for our glory
before time began
none of the rulers of this age understood it
for if they had
they would not have crucified the Lord of glory
however as it is written
what no eye has seen what no ear has heard
what no human mind can conceive
things that god has prepared for those who love him
our inabilities don't stop the magnanimous
god is always good
he can't be anything else
he can only be good so if it's not good
then God's not done
if it's not good yet God's not done
god entered in the covenants
and I love thinking about his covenants with Noah
Abraham Moses David
the new covenant that we're a part of
but
I wanna spend the last few minutes just talking about
the danger of being outside of Covenant
the danger of um
the blessings of god without the covenant of god
remember the Philistines who wanted the Ark
cause they had heard about the blessing

but they didn't want covenant
they wanted the blessings of covenant
but they didn't want covenant
and so they snagged the Ark and they took it back home
and it doesn't work that way
does it it does not work that way
reading your Bible what happened to them
and it wasn't too far after that that they were like
gosh
we had heard a lot about this box and we don't like it
get it away from us
that's because you're trying to have the blessings
without living and covenant
and it doesn't work that way
ever see somebody try to do that
just like living under the
all the blessings of the Lord
but not want to really give them
give him their lives
and you're like come on
that's not how this thing works
he's not a genie
he wants covenant and covenant means all
he cut a covenant and he gave his all
and he wants you to give him your all
and on the other side of your all is the someone
oh three blessings
that will overtake you for the rest of your days
into eternity
but something has to be cut in the heart
and that's what the sword of God is doing
it's cutting and dividing flesh from spirit
so that we can learn to give him our all
without being afraid
I think of the two trees in the garden
I think of you know
there were two trees in the garden
Adam and Eve 8 of the fruit
and the Lord says that's okay
I've got a plan for fruit
here's the fruit of my spirit
try this on for size
there's peaches and apples and oranges
and here it is here's fruit of my spirit

I mean that's what you get to manifest on the earth
you were sort of thinking you were limited
and so you took one fruit and I've got fruit plenty
because the lie in the garden
that was that God was withholding
the lie in the garden was it's the opposite of covenant
God's withholding from you
what about Antonius and Sephyra
we don't preach about those guys very often
can I just do it for one Sunday
I'll do it for 30 seconds and then I'm out
they can preach on those guys for about 30 seconds
in church Antonius and Sephyra
anybody remember who those guys are
everybody was saying hey gosh
we're in the community of god in acts Chapter 5
and they're bringing all things to the apostle's feet
and they're distributing all of those things
so that everyone can be blessed in the community
and if there's anybody in need
they're distributing those things
if anybody has abundance and all of that
and they're learning about generosity
they're learning about living in covenant
and the ways of the kingdom
and anizen safira cell property
and they say with their mouth
we're all in here's the price that we sold it for
and we wanna give you some of the uh
blessing on the top and um
Peter gets this word of knowledge
wait how much did you sell that for
and they're like so and so
and he's like
how much did you sell that thing for
and it became a moment where god wanted to establish
listen we don't play games with covenant
it's one thing to say we're all in with your mouth
it's another thing to live it
and Anonyacin Sephyra
you want the blessings of covenant
but you don't wanna be all that
and the fact that you're holding back
is releasing something inside of you

that's causing death to come upon your life
even what you think you have will be taken from you
if you can't come into covenant with people
well I love people
I'm talking about covenant
you can come into first of all
covenant with the Lord
but I can see people who've been wounded in church
and they'll go yeah

I don't want
I don't know about covenant with God's people
I just want covenant with God
and you can't pick and choose that way
because that's his people
well let's just say just to the Lord
let's just point it out
cause I've been in the house of God
and I don't wanna covenant to the house
I just wanna covenant to his people
or to him rather and not to his people
and it just doesn't work that way
can you imagine Lord
I like this part of you but this part I don't like
so I'll just covenant as much as I can be there
I

I was speaking to church recently and I was talking um
to the leaders about covenanting to the house
and somebody pulled that card
well we're just covenanting to Jesus and I said
well it's impossible to covenant to Jesus
and not covenant to his house
so I'm so glad you're here
I just loved helping those little tweaks
because that is life and death
maybe
someone in your family has broken covenant with you
maybe someone in your friendship has broken covenant
maybe somebody in your church
maybe someone maybe a business partner
maybe you've got five reasons why
covenant doesn't work for you
and I'm telling you covenant
no matter what happens
there is covenant no matter what happens

even if someone is abusive to you
and you've gotta sort of protect or remove
or do something for you or kiddos
or whatever it takes covenant still doesn't end
I'm not like for you until I'm not
that's not how it works
and you're gonna get challenged on that
while we were BFFs yesterday
well what happened in one day
I mean you can still set healthy boundaries with people
and still be in covenant with them
we've got to learn that
the church has got to learn that
because Jesus has Learned
that Jesus knows who we are
we just got read done reading a ton of scriptures
about how our weakness never moved his position
not once on who we are
behold a man who knows how to walk in covenant
behold the Lamb
so maybe someone's trashed covenant with you
and I'm just saying that he's leading his people
beyond betrayal and back in the covenant
covenant does sometimes
mean that you will give up something for someone else
I remember when
first hearing the story of Chris Velaton
and God had showed Chris Velaton
at Bethel Redding Church
how amazing and how big his ministry would be
it was in a dream
and he saw people outside this building
there was there
wasn't a building big enough to contain the people
that God was gonna bring to his ministry
and he says
but the camera sort of panned
and he says but I've called you to serve Bill
so you get to choose
and he goes and if you go this way
you'll actually be blessed
I'll bring thousands and millions of people to you
but if you go this way you'll walk in covenant
and he said I gladly laid down what the Lord showed me

I would become
to walk on covenant with a man for the rest of my life
and it's just so good
to have a model of people who do that right
to have a model of people who lay down their agenda
and covenant beyond I could do it on my own
but I refuse to do it on my own
I could do it better on my own
but I refuse to do it
anybody there high drivers like me dude
problem with people is people
I mean
I could just get this done so much better on my own
yes you could
and you could walk right out of covenant
and never even need it
well there's so much blessing
I've been I've tried covenant
there's betrayal and all
that's why forgiveness has to deal with covenant
and it's not all forgive you if you apologize
I mean a lot of inner healing
and what we're going after in Glory Light
and what what I love what our practitioners teaches
it's like no
you got a Mark paid in full on that interpersonal debt
not just from the past ones
but from the future ones 4
give beforehand give it now
Mark paid in full do it now
cause if not you won't know how to walk in covenant
and your marriage your relationships
your businesses all of that
you'll just be super fearful
and it's time the church knows how to walk in covenant
I feel like this year god is so excited
to teach us how to walk in the covenant
can you say amen to that
so let's be a people of covenant
let's be a people uh
beyond the emotions beyond what we feel
beyond what's going on
I think that the Lords is challenging us on that
I think he's encouraging the body of Christ

and I think the last five years has been about that
it's been about covenant to a region
I remember
when the Lord told me to covenant with this region
I didn't even know about covenant in with a region
like Bobby
I need you all in
like not just here and I'll give it a try
like all into this region
are you cool and I was like
this is nothing like southern cow
this is flipping Mayberry
you want me to covenant with Mayberry
you leave that to Opie Taylor and Andy Griffin
or whatever Barney
and he's like yeah
do it now do it now
do it before you change your mind
do it now
and know what it's like to give your life for a people
I'm just telling you
God's gonna show you this whole year
what he believes about Covenant for you
and isn't that so good he's the best at Covenant
he's the best at reminding you I'm going nowhere
he's the best at reminding you all of the benefits
until something gets on you and you start to go
I'm more confident now than I've ever been in my life
and the reason why
you're gonna come into a level of confidence
is because God's gonna overtake you with covenant
this year
so much so where you will say I am unshakable
on how much he is for me how good he is
he can only be good Luke
I'm so glad you picked that song
it can't be anything else
that's just who he is
and we're gonna get that this year
and it's gonna change everything
and as God begins to bring in people
you'll see people who want the blessing of covenant
but just don't know how to live in it
and you're gonna teach them how to walk in covenant

let's stand and pray
I just hear the Lord saying
I know many of you are waiting on me
I hear the Lord just saying that
I know many of you are waiting on me
for the reality of covenant to manifest in your life
a healing takes place
because covenant is between two people
healing takes place because I am good
and the moment you believe I am good
it releases faith inside of you
for something I did on the cross
it doesn't just release healing in the moment
it ties you into a covenant
I paid for you before you were alive
you're so good God
Lord I ask that
whatever needs to be transformed
in our hearts and minds
to live in the reality of covenant
you just do that right here
right now in a supernatural moment for us
we were born to live in covenant
we were born for the reality
come on sing it out sing it out
so you tell your heart believes that you are good
depression is breaking off it can't be
I see depression falling off of people in the room
and depression does not want you to sing this song
it does not want you to walk in covenant
it's the result of the lack of covenant action
and so depression is fearful
betrayal is fearful
today that we're gonna walk in covenant
not based on our performance
based on the goodness of God
can we just go there
can you just let your spirit rise above
and just sing out loud
and if depression and all poverty
mindsets are trying to hold you down
then that's your cue to sing louder
that's your cue to say hey
no more no more

let's go into that come on
let's do it sing loud
come on you are the
sing it come on you can't be
anything else you can't be anything else
just give her a clap please and
bless you more
come on rest some more rest some more
goodness is passing a spy you good
blessed are those who know the joyful sound
I mean that's the response of a people who understand
I'm in covenant
with a good god
worship
is the response of a people who understand
their covenant with a good god
30 seconds just tell him 30 seconds
take 30 seconds tell us the lovers
ha ha ha
ha I bless you with all my soul
with all that's entity I bless you
I forgive not all of your benefits
oh God oh Lord
who heals disease who forgives sin
who restores
who places his hand upon us
and favor rises out of the ashes
the god of my salvation
the god who is good
oh you're so good
Lord we just gives demonic experience of depression
notice right now
the goodness of God is coming after you
the goodness of God is coming after you right now
and every mindset
what if I've been walking outside of covenant
not knowing the blessings
praising myself for the next betrayal
bad thing or put me right back in right now
the guy who's gone before me
he's in my tomorrow
if you were there on the cross 2,000 years ago
surely you're in my tomorrow
and God we just say right now

that the reality of the people who are blessed
will rock this church this year
in the name of Jesus can you say that
