I love that part about  
about giving  
I love what  
we Learned in the gathering a couple weeks ago here  
that great event with Dennison  
Delora O'Brien  
Donna Clement and Donna Rigney  
and Charlie Jordan and their whole team  
that when Kim Clement was speaking to  
Steve Schulz from Elijah List  
and Steve was talking about um  
how do I give to you is there a  
is there a honorarium  
is there a certain amount that you charge  
and he said no  
because it's not about me  
but make sure that what you're giving is a sacrifice  
that's what Kim Clement told Steve Schultz  
make sure it's a sacrifice  
and I love that  
I love that  
um guys like that who get it about financial giving  
it's not just about supporting your local  
you know um  
church or non profit  
um I love that uh  
Chris Valaton says  
and he says this boldly  
to the people  
who think that tithing or giving is not New Testament  
and that we're just to be Holy Spirit LED  
he goes why don't those people ever  
get LED by Holy Spirit to give more  
haha isn't that cool  
isn't that cool  
we get so religious about stuff and use Holy Spirit

or the word religion for things we don't wanna do  
come on yeah  
you know what I felt like  
um the Lord  
I don't have a message today  
I felt like the Lord just said um  
the only thing he told me was don't forget the oil  
so I don't know who's gonna get  
doused today but um  
don't forget the oil  
so that probably means um yeah  
Holy Spirit wants to just do a lot of stuff today  
in our hearts  
you know um  
one of the things  
and I try to speak about this as often as possible um  
you have authority to the degree that you have love  
and then that goes tangible cause it's like  
well how do I intentionally release that love  
and so for me  
one of the ways was just to walk the region  
for a couple decades  
and just to walk the streets of the region  
walk the hills  
when I first got to bend  
the Lord said  
before you prophesy to anybody  
say to the mountains  
say to the hills  
and he sort of told me like Ezekiel  
just go out into the woods  
I I'm sure that probably some hunter  
or some mountain bike dude  
just sitting on a rock somewhere  
saw me prophesy and was like  
this guy's a nut  
um but that's what I did for a long time  
both in the city and out in  
in the in the region  
in the hills and say to the mountains kind of thing  
and what happened in my heart is I begin to do that  
is I would just sit and listen  
to how much the Lord loved this region  
and then I would just speak that Lord  
how much do you

love this region and then I would just speak that  
and as I became a conduit of what he was saying  
I started to  
get his heart for the region and just loved it  
and fell in love with it and adore this region and so  
um I feel like today the Lord just said  
let's prophesy over our region  
let's speak peace over our region  
and when I mean peace  
I mean shalom  
and one of the words of shalom  
one of the part of the words means authority over chaos  
and I just feel like if we would love our region today  
and love our region  
how many of you know  
one can put 1,000 to flight  
but to 10,000  
that's just  
it goes from 1,000 to 10,000 just by adding one person  
so what could we do  
here in this region  
if we spoke authority over chaos over our region  
you own this region  
this is your region  
you adore this region  
you love this region so Patty  
I've got a bit of a sore throat today  
but you're a lioness  
why don't you take the mic and lead us over in a in a  
in a rant in a rave  
over our region to release  
authority over chaos  
would you do that  
would you all stand  
let's let's speak over our region  
and and and  
and get in a posture of love  
and adoration for your region  
cause we're gonna tear down some stuff  
let's do it  
there's so much Holy Spirit in this room  
right now so full  
father we speak peace  
shalom over our region  
over our county

over our state oh my god  
and you speak this over your own region  
and your own state and country  
all around the globe  
amen amen wherever you live  
just agree with  
all of these things that we're gonna tear down  
and speak peace over right now in Jesus name  
come on in the name of Jesus  
where there's been envy  
we speak peace  
and when there  
where there's been strife  
we speak peace  
and where there's been betrayal  
we speak peace  
and where there's been murder and rape and pillage  
we speak peace  
where there's been lying and stealing and cheating  
and trauma and sickness and disease  
we speak peace  
where there's been death and accidents  
we speak peace right now in Jesus name  
where there's been abortion and demonic activity  
we speak peace  
in Jesus name  
where there's been blood spilled over our land  
we speak peace in Jesus name  
over every curse that's been over our land  
we speak peace over every heart  
over every relationship  
we speak peace over every marriage right now  
in Jesus Name  
we speak peace and life and hope  
over every child that's lost  
every prodigal right now  
we speak peace  
every prodigal in your family  
everyone you know who has a prodigal  
son or daughter or husband or wife  
you speak peace right now in Jesus name  
over every church that is in preaching the true gospel  
we speak peace  
in Jesus Name  
we speak life and hope and peace

over every heart in this room  
and over every heart that's watching online  
over every trauma  
in Jesus Name  
we speak peace  
peace yes just speak it peace  
say it peace  
say it peace  
peace peace  
keep saying it peace  
peace peace  
peace Shalom  
Shalom Shalom  
Shalom Shalom  
Shalom Shalom  
nothing missing  
nothing lacking  
we speak peace  
we enlarge the portal of peace over our region  
right now in Jesus name  
now James has served  
Deschutes County Sheriff's Department  
for more than a decade as a watchman over our region  
literally protecting this whole region with his team  
and and what a prophetic voice I  
I he's been a friend of mine for over 20 years  
and I just asked James to just prophesy  
with that authority that he holds in this region  
there is a tangible deposit that we each carry  
and that we must release  
and you know  
it's fun and games sometimes  
we don't understand the gravity of what we carry  
and what we bring  
and what we release in moments like this  
and in moments when it's just us and him  
um but I've seen that the Lord has blessed me to bring  
that heart to natural circumstances that only can be  
the chaos can only be controlled by the light of  
the release of god in those moments  
and I can't tell you  
how many times that I've been right on the edge of just  
the tangibility of evil and darkness and chaos  
and I just I'll get a phone call  
normally from my wife

and I'll think to myself  
who in the world would be calling me right now  
and it's always her  
and I say please pray  
and she knows exactly what to do  
and I can tell you  
I've been on that threshold and watched as  
I've asked God to deliver the darkness with great light  
and I've watched it turn  
I've watched it turn in a moment  
and he brings peace  
he controls and gives authority over chaos for us yeah  
not like the world brings yeah  
he brings peace  
yeah to us and we are the deliverer  
and the bringer of peace in this region yeah  
Lord I know there are jackals at the gates yeah  
I know that there is evil outside  
and it looks to enter and it looks to come in  
but you have raised up a people  
who have a tangible deposit in this land  
yes that the tears  
that the blood  
that the pain  
that the love has saturated the earth here  
that no betrayal has authorities yes  
that no fear has authority  
that none of man's agenda has authority  
but what is shot up from the ground  
is the deposit of love  
the deposit of peace  
and the deposit of authority in this region  
to hold back the jackals at the gates that say  
thus far and no more  
you may not enter  
and you will not  
and in one moment  
in one move  
in one moment  
and one move  
god changes the game  
and god gives us victory  
even when it feels we're at the threshold  
of great betrayal and destruction  
he changes the game in one moment

Lord God I ask that you put each man  
woman and child in those places  
in the gate  
god that releases the tangible song of their life  
the deposit of who they are  
for this region  
for its Protection  
for the release of love  
for the release of the presence of god  
known by the heart of man  
in this place  
in Jesus name god  
and we release it god  
we release the peace God  
we release the love  
we release the revelation and the encounter with you  
in this region  
in Jesus name  
yes yes God  
alright would you just take a second and just release  
God's love through you  
whatever you want to pray over your region  
this is your region  
whatever you want to pray  
whatever you want to prophesy  
just begin to go  
release the love of the Lord come on  
use your own words  
use your own mouth  
you can pray in the spirit  
but just release now  
release release the four winds right now  
we just call the angelic  
to the four corners of this region right now  
in the name of the Lord  
we thank you that enough is enough  
and today it shifts  
today it shifts  
the light of God's glory come into this place  
the light of God's glory come into our region  
yes come on  
yes come on go  
come on pray over your region yes  
yes pray over your region  
desire for the glory

you have been given favor  
favor by the most high god  
don't hold it back come on  
come on Lord  
come rend the heavens  
yes and come down  
yes God rend the heavens  
yes God and come down  
rend the heavens  
yes Lord rend the heavens  
yes and come down to every spirit of society  
every spirit of society  
run the heavens  
run the heavens  
yes God run the heavens and come down  
come on pray  
pray pray pray  
pray yes prophesy  
pray yes prophesy yes  
yeah bro  
the Lord says that I choose whom I will choose  
and no man wavers my heart  
and no man will move me off of my choice  
there's a deposit of favor  
from God where you walk up like a child  
and you just pull on him and say  
daddy I want  
and I know sometimes we mistake that  
and think it's selfish  
so we use that false religious humility  
and we push it down  
I couldn't possibly have that place with him  
and I'm telling you  
he said I chose you  
and when I chose you no one  
not heaven not earth  
not destruction  
nothing would move me off  
of my choice for you  
you may think that you've lived a life and lost a step  
you may think that you had favor in a season  
because you did good  
and then you lost it in you're trying to get it back  
I wanna remind you  
it's not dependent on what you do

you have favor to walk up to the throne  
to put your head on his chest  
to be valiant  
brave and a lion  
but full of compassion and kindness and gentleness  
don't forget the favor don't forget the anointing  
when the oil was poured on your head and he said  
come to me cause that's all he wants  
there's a scripture that uh talks about Asa and Abija  
and when the armies of the enemy were against Israel  
God had showed them  
how he responds when they shout  
and how he responds when they blow the show far  
and there were five kingdoms that were  
coming against Israel  
Asa and Abaja went out  
can I see that for a second  
they said they had a show far  
they had a horn  
god had told them to use whenever they needed it  
and he made a covenant with them  
that whenever they blew this  
and whenever the priest blew this  
that he would come and save  
he would come and rescue  
and that cool  
David turned it from this and said  
whenever I call on his name  
acts 2:21 says in it shall come to pass that  
all who call upon the name of the Lord shall be saved  
but they knew  
and five kingdoms were against little Israel  
we need to pray for Israel today  
but Asa went out full of courage and said  
I know you're with us and I know or against us  
and I know you're all unified five nations against us  
but we're in covenant yeah  
kind of like when David said  
who is this uncircumcised Philistine  
and he said  
you don't know what will happen to you  
if we blow this thing  
because we're in covenant  
I advise you not to come against us  
because as soon as we blow this your toast

wanna wanna blow it  
yeah I think we should blow it  
and I wanna be specific  
Lord I just thank you that as we blow this today  
you come and when you come  
you displace enemies and all of that sort of thing  
you bring the breakthrough  
you cause all the things that the  
enemy has been dragging on to just now break  
you displace  
you dispatch angels  
but the most thing that happens when we blow this is  
you you come  
and that's really what we want  
let's blow that  
yes Lord come on raise up a shout  
yes Lord would you just take a second  
and turn to someone on your right or your left  
and just take a moment  
and speak the word of the Lord over them  
you are say  
say something like you are  
and then whatever comes to your mind  
turn to someone next to you and say you are  
and then whatever comes to mind  
whatever God deposits in your spirit  
you are you are  
you are it's not  
you're gonna be it's not  
maybe it's not  
someday it's not  
I hope it's you are  
you are come on  
speak the word of the Lord over somebody you are  
you're a good father  
you're a good husband  
you're a good wife  
you're anointed  
you are loved  
come on you are you are  
you are  
thank you Lord thank you Jesus  
you are faithful  
you are someone needs to hear this  
you are not big enough to screw this up

you are gonna get 10 folds on the widows  
might that you gave  
wow wow what do you think just happened  
when we blew that chauffeur  
when we prophesied over our region  
one can put 1,000 to flight  
2 10,000 to flight  
thank you Lord  
thank you God  
now when you  
whatever you heard  
I want you to speak that over yourself  
because it's one thing to hear it  
but it's another thing to speak the word over yourself  
and get it into your spirit  
so whatever was just said to you  
now proclaim it I am  
that's so good  
come on yes  
Lord come on  
that is so good  
god woke me up early this morning and my wife said  
what are you doing  
and I said I'll make you coffee just wait  
he asked me to read Isaiah 55 where it's prophesied  
I promise you the unfailing love that I gave to David  
and power that comes with it  
the unfailing love covers everything  
it answers every question  
every forgives every sin  
it just removes all doubt  
it just declares that love  
takes everything and makes it right with Jesus  
yeah that's so good  
isn't that come on  
that's a good work  
you can sit down unless you want to stand  
did you when you were  
listening to the songs that we sung to the Lord today  
you know what stood out to me he is king  
every song was about how he is our king  
and I got to thinking about history  
I love history  
and do you know in history  
some scholars believe that the Egyptians

would worship and speak the name of whatever god  
that they were wanting to have produced something  
because they believed that when they spoke his name  
that they actually then controlled that God  
they appeased him enough  
they'd give offerings and appease him enough  
to where then they can have control over him  
pretty interesting huh  
now think of this  
this got me thinking  
if that's what the Egyptians believed  
and that's why they had all those different gods  
and some of the pharaohs you know  
they would speak the name and then they would envelope  
and they would gain power and control  
by speaking the word  
but God first spoke the word  
and he has us speaking his word  
over and over and over again  
but this is the thing that really stood out to me  
remember the Israelites were in the land of Egypt in  
under that type of mindset for 400 years  
do you think that got into  
the ingrainment of who they were  
do you think that that's how their minds  
their bodies  
things that they did  
do you think that  
that that was part of their everyday life  
no wonder when god came on the scene  
to free them from enslavement  
he did what he did  
he called them I am  
and he named himself  
and he said  
I will dot dot dot  
and as they came out of Israel and they had  
or out of Egypt  
they had signs and wonders  
and they came out of Egypt  
they were in the wilderness  
and yet that was still in them  
if we could just have the a golden calf made  
and then we can speak and we can appease it  
then we could have our needs met

wrong thinking God is not here  
God is not with us to meet our needs  
we were made to worship him  
and when we worship him  
we worship him not for what we can get  
you don't serve a king with an agenda  
that will not happen  
that king isn't there for your pleasure  
or for your bidding  
and today we worshipped the king  
we've saw him  
we said behold  
here's our king  
and we do not worship him for anything he can do for us  
we worship him because he's our creator  
and we love him  
we worship him  
because he is god of all  
king of kings and Lord of Lords  
right now many things feel twisted  
like Leviathan is among us in our land  
in our world  
he is rising to the scene  
do you know who Leviathan is  
the creature that twists and symbolically  
he twists thoughts words  
relationships  
he twists everything  
the word of god because he serves Satan  
and we in our rule are here to unpick and bring clarity  
to bring the truth to everything that is twisted  
and today and as we go forward  
we will unpick the idea and mindset  
that god is here for us  
today we are seeing our king  
and he is worthy to be known as king overall  
he is everything in his hands  
and we can entreat him and we can say oh god  
won't you run the heavens on our behalf  
and he loves that  
but we don't do that  
for a personal  
where we can control him now agenda  
I actually had someone one time say to me  
I'm so mad at God

because he isn't doing what I want him to do  
to make my life good  
and then they caught themselves and they were like oh  
oops was that out loud  
but you know what  
that's what we think sometimes  
I'm so mad at God  
because he's not making this happen in my life  
and I'm worshipping him  
sounds like cane to me  
we serve a king and we serve at his pleasure  
and today  
we and treat him we called on his name  
we prophesy his words  
but make no mistake he is king  
and if we try to put ourselves  
in a place of being able to control him  
that's the twisting so today  
search your heart  
is there any place in us  
that believes in the slightest little  
one degree off bet that we  
can control God  
cause that's what it ultimately comes to  
we can control God which is really  
do you remember what Satan did  
he said in the garden to Jesus  
hey just do this  
just do that  
remember those things  
what did it  
what was gonna  
what was gonna happen  
it was him saying you can control your destiny  
it's the ultimate humanism  
wrapped up in a form of godliness  
so as we and treat our god  
as we are going after god today  
as we are wanting his power  
we must also see the other side of that coin  
so to speak  
that we serve it his pleasure  
and that he is king and we don't control him  
but we freely give our everything to him  
and we serve him

so  
pray with me oh God  
open my eyes and reveal to me the places  
that I have felt like in my worship  
I could control you  
and forgive me  
I declare and proclaim that you are in control  
yes god that you are king and Lord of all  
there's like 300+ names of the Lord  
he made himself known to us with each of those names  
having an attribute  
I am the Lord who heals  
I am Jehovah Jireh  
your provider  
but what's different about our relationship with him is  
when we put him first  
he doesn't lose all those attributes  
he still becomes  
he still is the provider  
he still is the healer  
but the different about us is  
we don't have to manipulate him to get him to do that  
we don't have to  
like the Egyptians that she talked about  
they knew that if they spoke his name  
that whatever name they spoke  
they had authority over  
see it's a different shift  
the Lord says  
I actually will do all those things for you  
they got that from me  
cause I am the God who heals  
I am the God who provides  
but the shift is who is god  
who controls  
so he steal those things  
he hasn't lost that attribute  
and so today we just come humbly bold  
it's it's the color brown  
have you ever seen that sort of that mantle of humility  
it's sort of greyish brown  
it's uh the most uh  
revered mantle in heaven actually  
I've seen it  
literal angels bow one in

I don't know how many thousands of people have it  
but it's not very beautiful  
it's mostly drab  
um but the cloak of humility  
is an understanding and an awareness  
it has nothing to do with timidity  
does that make sense  
it's an awareness of  
not that I'm less than  
it's an awareness of how powerful he is  
the Bible does not say  
and many people misquote this  
John the Baptist  
I must decrease so he can increase  
that is not what it says  
it says he must increase and I must decrease cause see  
that's how it works  
when you see him  
you automatically know who's God  
I don't have to decrease in order that God may increase  
he's already huge  
if I choose to decrease  
it's because I've seen him increase  
and who wouldn't decrease  
in the light of seeing how big he is  
this is powerful  
all right let's continue in this come on up  
I gave this word earlier during the prayer time  
but I felt like we're all going  
that direction right now  
from the words and the worship and everything else that  
uh the other morning I woke up at 4 in the morning  
as waking up  
I saw a portal  
but it was all rainbow colored  
it just began to just open up  
and it opened up wide  
and then all of a sudden  
I saw a huge brown eagle  
there's brown  
there's your brown  
and to me that's humility  
and the portal opening up  
that was all the colors  
God is the covenant

god and he's saying to all of us is  
we are humbling ourselves under the mighty hand of god  
which we did today  
and as we continue that  
those portals of heaven  
are opening up with the promises of god that are  
yes and amen to each and every one of us  
that we will rise up in soar  
and today I believe there was a soaring  
but I saw it twice  
so this promise is coming forth  
how not the Lord reminded me also  
that the eagle also is America  
it will humble itself and rise up and soar again  
come on that's good  
that's so good  
all right  
I wonder if we could  
see something super cool happen today with this yes  
like if I poured all of it on every one of you  
and it just kept filling back up  
I got I got faith for that  
haha  
don't forget the oil  
I think that that's part of you know  
when the priests come before the Lord  
there's a cleansing that takes place  
and then anointing that come with oil that happens  
and I feel like part of today is that it's like we are  
we're saying in the spirit  
God were were wholly unto you oh God  
and we're sealing ourselves  
we're cleansing  
we're cleansing ourselves  
and we're now coming into being anointed by him  
and sealing ourselves  
holding unto him yeah  
yeah as the priests before him and so um  
I don't know how you're gonna do it I don't  
I don't know the way that that's supposed to be done  
but I felt like it was almost like  
you were to be a partner with that you  
it's like one thing for us to go wholly unto you  
or wholly unto the Lord  
you know what I mean sorry

um but it's another thing to say I dedicate myself  
holy unto the Lord  
I dedicate myself  
and so I wonder if you're supposed to come at and maybe  
anoint yourself do it themselves yeah  
holy unto God so um  
I submit that humbly before you Bob  
haha cause I don't know if that's right or not  
but no I love it  
I this is my favorite thing to do is facilitate  
how are you  
I'm good come on up at 7 a  
m this morning  
did you Cottage Grove and god said  
get your booty sister thank you  
back to bent  
so I drove from Cottage Grove to get here today wow  
so I mean business yes you do  
hi  
all right  
well let's do something fun with this anointing  
100% you came to get something  
all right thank you  
thank you all right  
so here's what um  
here's what I'm thinking um  
let me just set this up for a few minutes  
and this is what we'll spend our time doing um  
the priest Becky talked about the priest um  
they took the  
the sacrifice  
the blood of the sacrifice and  
and it was part of the priestly duties  
to put a little bit of that blood on their right ear  
I'm not gonna do that um  
on their right thumb and on their right toe  
remember that  
that was part of it  
and then once they  
the blood covered their right ear  
and you could spiritualize all of that the right  
that the ear here  
you know means hearing from the Lord here you know  
whatever the word of the Lord  
the right thumb

that's that whatever you put your hand to  
the thumb actually is the  
speaks of the apostolic anointing and then the walk  
the right toe  
the equilibrium  
the balancer in your walk with God um but the  
the cool thing about that is  
once they poured the blood on the right ear  
the right thumb and the right toe  
then they put the anointing  
oil on those same three things  
once the blood had covered  
then the anointing was released  
because God will only anoint what the blood covers  
thank you Lord for Jesus  
thank you Lord for the blood of your Son Jesus  
all this meeting and everything we do  
and those who watch us faithfully  
and I just love our tribe around the world  
we get so many great notes from you guys every week um  
Jesus's blood has covered you what more do you need  
Jesus blood has covered you as a kingdom of priests  
that you could hear his voice that you could  
whatever you put your hands to  
would prosper that you would know that  
and they went through that as a ritual  
we don't need to do that as a ritual  
but even without those things  
sometimes we forget  
we forget the reality of those things  
and so um today here's  
here's what I wanna do  
for those who want to  
nobody has to  
this is not a ritual  
this is not something we hardly ever um do  
um but we're following the Lord  
and that is that if you feel like  
you know what I came to get a fresh anointing  
um I have to say God will anoint what the blood covers  
any shortcomings any sins  
anything that you thought done covered  
let let's just  
let the blood of Jesus 1st cover us from head to toe  
any agreement that we've ever made

with the voice of the Evil One  
any any partnering with the devil  
any partnering with people who partner with the devil  
who say the things he says about other people  
etcetera etcetera  
all of that  
let's just get a washing  
let's just focus on the blood of Jesus for a second  
and the sacrifice that he made for every one of us  
and let's just let the reality  
Holy Spirit  
would you just let the reality  
that were washed and cleansed  
and that the blood of Jesus really is alive  
it's true it's real  
and it really cleanses us Lord  
forgive us for trying to cleanse ourselves by the way  
and Jesus we just receive your sacrifice right now  
today just in focusing on the blood of Jesus  
some of you are  
your bodies are gonna be made whole  
some of you  
your mindsets are gonna be made whole  
some of you  
shame is going to be dealt with  
cause that's what the blood of Jesus does  
it deals with shame  
it deals with the shame of our nakedness  
and it covers us  
and just focus on the blood of Jesus for a second  
to wash you and cleanse you and make you whole  
the blood of a spotless lamb  
it takes away all the shame  
and the things that we strive to do  
to cleanse ourselves  
it is the opposite of Cain's offering  
like Becky said  
and so Jesus  
we just thank you for that  
and we just thank you that your blood covers all of the  
excuses for why we can't do this  
and so why we don't think we can  
why we don't think we're qualified and all of that  
that the blood of Jesus just covers all of that today  
and if there's someone watching or in this room

and you never given your heart to Jesus  
to know that cleansing  
today's a good day to do it  
don't you leave this place  
without finding someone to pray that prayer with  
ask the Lord Jesus to cleanse you from all  
unrighteousness  
and he'll do it  
just that simple  
that easy so Jesus  
we just receive today the blessing of your blood  
and now Holy Spirit  
I just ask that you would anoint this powerful tribe  
and those who can't be here physically  
that the anointing of God knows no limitations  
it knows no bounds  
and so Lord  
we're asking that from this place today  
that you would commission people Lord  
to be the Christians that you've called us to be  
to be the ones who are so confident  
in the blood of Jesus  
so confident that we're white and holy before you  
and cleanse before you Lord  
that the anointing would just then be used to break  
the yoke of bondage in all of those that we meet Lord  
that we would just carry an awareness of your presence  
like we've never known before  
so Blake would you just come up and play  
for a bit stir up  
the atmosphere I'm just going to ask you to come  
um I sort of  
in the anointing oil  
came from the school of the Argentine revival  
with Carlos Anaconda and all those guys from Argentina  
that literally would bring a gallon of Wesson oil  
and just they would all get in a circle  
and pour it over their hands  
and the power of God would hit them so strong  
and some of them would fall to the ground  
and then they get back up  
and go into the crowds of thousands of people  
and just start laying hands  
hands dripping with Wesson oil as they poured  
it on each other

I love that messy raw  
let's go after it  
so we have the Cory 10 boom little vial today  
and so we're just gonna trust the Lord to do something  
so what I'm gonna do as I'm just gonna leave this  
and if you wanna just come and do this  
you can do it on your right ear  
your thumb your toe  
you can do it on your forehead  
but this today is just a sign  
the oil in Scripture represented the anointing  
it was the oil of the Holy Spirit  
it was the fragrance of God's presence on our lives  
and so I'mma get me first  
and if you just wanna say Lord  
I thank you for your anointing in my life  
I receive it and as this prophetic act  
I just am gonna believe on a whole greater scale  
that I'm anointed of you to love well  
to look for ways to release your kingdom  
but most of all to see Jesus  
to hear you  
to touch what you touch and not touch what you're not  
to keep these hands holy  
to keep my walk circumspect and ever before you  
this is a new day that's you  
I just want you to come up here just one by one  
let's just create a line  
and I'm just gonna pray over you as you come  
yes the top of your head to the soles of your feet  
right now the top of your head  
to the soles of your feet
