Topic Sentence: There are songs of deliverance woven into your story that release heaven's praise and make darkness shake as we declare the majesty of King Jesus.

all right we got some declarations to make
like Smokey and the Bandit
I'm gonna say
we got a long way to go in a short time to get there
and so um we've got some things that we need to do
and I wanna talk about this three year um
deliverance that I've seen happening now for
for three years
and I want you to see yourself um
I was with the Lord and just saying god what
what characterizes
the season that the church is in right now
not just for us here at Eagle Mountain
but like the global church
what are you doing in the global church
and I saw as crossing through the Red Sea
going across on dry ground
but that it had taken three years to cross
and I said Lord
I remember though that you showed me
we were going up the mountain
we were ascending into the glory
and then all of a sudden he like took me Google Earth
and I could see that the ascending
was the ascending out of the Red Sea
and that we really were just getting started
in comparison to what he has for us in 2023
and all of the things
and I started thinking about
all of the things that we are leaving behind I mean
you just think about
what you're leaving behind for a second
think about what you've walked through
what the lord's taken you through
think about the mindsets that have shifted
all the things that God has spoken to your heart
and said listen

this is the song that I want you to sing
I want you to know the song of your own deliverance
I want you to
know that song word for word by heart
I want you to know what I've done for you
I want you to know what you have said yes to
and I want you to keep going keep going
you're now ascending
and everything that was behind you
everything that you've come through
I have literally destroyed
it is in your past
it is in your rearview mirror
like remember when he said to Israel
today you will see your enemy no more forever
no more forever
all of those things that used to
and I saw like mindsets
I saw like um
demonized mindsets
I saw generational curses
all the just stuff that keeps you
and I limited the Lord was like
you will see them no more forever
in this season
you've got to be able to sort of
put language to what God's been speaking to you
and if you can put language to it
then it becomes your song and your song of deliverance
and in the book of revelation
there are two songs that we sing at the end of the age
and your Bible says that we sing the song of the Lamb
that's the song unto the person of Jesus
it's kind of like a lot
what we were singing today
wasn't it Blake Jesus
and we will sing the song of Moses
and that song of Moses is found in Exodus 15
and that is what happened
after the people of god came out of slavery
it was their song of deliverance
it was their song of
look what just happened for us
look what god just did for us
there's no way we could have gotten
ourselves to this place
we just had a

and we thought that the enemy had
and he thought he had getting us down into a Box Canyon
and we were trapped
and God said no
I've actually just set you up for a miracle
I set you up for a miracle
like how far do we need to go in history
in the political scene before the Lord goes
are you ready for a miracle yet
like only I could save this nation
are we there yet
are we down a Box Canyon yet
where god says only I can step in
and he just teased it up that way
I'm convinced that when the Lord says
I prepare a table before you
in the presence of your enemy
you know David
uh pin that in some
he prepares a table for me
in the presence of your enemies
my wife got an amazing revelation on that one time
and I just like
was rocked by it
and the Lord said to us that when I prepare a
table before you and the presence of your enemies
that means sometimes your enemies
are gonna be a little closer than you want them to be
like in the presence of your enemies
but while you can focus on the presence of your enemies
part of that verse
or you can focus on the table part of that verse
and the Lord begin to show back in
and me and she just gets these phenomenal revelations
but he begin to show us how
when God wants to do something amazing
and just rub the enemy's face in it
he'll bring him close
while he gives you access to a smorgasport
he'll bring them close enough to watch your success
he'll bring them close enough to see
that you have unlimited access
even though you can feel your enemy right here
you're sitting at the table
and God does that
now we don't wrestle against flesh and blood
but the enemy needs to see

that he fell into the trap of the Lord
Heyman needs to see that he's getting hung
at the gallows that he set for you
that's what I love
we just added to one of the names of the Lord
Jehovah sneaky
when he just comes in
and works all things together for your good
do you have vision for that
do you have vision for that
yes I love talking about awakening the Dreamers
we watch this video in our tribe essentials
um night this last Wednesday
and I just love talking about awakening the Dreamers
and I was talking to a group of leaders
this last week about what that looks like
and you know
it's important that you and I are dreaming
it's important that we're writing down our dreams
we're putting a demand on the anointing
and how do you know if someone is dreaming right
you've got the younger ones that are thinking about
days to come
and they're
they're dreaming big
and they're swinging for the fence
and that's kind of like this culture
where you're just like
oh I feel like we're dreaming healthily
we're actually believing for things that there's no
way we can pull off in our own strength
and then for the old Olders
the seniors
how they're dreaming is you know
that they're not thinking about hanging their mantle
on a hook somewhere
they're more shouting to the Youngers
catch me if you can
that's how you know you've got a dreaming culture
if the olders are thinking about hanging it up
and they're starting to spiritualize
the mantle in the passing on
I'm like no
that's okay
you don't need to do that
don't quit and you know
religiously

you need to be shouting
catch me if you can
you need to be shouting
catch me if you can
catch me if you can
now a lot of what's happening in this deliverance
I'll tell you this
I think the lord's been speaking this to you as well
but the lord's been speaking to me that
forgiveness is key
as you're coming out
as we're all ascending
forgiveness is key
there's a lot of things that
sort of detach us from the past
you know there's betrayal that's happened
there's all kinds of things that have happened
um maybe in your life
maybe the pointing finger
maybe accusation
maybe whatever it is maybe
maybe you did some stuff that you're not proud of
and you've got to forgive yourself
but forgiveness is key for ascending right now
are you just can't get out of the smells of
of the Red Sea without forgiveness
you just can't
you can't advance like you want to
and we just need to make some declarations today
so I want you to open your bibles to Exodus 15
and I wanna go through the song of deliverance
the song of Moses
and I wanna start at verse one
and I want you to see yourself
as we go through this powerful truth
this literally is the song that they sang
on the other side of the Red Sea
God has just done something amazing for them
and verse 1 of Exodus 15
it says this
then Moses and the sons of Israel
sing this song to the Lord saying
I will sing to the Lord
for he is highly exalted
say highly exalted
the horse and its rider he has hurled into the sea
the Lord is my strength say my strength

my strength wow
he goes on to say not only is he my strength
but he's my song and he's become my salvation
say my salvation
you get it it's a personal song
he's your strength and your salvation
not just ours in general
but he's yours
he's my strength
he's my song
he's my salvation
this is my God it says
and I will praise him
now he made covenant with those who've gone before me
so I have my own journey
he's my God
but it says
he's also my Father's God
like I'm drinking from a well that I didn't dig
the covenant goes beyond me
so if I'm ever wondering
in some sort of slave mentality
if God really is with me
I can remember
not only is he with me
he's fulfilling through me
what he promised to those before me
you ever seen the great cloud of witnesses
I've had a few encounters
with the great cloud of witnesses
one time I was in Canada
and I had flown up there for a company
and we were doing some stuff at Whistler Blackholm
and um we were flying home
and all of a sudden
I looked out the window of the plane
and I saw this poofy cloud
and it was just beautiful
but very thick
and it stood out thicker than the clouds around it
and as I looked
suddenly my grandfather
stuck his head outside of the cloud and goes run
Bobby run Bobby
and I was like what
and I'm looking out the window of this plane
and I'm like

you guys see that
and it was a company plane
so we had got into our first destination and landed
and they were able to get word to the pilot
in the company plane that they needed to reroute me
because my grandfather had just passed
while I was in the air
I saw him literally stick his head out of the cloud
his new home
and say run
my name is Robert John
because I'm named after him
his name is John
and those moments where you find
out that what God's doing in you is bigger than you
something solidifies inside of your heart
and it's no longer only about you
you find that at that point
you're not big enough to screw this up
there are generations
there are generations before you
and God has a promise to those generations
and you get to be a part of something that's
bigger than you
you get to drink water from a well you didn't dig
he has become my salvation
my god I will praise him
but he's also my Father's God
and I will exalt him
the Lord is a warrior
nobody had ever
called him a warrior in the scriptures before
they're just trying to explain and trying to sort of
process what
it just happened
through a great deliverance in their calling god
by new names that they've never called him before here
too for in scripture until now
let's call him a warrior
cause he just like with the blast of his nostrils
took out our enemies this god is fierce
he's a warrior
the Lord is his name
Pharaoh's chariots and his armies
he has thrown into the sea
and the choices of his officers
the best of the best of the best of the best

we're no match for God that they're taking time to go
dude the best of Pharaoh was no match for God
kind of like when soul sent
35 hundred of his assassins after David for a decade
no match
just say that no match
and the choices of his officers
are drowned in the Red Sea
do you know what the
actual name for Red Sea there in the Hebrew means
the sea of reeds
does that remind you of anything
the sea of reeds
remember when
you know they're crossing over the Red Sea
but it's really called the sea of reeds
they're crossing over the sea of reeds
and that sounds familiar to me
I remember when Jesus said to Peter
your name is Simon
which means reed
but by the time I'm done with you
you'll be a rock
we're crossing through the sea of immaturity
the sea of reeds
but we're ascending a mature bride
all that he's taken you through has not been to you
it hasn't happened to you
it's happened for you
that's just how he works
nothing happens to you
all things happen for you
I mean there's purpose and there's destiny
your that's why we say around here
we're not waiting for it to start
don't say I think revivals almost here
say it's here we're not waiting we're not waiting
the sea of reeds
this crossing over
is a crossing over into new levels of maturity
that's what's going on
verse 5 goes on to say
and the waters covered them
the armies a pharaoh
and they went down in the depths like a stone
they dropped like a rock
and they go right back to praising the Lord

remember this is a song
your right hand
Lord is majestic in power
your right hand Lord
destroys the enemy
and in the greatness of your excellence
you overthrow those who rise up against you
you send out your burning anger
and it consumes them like chaff
at the blast of your nostrils
the waters were piled up
and the flowing water stood up like a heap
the depths were congealed in the heart of the sea
and the enemy said
I will pursue
I will overtake and I will divide the spoils
you ever heard
the enemy saying that to you in the last 3 years
ever felt him just on your tail
I will pursue
I will overtake
I will divide
divide the spoils
I mean when your enemies that close
where you actually know what he's saying you know
sort of what his mantra is and what he's going after
and what he's speaking over you in the spirit
you can hear that narrative
but not let it sink into your heart
he says I will pursue
I will overtake
I will divide the spoils
and I shall be satisfied against them he said
I will draw my sword and my hand will destroy them
he said but you blew with your wind
and the sea covered them
and they sank like lead in the mighty waters
now you blew with your wind
your wind is the ruok
it is the divine wind there
that's what it talks about
it's the very Holy Spirit
it's where you see Holy Spirit show up
in the whole Red Sea crossing
you blew with your wind
it's not just a wind
it's the person of the wind

the divine wind the Ruok
Holy Spirit shows up and says
this is where I do my best work
God blew with the spirit wind and covered them
and they sank like lead in the mighty waters
who is like you among the gods Lord
now they're comparing him to anybody else
and everybody else
and the gods that they had recognized
from where they had just been in Egypt
they're going
oh my goodness
and all of those gods that we saw them sir
choose that they made out of gold
all the things that the world's doing
they're like no God can do what you just did for us
who is like you among the gods Lord who is like you
majestic in holiness awesome in praises working wonders
now that's the song and they're just getting started
like that's the template song for your deliverance
like every one of us has our version of that song
you will know the song of the Lamb
and you'll sing the song of Moses
those who overcome and make it through
they'll sing two songs
the song of the Lamb
he is my intimate friend
he is my savior
he is the Lamb
who was slain before the foundations of the world
and the song of Moses
he has brought me out
are you familiar with your own story
when's the last time you told your story to somebody
when's the last time you were able to shout
about what God has done for you
when's the last time you just spun violently
in the kitchen
right I mean
when Jesus commissioned the 70 to go out
and they came back and they said Jesus
they were super excited
they were pumped
they were said
even the demons are subject to us in your name
your Bible says
and Jesus praise the Lord

and the word there for praise means to spin violently
and he said father
I thank you that you've made these things known unto
the babes and hidden them from the wise
they're starting to get it
he said the babes
look at I chose these guys
and they're stirring up the atmosphere
people are getting saved
people are getting healed
people are getting delivered
and they're now coming back to tell Jesus
Holy Ghost stories
that's the best kind of ghost story right there
let's get around the campfire and tell ghost stories
of what Holy Ghost has been doing through our lives
and Jesus spun violently and praised and said
father thank you
but here is his response to that
while you were doing that
I was watching Satan fall like lightning from heaven
while you were doing that in the natural
and while you were connecting with man
while you were healing the sick
and raising the dead and casting out devils
I was looking into the heavenlys
and I saw Satan fall like lightning
while you were doing that
what happens when we get it
he's hidden those things from the wise
the ones who need to look good
and he's given that to us
the ones who aren't afraid to roll up our sleeves
and just get messy
there are sometimes
the Lord says Bobby
when you go to church today
just between you and me
now I'm sort of telling on myself
roll up your sleeves as a prophetic sign
just go do the hard work
just go get messy
I dare you to start three revivals
that I've never called you to start
boom go live from a green light
live from a green light
look for me

watch for me
let's do something fun today
you know that
that's kind of what
how I woke up with the Lord this morning
let's do something that challenges the status quo
let's get outside of the church of the Pharisees
where man is focused
you see what we did last week
when we got in the round with the Bethel students
and we just said Lord Jesus
take center stage of our lives
of this church
of the church globally
we get to do prophetic acts like that
for the whole church
for our whole region
and for the globe
those are way bigger than sometimes I think we think
but we're a forerunner
we're a people that have got to be okay
being a forerunner
in Numbers Chapter 14
God's people had crossed the Red Sea
and it's one thing to take people out of Egypt
it's another thing to take the Egypt out of people
and so not long after they cross
they like start wanting to go back
they start you know
condemning Moses and Aaron
these innovators
and you had some that were praising
and dancing and singing
but it wasn't too long after that that
you know they go by the waters of Miraba
and it's kind of a spiritual condition of
the bitterness that's in their heart
God starts dealing with that
and then they throw the
the tree in
which symbolizes the cross
and they're like hey
you need to apply the cross to that bitterness
to get these waters healed
and suddenly
they could drink clear water and
see things a different way

because they applied the cross to their past
I remember when the Lord told us to go to
the headwaters of the Deschutes River
he said Bobby
more than you know
this region will thank you
if you just get up to the headwaters
and like Jeremiah did for Jericho
pour salt at the headwaters of the Deschutes River
to heal the land of bitterness
so I remember reading about when Jeremiah did that
and I was like oh yeah
that's right
so I did and we went up there with a bunch of ancestors
and that was super
super fun and just watching the Lord
do something that was supernatural
we didn't advertise it
we didn't try to hype it up and make it a big deal
we were just watching ourselves follow the Lord
and I remember feeling the pleasure of the Lord as
I began to intercede for this region
something clicked in my heart
and I begin to adore this region like
like love it
it was later that the Lord started speaking to me about
the reason why I gave you a love for this region is
cause you can't have authority over
anything that you don't love
you just I have to do love first
and then you can grow in authority
and so I do
I just adore this region
and then he started
doing that with other nations and places inside of me
Bobby I'm gonna send you there
but I need to give you love months and years in advance
so then when you go there
you have 10 times more authority
than if you were just to go there without
adoring that region
and so in numbers 14
you know the people are starting
I don't know
I don't know
I mean it was a great deliverance and gosh
that's kind of in the rear view mirror now

and I'm kind of wanting to slip back into old patterns
and Moses he goes from being this innovative leader
bringing them out of slavery to his
he can feel his role as shifting into chief intercessor
for the people of god
and God's like
I am so frustrated after all I did to bring them out
Moses stand aside
and Moses just dives in front of
and he goes no
I will not stand aside
and here's what he said in numbers chapter 14
beginning at verse 13
but Moses objected
this is he knows he has this clout with god
because of their relationship
and Moses objected and said
what will the Egyptians think
not the Egyptians who are dead in the Red Sea
but the ones who are left
remember God's got a plan to show them his power too
not just Israel
and Moses says
what will the Egyptians think
when they hear about it
he asked the Lord
they know full well the power that
you displayed in rescuing your people from Egypt
now if you destroy them
the Egyptians will send a report to the inhabitants
of this land
who have already heard that you live among your people
they know Lord
that you have appeared to your people face to face
and that your pillar of cloud hovers over them
they know that you go before them
in the pillar of cloud by day
and the pillar of fire by night now
if you slaughter all of these people with a single blow
the nations that have heard of your fame will say
the Lord was not able
to bring them into the land that he swore to give them
like that was that moment where Moses was saying
come on they're
they're already
thinking he had the power to bring them out
but he is he able to bring them in

and I just wanna declare to you
that not only is the Lord able to bring you out
but he's able to bring you in to your promise
it's not enough for God just to bring you out
I mean I got healed last week of floaters
remember one of the Bethel students was like
anybody have floaters
and I love how it was all innocent
and I was like yeah
me and a couple others and I just
I was standing right here I remember that
and I looked right into that light and I was like
dang they're gone
and so I just got
I was just you know
did what any glutton would do
I was like Lord
if I found favor in your sight
not only heal my floaters but
and I just pulled out the Uzi and just like
let him have it
I wanna operate as a son
there is nothing that we have to earn
this afternoon
I'm speaking about revival and making revival stick
and one of the things that the lord's told me to shout
at this conference that I'm speaking at is
you can never earn revival
as much as people are gonna say hey
if you just get yourself in the prayer room
or if you just start crying out for revival he'll come
and that's partly true
but it's you'll never earn revival
what about the times
that God showed up and brought revival
because the place was so dark
they were on the brink of judgment
and so we sent revival instead of judgment
because mercy triumphs over judgment
they didn't earn it
Lord let it not be said
that you were able to bring them out
but you were not able to take them in
to the Promised Land
I'm telling you that in this season
there's so much to be released
if there's people you need to forgive

as I mentioned earlier
just put that on your heart
let's begin to think that through
and just so Lord
I don't want anything to hinder me from coming out
it was maybe wrong what somebody did to you
and that was wrong
but don't let it be a part of your life now
five years 10 years
20 years later
it was bad enough that it happened then
don't let it keep happening
because you're holding Unforgiveness
I saw us coming out and marking um
like with one of those stamps you know
paid in full
like on every interpersonal debt
like some people go now
I can't forgive until they
they haven't said sorry
they haven't changed
I won't forgive until they don't wait for them
cause you're the one that suffers by waiting
just Mark paid in full right now
just forgive
that's how it works
that's what Jesus did
I'm not gonna wait until you get better
to go to the cross
I'm going now
I'm gonna Mark paid in full right now
while you were yet sinners
Christ died for you
the Bible says
Psalm 1:39 let me read this over you as we sort of
close a little bit
and then we'll see what god wants to do
through ministry
Psalm 1:39 says this
for you created my innermost being
you knit me together in my mother's womb
I praise you because I'm fearfully and wonderfully made
your works are wonderful
and I know that full well
my frame was not hidden from you
when I was made in the secret place
when I was woven together in the depths of the earth

your eyes saw my unformed body
all the days ordained for me
some of the translations say
all the days that I should live
were written in your book before one of them came to be
let me read that again
all the days ordained for me were written in your book
not just like the number of days
but the things that you would experience
we're written for you in a book
do you know there's a book with your name on it
Bible super clear about that
half a dozen times
all throughout scripture
there's a book with your name on it
all the days that you should live
Psalm 1:39 is saying
we're written in that book
not just the number of days
how precious to me are your thoughts and how vast
David said is the some of them
I'm gonna ask you a question and then I wanna pray
if there's a book with your destiny in it
if there's books of destiny
that have your future ordained in it
and make sense of your past
wouldn't you wanna check out that book today
from the library
wouldn't you wanna know
wouldn't you wanna see
wouldn't you wanna peer into that book and
see things from God's perspective
oh I thought you were just bringing my enemies close no
I was bringing them close enough so that they could see
when I give you access to everything in heaven
I remember when it shifted for me
one time with Graham Cook
Graham Cook says man
I was traveling and I was speaking at a conference
and I went to my hotel room
and I could feel it
the enemy was like waiting for me in my hotel room
and I was like oh man
I've had that so many times
so many times
I remember we were speaking somewhere
or going to a conference somewhere

and I laid on the bed
as soon as I got there
and Becky and I always pray over the hotel
where you guys all do that bloodline
you just like filter everything out the window
I do that cause I've Learned to do that
I remember before I Learned to do that though I was
I lay down on the bed and soon as I did
I started having horrible like pornographic thoughts
as soon as I laid down
I was like whoa
I jumped right out of that bed
and I could still feel it on my back
I was like all right
Becky goes we need to pray some more
and I said no
we need to tear this mattress all
I tore the mattress off
and it was just line with dirty magazines
between the mattress and the box spring
it's like who does that
so Lord you brought us here
we this stuff doesn't just happen to us
this whole facility needs a cleansing today
you brought the wrong dude here
in room 1 13
you brought the wrong dude here
like Graham Cook says
I remember I went to my hotel room
and the enemy was so thick in there
I asked Lord
what's the strategy today
he said go walk up to the door
and just wave your hand over it like this
like you're sealing it shut and seal all the demons in
and he was like all right
and he just did that with his hand
and the Lord was doing something in the spirit
and then he goes
now go over and crank worship music
and he said
all of a sudden he could just see the demons gone no
just screaming at the top of their lungs
cause they were locked inside a room with um
worship music
and he said
oh and he said yeah

what I did was I I snuck out before I did it
and I sealed it from the outside
and I went and spoke at the session
and I came back and the music was still cranking
and they were still all freaking out inside there
let me out let me out let me out
I mean when you just live that way
you see things from a different perspective don't you
nothing happens to you everything happens for you
so I wanna lead you through a prayer like like
not Leilani Peyton
you're gonna help me with that prayer aren't you
stand to your feet
stand to your feet all
let's let's
let's make some declarations
this is about your book
this is about the retrieval of your book
this is about finding out what god has for you
instead of waiting waiting
waiting waiting
and this is about you understanding Psalm 1:39
go study it yourself
don't just take my word for it
go study it yourself and find out
there's a book for you
wouldn't you wanna know
what's on the pages of that book
and so I just wanna pray
and I want you to read this with me
and declare this with me as we go through this
and this is about retrieving your book
and anything that you're not aware of
that's in your book
or anything that you're not walking in
that's in your book
we're gonna get that back today
we're coming out
and we're gonna get back what's in your book today
so say this with me
put it up in Lord Jesus
I wanna thank you today that there is a book
about my family keep going
I want my book
if there is anything that is controlling
possessing or delaying my book
I declare the full release of everything

that you have prepared for me
everything that pertains to life and godliness
your word says that I has not seen nor ear has heard
the great things that you have prepared for me
so if the enemy and any demonic powers
through covenants with
has taken possession of my book
I want it back
I repent for myself and the sins of my Father's
and any agreement that they made with demonic powers
I asked for the blood of Jesus to speak on my behalf
and to annoll
every right of demonic powers to hold my book captive
I ask for those contracts
and covenants to now be annulled
and I command my book to be let go from demonic powers
that would be holding it for any reason
in the name of Jesus
father I ask for your angels to be released
to retrieve my personal books
and the books of my family
Lord I ask that the years that have been consumed
by devouring forces and the productivity of those years
would be restored to me and to my come on
and the chaos that has resulted
because of us not having our book
would be restored 100 fold
I ask that there would be restoration
and that would come to us and our family line
from this day forward
father I ask you for this
in Jesus name now Lord
let the angels bring me my book amen
yes sir
now stay standing
I just wanna declare a couple things over you
as a Shepherd in your life
as a father
I just wanted to crave this father
I ask that the angelic powers of heaven would bring
the books of destiny to Eagle Mountain
Apostolic Resource Center right now
I declare and I decree
a full release of the scrolls from heaven
and anything that has been lost
or anything that has been taken
captive from Eagle Mountain Apostolic Resource Center

now let it come back to your people
in the name of the Lord Jesus Christ
by the blood of Jesus Father
release forgiveness right now
if any moment we have not stewarded our books well
and for taking them for granted or treating lightly
destiny and the purpose of god in our lives
I'm asking now for these things to be released
and open to them right now
even now Lord
open these books to your people
thank you Lord
for your kindness
now Holy Spirit
Great Holy Spirit and angels of god
would you now bring the books
of destiny to Eagle Mountain Apostolic Resource Center
all those here
all of those watching online
all those who couldn't be here
that are a part of this tribe
now restore any desolation of generations
and let the books be completely restored Lord
in the name of the Lord
I declare a restoration of destiny over you tribe
I say that there is a sense of destiny that overtakes
you from this day forward
and I prophesy together today
right now that hindrances are broken off of you
and off of your family line
that you shall have a sense of destiny
and purpose from this day forward
that you and your family line will begin to walk in
in the name of Jesus Lord
let the books be open to their current place
I don't want just a book
I want it open to the current place
I call your relationship with god current
I bring you forward into the pages for today the place
the spot in the book that's supposed to be open
for your life today
not last year
no longer behind and no longer ahead
I bring you current to the pages
that were destined to be open today this hour
and I decree right now that you are not behind
and I thank you

Lord that we're not ahead of you
I thank you Lord
that we're right in the center of your perfect will
now let the pages blow open
and let there be an unsticking of
the pages from the past and a moving forward god
into the future
everything that's been locked up is now unlocked
I decree and unstopped
and you are coming into your current place
the present place
the present truth that God has for you
so that you can move into destiny that God has for you
I declare that there is no more dread
about your destiny
there's no more regret about your destiny
I declare that right now
in the name of Jesus
now I decree joy over your destiny
excitement over your destiny
as you move into the future with your god
from this day forward
I decree it
can we give the Lord
a shout of praise for that yes Lord
yes God
yes God
favor provision
the feeling of living life under the smile
of your other father
the joy
that you find out that it was never about your savvy
it was more about a supernatural god
who's willing to break in on your everyday
I see it all across the room
shackles are breaking off as you're coming out
as you're ascending
the last three years
god said enough is enough
enough is enough
enough is enough
god says over our country
over our nation
enough is enough
enough is enough
enough is enough
enough is enough

enough is enough
enough is enough
enough is enough
I just heard him say
I'll turn your indictment into your excitement
come on come on
enough is enough
enough is enough
but I thank you
I saw the Lord cut the head off the dragon
and that prophetic play on words
that when things drag on
is because of the work of the dragon
he likes to drag them on
and God goes and cuts the head off of that leviathan
and breaks the power
of stalling things that should have been done before
now God brings you current
God brings your life current
I declare freedom over you
I declare freedom over you
I declare freedom over the people of god
signs and wonders and miracles destiny
all oppression
all demonic oppression come up
and come out in the name of Jesus
come up and come out in the name of Jesus
ha thank you father
for empowered Ecclesia
we say Jesus
you are the center yes
we love relationships yes
we love people
but you are the reason Lord
the marching orders the
the scrolls of destiny that are rolling out this day
you're gonna start to have encounters with your books
right now you're gonna start to see
what is written on those pages
who wants to see what's in their books
come on come on
so as Bobby was talking
he talked about
that the Lord gave him this Google Earth
did you guys remember when he said that
so when he said that
I saw this picture of

you guys ever use no Google or this
like this like
website go to
you could like see the earth and go to any address
so when I saw that it could
we kind of zoomed out and he was talking in his message
and I saw this earth
and it was a puzzle that was complete
with a couple pieces missing
has anyone done a puzzle with a couple pieces missing
the Lord has showed me this similar thing
like several times the last couple months
so I just looked up right now
right now today
right now today
8,025.376 million puzzle pieces
that's how many people there are alive right now
so every single person
that's alive right now is a piece
and the enemy wants to take this identity
and steal the book that Bobby's talking about and
and put that like
the piece under the table
across you know
over and then slip down into the register
and fall into the AC unit
so that you can't be part of what God's doing
but if your heart is beating right now
then you're a part of this
I just look this up 8 billion
eight billion is a lot
8,025.376 million people
that's how many pieces
and there's not room for
one to fall down the air conditioning register
there's not like
there's not one
so I feel like there's something super
important that god is doing right now
with regards to these books this book
the instruction manual of where our puzzle pieces fit
and the enemy wants to convince us that we're not
important that we don't matter
but anybody that's in a puzzle with one piece missing
knows how irritating that is
cause it matters
the one piece matters

so I think we should do some time
we should pray over you guys
I think the ministry team should be released
and I think we should just spend some time
just asking the Lord to restore to us
the confidence that we have in our part
that we're not an accident
that we're not a mistake
that there wasn't just like some leftover parts
and god put it together
but he designed every single one of us for
a purpose on purpose
before the earth was formed
that's what the scripture says
before the earth was formed
he had a plan for right now
for all 8 billion of us
so I'm just gonna pray
and then I think you should
you should pray
and we should
just continue to release this
because I feel like right now
we need to declare this together as a tribe what
what God is doing
so father thank you
for what you're doing
you're not bound by time
so so for you
it's already happened
this incredible things that you're doing
so we just say
yes to what you're doing for us
that we're get to experience
and we say yes to the plan that you put in place for us
before the earth was made
you had a plan for us
and you had a book for us
and in that book
there's a place
and there's a part
that we're supposed to fit into this grand
amazing plan that you have
and just like the song that they were singing
they're playing
like right now
like you're in control

like you designed the puzzle
and there's a place for us
and our assignment in that puzzle
and it all waves together
to this beautiful picture that you're unfolding
that's that's the heaven on earth peace
so we just say yes
and amen to everything that you're doing right now
and we just declare it
right now Lord
we wanna serve
you in every single thing that we're doing
while all of the distractions to fall away
we wanna keep our eyes focused on you Jesus
in Jesus name amen
all right here's what I wanna do
um I wanna turn this whole place into a ministry time
so ministry team you can wander around too
but here's what I want you to do
I just scan the room
there doesn't seem to be any weird people here
um so I think we're safe to do this
I want you to team up and I want you to close your eyes
and I want you to peer into the book of destiny
of the person you're praying for and go
I see this I see this
and just dream
swing through the fence
let abundantly above all that you can ask or even think
and begin to speak into each other's destinies
and then the other person gets to do that and go
I see this over you
and if it fits
then take it
if it doesn't fit
then toss it
but if it fits
then take it
and let's go up a few notches
so father I just pray right now
a corporate encounter
with the prophetic books of destiny
now go find someone beside your spouse
haha to go team up with
go mobilize right now
let's take a few minutes and do this
go find someone to speak over

beside your spouse
and just close your eyes
and begin to prophesy the glory of god
the destiny of god over each other
if three of you have to be together that's fine
spirit of wisdom and revelation
and the knowledge of god
those watching online right now
I declare your books open to you
it's 12:12 right now
in the name of Jesus
I declare and decree your books open to you right now
in the name of the Lord
release the books God
release the pages of the books God
you know who I am
you made who I am and you love who I am
you know me
and you made me God
and you made
the sovereign creator who made you speak over your life
the one who loves you unending he knows you
he knows you
yes you may books of destiny
come on come on come on let's face the rise
let's face the rise
yes sir
you made me God
bless you Lord bless you God
he is with you he is with you right now he is with you
he knows you every hair on your head he knows you
come alive I decree you come alive to your destiny
every cell of your being comes alive to the destiny
all infirmity has to go
because you're coming alive
every cell of your being
it's coming alive to the destiny of God
and it's overriding
and taking the place of any rebellious cells
any infirmity
all of that has to go
to make room for the destiny of god in your life
to every cell of your being
I decree healing
alignment wholeness
to imagine that these things are true
