

Title: Faith Required for What's Ahead

Speaker: Kris Vallotton

Date: 10/08/23

Topic Sentence: Faith without works is dead. How's your faith working for you? Are you pulling your future self into today or are you coasting in the present circumstances? Are you living from a victory mindset or a victim of circumstance? Everything can change if you want it too. Join us as Kris discusses how to acquire what is needed to partner with God in what He is doing.

good morning
first of all I want to say this is a beautiful city
a very seldom go someplace and think man
I could move here
but I probably told Kathy three times like this is
you know I'm not moving here by the way
we have a Promised Land
and you guys have a Promised Land
and I'm excited for yours and for ours
but how many of you got to be a part of the conference
so beautiful and amazing
and the worship today was just epic was like amazing
I mean
we get to be a part of really great worship at Bethel
and so most of the time should I say this
like
my expectations pretty low when I go somewhere else
and sorry that's probably on me
but this you know listening to the worship
not just the but the quality of voices and
but also the annoyingness on this place
I sling over to Kathy
like this place should be 10 times bigger
like it's so anointed in here
and the conference was so good
and your leaders are glad to be here
to honoring the leaders day was amazing um
your leaders are really epic this place is epic
so um let me give away a couple books
this is called Spirit Wars and it's about spirit wars
haha thought I'd just tell you that
and I was demonized for three and a/2 years
so that was what qualifies me to write this book

that I personally was in spiritual battle that took
took my life over for three years um
I'd like to give this to someone who's demon possessed
haha

Bobby

who would like to have a spoke
just come and get it please

yes please

great and then this is heavy rain um
this is actually about cultural transformation
from an amostolic perspective
and we taught a little bit on this
this week who would uh

why don't you just give that to
give the second book to somebody

that'd be great cool

well once you grab a hand we'll pray Holy Spirit
thank you for what you're doing in our lives
we we we pray god for your uh your leading today

we pray that uh Lord

as we as we teach that people would be healed and Lord

that people would be delivered

people would be encouraged

pray god that you would instill in us

a great and deep sense of your presence

amen thank you Lord

there's a oh that's a

it'll update because right now I'm like in hell

it's red and it's now I have 5 minutes

5 minutes in hell isn't too bad

um

sorry

I want to talk about leading with my faith today and
and talk some about operating out of your superpower

you know

something

I'll tell you a little bit about our own life

by the way let me introduce my wife Kathy

would you stand Kathy

I don't get to be with her on the road very often

we're we've been married 48 years

and we have four kids and 11 grandkids

and a great grandson so I said in the conference

we like our grandchildren

much better than our children

we would skip right to grandchildren

if we would have known how good they are

um you know

I uh I had this dream um

this is probably been about a year ago

I'm really bad at time so don't

don't trust my time stuff at all

because I'll say that was five years ago

and Kathy was like that was 14 years ago

so really bad at that that thing

but a while back I had this dream

and in the dream I saw a lion and it was on a leash

and

and I

I I woke up from the dream and the Lord said to me

you're the lion who's on a leash

you've been domesticated

it's time for you to be released

and then I went back to sleep and had another dream

and in the dream I saw a beautiful incredible

this beautiful eagle and it was in a golden cage

and in the dream

I was bragging about how beautiful the cage was

and I woke up from the dream and the lord's like

you're the eagle in the cage

and you're bragging about how beautiful the cage is

but you weren't meant to be a cage

you're meant to fly and and then the Lord

said to me something that kind of rock me

he said I want you to get back to doing the deeds

you did it first now I

you know everybody's in a different place

and different season in life

so I understand that

this first part may not be totally relevant to you

but

you know um

when when we were young and

and in Weaverville was our kind of our our

our starting place in in the Lord

we were actually saved a few years before that

but we met Bill Johnson in Weaverville

and we Learned how to move in power and

and you know

heal the sick and all things were

we're teaching today you know

we were in this big well

I feel like we're still in this big laboratory learning
so let me say I feel like there's so much to learn
but we were definitely in the
in the beginnings of of that uh
of that
of that laboratory and there was nothing to lose
like
we didn't have any money and nobody knew who we were
we lived in Weaverville think about that Weaverville
at least you're in Bend Oregon
it kind of sounds like way upgrade from Weaverville
you know and
and so you know
it was like we we just did crazy stuff
we just did whatever God told us to do
we just did it and we didn't like
we weren't thinking about how risky it was
we were just did it and um
and I think that
we came to Bethel with that same kind of thing
we came to Bethel
this is a very long story that I don't have time for
but we sold our businesses to a big corporation
that went bankrupt before they paid us
and basically uh
we were supposed to have about \$200,000 to live on
after we sold for a couple million dollars
and instead we owed \$1.8 million
and we lost everything including our house
everything except for our furniture and our cars
the only thing we are able to keep
and we ended up living we lost the house we built
our children grew up in and it was very tragic actually
and then our leaders asked us
we went to our our board our Bethel Church board
we'd only been there like a month
and we were brought on to the
to actually start to school ministry
so we left we sold our businesses was kind of like
you know it's kind of like Eli Elijah
Elijah falling Elijah like like
you know Bill said
would you come and start a school ministry
and things are a little tight so I can't pay you
and we're like well
we'll sell our businesses

and we'll have an income for a couple of years
so we won't need to pay and then we get to Bethel
and that business that bought us
went bankrupt before they paid us
and so we obviously we're gonna go bankrupt
cause we owed \$1.8 million to people
hundred 27 suppliers and we went to see the board
our church board at Bethel and and Bill and said hey
we're resigning we have to go back and like
earn a living and go bankrupt
we don't wanna be bankrupt pastors
that didn't sound too great and um
I don't tell a story very often
but the oldest board member stood up after I
this was like I gave him an hour dissertation on what
everything happened
so they would understand exactly what we were doing
and he stood up and he said
would you not bankrupt for six months
um
because I believe God's gonna do a miracle and I said
I have no faith for that he said would you trust mine
and you know I mean what do you have to lose
like you've already lost everything so uh
he's just asking for six months so I said yeah
well yeah we can not bankrupt for six months
that was the request and two months later
we got forgiven 900,000 of our 1.8 million
and then over a period of three years
we paid off or got forgiven all the 1.8 million
and we never did bankrupt
um but you know
it was a very no
to say it was a tough season
was a little bit of an understatement
and then by the way I didn't realize it at the time
but when Bill said things were a little tight uh
Bethel was also in financial trouble and our
our team was holding their payroll checks
and we were 120 days behind on our bills
and so a little tight
we were a little tight so um
so anyway that's kind of what I entered Bethel
I entered Bethel in in that mode and
and then we just um and so
you know we were we were radical

you know we were radicals
you know we just uh
came to Bethel and we started school ministry
and we had radical people
and we we were radicals ourselves
and we were doing a school supernatural ministry
we changed the name from Bethel
School Ministry to Bethel School
Supernaturals Ministry
like three months before he started school
cause we're like we wanted to track radicals
so we needed a radical name and
you know people are like
oh those people are crazy
that's what we want
we want people to know we are crazy cause we are crazy
and you know in over the years um
I hope this sounds like I mean it
but over the years we got notoriety and you know
and Kathy and my case you know
we paid off our
all of our debts and then the Lord began to prosper us
and we prayed Kathy and I prayed
this is a few years ago we prayed
we were talking about leaving a legacy for our children
and this is at night was like 11 o'clock at night
and we were just talking about man
we just want to leave a legacy for our children and
you know proverb says
a righteous man leaves a
inheritance to his children's children
and were like man
wouldn't be awesome if we could pay off our house
which we owed like \$486,000 on
and so we prayed for God That night
we prayed a short prayer longer
no longer than two minutes Lord
would you pay off our house so that we could
you know be alive
like not not die and leave like
you know leave an insurance inheritance to our children
but we could actually be alive and help our children
while they're while we're um
while we're here anyway
two weeks later we were in San Diego and a man came up
and I thought he wanted prayer

and he said I've come to pay off your house
and a week later he paid our house off \$486,000
so um yeah
so I and
and that's just one time
I can tell you thing after thing that go
the lord's completely prosperous financially and
and you know
and we've gained like we've become known and people
you know think that we're something and
and all that
I'm telling you all that to say that as you get known
and as you have stuff like physical things
houses and cars and planes and trains
we don't have any planes or trains
but
you know when you have stuff you
I think you slowly can get to this place
where you have something to risk
you know it's like
it wasn't like we revealed
like nobody cared and nobody knew who we were
and we had no money so it was nothing to risk
and I didn't and then
and then Covid came along and um
you couldn't do anything right I
you know I shared with some of the leaders are
are um
our journey
which was very similar to many people's journey
and as a leader in Covid you couldn't do anything right
like you could if you opened you
you were in trouble if you close your control
if you wore mask you didn't wear mask
you took a VAX you didn't take a VAX
it just went on and on and on
and then add the black lives matter to it
then Benny Johnson dies in the middle of our
of all of that for us our matriarch
one of our matriarchs
and we planted church kind of like in Covid
but it was like a really awkward timing for all of us
and and just all of that
like I didn't realize what was happening
but slowly a little by little
I was becoming more and more

and more concerned about what people think
more and more concerned not
not that I think you shouldn't care what people think
but I mean it began to dictate like how I behaved there
was so much criticism in Covid you
you might imagine this but I was getting like emails
letters private messages
even snail mail like just like literally every day 20
30 emails a day about how we should be doing this
and how we shouldn't be doing that
and why didn't we do this
and why we didn't do more of that and
and we got cited three times by OSHA and went
during Covid and just crazy
I was in the newspaper
five times for doing my grandson's wedding
during Covid outdoors
of course
and I didn't realize it but slowly I was
you know
I didn't wake up one day and say I'm afraid of people
but just slowly little by little
I think I began to lead my life in a way to reduce it
to live with the least amount of criticism
and I felt the Lord say to me
I want you to do the deeds
you did it first
and I began to ask myself what those deeds were
how that was and so
so much of this message that I'm sharing with you
where is the Lord speaking to me
I'm like I feel like the Bill said this years ago
whatever feeds me feeds them
and I began to realize you know
first Timothy 6:12
Timothy Paul writes to Timothy and he said
fight a good fight a faith
and I I
I wanna I wanna just begin by saying that faith
is a fight I think that people on the outside uh
maybe outside of uh our circles
maybe outside of your circles
cause
I feel like your circle and our circle are the same
circle I mean we believe for miracles
we believe that God doesn't can't

it's not just that God can do the impossible
that he does the impossible
and when you believe that
you know like you like us
like people fly from all over the world every Sunday
every week to Bethel to in the healing rooms
and Sunday mornings and our conferences
and you know
they're not just there to hear a good message
they're there because they have four stage cancer
or they they haven't seen their son in 10 years
and they don't know if he's alive
and I mean just the craziest stories
I'm sure you have them too
and they're there because they wanna be someplace that
that has hope you know
he who gives the most hope has the most influence
and so we just have people sitting in our congregation
coming to our conferences
and they come up for prayer
and they have the craziest stories
and they're there because they
because they heard that God still heals
that God still delivers that God does miracles
and and it's and and
and people think that I I
I think the outside world has this idea
that people who move in miracles
don't have any doubts
like we pray for the sick and we're like
we know God's gonna heal them
and we don't have this
like rational thought that maybe they won't get healed
but the truth is I don't know anybody on our teams
I don't know the person who's you know
running the has has the best history of miracles
doesn't struggle when they're praying for somebody
for a miracle that this may not happen like
like like faith is a fight is my point
no matter how much how many miracles you've seen the
the next one the one you're in is still fight
and so I I I really believe that uh
that
it's important to know that everybody deals with doubt
when they're moving in faith
and there's once in a while in

in your life and probably in mine when I
you know I
I'm praying for something
that I have this extraordinary
I call gift of faith where the Lord just comes in
and takes away all my doubt
but that's not my norm
and I don't think that's a normal
most people
TD Jakes made statement I love TD Jakes by the way
he said god didn't send Goliath to David to kill him
he sent him to reveal him such a powerful statement
god didn't send Goliath to David to kill him
he sent him to reveal him how many you know
god had already anointed him king
nobody thought that this kid could be a king until he
until he defeated Goliath
and my point is that
if God puts a giant in front of you
he's put a David in you
and and it's important that we realize that
if you have a giant in your land
is because there's a David in you
I mean
there's a Jesus Christ in you more powerful than David
you get the idea it's an analogy
oh I just baptized myself
no I'm good
don't clean it up I'm good
and um
in Romans chapter 1 verse 17
it says that the righteous shall live by faith
the righteous shall live by faith
it's really important that
we don't just have a faith experience
but that actually our whole life is a life of faith
our life is a life of faith we
we don't it's not just what I do on Sundays or
or I gotta work up some faith
for someone who needs a miracle
of course we have we all have that
but actually
but actually Paul said the righteous
she'll actually live by faith
and and so I
I was thinking about

a couple of things came to my mind
you know do you guys
would you guys know who Danny Silk is
why let Danny Silk to the Lord
although Bill gets credit for it
Danny was 16 years old when I met him
he was we were working at tire store together
he was a drug addicted drug pusher
definitely did not know the Lord
living with his girlfriend
and I was plaguing him with the Holy Ghost
you know you can't overdose on the Holy Ghost
and I was uh I'm
I'm like six years older than him
so I was talking about the Lord every day
and he was like no no
I was the uh
I was the um
the shop manager and he was the tire buster guy in
out front and so
um a few years later
probably about five years later
and we we would kind of stay in touch
I mean we definitely were not
you know running with the same people but um
he would I had a service station and repair shop
and he would stop by once in a while and say hi and
you know I work on his car whatever
and one one day comes by and he's like hey
this is he
he goes hey
I wanna do that thing
the thing you talked about
well you know
we'd had a lot of conversations
I wasn't sure what thing he meant
to be honest
it didn't occur to me that he wanted to receive Christ
and uh he
there was like no cracks in the foundation
that he wanted to receive Christ
I'm like what thing
he goes you know
that thing I'm like no
I don't know what thing you're talking about
he goes you know

that thing where you say that prayer
and then you become a Christian
I said you wanna be a Christian
he said yeah that thing
I said well
why don't you come to church with me on Sunday
and every Sunday we pray for people to receive the Lord
and you know
you could you can receive the Lord there
and I just thought it would be good for him
I could have prayed from there
but I wanted him to get in a family cause he's
you know
basically born into a family with no dad so he's like
okay so he comes to church um
you know at the end of Bill sermon he he's you know
Bill's always like hey
if there's anyone here needs a Lord come up and
and Danny comes up and prays for him
and he receives the Lord
that was really cool
but what something profound happened after that
now
I want you to know like in our little church of 202 50
um you know that nobody in our church
I don't think a single person in our church knew Danny
I I
I don't know anybody who did if they did
and so he was running in other circles
and about a week or two or three weeks later
we had a prophet named Dick Joyce
would anybody know who Dick Joyce is
some of the older folks would know because well
he's been he's passed a while ago
but he was like a really profound prophet
that was running in our circles
with Dick Mills
Dick Joyce used to come to our church every
every twice a year and he we we liked his teaching
but we loved his prophetic ministry
and so Danny was like I don't know
3 weeks old in the Lord probably any call
Dick Joyce calls Danny out of the congregation
has him stand up and gives us incredible word like
you're gonna be the next James Dobson kind of word
and you know I see this thing on you and you're gonna

you're gonna reconcile families
there's a spirit of counsel on you
the spirit of wisdoms on you like this is like I
I'm like
okay
you know when you're standing there and you're like wow
this would be a miracle
but a really cool thing happened
that I didn't understand actually
till years later looking back
and you you know
Danny uh you know started walking with the Lord yeah
he became our next pastor and we reveal by the way
so when Bill went to uh Redding
Danny became our next pastor
that was actually part of a prophecy he got later
that he would be our next pastor
and but here's the here's what I wanna share with you
none of those people in that congregation or very few
if there was any knew him past present
so
everybody in the congregation that was there that day
they all began to know him future present
and what I'm getting at is that because they
only know him future present
they actually invited him into his divine destiny
because they knew him after the spirit
you know second Corinthians 5:17
almost everyone can quote
if you've been a Christian any length of time
if any man be in Christ he's a new creation
but the previous verse is the verse that I have been
really you know
profoundly touched by in the last couple years
and that says we know
we know each other no longer after the flesh
although we knew Christ this way once
we know him this way no more
the next verse says if any man being Christ
he's a new creation
all things have passed away and all things become new
you probably notice I shared at the conference
but the word new in the Greek there
that word new cause two words for the word new that
that word new means prototype never before created
and Paul's point is

is that we don't know each other after the flesh
we know each other after our new prototype
and there's something that happens in a culture
like what would happen if our churches became a
a a
a breeding ground where we no longer know people past
present but we begin to relate to them in faith future
present are you with me
and we invite them into their divine destiny
not just because we're prophesying about their future
but because we're behaving
as if they've already walked into their future
see I think prophetic ministry can give you a
a word but
I think it takes a prophetic culture
for you
to actually become the person that you need to be
to actually walk that word out
in 1st Samuel 9 you probably know these verses
but in 1st Samuel 9 is a story of Saul
who will now become king Saul
Saul encounters Samuel the prophet
and Samuel the prophet you know
Saul's looking for donkeys
and God says to Samuel
tomorrow there's gonna be a young man here
he's gonna he's gonna be looking for donkeys
but you're gonna anoint him king
so he encounters Saul encounter Samuel
doesn't know he's Samuel and says hey
we're looking for a profit
and you know cause
cause his servant Saul servant said hey
why don't we go see if there's a prophet in this town
maybe knows where donkeys are
so he encounters Saul Samuel
Saul encounter Samuel
doesn't know he's the prophet and says hey
we're looking for a prophet
he goes on the prophet
by the way the donkeys you lost
they've been found but tomorrow morning
I want you to stay with me for I'm gonna tell you
tomorrow morning
I'm gonna tell you all that's in your heart
get this all that's in your heart

for aren't you
the one that everyone in Israel's waiting on
and Saul goes
I don't know why you're talking to me like this
I'm from the smallest tribe
and the smallest family in Israel in other words
Samuel says I'm gonna tell you what's in your heart
but Saul doesn't seem to know that
there's anything great in his heart
the next morning he anoints Saul king
but like to show you that he anointed
he gave him the right word to the wrong guy
because Samuel says this all listen
you're gonna be king he anoints some king
now I want you to go down to this place
and for the sake of time
I will say where the prophets were coming down from
the mountain actually
they're coming from Bethel
think about that
something might be more powerful than you think
happening to you right now
there's prophets coming down from Bethel
you're going to you're going to join these prophets
and when you do
you're gonna be changed into another man
I'd like to point out
that Saul wasn't changed into a different man
he was changed back into the man he was supposed to be
that low self esteem
and all the disappointments of his life
had changed him into someone he wasn't supposed to be
but here's my point
the prophetic word declared who he was
but the prophetic culture
changed him into the man he had to be
so he could be king
here we go are you with me
and and I'm saying
what would happen if we live by faith
and we had this prophetic culture
where we're actually calling people
not just calling people
but we're calling people future present
we're calling the the the drug addict
the the drug pusher the the retrograde

we're calling him great and then
we're inviting him or her into their divine destiny
yes we're creating thorough ways in the spirit
I could see this vision right now
that we're creating highways
highways where there's no stop lights in the spirit
there's no stop lights are you with me
there's no stop signs it's like somebody gets a word
but then they come into our culture
and I think this church is gonna be famous okay
you should write this down
this church is gonna be famous
for taking broken people
and making great people out of them
Isaiah 61 I see it written over the door
the spirit of the Lord God is upon you
for the Lord is anointing you to preach the good news
the afflicted bind up the broken heart speak
release the captain freedom prisoners favorable year
the Lord the day of vengeance of god
grant all those who mourned Zion
and give him a Gar instead of ashes
a mantle praise instead of a spirit of fainting
that they might be called oaks
of righteous planting of the Lord
that he may be glorified
now here's verse 4
the verse that you're you're you're trying to live out
you are living it out
verse 4 says that then they shall return who
who is they the people who are broken
oppressed captives the ash people right
they got beauty for ashes those people
the morning people they got joy those few
then they shall rebuild then they shall return
they shall rebuild the ancient rooms
they shall raise up the former devastation
and rebuild room cities
like the people who are the builders
the rebuilders of ruined cities
were
the people who had the first three verses of Isaiah
but I think the Danny
Silks of the world are gonna fill this place
the former drug acts like
I see a great wave of evangelism

leading to cultural transformation
like I see the next five years
as
this place is gonna fill up with people who are broken
but you're gonna know them future
present that they won't even be running with
you won't even know their past
if you're with me
so the lord's talk to me about living from faith
I I remember uh we we were uh
I used to go to the convalescent hospital in weerville
uh with a friend of mine
his name was Paul Schmidt and Paul was a deputy
uh sheriff's deputy and uh
he he actually started the ministry
and I joined him like years later
and we just go to the common lesson hospital
and basically just love on the old people
an hour before our church service started
and uh
and before we uh
would go into the uh Comblescen hospital
we'd always stand out front and
and just pray a short prayer like
Lord be with us let us encourage people
please heal people that
and it was just a very simple low key uh ministry
we'd often bring our kids and our wives
and so once uh
Sunday morning we were standing outside uh uh
uh of the
of the common us in hospital like we always had
we done it for five years actually
and uh
and and we were praying of just a very simple prayer
nothing nothing
you know
like you would think Holy Ghost anointed at all
just a simple discipline of prayer
and as we were praying
by the way those prayers are like 2 minutes long
so I don't want you to think was like prayer meeting
as we're like when Paul prayed
and then when I went to pray
instead of praying for the Collesque Hospital
I heard these words come out of my mouth

I'm trying to point out that I didn't anticipate them
I didn't pre conceive them
I heard myself say
you shall be the next sheriff of Trinity County
what shouldn't
have much to do with the convalescent hospital
if you'd notice
he was a deputy sheriff I said
you'll be the next sheriff of Trinity County
I hadn't anticipated and thought about that
we'd never had a conversation about it
and he said what did you say to me
I said I think I just said
you're gonna be the next sheriff of Trinity County
well this is a very long story
but the short story is that
when the incumbent sheriff in our county is running
a deputy sheriff who's on payroll
cannot run against him so he had to quit his job
uh to run against the sheriff
because the incumbent sheriff
who had won five terms was running again
so he quit his job and then he said that
Paul said to to Danny and I
would you be my campaign manager
to be honest I've never voted before for anybody
much less be a campaign manager
so Danny and I became his campaign manager
and the short story is on that
is that there was nine people running
and he took seventh
great campaign managers right
and we all cried
like we cried and and we were actually at the
at the courthouse watching the
the precinct votes come in
and it was about 50 of us there from our church or
you know we were like a family
and we're watching that
we all knew about the prophetic words and
and you know
we were like it wasn't so much that we cried
because he wasn't sheriff
but we cried partly because the prophetic word
this was the first directional
prophetic word that we had ever seen given

like so directional and it failed
and so that was of course
on a Tuesday and then on the next morning
which would have been I guess
no Saturday morning
I get a phone call
it's 6:00 in the morning Paul gets up early
he's a bodybuilder guy reads his Bible
Super Discipline I'm sleeping
like old man dream dreams
I love being a profit cause I get paid to sleep
where the other people have to work with people
he calls me at 6 in the morning
I pick up the phones before cell phones and like
half asleep like yes hello
he's like hey
this is Paul Schmidt what are you doing
I'm like sleeping
he goes hey
I need to talk to you my what
what's going on he said
I feel like I'm supposed to run as a right in Kennedy
now remember
I have no political experience whatsoever
I said right in Kennedy
he said yeah
I said does that
does that mean like your name is not on the belt
he's like yeah
I said well
when your name was on the belt
you took seventh
not third seventh
he goes I know
but the Lord told me I was gonna be the sheriff
I'm like yeah
I gave you that word
let's just confess together that that was a bad word
what will you will you
will you help me I
I don't know so anyway
we end up helping him
and you know
so you know
there's all these rules about writing candidates
you can't have a sign

within 300 feet of a polling station
all the stuff and anyway
the short story is he ran as a writing candidate
his name wasn't on the belt
and he took 67% of the vote and won the canister
here's part of the profound part
so the Sunday before the Tuesday of the final election
Bill Johnson said
I think we're supposed to annoy Paul Sheriff
this this keeps getting worse
so we brought Paul Schmidt up and laid hands on him
and anoints him as
as sheriff before the Tuesday of the vote
and there was all kinds of testimonies
for a couple of years that
that went on people who were actually
you know
in the newspaper supporting the other candidates said
I had a dream support Paul Schmidt
I I heard person after person who said
I went into the voting station
and an audible voice said to me right in Paul Schmidt
so we had all these crazy encounters
but it tells me that nothing's impossible with God
and by the way he won four more
four more terms after that
without having to be a riding candidate
which was incredible in Matthew chapter 9
Jesus encounters a blind man and the blind man says
would you heal me and Jesus says
do you let me quote him exactly
he said to him do you believe that I'm able to do this
do you believe I'm able to do this
and he said yes Lord
and the Lord touched him's eyes and said to him
it shall be according
listen this to your faith in other words
he's saying hey the level of healing you get
isn't gonna be according to my faith
it's gonna be according to your faith
and it stimulates something in me
a few things first of all
how many know faith is creating alternative realities
in this man's case
he was blind and he saw can I say that again
faith creates alternative realities he was blind

now he sees here are some questions I ask myself
I like to ask you
what if the primary component to our destiny
isn't education
skill experience capability or even calling
but what if it's faith
listen I'm not saying don't go to college
I'm not saying don't get an education
I'm saying what
if the primary component to our destiny
has little to do with how we
how we perform but who we believe
what if we are spending our lives
waiting for the ultimate opportunity
but god is waiting for us to believe
what he said about us
why did it get quiet in here
guys were like all a minute just a few minutes ago
what
if your faith is responsible for your current reality
that's right okay here we go what if your faith
what if my faith
is responsible for your current reality
and your daily life unfolds in the visible realm
according to the invisible
expectations of your own heart
like
what if your condition right now is directly related
not to how hard you work or the
your financial capability or your education
or what
if your current situation is directly related to
the faith you have
I guess you got quiet cause you're like
my life sucks and you're blaming me
well what if your life sucks and it is your fault
well let me say it differently
what if your life sucks and it isn't your fault
but it's your responsibility
and what if your life sucks and it isn't your fault
but it is your responsibility
and you can shift it just by leaving
okay so the bad news is your life may suck
I don't know maybe it doesn't you know
maybe it's wonderful you like that's me
I'm living by faith

but if you're sitting here feeling condemned
and you're like oh man
he's saying that my current situation is
cause I don't believe God
but what if it's true
and what if all you have to do is believe God
man
that's a ton easier than a whole bunch of other ideas
you might had
like maybe I get a fourth job
maybe I put my children up for adoption I mean you know
I'm saying there's like
hahaha oh I was better point
I'm just pointed out that you could take it away
I don't mean it
I'm saying what if everything could shift
you're the blind man sort of speak
it's a metaphor like you're the blind man
you've lived blind your whole life
your whole freaking life has been darkness
and you run into someone that goes
hey
I could shift this for you if you'll just believe
I mean
think about if your current situation could shift
if you just would believe
and what if it's in your capacity to believe like
well my problem is I don't have faith but you could
because the Bible says that
everyone's been given a measure of faith
what if your measure of faith is been used up in fear
because how many fears faith in the wrong God
let me say that again you have faith
you have it you may not feel like it
but if you're alive and breathing and taking up space
you have faith
fear is faith
what do you mean by that well
think about it if a little boy came up to me and said
I'm gonna beat you up I have no anxiety
you know why I don't believe him
but if some gangster came up said I'm gonna beat you up
I have anxiety you know why
cause I believe him same circumstance
one I don't believe one I believe
what I'm getting at is

you can't have fear without faith
cause fear goes
something bad's about to happen to me fear says
oh man I don't know what we're gonna do about the rent
next week I mean
the reason you're worried about it is because what you
the way you see that isn't the little boy
but the gangster
okay I'm trying
I'm not trying to discourage you
I'm trying to encourage you
I'm like everything could shift
can I say that in my life
I have faith for a lot of faith for certain things
and I'm like pee wee Herman on other things
I am a contrast in conflict
like when it comes to money
I mean Cathy and I've had so many miracles
like I don't even have permission to not have faith
for money
and I just told you one miracle
I could tell you miracle after miracle
things that have happened to Bethel
since I've been there there
partly related to my faith
and partly related to the team
and Bill and everybody else
I mean everybody gets credit off obviously
it's all about the Lord
but there are other things
like little tiny things that cause me anxiety
I'm like where is your faith
I'm like I don't know it's in there somewhere
can't find it right now
I bet you have those contrast in like
do I believe God or not I don't know
it depends on what we're talking about
I struggle with this in my own life
like how can I not like one second
I'm like I got this
the Lord decrees somebody else comes up and they got
you know a fingernail
a green grown toenail I'm like
oh Lord please
in Jesus name
oh God

if you're ever gonna do it
do it now sweat pouring off my head you knows
wet to my underwear you know it's like
you guys probably have the same freaking thing happen
right there's areas in your life that have
you have great success
and there's areas that you really want success in
that you're like pee wee Herman
you're like
I don't get why my life sucks only here yeah
and and there might be other reasons
but I'm just asking it as a question
what if it's because you have no faith for that
and it's not to shame you
it's to say what if you got out of the boat
love a story about the boat walk right
the the water walk with Peter
because he's got 12 world changers
and 11 of them are in the boat
you know doing a commentary on the stupid guy
that's how church feels often
you're the idiot that's in the newspaper
while the 11 guys look wise and did nothing
I'd like to point out
the only people that have bugs on their windshield
are people that actually leave the garage
Jeez
I'm right about this
Paul said in Romans
that his apostle ship was for this one purpose
for the to bring about the obediences of Romans 1
5
to bring about the obedience of faith
among the Gentiles he said
my goal of my entire parcelship
is to bring about the obedience of faith
and I'd like to point out that his former life
as a pharmacy his entire pharmaceutical purpose
was to bring about the obedience to the law
and now he says
I'm no longer trying to get people to obey the law
I'm trying to get to them to obey faith
I don't know about you but this is a stunning concept
like faith is something I have to obey
like if the Lord says
I'm gonna raise that person from wheelchair

you get that in your spirit
you actually have to obey that
you're not responsible
for the person getting out of the wheelchair
people say I can't heal the sick
Jesus said heal the sick
he didn't say pray for the sick
he said heal the sick
so I'm responsible the partner
and my partner he's the elephant on the mouse
we cross the bridge like
didn't we shake that bridge
but I'm saying
I have to cross the bridge with the elephant
I'm the one that has to initiate the action
and if that woman
or man doesn't get up out of that wheelchair
and walk it's not my fault
but it is my responsibility that's right
I'm pointing out that there is an obedience to faith
I can't just say I have faith
what are you doing about it
what am I doing about it and I wrote this
are you living beyond your means
because faith requires us to live beyond our means
beyond our ability
beyond our natural capacity to perform
have you ever
noticed that the Lord thing the Lord calls you to
can't happen without him
did you ever notice that you have you ever done this
if you're like here Lord here's my strengths
I took the strength binders test
and here's five of them lords like
that's awesome we won't be using you there
seriously
do you know
the Apostle Paul was a famous expert in Jewish law
and when he got saved and put into his purpose
the Lord said we'll put you over the Gentiles
he knows nothing about gentiles
as a matter of fact he grew up hating them
guy goes perfect we'll put you over the gentiles Lord
I know nothing about gentiles
that's the point and Peter who's a fisherman he goes
who knows nothing about the law

or you'll be over the Jews
come on I don't know about you
but sometimes
you spend your life studying to be expert at something
guy goes awesome glad you got 6 year degree
you won't be doing that
what am I gonna be doing you'll be doing this Lord
I can't sing I know
we all know
I'd like to point out that
when the Lord calls you by faith
to something it's usually something you can't do
it's usually not
based on how strong you are at something
unless the Lord gave you a superpower right
often the Lord gives us a superpower
not related to our personality
not related to our ability
and he gives us a superpower and he tells me like
you're gonna write books I'm like
I can't spell I can't type you know
I know speaker too good
was like perfect when people read your books
they'll either know you suck or that you trusted me
and I'm just pointing out that
the Lord often calls us to our weakness
and we get scared because we think it's all about us
do you know that trials don't test your character
I hear people say all the time
well trials test your character
they probably do
but that's not the purpose of the trial
James 1 says that consider all joy in the converse
trials
knowing the testing of your faith produces endurance
is that am I supposed to do something oh
some kind of signal you have
when someone says something that isn't scriptural
I noticed the two usher stood I'm like
let me quote the Bible here
in all seriousness
trials test your faith in other words
what we're supposed to learn in a trial
a trial is something that looks bigger than you right
that's a trial what am I supposed to do
I'm supposed to trust god

like the goal of the trials that I trust god
it doesn't mean I don't have some responsibility
but it means ultimately I'm not trusting my ability
even though I may have a responsibility like
you know I may be broken
gotta go so get get go get
go get a job
but
I'm not trusting that my job's gonna solve the problem
I'm trusting that my job is an act of faith
okay
okay a couple more things then I'll be done in Mark
chapter 11 verse 20
it's the story of Jesus with his disciples and they
they're walking down the road and there's a fig tree
it's it's it's it's out of season
it's not season for figs
Jesus goes over to get a fig and there's no figs
and Jesus gets upset and curses the fig tree
and evidently the next day
they're walking back by that same fig tree
and the fig tree he cursed is withered up and dead
and Peter goes dude the tree
and Jesus says
have faith in God and he makes a statement
he says to him have faith in god truly
I say that to you whoever says to this mountain
be take it up and cast and see it
does not doubt in his heart
but believes that what he says is going to happen
it will be granted to him therefore
say to you all things for which you pray and ask
believe
believe that you receive them
and they'll be granted to you I
I'd like to point out that faith is voice activated
Jesus said if you say to this mountain
are you with me I I I'm just saying okay
how do I know if I have faith
well you have faith it's what you do with it
so if I have a mountain I need to speak to it
let's say my son is wayward or my daughter is
I don't know become a prostitute
my these are things I care deeply about
what do I do well
one of the first things I do is

and I'm not talking about to them
but in my prayer closet I began to speak to Joanne
Joanne you're coming home
Joanne listen
when you were born we dedicate you to the Lord
Joanne the spirit of purity is on your life
Joanne you are
and I begin to prophesy how many
prophecy is foretelling but it's also foretelling
I'm causing I'm not foretelling
I'm telling you what's going to happen
foretelling is I'm causing it to happen
Ezekiel's Boneyard I'm speaking to Joanne
I'm speaking to Henry I'm speaking to my finance
it's like you will prosper
yeah that's right
what do I do when I believe
I began to speak to my mountains
how many know that the complaining is to the devil
what praise is to God
some of us you know
the more anointed you get
the more powerful your words are
negative and positive
may the president United States says something negative
it's on everybody's radar within 30 seconds why
cause he's anointed he says something positive
that's on the radar you get the idea
it's like the more anointed you are
the more positive Holy Spirit energy you carry
but also more negative energy you carry
you get really anointed like prophetically
and you start complaining
what happens is you're taking mo
hills and making them in the mountains
and wondering why the valleys are so low
remember when the children
Israel marched around Jericho and god said
shut up don't talk for 7 days
I mean this is one decree like don't talk
why because
God's trying to get them to believe that
walls are gonna fall
and then the first thing
they were only allowed to say for seven days
is to shout

are you phone me
I'm pointing out that I don't know if you're like me
I'm an external processor
my wife's an internal processor
when she gets scared
she just like shuts down into like a safe
nobody can talk to her
when I get scared I talk to everybody
you thought about the bad situation we're in
we should talk about this
let's just tell everybody
how terrible of time I'm having
even strangers
it's really important what we say
remember fear is what
faith and wrong gone
when I have fear and I'm talking out of fear
I'm actually also creating realities
second Corinthians 4 says
I believe therefore I spoke
I believe therefore I spoke
that's a good work what am I doing for time
did they just give me more time
I see the security guard sat back down and
in numbers 13
again it's a story
the 10 spies I'm telling you stories
cause I know that most of you know these stories
but the 12 spies so the 12 spies go into the land
you know the story if you don't quickly
Moses sends to all spies in the Promised Land to say
hey figure out where we should go up
not if we should go where we should go up
and by the way bring some bring some fruit back
they bring back fruit
they say that the grapes were size of watermelons
like this is very fruitful
like more than we thought could happen
and so the 10 spies get up
and they begin to give an account
and talk about how fruitful the land is
which in the beginning sounds like a great report
it's like when someone writes you a letter and they go
I really love you you're awesome
you know you're about to get hammered
the next paragraph isn't so good

but the land is full of giants and they go on to say
and the giants consume the land
they are everywhere they consume the land
and they made this statement
and we became like grasshoppers in our own site
and so we were in their site
I want to say this again
we became like grasshoppers in their sight
and I'm sorry I said wrong
right we became like grasshoppers in our own site
did I say that
we became like grasshoppers in our own site
and so we were in theirs
and I like to point out
the facts will never satisfy a fearful heart
you can't reason a spear to fear
out of a faithless person
you can only cast it out
people who analyze things until they are paralyzed
aren't looking for ways to win
but searching for reasons to justify their unbelief
unbelief grows in an action
in action
anesthetizes courage and rocks radical faith to sleep
fear often masquerades as wisdom
but it's a homeless coward
unwilling to live in the shelter
responsibility and perseverance
so Mo and Aaron are down on the ground weeping
Caleb stands up and says hey we saw the Giants
we saw the fruit
and he says this to them
do not rebel against the Lord
and do not fear the people of the land
for they shall be to us our pray
the word pray in Hebrew is the word daily bread
you know we're praying
our father who's in heaven
hallowed be your name your kingdom come
you will be done on earth as it is heaven
give us today our daily bread remember
remember that the Ten spice said
we were like grasshoppers
remember what John the Baptist did
he ate grasshoppers
Caleb said listen

we saw those giants
and they shall be to us our daily will
eat them for breakfast
do you know that those giants that they saw
that cut them out of the land
all those guys you know
that gave those bad reports and all
of those people who came out of Egypt
except for Josh 1 Caleb
they all died in the wilderness
because of those giants they saw
and you know that
when Caleb and Joshua finally got them 40 years later
into the Promised Land do you know that
there's no record of them ever fighting a giant
you may say well
Caleb took the land of the Anakim
they were giants well possibly
but there was no recorded battle that Caleb ever had
if he had a battle
it wasn't significant enough to even put it in the book
and do you know that
the only giant that's ever recorded
that they fought or that
let's say first giant ever recorded
that they fought in the Promised Land
wasn't fought for 370 years
and then
a 15 year old kid killed it with a freaking rock
yeah
think about what I just said
they didn't encounter a giant that was worth recording
for 370 years a whole generation felt
died in the wilderness
because they're afraid of a giant
and when they finally encounter one
a kid killed with a rock
I'm not talking about their giants
I'm talking about yours
like what you fear probably won't even see
and what is keeping you out of your promise land
it's possible that your infant will kill it
your elementary school kids
liable to destroy the very thing that you keep
keeping you from your purpose
good point Chris

worry is a squatter living
rent free in my mind and destroying my house of faith
worry plants
weed seeds of destructive possibilities in my brain
which infect my imagination with movies of mayhem
and madness I wanna make doubt
a homeless vagabond
that finds no habitation in my yard of possibility
yes
faith
creates alternative ends to my personal documentary
it rewrites the final frame of my happy
ever after script
I wanna make one more point about faith
James said James Chapter 2 verse 14
what use is it my brother
if some say he has faith but has no works
can that faith save him
if a brother or sister without clothing
is without clothing and needed daily food
one says to him go in peace and be warmed and filled
yet you do not give him what's necessary for his body
what uses that so even so
faith if it has no works is dead being by itself
it goes on for another 20 verses
and then he he ends with this well
let's say this part
the scripture says that Abram believe god
I was reckoned him as righteousness
as he was called a friend of god
you see that a man is justified not justified by works
not by faith alone in the same way
not only was rehab the harlot
also justified by works
when she received the messengers and sent them out
another way
for just as the body without the spirit is dead
so faith without works is dead okay
so we said this
we said faith creates alternative realities
we said faith that faith is activated through words
you speak to this mountain
and the last thing I wanna say is
faith is catalyzed through action
it's catalyzed through action
I noticed you have some resin tables

tables that were coated with resin
I used to work with resin when I was in high school
and the teacher the shop teacher told us okay
all everybody who's in the class
I want you to go buy a gallon of resin
and get some partner
so we went and bought a gallon of resin
all all the students that were in the class
and then so I got the gallon resin
and then
I told the guy behind the counter at this paint store
hey I need some hardener for the resin
my my teacher said give me some hardener
so I got this gallon resin
and he sends
and he gives me this little 2 ounce bottle of hardener
and I'm like
sir excuse me
I I have a gallon of resin
and I need enough hardener to make the gallon heart
he's like yeah
you just need you just put a few drops in
this this little thing's gonna make all that heart
he's like yeah
and I Learned by working with resin
that you just need a few drops of resin
for a whole bunch of I'm sorry
few drops of catalyst for a whole bunch of resin
but if you have too much catalyst in there
it gets hot and cracks and you put too little in there
it stays sticky and gooey my point is
is that so many things are made out of resin
but without a little catalyst you just have goo
the Lord is the resin
but you need a couple drops of catalyst
to create anything
by faith
are you with me and I'm pointing out that
a lot of you have a bunch of goo
and you're like
I feel like I have a lot of faith it's like okay
you wanna catalyze your resin
you need works come on like
there's something you're supposed to do
to catalyze the resin and think about what he says
he said faith

he said just as the body without the spirit is dead
so faith without works is dead
think about how dead your body is if it has no spirit
and said you have faith
but you you haven't done any work
it's completely as dead as your body with no spirit
there's something you have to do
I love the story I told earlier
when Bill Johnson brought Paul Schmidt up
and anointed him
he anointed him sheriff two days before the vote
like there's something
there's something you have to do
sometimes to catalyze faith
there's the prophecy there's a prophetic decoration
but this is only gonna happen by faith
cause he's already lost in the primary
and Bill had this insight
let's bring him up and anoint him Sheriff
huge risk but I
but in my mind that catalyzed that prophetic decoration
and brought him into his divine destiny
it changed if you will
it created an alternative reality
you may have a wayward son
you haven't seen for 10 years
I told you where I'd start
I began to prophesy my son's return
maybe like the prodigal sons father
who went out every day into his field of dreams
and look for his son to return
it wasn't by chance that when his son came back
his father was already waiting in his field of dreams
I'm saying the father was making a face statement
my son's returning I know he is
I'm going out there every day till my son gets back
it may be for you you may make your son's favorite meal
and freeze it as a sign a declaration
you're coming home we're gonna thaw that meal out
the day you knock on my door
maybe you paint the room his favorite colors
you know I
I don't I don't know what to do
my point is do something that catalyzes faith
do something that catalyzes faith
would you stand

I uh

I have this word that just came to me a minute ago

I feel like there's a Barnabas in this room

you know uh

without uh

Barnabas there would be no Paul

Barnabas took a hold of Paul Saul who became Paul

who wrote 13 books of New Testament

the rest of the apostles wanted nothing to do with him

and then Barnabas

didn't want anything to do with the guy named Mark

Cause he ran away during a church planting episode

and Barnabas took a hold of Mark

and Mark wrote the book of Mark 20 years later

if it wasn't for Barnabas there be no Mark

there be no 13 books of the Bible

there be no 14 books of the Bible cause

most New Testament is written by Paul

and then one of the Gospels written by Mark

think about what would be missing

if there wasn't a bar of this

and and I

I feel like the Lord is anointing a Barnabas right now

a barn of a spirit

and I feel like there's heat in your chest right now

that you didn't walk in with

and it's not a condition that you had

but it's in your chest

it feels like your chest is on fire

who is that would you raise your hand please

yes that's so funny cause I thought it was you

would you come up here

so encouraging for me

would you just extend your hands towards this man

what's your name Ron

Ron I feel like the lord's anointing you as a Barnabas

in this house do you even go to this church

okay well

think about that Lord

I bless this man in Jesus name

I release this coat of many colors

I release this barn of a spirit over him

that he would be a man

who's catalytic to people's greatness

that he would measure his success

by how many other people

that he inspires to greatness
I pray that he'd be a father to sons
and he would be hope to the rejected
that he would be
arms extended to those who run away in fear
Lord I bless this man
I pray that you put the word of the Lord in his mouth
for people who maybe the other leaders have rejected
that he could be a catalyst to their divine purpose
and to their greatness in Jesus name
thank you Lord
amen
thank you Lord
um yeah that's a good word
um is somebody in here
your hands are on fire
like I get it's not a condition you came with
but like you and you don't have to think if that's me
like your hands are on fire
would you come up right here right now please
I felt that there was a miracle
annoying being released for healing
so Lord
we just extend your hands to these folks right here
Lord we bless these people right here in Jesus name
and we release a miracle anointing over them right now
in Jesus name that literally
not just healing but that miracles would break out
when they're in the room in Jesus name Lord
let there be like an Amy
Simple Mcpherson kind of mantle on this woman
right here in Jesus name
let the fire of god rest on her
let there be a preaching mantle on her
Lord expand her capacity for uh
for understanding the word
let a teaching anointing flow from her
but let it result in people believing God
Lord I just release that to her in Jesus name
out of the stadium stands and onto the field
Lord I release that to her in Jesus name
thank you Lord
let the fire of God be on this woman right now
in Jesus name fill her Lord
fill her with your presence
thank you Lord

I bless what you're doing in these guys
in Jesus name thank you Lord
thank you Lord
give me your hands Lord
I bless this woman
I pray that you'd increase her anointing
God I pray
that there would be a spirit of reconciliation
in her life that she reconcile people
both to god and to one another
that there would be a gift of counsel
Isaiah 9 6 and 7 that
that
the spirit of god is called the Wonderful Counselor
let the gift of council be on this woman
thank you Lord
I bless what you're doing these people
Lord thank you for this man
I thank you for this prophetic gift that's on his men
what a pray that would grow
and that you would give him insight
and give spiritual experiences
like Bob Jones Lord
I just opened the door to new revelation for him
and Lord
and that you take away the fear of people and Lord
he would be a man who's connected and who's um
who runs with the in community
I bless what you're doing this man in Jesus name
thank you Lord Lord
I thank you for this woman
I just I pray your Grace to be on her right now
but everything that was meant for evil in your life
God's turned around for good like Joseph
you're gonna say to your brothers
what you meant for evil God meant for good for me
and I see the Lord taking your ashes
and making it into beauty
that things that you thought would be
would hold you back
or actually you're standing on them
they're elevating your your uh
your perspective and your your your ability to see Lord
I pray that you would cause this woman
to be a deliverer of those oppressed by the enemy
that her story her story

would become a salvation story
for thousands and thousands of people
I see you on talk show telling your story Lord
I just release this story
to be a story that frees many people
in Jesus name thank you Lord
is there a Joanne in here
someone named Joanne
somebody's like I'll change my name to Joanne
that'd be great
thank you Lord
thank you Lord I thank you for this young man
what's your name Steven
oh Lord
I thank you for Steven
Lord I just
I thank you for what you're doing to him right now
Lord thank you that you're solving his situation
his inner world Lord
thank you that you put it to rest or you
you've had a great call on this man's life
and thank you Lord that
that he's not to stay in the shadows
but to be out front as a man of courage
a man of strength and a man of great wisdom
I bless this man in Jesus name
thank you Lord
I bless your child
is this your first child third
your third oh
you're doing good you guys kind of like rabbits huh
Lord we just bless this child in Jesus name
what's his name Milo
Milo wow
Lord we bless Milo in Jesus name
bless Mom Dad
thank you Lord
bless what you're doing to them
a house of laughter
your house would be a house of laughter
a house of connection a house for depressed
depressed people
that
depressed people would come in and be filled with joy
ha let your house be a house with
that depressed people come to

and become filled with joy
like on the floor laying on the floor
rolling down rolling around
filled with joy
yeah and may you be a bartender of the Holy Spirit
serving up the joy of the Lord
this is
these people are not drunk
as you suppose but they are definitely drunk
and I just pray that your house would be a bar
people would come to get drunk in the Holy Spirit
and be filled with joy in Jesus name
thank you Lord
thank you Lord
and Lord I just bless this church
I pray God
for an outbreak in this community
Lord I pray for the Danny Silks of the world
to fill this place Lord
I pray that this place would grow exponentially
and that in 27 months
they'd say this place is too small for us
we need a bigger place we need more room
we need to stretch out Lord
I pray that there should be a Holy Spirit vortex
right now I prophesy a Holy Spirit vortex
that people would come from all over to be discovered
to be developed and to be deployed
Lord that this house would move from a
from a from a house of just shepherding to a house
this like an army this is like an army base
it's like training Holy Spirit terrorist
Lord I pray we train Holy Spirit terrorists in here
not to terrorize humans but to terrorize the devil
I pray that
that these leaders would become generals in the faith
Lord we just release a new anointing for a new day
that stripes would be put on their shoulders
that metals would be put on their chest
Lord I bless this day as a day of transition
in Jesus name amen
