

Title: High Voltage & Illuminary Angels

Speaker: Bobby Haaby

Date: 03/03/2024

Topic Sentence: Sometimes it's easy to settle for little to no power of God operating in our lives. But the truth is, we were made by God's power to flow in His power. God is releasing "Illuminary Angels" to bring Heaven's perspective so we can walk in His supernatural love and power every day.

what I wanna do is I wanna give you there's
there's something about
perspective and God sending uh
angelic help for perspective
in the way that I saw it was um
I saw these Illuminati angels that were coming down
bringing lights
and that's all they were doing
as if you could see it just screwing light bulbs in
like to the top of our heads
and often I get these weird word pictures like that
I started laughing and the thought came to my mind
how many angels does it take to screw in a light bulb
depends on yes
but using sometimes
ah just that angelic help
I mean it's like ascending the mountain
Psalm 24 we've been going after that for 2024
and you can tell there are seasons in
in life and maybe seasons during your week
where it just seems
you've just broken above the clouds
and you get this illumination
you get these moments of clarity in your life
and I feel like that's going back
I heard one uh
preacher say he said gosh
when I was during the space of my life
and he recalled years

a couple decades of his life
he said that
that's where he was the most lit up for the Lord
where it just seemed like everything he touched
people were healed
or things that were just unusual anointing
and so you know me
I'm always like looking for opportunities
and I said well what about now
like that stuff doesn't need to go away
like I used to be anointed
it used to be amazing that's not that's not okay
like really what what
what god is doing is
and this was why he put the um on in John 15
he said you will go
I've anointed you to go
and bring forth fruit that remains
like
everything God wants to do has eternal aspects in it
because it's him
right I mean
I love revival but I don't wanna need to be revived
I want a revival that last my entire life
anybody don't
you just wanna be lit up for the rest of your life
and not have a season of being lit up
I I feel like we're go we
it is biblical that we go from glory to glory
to glory to glory like
the Bible says
that the path of the righteous grows brighter
and brighter and brighter
until the full sun
so I believe that
that's the anticipation that we should have
but if you feel like there's seasons of your life
that you've been lit up I'm telling you
there's more that was glory
but there's more glory
and then there's more glory after that
and there's more glory after that
why don't we just be known
for people who are just hungry for God

who are just hungry for more
I've studied revivals since
you know gosh
before the 50s in America and then before that
and be in beyond globally
and then all the way back through into the Reformation
and one of the things that I was impressed
mostly about with the Argentine revival
in Argentina was
that was their cry
you would just have thousands of Argentine people going
moths more more more
more God we want more
and so I'm satisfied with God
and what he's doing in our lives
but we have to want more
we have to want more in the kingdom
how or I should say this way
in the natural when you eat
you get full but in the kingdom when you eat
you get hungry
that's how it works we just want more and you know
I just love helping people break through
into a lifestyle of the fullness
I went
I was having some electrical issues with my truck
this last weekend
I'm always asking the Lord God what's going on
and he's like there's an issue of power
and I'm like oh Lord we all need power we
we all get sort of satisfied just walking in
low levels of power like walking in
there's a low voltage issue in my truck right now
and I'm like isn't that true isn't that true
we're all sort of settling for low voltage
we're all settling for just like that okay
well as long as you know
it's a fairly decent week and you know
Moses when he went before the Lord and God says hey
you're the guy
that I'm gonna use to bring my people out of slavery
bondage mentally
spiritually physically
emotionally all of that

go tell Pharaoh to let my people go
and he's like you wanna use me
and he's like yep
you're the guy you're the guy
well what about Aaron
he's kind of got verbal advantage
he took a couple Del Carnegie cat classes and he styled
let's just use him and he's like nope
you're perfect you're my choice
let's
let's go do that and tell Pharrell that you're leaving
so he goes to tell Pharaoh and he goes
well you guys can go do your little religious thing
and I'll see you in two weeks
take a good break
and he's like no
that's not what God said God said
we're leaving
and we're never coming back under slavery
and he's like no
go have
go get your thing on for a week and be satisfied
cause I need some more bricks made here slavery
get back into hard labor we'll see you in a week
and Moses has to go back to him and go no
that's not what the Lord says
matter of fact we're leaving and never coming back
but when the Lord spoke it to me
he said we're taking your gold and your silver with us
and we're never coming back
and just kind of have having that sort of audacity
or tenacity to make no deals with the devil
come on just no
deals with the devil we're going out of bondage
we're coming out or should I say
we're coming up this year and we're never going back
it's not just a little bit of revival
it's not just a week of clarity
it's total total revival
so I'm in there get my car
um looked at one of the cells
guys come and goes well
there's no better time to just go test drive a new one
so Becky's like whoa

whoa where's this story going
and so I go well
let's I go yes
I go so well
couldn't be harm just to take a test drive
could it
so we get this no brand new F1 50
and we start driving around
and I remembered that that morning the Lord said
you're gonna get a chance to tell your testimony
tell your story
and he said brag about me
and so I just reached over lock the doors
and we get on the Parkway and he goes
well tell me about you
and it was just like a tear and I was just like
well
and it was awesome by this time
you know
we're doing like 50 miles an hour down the Parkway
and I'm just into it well
his name is Jesus
and he's been the kindest person I've ever met
in all of my life and when I was young
I tried to grew it up
and there's not a place that I could go that
he wasn't there for me calling my name
get me back to him and now I love peep
I love people and I love helping them find their flow
you know everyone was born for a specific destiny
what about you
and I just loved the opportunity to go there
and I think the Lord is just for all of us
he's creating moments where we're shining
and people want what we have
and if we just step across the line
into that area of boldness
which is really confidence in the Lord
not just personal confidence
it's just a gladness
and a thankfulness for what he's done for you
you just wanna brag on him
I do talk about making Jesus famous
I'm secretly and not now from this point on

cause I feel like I wanna mention
I'm asking the Lord
can we change the name of our church to Jesus famous
I'm really like asking the Lord
I won't do it unless he says it
but I'm I'm like I
I feel like that's that's like who we are
is looking for ways just to glorify the Lord
that's what Jesus did all the time
oh Jesus
look at him he's healing the sick
everyone that comes to him and he's like oh
have you seen my father he's so amazing
and he's just glory dumping on the father
and then the father is like
this is my beloved son and whom I'm well pleased
and the whole Trinity is constantly
glory dumping on each other
what if we just entered into that fun with the Trinity
and just glory dumped on God all day long
just entered into something
that's intentionally going on in the heavenly
right now
and for all those who will enter into it on earth
there's a special anointing
there's a special power
you don't have to live in low voltage you just don't
the watermark of Christianity is going up
and it needs to it's needed to for a long time
and so normal Christianity to you and me
is to make Jesus famous
normal Christianity is to know him and make him known
I said this morning Lord
I just wanna worship you as king
and that's part of Psalm 24
who is this king of glory says yes
worship me as king but today
worship me as friend cause I'm also your friend
I'm also with you we get to do this together
I'm the friend that sticks closer than a brother right
we get to do this together
you are joint heirs with Jesus
do you know what it means to be a joint heir
I think people getting over from the last

you know couple decades
just some things
and failures that we've sort of walked in
I think the devil tries to call us a joint air
E R
r O R
and I felt like the Lord was removing that
no h
e I r
joint heir of the kingdom
it's all yours every bit
I will withhold nothing from you
withhold nothing from you
and
we just wanna get back to the place where we're asking
and dreaming big thinking big and believing big
and the Lord would say if you would
just make a list
of the things that you wanna see him accomplish
in your life and you get down to the 99 and 100
and you're making them and he would just go
now double it
and just really lift up the watermark
of the things that we want to see God do
we make deals with the devil and the lords
like don't let it be
not in my house this is the year of the blessing
this is the year of the Father's blessing
this is the year of the Father's blessing
this is the year of the Father's blessing
and we just wanna have that mindset and expectation
don't we sitting on the edge of our seat
I love when John
the Baptist sent his disciples over to see if Jesus
if he was the one who he had waited for
if Jesus was doing what John prophesied Jesus would do
and he was in prison now for sharing the
the Lamb behold the Lamb and the one who would come
and now he's given his life for the sake of the gospel
and he just wants to know
has the revolution that I prophesied started is Jesus
has the Lamb begun his ministry
and he sends his disciples to go
and see if Jesus was being made famous on the planet

then they came to Jesus and they said
John is asking us to come and ask you
are you the expected one or shall we look for another
and I'm telling you
the way the Lord shared it with me recently is
if I'm not your expected one
you will look for another
like literally in life
we need to move to the edge of our seat
and have an expectation are you the expected one
what a great question that's the only time in scripture
that your god is called the expected one
I want to grab onto that when I read it
and just grab onto that anointing Lord I
I and I literally moved to the edge of my seat
when I read that scripture
and I said I wanna live on the edge of my seat
for the rest of my life
would you grant me this importation of expectation
are you the expected one because if you're not
I'm prone to look for another
it's happening all over the body of Christ
it's happening all over
we're always looking for other things
when Jesus isn't first
and so God just calling us back
make me first I'm the only one that can save
I'm the only one that can heal
there's no other name given among men under heaven
whereby we must be saved
no other name but at his name
every knee shall bow every tongue shall confess
that Jesus Christ is the Lord
am I first
am I your expected one or are you looking for another
and there's all kinds of things that we can do to um
see God glorified
and there's all kinds of things that were believing God
for
I just think we should seek first
the kingdom and his righteousness
and all of these things
the Bible says will be added unto you
seek first the kingdom of God and his righteousness

and all of these things will be added to you
do you know I look up the word things
just in case things didn't mean things
yeah like spiritual things right
I mean you could mean Ferraris
could mean mansions
I mean just must be things like
you know groceries
those things
you know those kind of things
not like the new iPhone
whatever the number is these days
where we at the
F1 50
I thought that's what you said
I was like that's not the name of an iPhone
more power rough
so I said
I heard some of that this morning before we got started
so I said
I was just praying with the Lord
and he said Bobby
there's many people that are
be holding
a lot of the darkness that's happening in the world and
you know really um
it's on us this this year to get out and
and vote make some changes
and I think people are just like vote why
you know what I mean I think
we're gonna have to get stirred up
about doing our part and trusting the Lord
for the supernatural breakthrough
it's not a time to shrink back and say what why
why vote as if dot dot dot uh
don't don't go that way
you do your part you do your part
it's just like when it comes to seeing the supernatural
the Lords never said don't pray
he says you pray but Lord
it's been like five people that I prayed for
and nothing's happened he's like
you do you
you do your part and you trust me for the rest

so you never we never get
we're not gonna take a breather on this election
we can't we can't afford to
we've got to be on it we've got to know
we've got to be educated
we've got to be prayed up and we've got to
it's this this is on us
this one's on us this one's on us
so he said many people are beholding
a lot of darkness
that's happening in the planet right now
and there is a lot but he said
who's beholding me
who's beholding the Lamb
and I got this download from the Lord
and starting tomorrow March 4th
it's so prophetic it's just that we're gonna
March 4th where I'm going to get on every day at 11 a
m except for Sundays I'll do it at 2 um
but
I'm gonna get on our Facebook and social media pages
and I'm just gonna do a live at 11 a
m and I'm gonna say this is how I beheld the lamb today
this is in what conversation
or in what meeting or in what um
situation or you know
got the guy in the truck and here's what
here's how I beheld the lamb today
and I'm just going to
just go on there and try to shift the narrative
because everybody's beholding darkness
but who's beholding the lamb
and we could just shape the narrative and shift it
if we would all just get on there
and you would model for the world
and the rest of the church
how to just come away from beholding darkness
and behold the Lamb
low voltage
it may be difficult for you in
on some days to like behold the lamb yeah
it may be difficult to go
gosh though it was just a hard day or a hard week
and every day the lord's there

and people need your honesty
they need we need you to get on these platforms with me
I'll get on at 11 and you get on
you can get on live with me and put in the
here's how I beheld the Lamb today
it was in a conversation it was in the smile
it was when I got to give somebody a prophetic word
or an encouragement whatever it is
how you beheld the Lord
or how people be held guard through you
and just begin to shift the narrative
cause so many people need it to be modeled
how to see Jesus every day
yes I remember God teaching me Bobby
I wanna speak to you
it was in the early days of me giving my heart to Jesus
and him teaching me
how to operate in the prophetic words of knowledge
just to hear his heart for somebody
and to be able to release it
so he said go down to the coffee shop
and so I did I just went down to Starbucks
and sort of sat with my back to the wall
to where I could see the entry
and people started walking in
and he'd go let me tell you about their life
and I just start writing it down
and I'd be like wow
what are you gonna do with them
and he says here's what I have planned
and I just write it down take my Bible on my journal
and I'd head off Becky
go where you going
I'm like Starbucks
I I didn't care for the coffee I still don't
but it was where he told me to go
and so um
every once in a while I don't know
about one out of 30 people
I'd say can I go tell them that
that's incredible
and he'd say go get in line
and so I'd watch him come in the door
get a download for him they get in line

I get in line right behind him
and sure enough they turn around and go
how you doing
and I say good
and here's how you're doing
and I just got opportunities
and took opportunities to love on people
I didn't get weird or all Christianes
I just said you know
I've got a great ability
supernatural ability to read people and their future
and you tell me am I right or am I wrong
right now
you're involved in this and you wanna go to this
and the one who created you is super excited
you'll be there you will be there
you keep doing what you're doing
and God will get you there
and I got what the bleep
I can't tell you how many times
like Omg
how do you know that information
oh my God I'm just over in the corner learning
learning to hear God
and then Becky and I would get on a plane
we'd go somewhere we'd be at a layover and she'd say
hey what do you think that guy's name is and I go
I don't know she goes
I think it's Randy and I think he's from Texas
and I'd be like all right
well let's
one way to practice one way to find out right
that's what first Corinthians 14 is all about
everyone can prophesy so that all may learn and all
may grow
like get off the religious spirit
that you got to be perfect
in everything that God's given you
only God is perfect so I'm like
all right
well I'mma go meet me a man from Texas and I just go hi
I'm Bobby and that's a great way to find out right
unless he's just gonna diss me and not tell me his name
and I can't tell you

it was awesome to watch Becky grow
and then suddenly he just go
I'm Randy from Texas or whatever his name was
and I just come skipping back and I'm like
that's so awesome that's so awesome
sometimes it was Pete hey
I don't know wasn't Randy talking to somebody else
I'm like well whatever
you know you wanna be a Randy Dang it
like you gotta get over the
you gotta get over the shame and grow
and over the years
because we were bold enough to play those fun games
like Rudolph
join in all the reindeer games
then you start to grow
because you don't care how you seem
don't care how you look
and God begins to stir you up and say
we can do this for the rest of your life
come on let's go
we can do this for the rest of your life
and Becky and I every once in a while
we'll be sitting in a restaurant and I'll go
what do you think his name is
even now 30 years later we still do that
and we just have fun hearing the lord's voice
who wants that
who wants that I mean
you can hear God
I've seen it over in in huge business deals
I've seen it whether or not friendships should form
and relationships and all of that sort of thing
I'm telling you
hearing God's voice saves you a bunch of time
bunch of time
ever get in front of someone in the Lord goes
love on them but do not partner with them
ever been there
save your bacon save a lot of time could save years
love on them but do not partner with them
it's time for us just to hear that kind of stuff
and just know what God's saying
and be able to listen to the Lord

and so

I want you to get on and behold the Lamb with me

I want you for the next 28 days starting tomorrow

I want you to get on I'll get on every every day at 11

but if you're in work and you can pop on at noon

find my post on Eagle Mountain

Facebook or one of our platforms

find my post and you get on there and take your place

and use your voice

and you say here's how I beheld the lamb today

it's gonna rewrite new neural pathways in your mind

in your brain you're gonna start looking for him

and I believe if we take this 28 days starting tomorrow

March 4th

and we March 4th up the hill into a new season

it's gonna culminate on Easter Sunday

at the end of the month that's our last day

but I believe

and here's what I'm gonna be praying for you

for the next 28 days that this 28 days

radically

revolutionizes the way that you behold the Lamb

that it will last for the rest of your lives

that you can just do this for the rest of your life

in any board meeting in any finances

in any deal perspective relationship

all the things that you need to hear from god

that you will behold him

I remember when I first moved here

and the Lord was like I just want a Lord

I wanna start a church I'm ready to rock

and he was like no

we're not gonna do that

but you are gonna walk the hills and the streets

and say to the mountains and say to the hills

just like Ezekiel

and I'm like hmm

I'm ready to get this party started

and it goes walk the streets

Danielson sit on the floor

I'm like oh

I'm ready to get it on and he's like walk the streets

so I did I would hike all over this place

I would climb all these mountains

all these peaks and just say to the hills
say to the mountains and prophesy
and just get to love this region
and I just feel like
tomorrow the intercessors
we're coming down for worship and prayer
and we just need some people
who are audacious enough to prophesy
we need some people who are audacious enough to come
and in the spirit of worship and revelation
just release some things that will change everything
if you listen to the blessing of 2024
and that conference that we just did
it was a digital summit um
we replayed all the words that we
as a ministry have received over the last three years
it was phenomenal and just trying to stir you guys up
it was a conference for us
by us for us
but it was really for us
to remind ourselves of what god has spoken to us
that's why I love being in a prophetic movement
is the blessing is hearing from the Lord on that level
directionally
where there's no way you can make this stuff up
and you know God speaking to you
and so now it's time to walk that out
it's not time to just go well gosh
uh Eagle Mountain got that word
it's time for you to say
we got that word and take your place
find your place in it
and if you find your place in any word
you're gonna start praying it back to the Lord
Lord you said
you gonna find your place in it by going
gosh how can I serve this word
I started asking the Lord about my region
when we first got here
and he said
on one of the days that I was walking the streets
he said listen to the sound of your city
your city has a signature sound what is it
I've given every region a special anointing

what is yours
and I was just like I don't know
he's like go walk the streets of your city
until you hear the cry of your city
it's got a destiny and it's calling out
and I was just walking the streets and I was like Lord
I don't hear you and I don't see you
and he goes
open your eyes look a little deeper
look a little harder I come around
just as soon as he said that
I come around the corner
from one street to the next on the corner
and as soon as he said that
I come around the corner and there's a display window
and a bookstore with a large book
and it said I am everywhere
and I was like you are everywhere
I mean I could just feel his presence personally saying
a week ago when that book was placed in the window
I knew you would be here
and I knew you would actually call out my name
just like when you met your spouse
or that business partner or friend
or decided to move to this region
events took place in advance
your prophetic destiny took place in advance
to get you here to get you to turn
to value that thing the burning bush was for Moses
but Moses had to turn aside
your Bible said
to look at the bush that was burning with fire
like you don't get to hear God's voice
speaking out of the burning bush
until you see it and turn aside to come to it
I feel like things like what we're doing
and the opportunity for people to come on board
the worship night tomorrow
I think it's going to be an opportunity for people
but the question is will they turn aside
come on will we turn aside
come on will we behold the Lamb
so I'm just asking you
don't not do it

if you're
if you're bashful about your voice and who you are
you're not posting a video
I'm the only one that's gonna post the video
the rest of you are just gonna respond on your post
and just talk about how you beheld the lamb
but start looking
and you will begin to see him everywhere
everywhere
if you don't like it
well Lord we're right here
we never just wanna do church for the sake of doing it
although we love just to be together
and love being in your presence
love worshipping you
the Lord we wanna see your glory today
we wanna see your power in this room
we want every person who needs freedom to receive it
they can only do through your name
we want to see you and as the Bible says Jesus
we want to see your fame spread throughout the land
Lord I ask for every person who
uh has decided
maybe over decades to settle for second best
huh
the Hebrew word for halfway up the mountain is yacht
here it just means have
or the Hebrew word for the word mediocrity
means actually halfway up the mountain
and that wild when we're talking about Psalm 24
ascending mediocrity means halfway up the mountain
ya tear means all the way aboard to jetison
and Lord I just wanna pray over your people
if we're settling for halfway up the mountain at all
in our minds
maybe over seasons of wounding or decades of um
just bad thinking wrong thinking
maybe wrong theology
maybe the religious spirit or whatever it may be God
I thank you that in this room you've got a plan today
and we just wanna release you
uh with your fire
with your light
with your angelic luminaries to come and bring light

okay uh
here's where I wanna uh
start some ministry time um
all those who um
have um
need of healing I want you to stand
and I felt like
is there anybody who just has pain in their side
anybody who has pain in their side specifically
would you stand for a second
and all those who just need healing
stand in this room
if you need healing for anything at all
um
the Lord
took that spear in the side when he hung on a cross
Blake would you come and play
oh you got something going
you're on it
alright that's perfect
like you've been replaced
that's that's not okay that's not okay
and everybody said heck no
oh Lord thank you for your presence
thank you that when we just take time like this
reverence you you come stronger
we were born to live right here in your presence
I think this is all of us
but you believe in healing
you believe that God can heal
would you just go find someone to stand with
that standing right now
let's do this together if you're standing for healing
would you just raise your hand until someone comes
let's see God do something amazing today
come on let's believe God
you do you you just believe God and let God do the rest
there's a gentleman standing right there yes
thank you for that thank you for that
let's believe God for the supernatural
Michelle are you standing
raise your hand until someone comes
we wanna make sure that
everyone has someone around them

if there's someone standing close
let's do this together
now I'm gonna pray just for a second and then you pray
you pray for that person as if they were their
your own brother sister
son daughter whatever it is
Lord Jehovah Rapha
the God who heals
you're right here you're right now
we just speak over your body
your church that your body God
this is your body you call it your body in your Bible
this is not just heal my body
this is heal your body
Paul said
do you not know that you are the temple of the living
god of the Holy Ghost
so father
come and heal and touch your body right now
I just speak health and life over your body
every cell of your being right now
God your church
your body
touch every cell of your body right now inside of us
and causes to be whole right now
we believe for this
Paul right now
we release the power of God over every person standing
over all those watching around the globe
that are believing with us
for healing right now
we release healing the name of Jesus over you
the name of Jesus at the name of Jesus
there is wholeness at the name of Jesus
there is life at the name of Jesus
there is freedom at the name of Jesus
every spirit of infirmity has to go
at the name of Jesus at the name of Jesus
now just speak Jesus over these people standing
these are your friends
these are your brothers and sisters
speak the name of Jesus
I speak Jesus over whatever is ailing you
I speak Jesus over every infirmity

I speak Jesus over every malady right now Jesus
Jesus right now
I release the anointing of Jesus
of Jesus into your body right now
into your body right now
behold the Lamb now you pray for them
come on go go
God we believe you for greatness
we believe you for your power
God right here
we adore you we love you
we worship you God
release your power release your fire
all infirmity has to go right now
every bit of pain has to go
we speak life and health
in the place of all of that pain
right now in the place of that discomfort
whatever it is in Jesus name
from the top of your head to the soles of your feet
we release the name
the love and the power of Jesus right now
right now
come on command them to be whole
command them to be whole in the name of Jesus
we've seen it a thousand times
whole healing right now in the name of Jesus
be made new right now
in the name of Jesus
in the name of Jesus
and I just break off every person that's been getting
mentally attacked by the devil
I break that off of you right now
in Jesus name
I just speak freedom over you right now
anything that you've done wrong
anything that the devil's trying to highlight
things you need to do more or you're not doing enough
all of those lies we just break those off
it's like take bowl cut
cutters and cut off those shackles from you
right now in Jesus name
in the name of the Lord right now
now if you can test your body

I want you to do it if you can
if you can test your body one way
and see if something has changed
I want you to do
I want us to put a demand on the anointing
and begin to test it out
and if y'all need to pray again then pray again
sometimes you might see some uh
some improvement
and you might feel like you wanna pray some more
that's fine too
just take a moment test it out
and let's give God praise
let's give God glory for what he's doing
all across this room right now
in Jesus name in Jesus name
in Jesus name in Jesus name
Jesus name
all right you guys
here's what I wanna do
we've got prophetic teams that wanna minister to you
guys here in just a few minutes
but I wanna lay hands on
every one of you who wants hands laid on you
I'll lay both hands on you
and so ministry team prophetic ministry team
I want you to come first
because we need to release you for prophetic ministry
so if you're on the prophetic teams
we want to bless you first
would you just come and let us pray for you
come on down thank you guys for serving
you're always so faithful
prophetic ministry teams come down
and then also if you have a card
if you got a card from Julie today
to receive prophetic ministry
I want you to come down also
so that we can pray over you
so that you can all go have your sessions
God's gonna minister to you powerfully um
but I want you to get prayer first
cause I want everyone I just feel like um
the Lord just gonna touch your life

and we're just gonna release the anointing over you
this feel like
we're just supposed to have an anointing service
or we just release the anointing of Jesus
thank you Lord thank you Lord
I can feel it again the anointing of Jesus
you're so kind you're so good God
so if you're on the ministry team or receiving it today
just come down we're gonna pray over you first
ministry team
would you just come and help me just begin to lay hands
leadership would you just come and just help me pray
