Map of Movements

Prophetic Word given by Donna Hoover

I saw the map of the United States and then saw many of the movements of God that have come to America and those that were birthed in our nation. I saw a red line being drawn from location to location where these strategic moves of God have taken place. The line went from Toronto Canada (The Fathers Blessing) to Anaheim (Equipping the Saints) to Charlotte (The Prophetic) to Kansas City (Intimacy and Prayer) to Pensacola (Souls) to Redding (Healing and Worship) and culminated in Bend, Oregon. These cities are locations of some of the moves of God which have, and continue to, shape the spiritual climate of our nation. As the red line moved its way up the West Coast from Redding it came to Bend Oregon and the Lord said that this movement that He is bringing to Bend is the culmination of all of the previous movements combined. Bobby and Becky have honored those who have gone before you and therefore Eagle Mountain will be used by God to walk in the fullness of those mantles and release a new move of God that the earth is waiting for.
