

Title: A Lifestyle of Faith

Speaker: Bobby Haaby

Date: 10/29/2023

Topic Sentence: Your faith is the key to pleasing the Lord. Your faith releases you into the reality that God wants to reward you for seeking Him. Believing that God "IS" calls are faith to be current. God is not just the God of the O.T. Nor is He just the God of Israel. He IS your God.

okay

I wanna talk to you guys for a few minutes about um

a lifestyle of faith so if you have your

oh nice

if you have your Bibles turn to Hebrews Chapter 11

we're gonna start there

and I wanna read through the names of God

that you guys um

put down during worship god of my Father's sovereign

lion of Judah our Lord and master

holy glorious

wonderous one the I am god is with us

the Lord of all god who sees me

the Lord of all my provider

everlasting father most high with us my peace

I am your covenant God God is my fortress

my friend and faithful one

you guys are powerful people

you're not sweet

thank you Lord for great great presence

thank you for what you're doing here in our hearts

today Hebrews 11 verse 1 God

we just ask that as we um dive into your word that um

it would be your word that sets us free

different things that need to be said Lord

just help us

and different things that need to be caught

help us in Jesus name now

faith is the substance of things hoped for

and the evidence of things not seen

today I'm talking about a lifestyle of faith

so let's break that down a little bit

now faith is the substance

or some translations say confidence

or the certainty of things hope for

and the evidence of things not seen
now faith which is from god
to each of you has been given a measure of faith
and your faith can grow
I was teaching this in our school of ministry
and I'm like we all need to go over this
this is fire because God is not only imparting faith
and new levels of faith but he's stretching your faith
or growing your faith right now
and so faith is substance
say that with me faith is substance
so it really is it brings things into being
but it's substance of things not seen
so the whole idea behind faith
is to take what is not seen
and bring it into the scene realm
that's what your faith was given to you for
it's substance it really has matter to it
but it's matter of things unseen
like faith works best in the unseen realm
and it's on a mission to bring what you can't see
into the tangible can you say men to that
there's two definitions for the word substance here
and the first definition is
a particular kind of matter with uniform properties
it takes something that seems chaos or unknown to you
and it brings it into matter with uniform properties
the second definition is the real physical matter
of which a person or a thing consists
and which has tangible a tangible and solid presence
so God is wanting to bring some things that are not
as though they are isn't it
I mean
that's what God's doing all over the planet right now
and he's like hey
who will use their faith because
we're constantly talking about things that are not
we're constantly talking about
things that haven't manifested yet
for us or on the planet
but what about the things that are waiting to be made
manifest they're actually in the unseen realm
just lined up like on a conveyor belt
just lined up ready for someone to go
use your faith
and bring what is not seen into the scene
who wants to do that

who wants to do that for you
for your family for the region
who wants to do that for the people around you
when they just don't have any faith
that seems their faith is leaked out
and you're like hey
that's cool I got enough for both of us
I mean
I know how to get something off of the conveyor belt
of heaven and go
there you go there you go
I know how to take something that is still waiting
in the unseen realm and cause it to become substance
that's what faith does that's why your faith was given
it's so easy to just use faith for the scene realm
and that's not good stewardship of your faith is it
Hola
I love that
this powerful scripture about faith starts with now
faith have you ever heard that
right now I wanna see some things now
who wants to see some things right now
we gotta stop giving God an out Lord
if you choose
if it be your will
all those prayers that only protect your ego
and do not give God an out
he doesn't need one he doesn't need one
somebody needs to put a demand on the anointing
reach out
touch the hem of his garment and bring down virtue
bring down virtue
like Jesus should be saying mostly right now
who touched me who touched me
I felt virtue flow where literally
we're calling on
and hanging on to the virtue of god all the time
where is non stop just turning around
because people are drawing on him through faith
I wanna see some things right now
not just generally
he wants us believing that he is able to do exceedingly
abundantly above all that you can ask or even think
like right now not just generally or someday but
but right now can you just say now with me now
God wants our faith to be alive with desire
and a desire to see his glory right now

a desire to see his glory manifest right now
right now
of course
there are some things that you'll believe God for
for decades and I totally get that
but our faith will always increase while we're waiting
won't it it shouldn't diminish while you're waiting
it should increase while you're waiting
that's how you know
you're drawing on supernatural faith
and not just your faith right
there's faith in god which is awesome
but then there's the faith of god
which is awesome when Paul said hey
this is the way that I choose to live in Galatians 2
he says hey
this life that I now live
I live by the faith of god
who loved me and gave himself for me
so I've gone way beyond just faith in God
to the faith of God who wants that
God wants our faith to be alive
and your faith will grow if it's the faith of God
while you're waiting that's just it right
faith sees while you're waiting
faith sees
it sees the unseen and it makes it tangible first
it makes it tangible in your heart first
it makes it tangible in your mind
so that while you're praying
that thing is already real to you
just like when you have a dream
and something's massively real to you and your dream
that's how faith is supposed to operate
it's supposed to say hey
who cares about timeline
is that thing real to you now while you're praying
and if that's the case
you know faith is working inside of you
faith without works faith without tangible
faith without stepping out just doesn't work
did you notice that
it's the substance of things unseen
so I wanna unpack that a little bit
the scripture
means that your faith was specifically created by God
for you to foresee the unseen

like think about it right now
what things have you been believing God for
that just haven't manifested yet
it's like literally on the conveyor belt of heaven
you can see it go straight up through the clouds
and there it is
but you're believing for things that are unseen
that's literally why you were given faith
can you imagine now not having faith
based on what I'm telling you about
just
having no ability to see what is next for your life
having no ability to know what is in the unseen realm
just waiting to be made manifest for you
can you imagine not having faith
but God's given you faith
so that you can see what is on the horizon
and begin to call it into being for your life
and for other people's lives
for regions and nations of the world
but we have to understand
that faith operates in the unseen realm
and your faith was designed by god
then to release into the scene realm
what was previously unseen
so Lord I don't like living in the unseen realm
and he's like well
then your faith is gonna leak out
because that's what your faith was designed for
and if you just keep using your faith for things seen
what is that
what is that things that have already manifested
I mean I think there's an inference for believing God
for the testimony and things that he's already done
believing God to do it again
the word testimony
the root word of the word testimony means to do again
so we believe God to do what he's done in the past
again and again and again and again
I mean that's part of the testimony
but we're also still believing for the unseen realm
that's where your faith works best
not just in what you've seen
who's using your faith for the unseen rail
good
Hebrews 11 6 says it this way
and without faith it's impossible to please god

because anyone who comes to him
must believe that he is
and that is the reward of those who diligently seek him
so your faith then is key to pleasing God
did you get that and without faith
it's impossible to please the Lord
so your faith
and using your faith for things not seen
is key to pleasing God Lord
I haven't seen that thing yet
but I'm gonna put myself in the unseen realm
and believe
and somehow that by believing what I have not seen yet
and operating in that level of faith
God is pleased
God is pleased
now I remember asking the Lord
I was like Lord
um if you want to sort of dial back my driver
I like to do a lot of things
and I like to get a lot of things done
and if you wanna drive back
or hold back my driver
and cause me to slow it down slightly
like you can put me on a short leash and I
remember just praying about that
and there are times throughout my life
where he's totally put me on a short leash
and make me made me wait for decades on other things
but this day when I was saying Lord
is that what's going on
is that what you're doing right now
he goes Bobby
I give you permission to start three revivals
that I never called you to
I mean there are times when god says listen
my level of driver or slowing it down or bandwidth
or all those things that you think you're limited to
in the natural Bobby
what I need you to do is operate in faith
I don't need you to be limited
to limit my Holy Spirit and call it balance
I need you to believe me and step out
and do something that no one's done before
who's willing to do that who's willing to step out
and maybe if someone who's never seen
maybe they don't even have any faith

maybe they're not a Christian
maybe they don't know God
maybe they are a Christian
and life is leaked it all out
and you're gonna go at that right moment
God's put you in their life
to cause something to happen
that they've never seen before
sometimes it's a healing sometimes it's provision
sometimes it's a ride
sometimes it's an encouragement
sometimes it's something supernatural
God's calling us to step out
live a life of faith
and don't just reproduce that which has been seen
understand that
your faith is to cause things to appear
that are not seen
Romans 12 verse 3 through 8
I just wanna go over that a little bit
for by the Grace given to me
I say that every one of you
do not think of yourself more highly than you ought
oh no
here we go
I want to read it again for by the Grace given to me
I say to every one of you
do not think of yourself more highly than you ought
but rather think of yourself with sober judgment
in accordance with the faith
that god has distributed to each of you
so each of you
have a measure of faith
that god has distributed to you
and Paul wants the church in Rome to understand that
God's given them each a measure of faith
and they should use that faith to um
ascertain who they are
based on that level of faith that God's given them
and he starts out with saying hey
don't think of yourself more highly than you ought
but rather think of yourself with sober judgment
in accordance with the faith
that has been distributed to each one of you
for just as each of us has one body with many members
and these members do not all have the same function
so in Christ though many form one body

and each member belongs to all of the others

we have different gifts

according to the Grace given to you

so if your gift is prophesying

then prophesy according to your faith

if your gift is serving then serve

if it's teaching

then teach again according to your faith

if it's encouraging then

and give encouragement

according to the faith that God's given you

if it's giving then give generously

and if it's leading then do it diligently

and if it's showing mercy

then do it cheerfully

so

this passage shows us that the faith that God gives us

can manifest in like

all kinds of different ways right

prophesying it said serving

teaching encouragement

giving leading

showing mercy and

there's many more ways to release

the faith that God's given you

and the Grace that God's given you

but what I wanna point out is that

that scripture says that

you should have an accurate assessment of who we are

we should all have an accurate assessment of who we are

and properly judge ourselves in accordance

it says with the faith that god has given

now let me quickly give you a definition of pride

pride is having a different definition of ourselves

and God does

can I just say that again

pride is having a different definition of yourself

than God does

so what about the scripture that's been taught on

for centuries hey

don't get too bad with yourself

I mean that's how most of us interpret the scripture

don't think of yourself too highly as you are

and we're and then most of us just go oh that's right

right

I don't think that's what this means

and I can prove it to you in Scripture

so humility
requires that we actually agree with what God says
we are that's humility
to actually agree
that God's definition for you is better than yours
so humility
requires that you agree with who god says you are
so verse 3
there in no way
suggests that you and I
should not think highly of what god can do through us
it just simply says don't think too highly of yourself
oh
what you can do in your capability
what you can do in your own strength
don't think too highly of yourself
sometimes actually
thinking too highly um
actually the definition for it is
thinking of yourself too often
don't think of yourself too often
but when you think of yourself now
it's important that you understand
who God's called you to be
and so when you see yourself
when you see yourself through the eyes of God
then you begin to align with the reality
don't you that you're not limited to yourself
your own strength
so when we use our faith to see how much he loves us
he's called us he's given us
the same Holy Spirit that raised Jesus from the dead
then we begin to see ourselves in him
and not apart from him yourself
we're in him and not apart from him
that's to me is so powerful
when we begin to no longer think of ourselves
and our limitations
but we see Jesus and what he is able to do
through a yielded life
your perspective of yourself changes
Zachariah 12 verse 8
if you have your bibles turn there
Zachariah 12 and verse eight
it says this on that day
the Lord will defend the people of Jerusalem
and the weakest among them will be as mighty as David

I mean that's just how the Lord sees weak
on that day the Lord will defend his people
and the weakest among them will be as mighty as King
David and the royal
so that's the privileged among them will be like god
like the angel of the Lord who goes before them
so what
if our definition of thinking too highly of ourselves
is substantially lower than the plane of god
because god says wait a minute
if we use scriptures like Zachariah
and many others like that
we need to upgrade our thoughts about who he is in us
then we would never go back to thinking too highly
of ourselves
or our abilities
and we can rise to having the mindset of Christ
with scriptures like this and again
many others our definition of thinking too highly
would begin at being mightier than David
at the weakest level
and then going up from there
I wanna read that scripture again
it's cause I'm not sure you believe me on that
day the Lord will defend the people of Jerusalem
or his people some of the translations say
the weakest among them will be as mighty as King David
and the royal descendants will be like god
like the angel of the Lord who goes before them
now how do you think about yourself
is it on the plane of the Lord
is it on gosh
Lord on
on on a weekday
um I'm mightier than David
on a tough day this is how you see me
and on a good day I'm walking in the presence
in the power I look like Jesus
like literally
he said to the Corinthian Church
who was known for being carnal
you are the fragrance of Christ to god
Paul said that not will be
not someday not when you're better
not when you do more it takes
it challenges performance doesn't it
well I'll tell you this

Romans 4 and verse 20 says
yet with respect to the promise of god
he Abraham
did not waver
some of your translations say he staggered
not in unbelief but grew strong and faith
giving glory to god and being fully assured
or fully persuaded that what god had promised
he was able to perform
now I know one time where I
Abraham staggered
when he was lying about who his wife was
because he didn't want to get killed
well tell him you're my sister
right I mean there's
that's the he stagger not
that's the father of faith by the way
that's the father of faith
and somehow God put on the God glasses and went
but he didn't stagger and we're like
I kind of think he did
and God's like no he did not
because you measure things by your weakness
and I measure your faith by your strength
I measure differently
because I see that you can do nothing apart from me
and I say that Abraham was fully persuaded
and staggered not at the promises of god
can you say amen to that
our faith needs to grow it was given to you generally
but it needs to grow so that god can display his glory
in greater dimensions through you right
Romans 10:17 familiar passage
so then faith comes by hearing
and hearing by the word of god
so first of all we need to discuss that faith comes
did you get that faith comes
that means
it's just not here it comes
and if it comes then it can increase and keep on coming
so faith comes and we need to discuss that
so that means it can increase in your life
it can come more and more and more
this means that faith grows
faith is not just given generally
without the need to be nurtured
your faith needs to be nurtured did you hear that

faith is not meant to be stagnant or ethereal
you can really really grow in your faith
so what does that mean then
I mean I'm just thinking
well God
if you said faith comes then that means faith can go
faith comes then faith can grow or go
how do you make sure your faith don't go
here's Paul telling his spiritual son in 1st Timothy
1:18 this command I entrust to you Timothy
my son in accordance with the prophecies
previously made concerning you
that by them by those prophecies
use those prophecies that by them
the prophecies that were made over your life
that by them you fight a good fight
keeping faith and a good conscience with some
which some have rejected
and have suffered shipwreck in their faith
so that means your faith can suffer shipwreck
if you do not fight over the words God's given you
Paul saying son
I know how to do this and if your faith can come
then your faith can go
and you're gonna have to fight for the words
because if you don't fight over those words
then you don't value them
so you're gonna have to hang on to every word
and if it takes like Noah
120 years then go after it
make sure your faith is growing all the time
because when I come back that's what I wanna know is
did you keep the faith did you fight the fight
did you go after that thing on the last day
more than when I first spoke it to you
and this spiritual father is telling his son
this command I entrust you
that's not a small thing there Timothy
my son
in accordance with the prophecies previously made
concerning you that buy them
take those prophecies
cause that's what's gonna help you fight
don't just fight without your prophecies
buy them your prophecies use them to fight
why are you forgetting everything
that he's spoken to you

and trying to fight on a different plane
the best kind of warfare
is to use what God spoken to you
that's what Paul saying why have you left those there
and gone on to fight
with things that I haven't spoken to you about
use the prophecies that I've given you as a tool
a weapon of war in your hand
keeping the faith and a good conscience
why does he say that
because while you're waiting and while you're fighting
the enemy is going to come after your conscience
he is going to try to fill your thought traffic
with all kinds of reasons
why you're disqualified
and he's like hey
make sure you keep a good conscience
while you're fighting so use your prophetic words
but also watch your thought traffic
because I'm telling you this is front line warfare
use your prophecies watch your conscience
you get it you guys getting this
I don't wanna preach if you're not getting it
let's go home
come on somebody
keeping the faith in a good conscience
with which some of rejected
huh hey
if God spoke it he's gonna do it
I don't have no part in it
I was just him he's gonna do it
and I'm over here sipping pina coladas
in Hawaii
that's not a word from Jesus for you
but
you have to be active in what God's called you to do
that's the point is you gotta go after
you gotta fight it
you gotta value it enough to hold on to it
and make sure that all the tactics of the enemy
aren't causing your faith to become shipwreck
do you hear me yes
yes
many have done this he said
some have rejected and suffered shipwreck
in regards to their faith
be aware of the things that God's given to you

whether their life verses
prophetic words things that he spoken to you about
the direction of your life
and when you go to pray and hold fast to those things
say things like but God
you said to me God
you said over my family God
you promised us that we would
right now Israel better be holding God to his word
they better be saying oh God
you said that you would be on our right and our left
you would go before us and behind us
and you would place your hand upon us
I mean this is the hour to hold the Lord to his word
faith comes by hearing and hearing by the word of God
so faith comes by your ability to hear
it doesn't just say
it comes by hearing the word of God
that's not what it says it says faith comes by hearing
in other words if you have the ability to hear
faith will come it will increase
and it'll increase
to the degree you have the ability to hear
cause faith comes by hearing
and then he goes on to say comma
but let me tell you how faith or hearing comes
hearing comes by the word of God
so your faith is dependent on your ability to hear
but if you wanna hear you better read the book
there's something that happens while you're reading
while you're understanding and contemplating
the word of God even
musing over those prophetic words that he's given you
while you going over that wall
you're musing on it out of your mouth
back into your ear out of your mouth
back into your own ear
something is growing tangibly inside of you
called faith
faith comes by hearing so you need hearing
if you don't have hearing
get that first
but here's how you get hearing by the word of God
all right let's land this flipping aircraft carrier
first Peter 1
in this you greatly rejoice
even now and even though for a while

if necessary you have been distressed by various trials
so that the proof of your faith
being more precious than gold
which purifies though tested by fire
may be found to result in praise
glory
and honor at the revelation of the Lord Jesus Christ
that verse tells me that there's one reason for trials
the proof of your faith
there's only one reason that you can counter all joy
when you go through anything
is because God is using your faith to the surface
there's one reason from heaven's perspective
that you go through anything
and that is for the proof of your faith
and God says in heaven
that your faith is more precious than gold
like he puts a value on your faith and he says
I'm not just letting the devil take pot
shots at my people that's not how it works
the only reason you're going through anything
is for the proof of your faith
see you have a ton more faith than you thought you did
I'm proving to you what I've done inside of you
it needs to rise to the surface
and one of the greatest ways to show you
how much faith you have in Jesus
cause remember it's not just your faith
it's the faith God gave to you
I'm tired of operating out of my faith
I mean that's very limited
I don't wanna operate in performance
I wanna understand that God gave me faith
it needs to be nurtured it deserves to be nurtured
and now I know why trials come
it's for the proving of that
that's the moment
God gets to prove to you what he's done in you
for decades
like nobody gets pot shots on the people of God
kick you while you're down
none of that there's one reason the Bible says
that you're going through anything
and that is
so God can prove to you how much you believe in Jesus
can you say amen to that
I'll read it again in this

you greatly rejoice
there's only one reason to rejoice in trials
even though for a little while
if necessary you've been distressed by various trials
why so that everybody say
so that the proof of your faith
being more precious than gold
which parishes parishes
though tested by fire may be found
just say may be found
yeah that's the proof of your faith may be found how
why what's the result of your faith to
to result in praise
glory and honor at the revelation of Jesus Christ
what he's done in you
what he's done in you
get the mileage out of those trials
stop just trying to run from them
no pain no pain
just understand wait a minute God
this is something for me to cultivate
my faith needs to be nurtured
I'm telling you faith is seeking to be made manifest
and your faith is predicated on things unseen
there's a lot of things right now that need to be man
made manifest there's a lot of things right now
that need to be called into being that are not
there's a lot of things right now in your life
that God is saying hey
I know what's not stop telling me what's not
and grab something off the conveyor belt
and causes to come into being do that for your family
do that for your friends do that for your region
do it for Israel
do it for the people around you
do it for the businesses of our region
just just step out and do something
this is why giving is so important
because often we need to give out of uh
sacrifice and if it's not sacrifice
I'm not sure it's giving
I mean come on
why can we operate in faith in so many things
fire tunnels believing god
the charismatic like
we're so good in the charismatic circles
of believing god for supernatural

but do not ask me to give
that's the religious spirit
that's when all the that's the religious spirit
like calls come out
as soon as you ask someone to give sacrificially
something they don't have
also
how about something you don't think you have
like the glory of God within you
like laying hands on people when you think
gosh Lord
I'm struggling myself and he's like yeah
so this one will be sacrificial
go pray for someone else but God
I'm struggling I don't feel qualified for this yeah
it's a perfect time because I respond to sacrifice
and just like giving needs to be sacrificial
so does laying hands
so does praying and giving your time
giving your life for someone else's breakthrough
can you say amen to that
it's gotta be sacrificial
it's gotta be bigger than you
or you're just using your faith for the scene realm
boring
we gotta come up we gotta come up all right
speaking of coming up stand
you get anything out of this
so
there's a lot of beautiful people standing around you
right now
nobody's safe
hahaha from a word from Jesus
everybody around you
pretty much can prophesy the paint off a barn
and so we have to turn this thing into a little uh
mayhem for a moment
and just ask the Lord for something
that's gonna cause you to do
exactly what we just spent 35
40 minutes preaching on
and that is to step out beyond your ability
step out beyond what you know
and go find someone
and stand in front of them for 30 seconds
completely looking like a fool for
for Jesus

Paul said I am the king of fools
because I know that
needing to look good is really gonna hinder my faith
I mean that's
one of the biggest things
that will shipwreck your faith
is the need to look dialed
so we're gonna practice this today
it's not enough to just talk about it right
so I want you to go find someone before you leave today
I'm gonna pray over in a second
but I want you to find someone
and stand there and look like a fool
and just go dude I'm just here
like I don't have anything amazing
I don't have anything eloquent
but I'm just here
I remember taking a friend to the Vineyard Church
with me
it was back in the days of John Wimber and the Anaheim
and all that was happening at the Vineyard Movement
and I was like dude
he didn't know about prophetic ministry
supernatural at all and I'm like
I'm taking you there I'm gonna expose you to Jesus
you're about to get smacked by the supernatural
power of God and he's just like freaking out like
I don't know I don't know
I'm from conservative and what are they gonna do to me
I'm like dude
I'll just stand right next to you
let's just go up and it was that moment
and I took him up and he's shaking
I could feel it I've got my arms around him
he's like this is the work of gypsies
haha like no
this is the work of the Holy Spirit
stop shaking it's gonna be fine
you're gonna be good
like I'm not gonna turn into like weird zombie
I'm just like I'm your friend
and we stood there
I bet 45 seconds and that guy was about to pray for him
and I was like oh Lord
just give him an awesome word
introduced him to the things of the spirit
what you could say about him

and the guy literally stood there for
I bet another 45 second a minute and a half this quiet
and I'm just like oh
the longer it takes the better it's gonna be
and then all sudden he just goes okay
I have a question for you
does the word cheese mean anything to you
and I was like cheese
we drove all the way here
like this is his moment and you got this
I'm like who else get somebody else
does the word cheese mean anything to you
we drove all the way here for that
and it took about five seconds
and my friends started bawling
and I'm like
dude
and I'm like
apparently it does
what I didn't know is cause
he hadn't told me yet that he was contemplating moving
and um
a place in Tillamuck had just offered him a job
and he just was like
out of all the things the Lord could say
he spoke right to my heart
I wanted to go
but I wasn't sure if it was the right choice
and that's all the guy had was
does the word cheese mean anything to you
I mean I'm telling you
that's all it takes that's all it takes for God to move
that's all it takes is just step out
like literally the water below you is ready
can you imagine the properties below you
just waiting for you to step out going
come on Bobby do it
do it I'm gonna help you walk on water
just get out of the flipping boat
this is gonna be amazing
faith is much more excited for your future than you are
waiting waiting
waiting someone get out of the boat
so you ready to do that
not just here in this room this is where it's easy
highways in the byways
compelling them to come in alright

father thank you for faith
thank you for the gift that you given to us
thank you for the glory God
thank you that if there's one thing the kiddos teach us
if there's one thing that the children teach us
is to have faith in God to believe you for great things
Lord never let that be stolen
and if there's things
as we've grown up and become more wise
that have stolen our faith
that have caused it to shipwreck a little bit
maybe the whole ship hasn't sunk
but maybe it's got a massive hole in it father
I just ask that you heal those areas right now
we just use our faith to believe for things unseen
again and I ask that you would challenge us
to get outside the boat
and stop waiting for things to manifest
that have already manifested
like to use our faith beyond just what we know
God we thank you for what we do
what you do again and again and again and again
and we thank you for the testimonies of life and life
and life and life you're so good
but God
I thank you for this hour of faith in your people
I thank you that it's not our faith
it's your faith
it's a gift
it's mercy
something you gave for us to nurture
so breathe on our faith Lord
let faith come by hearing
but don't let it go
let it come but don't let it go
increase it blow on it
in this season help us to use it
and help us to feel the excitement of the spirit realm
who's just waiting underneath the water
for us to get out of the boat
the excitement of the angelic
to see things that people have not seen come to pass
use us God
in this way we pray
there's a shift happening right now in your faith
you're so good God
all right let's give the Lord a clap of praise

he's so good
