let's be back with you

Becky and I were in Albany last week

and we had a great time at a great church over there

and our team knocked it out of the park here

you all knocked it out of the park while we're gone

we hate to be gone

because that's when the glory breaks out

and so

but we have to be about our father's business

don't we

so let's have a good time today

and I wanna set up where we're going with um

the ascended lifestyle

and how we tangibly make Jesus famous

I mean

that's just something that I wanna get in your spirit

is the goal of making Jesus famous

how do we do that how do we intentionally say God

it is my goal to make you famous

now what does that mean

the scriptures say

as Jesus begin to grow in the spirit and in power

and in favor with God and man

the fame of Jesus grew throughout the land

that's what the Bible says

and so does Jesus wanna be famous like Britney Spears

no

it's a different famous

but his fame goes throughout the land

here's what God told Joshua

I will put the terror of you in all the nations

that's a kind of famous isn't it

Omg here comes Joshua

the Lord is with him do not mess

remember when the um

priest would go and blow the trumpet

during Asa and abajah and the priest

went out there and uh four um

nations were coming against Israel

and the priest went out and said

if I blow this so far

he will come and it won't be good with you

don't come against Israel  
every time we blow this thing  
he comes and I'm just trying to help you  
don't make me blow the so far  
cause right now you think you can win  
there's just an attitude of an ascended lifestyle  
that goes all the way back to  
knowing that God's with you  
don't make me blow the chauffeur  
it was the totally different attitude that David had  
when everybody was thinking  
gosh this giant is in front of us  
we're nobody can whoop them  
we're doomed and David just thinks of it differently  
he's like what giant  
what giant I mean right  
Goliath didn't come to reveal Goliath  
Goliath came to reveal David  
that's how it works you don't get David without a giant  
you just don't  
and God's put that in your life  
he's put those giants in our life  
and the way we perceive giants is different  
well there's giants in the land

there's things before me and Joshua and Caleb go

we are well able to take the land

and your Bible says that

they saw themselves as grasshoppers

or the enemy saw them as grasshoppers

but it really began with how they saw themselves

they said we saw ourselves as grasshoppers

and then the enemy saw SS grasshoppers literally

the enemy will see you how you see yourself

and so

part of the ascended lifestyle is understanding that

we're not living for favor

we're not living for favor

we're living from favor can you say that with me

we are not living for favor we are living from favor

I mean I love the thought about your breakthrough

and my breakthrough

and different levels of breakthrough

being just around the corner and all of those things

but I wanna tell you

your breakthrough happened 2,000 years ago

when Jesus died on the cross

you're not waiting for breakthrough

you're not waiting for breakthrough

you were in my faith that  
times steps in to catch up with what he's already done  
we call that breakthrough  
but it's just when we sort of  
get above the clouds for a second  
and our faith allows the reality of what he did  
2,000 years ago to manifest now  
and it wasn't just because he's doing it now  
it's cause  
the reality of what he did then is touching us now  
does that make sense  
we're breaking through into new areas of faith  
and as we ascend um  
one of the first things that happens is  
it creates in us a different mindset  
a mindset for victory  
a mindset that refuses to be denied  
a mindset that only has victory in mind  
your inheritance in mind  
I was um  
getting ready to go up and speak last week  
at this church in Albany great church  
um good friends of ours and um  
I'm in the hotel room and I'm speaking

I know I'm supposed to speak on Psalm 24 and Jayhoo

and I'm like okay Lord

I'm not sure

confirm for me that that's what you're saying

for this church and the word that you have

so we get in and they're like hey

we got a room all set for you

your room is 3:24 and I'm like

okay maybe God's up to something uh

let's go and I'm like okay

we get to church worship's about to start

and I look and on the kick drum

head of the drummer says the word jayhoo and I'm like

it's just so good to know that God's with you

it's so good to know and so

I get this word

and I look at Becky and she's worshipping

and they call me up

and I look at her and I get this picture

as I look at Becky of her nephew called Bryce

and I go there's someone here named Bryce

I know it who is it

and finally a guy steps up and goes gosh

that's my middle name and I just um

use that name as my first name like most of my life

and I just changed back like a little bit ago

and I said well

the lord's calling you Bryce and what the Lord says is

um

he's gonna help you

all the things that you didn't learn as a kid

all the things that you didn't learn from your father

all the things that you didn't learn growing up

you want them to manifest in this time in your life

and as a man

and God's gonna help you

and it just begin to break off of him

the reality or the thought process

that he has to do this all on his own

I got myself into this mess

I'm gonna have to get myself out of this

but you know

just all of that mindset that just waits you down

when you're trying to live an ascended lifestyle

all those kinds of things

just won't let you go up the mountain

they just hinder you you know

like when the Bible says

you cast off every weight of sin  
that so easily besets us you just see that weight  
just keeping you from living in ascended lifestyle  
above the clouds I mean  
we wait for people to champion us  
and I'm okay with people championing you  
that is the culture of honor  
what I'm not okay with  
is for you to not champion yourself  
until others champion you  
the reality is  
is that you have to agree with who God says you  
it you are when no one else agrees  
we're not living and dying by the accolades of people  
but  
they get an opportunity to confirm who god says we are  
they get an opportunity to agree with who god says  
we are but they don't give  
get an opportunity  
or have the authority to create our identity  
that comes from the Lord that makes sense  
so as we ascend  
some of those mindset shifts are now changing  
so I want you to open your Bible to Ephesians chapter 2

go there Ephesians chapter two

Ephesians chapter 2

and we're gonna start at verse five

and it says this

that even though we were dead because of our sin

he gave us life when he raised Christ from the dead

it is only by God's Grace that you have been saved

for he raised us from the dead along with Christ

and ceded us with him in heavenly places

or some of the translations say in the heavenly realms

because we are united with Christ

wow

so let me ask you a question when did God give you

the divine nature

when he dreamed you up in heaven

when he dreamed you up in heaven at salvation

come on somebody else

keep going in

the beginning in the beginning

even though we were dead because of our sin

he gave us life

when he raised Christ from the dead

now it's only by Grace that you've been saved

for he raised us up from the dead along with Christ

and ceded us with him in heavenly places

so that means that

in terms of living an ascended lifestyle

seated in heavenly places

that when Jesus died on a cross and was buried

our sin was buried with him

wasn't it

I mean

you have to know that to live in that space with him

when Jesus rose from the grave

we rose to eternal life with him

so not only were we buried with him

but we rose with him too

did you get that

when Jesus ascended into the clouds

remember they beheld him bodily ascending

when Jesus ascended into the clouds

into heaven

we ascended with him

now what does that mean for you

that was Jesus giving us the supernatural ability

to live the ascended lifestyle

he showed us that a man was not only welcomed in heaven

but authorized to operate from heavenly places

so Jesus is teaching us to live an ascended lifestyle

where we really understand

when he died we died

when he rose we rose

when he ascended we ascended

that's why it's so important

that we celebrate the Ascension of Christ

not just the death the burial and the resurrection

he died he rose and he ascended

super important that you know that

and he's coming back

the story is not done with the Ascension

and we are coming back with him

there's a whole progression

that starts with you believing that

right now a man is allowed out in heaven

because Jesus went there first

the first born

among many Brethren that we literally get to ascend

were seated with Christ in heavenly places

when are we seated with Christ in heavenly places

oh come on

huh are you convinced

oh ye of little faith how long must I suffer

right now right now

you're seated with Christ in heavenly places

or your Bible is wrong

I mean come on

that's that's got a manifest on Monday

that's got a manifest

come on

so I want to put up a graphic that we've been using

of just

our tribe and the five things that we focus on as

as a as a church and we build our life out of that

we build um

who we are out of that where we go

what we do we build our um

legacy we build our community

we build what we do our strategy out of these things

and if you could just put that graphic up um

I wanna go over some of that

I wanna start with levels of discipleship

that the lord's been speaking to us about

and to be a disciple um

you're constantly taking in instruction

and information from the Lord

God super good at affection

he's super good at direction  
and he's super good at correction affection  
direction and correction and that's how he works right  
affection direction and correction  
so God's been speaking to us for years about  
this is where you live  
these are the places I want you to build your strategy  
we've talked a little bit about the Great Commission  
and how we are we have a co mission with Jesus  
we're joint heirs with Christ  
that not only are we disciples of the Lord  
being taught learning  
always in a space of growing  
always humble always teachable  
never letting one situation go by without god  
what do you say a teachable heart  
a humble heart  
but we're also a resource  
what is that look like you're a resource right now  
you are a conduit from heaven right now  
doesn't matter how old you are  
doesn't matter how a fluent you are  
doesn't matter how much cash you have in the bank  
doesn't matter how much anointing you think you have

you are a conduit from heaven

because God has seeded you in heavenly places

with Christ how can you not be a resource

if you're seeded in heavenly places

I mean

the world needs those who are seated in heavenly places

oh that's okay

I'm seated in heavenly places

I mean just the reality of that

that's more than words isn't it

yes I mean

literally you're seated in heavenly places

hey I'm

I'm there now what do you need

I mean that's how Elijah lived his life

even under the law he would say

the god before whom I now stand

he was saying that while standing on earth

he just knew

I walk before an audience of one

I live before the king what do you need

what do you need it's just part of who we are

isn't it it's the generosity of how God's made us to be

and we walk and live from a limitless access to a king

who owns the cattle on a thousand hills  
so that's how it works we're changing our mindset  
that's what 2024 is all about  
is about getting above the clouds  
and changing our mindset and being healed  
because if we're healed here's how it works  
healed people  
heal people healed people heal people  
so that's what God's doing in us right now  
as disciples were constantly growing  
and constantly learning  
we become completely different from the world  
so we can shout to the world  
take off the shake off the dust and come with us  
shake off the dust and come with us  
I remember and I think of this story often  
we were ascending um  
the south sister  
we got it in our hearts to do it one year  
and we were like we're doing it  
we didn't so much as practice to climb Pilot View  
we were just like drivers  
bold holy ghost  
God is with us I came down

looking like I've been riding a horse for three days

but it was a lot easier going up actually

until we got to that last hour or so

and I remember we all were stoked

we all thought we could do it

we all thought we were fourteen

and um

there were different people who just was like

I need to stop I can't go any further

and we just sort of peeled off at different elevations

or whatever and we were like hey

don't push it last thing we need to do

is be airlifted off of this mountain and so

with a big old flag that says Jesus is Lord

big medevact so we were like

you know full of faith and trying to be full of wisdom

and so we were like okay

and some of the guys that we all started off strong and

um some of the guys that submitted we thought okay

some of the older guys that were older than us are yeah

they they just peeled off and we waited

and now we're up there

I guess probably at least I don't know

an hour hour and 45 minutes and we're thinking okay

it's getting dark we need to start going back down

the rest of those guys are not coming

and it was sad

because one of the guys who was older than us

we put the flag in his backpack so we're like oh

we're not gonna be able to plant that flag now

and I don't know literally it's getting dark

it's been an hour and a half probably at least

and we start to go

let's just head back and sure enough

I see the top of that flag

poking over the very top of the mountain

and here comes Jim Miller

and he makes it and I'm like dude

you made it and he

Jim Miller has the flag sticking out of his backpack

and there it is Jesus is Lord

and we're like alright

let's plant that thing we got it out

we were like celebrating hugging Jim and you know him

he just loves hugs and smooches and all of that

and so um

we're like you made it

we couldn't believe it we planted that flag

and we prayed over the whole region

and just

one of the prophetic acts

that the Lord had asked us to do

over time

and we start heading back down and we're literally now

once we get down into the tree line

we're like cell phones out

flashlights you know

we're just trying to find our way back to the car

and what we noticed was as you ascend

um there are different people that really encourage you

along the way they thought about things along the way

um they may not be able to go the whole way

um but they're helping those

and we thought about

all of the things that needed to be done

to get us there

and then someone handed us off and those people

the ones who could only go a portion of the way

they were the people who thought about lunch

thought about food

thought about the things that we would need all the way

and you know

where maybe some of the rest of us aren't thinking that  
we're just thinking about planning the flag  
and we're like oh food  
and so we just thought about all of that and how many  
and how they were waiting for us at the intervals  
as we came back down  
and just recognizing  
we couldn't make it without you in our life  
and sometimes it's just good to remember  
the people who God used to speak into your life  
isn't it the people who gods use to help you  
sort of live an ascended lifestyle  
maybe the people who gods brought in your face  
to challenge you  
maybe the ones that you wouldn't normally thank him for  
have climbed to the top of your prayer list  
your thank you list and you're like Lord  
thank you for that thank you for that individual  
thank you for that challenge cause without a Goliath  
you don't get a David  
you just don't and so Lord  
I'm thanking you for so and so  
I'm getting perspective now  
and saying that

even you are big enough to be in charge of that  
even you're big enough to be in charge of that  
and you knew what I would need to push me beyond  
into the man or the woman that you called me to be  
and the Lord says yes in heaven  
that's how it works here  
they get credit for your growth  
even though they were your enemy when I used them  
I'm gonna say that again  
they get credit for your growth  
even though they were your enemy when I use them  
isn't it awesome how the Lord is so big  
he's like  
Genesis 3:15 Satan  
the top of your head  
has an appointment with the bottom of Jesus's foot  
and he created that day in the garden  
in a place called sin  
he created a prophetic marker for his son in the future  
that his son would overcome on a cross  
the very thing that made man stumble  
he's just always thinking that far ahead  
so I'm 24  
the earth is the lord's and the fullness thereof

some of the translations say the earth is the lord's  
and all it contains the world and those who live in it  
for he founded upon the seas  
and established it upon the rivers  
who may ascend the hill of the Lord  
and who may stand in his holy place  
so not only who may ascend  
but who's able to stand there  
live there not just have an encounter that  
yes not just have an encounter that we have  
we come back down tomorrow  
but literally get up there and stay there  
seated in heavenly places  
live the ascended lifestyle  
who's able to get up there  
and who's able to stand in that holy place  
and I just feel like that's what the Lord saying  
god writes like verses 1 and 2  
the earth is the lord's and the fullness thereof  
to give us a secret to how to ascend  
like you really can't live an ascended lifestyle  
unless you know everything belongs to me  
and there's a fullness that I've given to you  
if you're going to ascend

it begins with you

understanding you have access to the fullness thereof

I created space I created the world

I created all those who dwell in it

and I created something called the fullness

the Bible says that Ephesians 4

the leaders of the church were given to equip us

until we all come to the fullness of Christ

and so

God's got nothing but fullness on his mind for you

right I've given you life and life abundantly

I mean that's just how he thinks

and so if we're going to ascend

we have to have a fullness mindset

don't we

that's how it works

because Psalm 24 begins with the reality

that everything belongs to him

and the fullness he's given to us

I don't know what that does for you

but it just makes me wanna shout about that

and live from that place of the reality

God shouts that

the first step for living the ascended lifestyle

with Jesus is knowing that  
as sons and daughters  
you are seated with him in heavenly places  
and that we have access to a god who owns the earth  
and the fullness and all it contains  
I remember hearing the story about uh  
preacher who went to uh  
an Arab nation  
and he was over there and he preached his heart out  
and he blessed them and they're all about honor  
and  
a wealthy guy came up to him um  
at the end and they said this  
um well  
this man wants to give you something  
for coming and preaching to our nation  
this wealthy I don't know if he was a chic  
I don't know what his um  
what his position was or what um  
and he says oh no  
it was just being with you guys was enough  
I don't need anything it was just amazing  
and all the people got saved and healed  
and it was tremendous

just being here and serving you guys

and they're like that's not how it works here

we have to bless you and you have to take it

and he's like well I mean

I love golf so I guess if you have to bless me

and I have to take it then give me a golf club

and they're like awesome

okay we'll do it

and he goes home he gets back to the States

about a month later he gets an envelope in the Lord

or in the mail in the Lord

and he opens the envelope

and it's a deed to a golf and country club

and he opens it and the Lord says

when you gonna start thinking on my level

you ask for a golf club and I gave you a golf club

come on

and I'm like

that's what it means to live an ascended lifestyle

doesn't it

it all depends on what's coming out of your mouth

because what's coming out of your mouth

is what's happening inside your heart and mind

isn't it I mean

that's how we know right

that's why I'm always after the critical spirit

I'm always after it

whenever I hear someone talking smack

trying to gain elevation by stepping on someone else

often I can see in the spirit

when y'all have footprints on your back

knowing that someone's you know

trying to get elevation off of you

and live an ascended lifestyle

off the back of someone else

remember when the Lord showed me

there are zero self made millionaires none

everybody has left a footprint on somebody else

getting there everyone

and so what does it look like to just walk in

ascended lifestyle and make sure we are watching

what comes out of our mouth

I I remember

when the wicked king was looking for someone to curse

the children of Israel

and he looked for the prophets

and he couldn't find any of them

and he was like

I just need someone anointed who will curse Israel

that's the story of and how he found Baylam

and Baylam's donkey and all of that

he was looking to hire someone who had anointed speech

to curse God's people why

because that's what you do

if your demonic strategy is unfolding

you don't just get the demonic to curse

because they have no anointing

you get someone who's anointed to curse

because they have anointing

that's why it's so important for Christians

to not talk smack about other Christians

cause you empower demons to

go harass those very people you're talking about

and why the enemy comes after you

instead of non anointed people

because you've got anointed speech

if you speak it it's gonna happen

that's how powerful you are

the enemy is not stupid

I'm not gonna just go get some false prophet

I'm gonna find a real prophet

who's actually got some stank on their voice

and knows how to prophesy

and if I can fill their heart with jealousy

bitterness cynicism

all that stuff insecurity

all the things that make us sort of put others down

to bring ourselves up

then he's gonna do it that's a genius strategy actually

so how do we understand when that

when we get tempted to criticize that way

it's actually a compliment

come on the ascended lifestyle

you gotta see bigger you gotta oh

I see

you're trying to get me to prophesize something

over someone because I live up here

because I live above the glory line

and all who sin have fallen short of the glory

I ain't taking the bait

I ain't taking the bait

I'm not gonna fall before below the glory line for you

I just wanna ask are you thinking on that level

are you understanding are we exposing

can we expose and live at a higher level today

and expose the tactics of the devil

to try to get you and I

to have weights that keep us from ascending

when we live the ascended lifestyle

we begin to buy faith expect things to be different

don't we I mean

that's just how it is we expect that if we say things

they're going to happen if we speak things

they're going to happen

and if they're not happening when we get there

then we know we have the authority to make a change

don't we

I mean that's just part of living that lifestyle

when we climb above criticizing and we tame the tongue

we do it so we can use our mouth to shape the future

and release greatness the greatness of God

I mean that's what we're doing

but I'll tell you this

the critical spirit cannot ascend

as just counter to the ascended lifestyle

the critical spirit cannot ascend

because

it's still focused on the shortcomings of others

it's really still focused on sin

and you just can't ascend

when you're focused on your own sin  
or the sin of someone else  
you just can't you can't ascend  
it'll keep you at the base of the mountain  
and that manifests in a critical spirit  
it manifests because you're a prophetic church  
that the enemy is trying to get you  
to use your anointing for the wrong purposes  
because you're powerful  
it's a compliment

John 1:29 says this

and it's this great John the Baptist  
who was a forerunner and he's like  
it's time

and the moment I've waited for has come  
and he says this verse 29 of John chapter 1

and the next day he John the Baptist  
saw Jesus coming and he said

behold the Lamb who takes away the sin of the world

can you imagine that day

behold him

look at him guys

the one I've told you about

the one I've prepared put all your eyes on him

everything I've taught you

everything we've done has LED to this moment

behold the Lamb

behold the Lamb I mean

we try to get through and get over our weaknesses

and we try to behold each other

we try to behold all kinds of things

and god is shouting over his body right now

behold the Lamb

behold the Lamb

behold the Lamb

it'll change the way you think about everything

it'll actually catapult you up in above the glory line

behold the Lamb but he says this

behold the Lamb who takes away the sin of the world

and I was meditating on that recently

in the Lord says Bobby

that's what happened the more you behold the Lamb

the more the Lamb takes away sin

and you don't even notice it

you don't even notice it

like the more you behold the Lamb

the more you're not aware of your shortcomings

the more you behold the Lamb

the more

you're not aware of other people's shortcomings

it's the ones who don't behold the Lamb

don't understand that

the Lamb came to take away the sin of the world

are you beholding the Lamb or are you beholding sin

and I was like Jesus

I wanna behold the Lamb

I wanna behold the Lamb and I wanna behold greatness

and everyone around me I wanna have

be so full of the Lamb and that's what it takes

when you're beholding the Lamb as understanding

I'm aware

of your weakness but I don't behold it

amen amen

haha I'm not gonna sit here and somehow say that

your weakness is greater than the lamb amen

what am I doing to the Lamb when I behold your weakness

what are you doing to the Lamb

when you behold someone else's weakness

as greater than the Lamb

behold the Lamb

and not doing so

would cause this weight of sin to so easily beset us

and keep us at the base of the mountain

you literally have to behold someone other than Jesus

to behold

sin

let me say it this way

you have to behold someone other than Jesus

to behold a sin that he is taken away

aren't you glad that the Bible says Psalm 1:03

12 as far as the east is from the west

so he has removed our sin

our transgressions from us

right I mean

you have to go find something that Jesus has taken away

to walk in a critical spirit

you have to go pull it up

and he's like what are you talking about

I I

I don't I don't know

well Lord

so and so I I don't

huh all I

know is there's a sea somewhere called forgetfulness

it's not his inability to remember

it's his ability to forget

you better clap about that

better than that come on

God has given us a supernatural ability to find gold

you're a prospector

Tom would say I'm a forty niner

the ability to find gold oh

that's a prophetic word for you Tom

the ability to see golden people

the ability to look in their eyes

and look past the weakness that you see

we're not saying it's not there

we're just beholding the land

be able to look in their eyes and go

there's gold in them their hills

right I see it

I see it and even if I'm the only one who sees it

and everyone else is talking smack

I'm going to boldly go

but there's gold in them their hills

y'all been talking smack about someone

for the last 20 minutes and here's what I have to say

there's gold in them their hills

try that the next time your friends are talking smack

and bring an Ascension

because it's not enough to just  
be saved at the cross the burial  
and even the resurrection  
the burial in the resurrection  
happens so that you and I could ascend with him  
it's time to go up it's time to live up  
it's time to get up  
God is taking us higher  
and everything that he's teaching you right now  
is about living the ascended lifestyle  
that's everything you're learning right now  
is about living the ascended lifestyle  
isn't it I mean  
just to bring clarity to who you are  
where you're going  
I said this the Lord said to me  
it's the year of the Father's blessing Bobby  
you're gonna hear all kinds of prophets  
talk about what's coming what's not  
what's not happening  
and I'm not saying that they're good true  
false doesn't matter  
he said I need you to live from an expected blessing  
this is the year of the Father's blessing

this is the year I prophesy of the Father's blessing  
and no matter what happens to the economy  
no matter what happens to the life  
that we think we have and all of those sorts of things  
our posture and position  
is to live from a place of the Father's blessing  
I'm not living for favor  
you're living from favor  
stand with me  
turn around  
sometimes to sort of get from slavery to sunship  
takes a ripping off of generations of thought process  
doesn't it  
ever look in someone's eyes and just go gosh  
that poverty spirit that's hanging on to you  
has probably been there for generations  
and just watching someone  
learn to come out of poverty  
spirits that have been there for generations  
and isn't it awesome to watch one person get it  
in a bloodline  
and all of a sudden you can tell that's it  
you're it  
you're the one that God's gonna use to stop this thing

you're the one  
that God's gonna use to change the mindset  
so that your children's  
children's children won't have to  
suffer through these things  
that you fought hard to get free from  
that in one generation and not only can you shift it  
for the generations behind you  
the ones to come  
your grandchildren and great grandchildren  
you can shift it going back so that in one person  
even six generations back  
who didn't walk with the Lord  
who didn't live seated in heavenly places  
in one generation god can use you to catch up time  
make up time for all of those generations  
so that the testimony of Jesus Christ  
in your bloodline can be brought current  
who wants that who wants that  
that's what beholding the land does  
there's no limitations  
he can go forward into your future  
and he can go back generations into your bloodline  
and bring the testimony of Jesus Christ current

Lord all we wanted in our family

whether they knew it or not

was to bring the testimony of Jesus through our lives

all the greatness all the things that we've done

you're not alone in your battle

you're not alone you're a warrior for generations past

for right now

and for that which is to come

why can you do that why can you have that kind of power

because the God who was

the God who is

and the God who is to come lives inside of you

you are seated with that god

in heavenly places can you say men to that

father I'm asking

2024 the year of the Open Door

I've set before you

a path

a place

come with me

come with me

and I John

beheld a door standing open

I was in the spirit and I heard a voice come up here

God I thank you that the doors  
the year of the open door  
the door of heaven does not just open one way  
it opens for me and it opens in  
the greatest thing about  
the year of the Open Door actually  
is not just that I get doors of favor opened for me  
that's going to happen  
but the greatest part about that ancient door  
is that it's got a double hinge and it opens in  
because  
the year of the Open Door is the answer to Psalm 24  
lift up your heads or ye gates  
swing wide you ancient doors  
so that the king of glory may come in  
it's a door that opens in first  
it's the door of your heart  
it's the door of your generations  
it's the door of your bloodline that opens in  
the greatest thing  
about this door is so the king of glory may come in  
church  
let's behold the Lamb  
father

I thank you that all across this auditorium right now  
you're reaching back through the door  
into our bloodline  
you're reaching back into the family that we've known  
or not known  
some walked with you  
and some never knew you never found Christ  
but still you were there  
still you were saying but I have made a way  
I have found one who will stand for me  
in your bloodline  
I have found one generations ahead of you  
there will be a man named Dave Kirkland  
who will shift the tide  
there will be a woman named Sonia Hobby  
that will shift the tide for the generations  
not only past but those to come  
and you can put your name in there  
and God prophesied your future  
just like he did when he said my son will shift it all  
you stand here today as warriors  
who've been made clean by the blood of the Lamb  
behold the Lamb  
and the next time Satan wants you to behold your sin

or you behold someone else's sin

you stand up

that's when you don't just climb the mountain

you stand in that holy place and you say

I'm not coming below the glory line

I am not coming below the glory father

I thank you right now for healing in our bodies

for healing in our soul for healing in our past

for healing of the generations

for healing of our mindsets

for anything that's kept us in poverty

for anything that's kept us from thinking about

what you mean when you say

golf club

god we ask for an upgrade in our mindset

we ask for an upgrade that we would read the scripture

differently we would understand what you meant

when you talked about come up here

and god

I just prophesy 20:24 for this church

we will live where we were created to be

at that ascended lifestyle

and god I just thank you that the past is broken

I just feel like the Lord just wants me to prophesy

your past is broken off of you now

all the ways all

and it's broken off by the blood of the Lamb

and God brings you current right now

he makes up the blood is enough to cover you

not only from your own sin

but from the past and he brings you current and says

have I not made you a warrior

to be a catalyst in your bloodline for generations now

now as a father and a mother

doesn't matter how old you are

you are a father and mother

for generations

in your bloodline that haven't even been born yet

would you release that father and mother's blessing

over your generations would you just take 30 seconds

come on do it do it

come on

come on

release the favor of the Lord

release the blessing of God

come on

come on come on

release it

bless you

bless you blessings

blessings come on

release blessings over your generations

speaking it he is for you

over your generations speaking it

he is for you

bless you bless your generation

bless your bloodline bless your bloodline come on

I love you

oh

okay

the Lord says this is the day that I Mark you

holy unto the Lord

like in the book of Daniel

he says and he wrote on their forehead

holy unto the Lord set apart

you're taking your place today

for generations who you may never meet

you're saying you're shouting to the generations

that you may never be he is for you

he is for you he is for you

you think you're singing that song here

you're shouting it

so that when that critical spirit shows up  
to keep them at the base of the mountain  
something out of the corridor is gonna ring true  
from your voice today shouting  
he is for you he is for you he is for you  
right now  
generations  
and I just feel like the Lord just wants to Mark you  
today  
and my prayer is that you never forget  
from this day forward  
that you live from favor  
that you have a mandate on your life  
to release the Father's blessing wherever you go  
and anything that keeps you at the base  
wondering if you're gonna get there this year  
where you have authority to rebuke those thoughts  
and go  
I refuse to beg for something that's already mine  
you need to be marked we need to be marked  
let's do a fire tunnel  
shall you come  
can I get the ministry to come up  
we're gonna go ahead and do a fire tunnel

and as they're coming up

I wanna spend a second we're going back into this song

I want you to understand that we're we're

we're declaring God is for you

he's for you but I actually wanna

I wanna take a second and declare God is for me

for me cause it seems

sometimes seems really nice to say for you

but actually wanted to declare for ourselves

so are you ready here

but I wanna sing that verse first yeah I'm gonna

go ahead like

okay so you guys

let's sing let's sing come on

let's sing come on come on come on

come on

alright you guys we're gonna go through the fire tone

I want you guys to all line up over here

you're gonna go through

so don't you don't miss out on this blessing

so just go ahead and come through here

we're gonna run the cameras through

come on declare this come on declare this come on

declare it come on

come on a thousand generations

a thousand generations come on

declared a thousand generations

draw a line in the sand draw a line right here

it stops here it stops here

we're going for a thousand God's blessing

come on come on

come on come on

come on come on come on

oh my God

oh my God

oh my God

it will

oh no

don't leave me

come on

let's go

all right make sure you make sure that you come through

if you if you

don't and aren't familiar with what that

what's happening here basically

we've got a whole ministry team

and they're just praying over everyone

as they go through we call that a fire tunnel

so this is really super powerful  
so I encourage everybody to go through here  
and then we're actually gonna have uh  
if there's prophetic teams here  
that would like to do prophetic ministry  
we normally do that this Sunday  
when you're done going to the fire tunnel  
please go up to the upper room  
and then if you would like to have a prophetic word  
which you you need to  
then when you're done going through the fire tunnel  
head up to the  
to the upper room and they'll be teams up there um  
to pray over you and give you prophetic words  
so definitely make sure you do that  
and you guys are welcome to stay as long as you like  
as we go through this  
but if you haven't gone through the fire tunnel  
please make sure and take some time to do that  
all right you guys  
just give you a face give  
love love love
