

Title: True Power or Charismatic Witchcraft

Speaker: Bobby Haaby

Date: 04/30/23

Topic Sentence: What is Charismatic Witchcraft? You might be saying “I didn’t know there was such a thing...” The devil cannot create but he does try to counterfeit.

This is why it's so important to teach and train on true spiritual authority.

NOTE: The following transcripts were automatically generated, please excuse any errors.

today I wanna talk about something that's probably
not talked about too often
but it is on that road to increasing measures of glory
and the title

if I could title it at all it's um

I wanna talk about true authority versus quiz
charismatic witchcraft

true authority versus charismatic witchcraft
and we got to talk about this stuff as we go

go in from glory to glory to glory to glory

and so I'm gonna describe a little

bit of what I'm talking about

how can you have charismatic witchcraft

what is that

I'm not talking about a denomination

by the way um

I I just think as we grow into the pure
authentic tea of the raw power of god

we need to talk about how we can um

charismatic it up

if we don't watch it and get into

all kinds of levels of hype

and if god is not moving the way we want to

how easy is to just like sort of command a room

and get into hype and all kinds of things

and all of that stuff

prolongs the raw power of god from breaking out

I'd rather us

not know how to handle the power of god

and all of us just bite the dust when he shows up

then him for some reason um

not seeming to be moving the way we want to

and so we take over and say

that's okay

we know how to hype it up

if it doesn't seem like you're showing up

and so uh we ought to know that
we're gonna point out some things
I'm gonna smash some golden calves
cause it's a gift today
and then we're gonna
ask the Lord just to anoint us with raw power
everybody say raw power
and that's what we need oh
we need that not only when we meet here
we need that wherever we go
and if we had that raw power
and we knew we could draw on that
and we had confidence in the raw power of God
we would need to hype it up would we
we would need to beg God
for things that are already ours
so let's get into it
alright so you might be saying
I didn't know there
was such a thing as charismatic witchcraft
I tell you this
the devil cannot create
but we know he can counterfeit right
we know he can do that
and this is why it's so important to teach
and train on true spiritual authority so
if you have your bibles open to Deuteronomy chapter 18
we'll start there
Deuteronomy chapter 18
and we're gonna read a few verses there on
what God called witchcraft in the Bible
how many of you know that witch
witchcraft is not just those who are got the black
pointy hats anymore and stirring some kind of pot
big black pot somewhere
I mean it can be that
I hope they've evolved a little bit
but I really don't hope they've done anything
but I think that you can interpret what I'm saying
I don't I just
don't think they have pointy hats anymore
I think I think they have
three piece suits and Porsches
all right Deuteronomy 18
here we go verse 9
when you enter the land of
that the Lord your god is giving you

do not learn to
imitate the detestable ways of the nations there
let no one be found among you
who sacrifices their son or daughter in the fire
now you can apply that physically or spiritually
who practices divination or sorcery
interprets omens
engages in witchcraft or cast spells
or who is a medium or spiritist
or who consults the dead
anyone who does these things is detestable to the Lord
because of these same detestable practices
the Lord your god
will drive out those nations before you
so that's super serious to the Lord isn't it
and to not have any part of that
and you know
God was so serious about his people
not participating in that
under the law
the penalty for that was death
he's like seriously
just don't have any place in it at all
don't put your foot in it
don't put your foot in it a little bit
just don't go after it at all
so if that's witchcraft
then what is charismatic witchcraft
and so let me go over a few examples
of what charismatic witchcraft can be
and if I highlight some things that you're doing
then repent if
if I'm highlighting some things that are happening to
you by other people
or have had happened to you by other people
then my goal today is to expose those things
cause I think there's things that we don't know
that have happened to us by well meaning people
or even well meaning leaders
that we need to get free from
so if god starts going
exposing some stuff and going wow
somebody did that to me like three years ago
and I didn't know it was Jezebel
the spirit of Jezebel
then let's highlight that today and get that off of you
all right how about this

when someone uses their gift
their prophetic gift
their gift of healing or power or anything like that
when someone uses their God given
gift to get close to you
or someone else who can make their dreams come true
ever seen that
ever seen someone use that prophetic gift to go oh
you've got something I need
let me just minister to you in hopes to bring you over
so that you can bankroll my ministry
ever seen someone do that
bankroll my dream
bankroll my new house
cause God told me I was gonna get a new house
and you seem to be rolling in it
like it's so hard for all the wealthy
or affluent people to come into a prophetic church
cause often the prophetic people
will just land on them
it's like all of a sudden
they get all the prophetic words hmm
let's smash that golden calf
and sometimes that makes a fluent
people have to head for the hills
because they feel that tension
of all the people trying to sort of manipulate
how many of you know not only rebellion
but manipulation is as the sin of witchcraft
this is Bible stuff
so we don't use in the charismatic circles
are charismatic gifts to draw people to ourselves
how about when someone tries to
use their credibility with you
to sway you to have an opinion about someone
that you wouldn't have had previously
had they not have mentioned it
that's witchcraft
I mean come over here like Bill that's witchcraft
thank you mom
when someone tries to use their credibility with you
to sway you to have an opinion about someone
that you wouldn't have had unless they mentioned it
oh my goodness
let's stay away from all of that sort of thing
because that you start wondering why
you start opening the gates of hell

and those things are those open doorways
those give keys to the enemy
maybe you've heard it this way
we've said this for years
gossip as a cloaked prayer request
ever did that
ever heard of that
we don't need to get into gossip
I don't and I always tell people
cause you know
sometimes we don't even know we're doing this
but I always just stop them
and I know it feels rude for you high influencers to
like stop people and interrupt them
but you gotta do it
you gotta go
you know what
I don't need any information
I'll pray more prophetically that way
if I don't have all the information
I don't need to know it
and so you can just honor them
but kindly go
you know what
I don't need all the information
that'll that'll sort of tape my prayers
I'll just go pray as I'm LED how's that
and then normally they'll
everyone will just go
oh that's true
let's do that
so let's do that for each other
sometimes we need each other
and it doesn't mean that if I stop you or you stop me
that I'm getting into witchcraft
or you're getting into witchcraft
it's just we're avoiding these things on purpose
cause there's so many things
like I said
it's easy to detect these things
outside the four walls of the church
it's a lot harder sometimes
when they're in the four walls of the church
because they're cloaked in like scripture and versus
and charismatic maniac stuff
and so um let's let's
let's go up the mountain with raw power raw power

all right um
when someone uses a vulnerable moment
whether it's a moment of your pain
or a moment where the Holy Spirit is
really moving on you
of encountering
as I mentioned pain or
or you know
maybe could be something great like the Holy Spirit
but it's a vulnerable moment
to take a position of authority in your life
those relationships that get grown out of Will
Bobby just prophesied over me
and he read my mail
and it was in that moment that he told me
I should become his spiritual son
and move to Bend Oregon
and so I did
don't let people do that
that's witchcraft
that's witchcraft
you don't use vulnerable moments to
strike up a relationship that you didn't have before
and I hear Christians calling him divine connections
it's there's a difference between
getting divine connections that are Holy Spirit LED
and those coming out of vulnerable moments
where one person seems to have
taken authority in the relationship
do not let that happen in vulnerable moments
you can experience god together in vulnerable moments
but if one of you rises out of that vulnerable moment
with more authority or power
or now you're the one that's mentoring them
you went from zero to hero in their life
don't do it
don't do it
the Bible says know those who minister among you
did you know them yesterday
no I did not
I met them today at the conference
and now they're my spiritual father
don't say that to me
cause I will be like run
don't I don't care who they are
I don't care who they are
and if a person just allows that to happen

you went from 0 to 0 and they're cool
with being your spiritual father or mother
with no prior relationship
weird run from those people
can I just you guys aren't sure
if I can bash some of these things today
haha
people looking at external things to
get us all pumped up
um all of those things
it's it's just not even worth it
it's not even worth it to look for external things
to figure out whether or not
you or somebody else is following the will of the Lord
you can't use those things
you've heard me teach before
that when Jesus hung on a cross
his church of 5,000 people went down to two
his mom and his best friend
and you gotta go
when you're the mom
and you gotta go when you're the BFF
and all the sanhedron under the leadership of Gamaliel
he said oh if it's of god
then it'll just sort of trail off and pass away
but if it's of or if it's of man
it'll do that but if it's of god
it'll stay strong and you know
they were looking on the hype level of things
and how they would stay in the numbers of
it'll stay up in those 5,000 or even grow range
and then if it gets too big and we try to stop it
you'll find yourself fighting with god
and they were basing that all on numbers
but that day
two people came to the cross for Jesus
his mom and his best friend
and so it would have seemed to all of those guys
see Camellio
he's so wise
he told us it would trail off
except in the spirit
that was the greatest day in history
so if you're looking on the outside
you would have seen wow
that church is really like tanking right now
The Church of Jesus is tanking right now

there's two members
his mom and his best friend
and you would have missed
properly judging the greatest day in history
when the King
Jesus hung up on that cross to save the world
you cannot judge by what your eyes see
it was said of Jesus Himself and Isaiah 11
2 that the sevenfold spirit of god rested upon him
and he would never
give himself to judge by what his eyes see
but in righteousness he would judge how
you can't use numbers in a good way to say well
God's with us cause we're packed
or God's not because we're not
you just can't
listen leaders
let me talk to you for a second
if God tells you to go up the mountain
and nobody's following you
you probably heard it said by people
you're a good leader
if you know people are following you and I call
I call that
you're a good leader
if you obey the Lord
and like Moses
if you go up that mountain alone
then you go
then you go
I don't care
if anybody follows you
if the Lord called you up that mountain
you go all these external things
that we do to judge what God is doing
we're gonna miss what God is doing
if we're joining the rest of the church
who are all caught up in external things
you're gonna miss it
you're gonna miss it
and I believe that's part of the great falling away too
if we think that Jesus is just nicey nice Jesus
and God starts pouring out strong and heavy things
to win people out of the world and come to him
and give their lives truly to him at the end of the age
cause that's what he's gonna be doing
and the world's gonna be trailing off

and become even more apparent that it's broken
and if you're caught up in all of those external things
and you see God start to let those things shake in
crumble but you don't have a grid for that
it's likely you will accuse God
you'll say my God doesn't do that
my God's nicey nice Jesus
he would never pull me away from those things
and challenge me on that level
he would never offend my mind to reveal my heart
and if you're caught up in nice
nice Jesus then you'll miss a moment
and you'll actually even accuse God
and you'll say
it's not God when it is God
and if you get caught up in saying
it's not God when it is God
I believe that's a part of the great falling away
at the end of the age
when stuff starts shaking
my God wouldn't do that
yes your God would do that
you've spent way too long building a nice
nice Jesus and that that Jesus
he's super kind
he is super merciful
but he will come after your heart
people say Bobby
yes but he leaves the 99 to go get the one
and he's into the one
yes but he does not hang out with you in the one
and let you stay there
his goal for leaving the 99 to get the 1 is to grab you
break your legs
if he has to
put you over his neck
and bring you back to the 99
where you should have been the whole time
he's not gonna just let you stay in the one
he's going to disciple you
he's going to make you mature
why would you need to be mature
if he's gonna come and rescue you from a fallen world
we used to think that the Rapture was all about
God rescuing the church from a fallen world
I think it'll be so gnarly
where Christians are just taking over the planet

that it'll be more like the world is calling out
come and rescue us
we've got to have a perspective of victory
we've got to have a perspective of walking in true
raw power and we don't need external things
to motivate us to serve a living God
we don't need external things to do it
I love that we went on purpose I
I love that we went strip today on the worship
it's just like we're with you guys
we do not need external things to hype us up
we don't need it
will dance will praise
will worship the king because he is worthy
I don't need that smoking guitar solo to go yes
that's right
it is good to praise
I don't need that drum solo
even as amazing as Kyle is back there
did his first drum solo last Sunday
no pressure to have to pull that off now
every Sunday Kyle
how about people who talk about superior revelation
yeah I used to do that
but now I'm here
I've got a superior revelation
gosh even if you do
seeing Jesus will make you the most
humble person on the planet
if you really had of a superior revelation
you'll not be bragging about it
so as to put down those who don't have it
you'll be super thankful
we're always all super thankful
every time we see Jesus
which is revelation
that is the essence of revelation right
every time we see Jesus in a greater light
and it changes our life
the last thing you wanna do is
put down those who don't have your revelation
I hear people doing that in the church all the time
as though that would be the outcome
of what Jesus would want after giving you a revelation
you didn't have 10 minutes ago
and now because you've had it for 30 seconds
you think you're all that

as Debra Miller says
all that in a bag of chips
so how do we avoid those things
I wanna show you a quick video by my friend
Rick Joyner
we're connected with Morning Star
we love these guys
he talks a little bit on this
after I heard the Lord say
you need to talk on this
it was the very next day that I saw this video
on Facebook that somebody else posted
and I was like oh man
this is exactly where I'm going
so I want you to watch this video
and let's let Rick talk into this subject
for a little bit
then we'll come right back
witchcraft what it really is witchcraft
well you know the impossible
but witchcraft
is basically counterfeit spiritual authority
now I think it's
you know we think of the black magic in the dark
arts and things like that as being witchcraft
and that is a form
but I think the most deadly form
is from the good side of the tree of knowledge
of good and evil
you know human goodness
I think it's been far more deadly
than the evil of that tree
now white witchcraft
or what I call charismatic witchcraft
not in any way implying ahead
to do with the charismatic movement or anything but
it's based in human charisma
it's using manipulation
height control
pressuring you know
all these things
god has more dignity than to accomplish his work
with those kinds of methods
that is not his
you know his authority
and we see that
the way it enters

I think we can see with King Saul
on the day the kingdom was rent from him
was because he was told by Sam
Samuel to wait
to offer the sacrifice
but when he saw the enemies gathering
and the people scattering
he caved into the pressure and offered the sacrifice
he did something he had no authority to do
he was a Benjamin
he wasn't a levity
wasn't qualified to offer sacrifices to the Lord
so he crossed a line
beyond the spirit of authority god had given to him
and then you're on your own
and when you start trying to do things that he has
not called you or commissioned you to do
or to do it prematurely
you're out there on your own
and you're gonna have to use carnal
power and all to accomplish those things
and it's gonna grow
and that's why we see Saul actually spending
his last night in the house of a witch
he'd been operating in witchcraft for a long time
I don't know
authority that was counter to God's authority
well this is kind of
this is like a scary place for Christians to be careful
how they conduct themselves
you even brought up a point of the Christians kind of
being unwittingly used by Satan to be accuser of the
accusers of the brotherhood
you know that's his
that's his title
how did we get involved in that
well you know
I believe Satan's been kicked out of heaven
but he still has access
by using those who do have access
even has us accusing one another before god and
and you know the Lord ever lives to intercede
and you know
I think that is the
the great power of his authority is
it starts with intercession
it starts with us investing and praying for people

and then you've got an investment
then you've got to hope
you want to see good things happen
you want to see the fruit come up that
but Satan has us
you know one of the things he's doing is stirring us up
to always accuse one another
blame one another and all
and um yeah it's
it's tragic
but I think right now
it is my opinion
and I know the other stronghold you may wanna mention
the religious spirit
actually has more authority in the church today
or should say power
there's a difference between power and authority
Satan has power in the world today
but he doesn't have the authority
Jesus has all authority
but anyway he's still given power influence
and I think there's
right now the religious spirit has more influence
in the church today than the Holy Spirit does
and I think he
the devil's using witchcraft
he's using racism
he's using the accuser
he's using all of these things to gain domination
or influencing control over Christians
so what do we do
what what do we do as the people of god
as what to Tom
Angela and Sydney do today
what does the viewer that's watching today do
to be ready for the battle that may be coming from
angles we don't expect
well I think one thing we do is we arm ourselves
we put on the full armor of God
I think very few Christians do or have
I think we put that on
we understand we need this armor
because we're in a battle
we got a fight
and you know
as I understand
you can't just stand up in the middle of a battle

and call time out
you know it's day and night
we are in the fight continually right now
we need to understand it
but God made us to be warriors
we should be thriving in the battle
because you cannot have a victory without a battle
you cannot have a big victory without a big battle
so we should see these things as the opportunities
God has made them to be
you know James said
count it all joy
when you encounter various trials
a trial is a battle
and we would go at it like
thank the Lord for this new trial
I'm gonna take more
ground I'm gonna grow in this or would
Peter even said he said
the testing of our faith was more valuable than gold
so if we're truly wise
we should when we have a test coming our way
we should get more excited than if we had just found
a big bag of gold
that's what he
come on come on
anger people who get angry and they're just going to
now release the power of God through anger
cause they've had enough
listen I got a verse for you James 1:20
for the anger of man does not bring about
the righteousness of god
and so don't get caught up in being hyped by anger
cause you've just had enough
most people who've just had enough
haven't spoken up when they needed to along the way
and now they're about to blow their top
and the anger of man will never produce
the righteousness of God
so don't get caught up in that
um I wanna expose
um some things about Jezebel
that spirit
I'm not mentioning any names
this is a spirit
so I will say she
but it can operate in anyone

the Bible calls it Jezebel because of the person
Jezebel that you can read about
but it's really a spirit that was released through her
um that false prophetess in the Bible
and now operates through anybody who will let it
but let me give you some facts about Jezebel
um she or that spirit
operates mostly from fear
the spirit and mindset operates
from sort of a social contract with you
that you or your organization are not good enough
unless she says you are
ever had anybody in your life
just try to be the barometer of your success
and your success isn't reached until they say
sort of manipulatively
you are are there
she'll try to become the sole legitimizer
of who you are
but the problem is
she keeps moving the goalpost on you
that's how the sanhedron operated
when they were trying to work out whether
the guy that was blind and now could see
whether that miracle was really of god
and he's like
I don't know
all I know is I was blind
and now I see
if you're trying to legitimize
or delegitimize this miracle I see
and they couldn't accept that
so they moved the goalpost
and then they started in on him
cause they couldn't accept the
the miracle
so they started like lowering his credibility
and the credibility of his family
cause that's what Jezebel does
it wants to be the one that tells you
when you've done all that you can do
to be that correct parent
that correct boss
that correct leader and and
and you're so
you get so confused under that Jezebel spirit
that you're like

I don't even know what to do anymore
I don't even know what they want anymore
because there's so much confusion around that Jezebel
spirit trying to move the goalpost
they've set themselves up like
you'll only be blessed when
and if someone's ever said that to you
you won't be blessed until
but they didn't give you a higher
standard than themselves
like the Bible
if they've only told you you'll only be blessed when
and they become the legitimizer of your blessing
so you have to go back with them and say
I did thus and so
can I be blessed now
can I play with my friend's mom
cause I did such and such
now when they become your legitimizer
you bumped up against a Jezebel spirit
does that make sense
don't let anybody do that
don't let one person
sometimes they're 1/2 your age
sometimes they're 1/10 of your age
it's funny how small we learn these things
and now the child is telling the parent how to parent
do not let that happen
you gotta have that internal dialogue
inside of you and saying
God has chosen me to be in this place of leadership
I don't need the yes of someone else to choose that
last time I checked
God put me here
sometimes you may like being there
sometimes you may not like being there
but in either case
God put you there
someone else is not gonna
have the authority to legitimize that
and when they begin to try to take the authority
to legitimize your place as their leader
then they're stepping on dangerous ground
not just with you
with the Lord himself
but you have to have that internal dialogue that says
no wait wait

wait wait wait
wait wait wait
the Lord called me for this
I don't need to explain this to you
I don't need to convince you of why
cause the more I try to convince you of why I'm here
I'm really just asking for your permission
done this conversation's over
don't let that happen
cause there's no accommodating that Jezebel spirit
remember the issue is fear and control
so there's not
there's no evidence
they'll discard all that evidence and
the Jezebel spirit cannot receive anything from you
they can't receive anything from anybody
they sort of operate under the
I have to give
cause I have to be in a place of substance
and I can't be vulnerable enough to receive
and so watch for that
and if someone's ever done that for you
and now they're in your life
like I said
whether they're a kid of yours or a boss
or a leader or a spouse or whatever
and you're wondering gosh
people have done this
and they've tried to take this weird authority
in my life you just in prayer
take care of that
and you just go father
I cut off this spirit that is trying to legitimize me
and who I am in the spirit
and I can feel this roundedness
and even I have at times
taking the bait of tried to go back to them
even in the spirit of
not in the natural
hoping that they would approve of me
so the doorway would open
and I can be legitimized again
I mean just repent of all of that father
I just repent
and I put myself back on the place that you have for me
and that's key
you have for me

and I unplug them as a source of my life
of legitimizing
and I plug them into you cause they need you
they're trying to plug into me
because I have allowed them to
and I renounce allowing them to
and I unplug them from me now and plug them into you
in Jesus name
and you get those tentacles off of you
and father I plug into you
if I plugged into them for any legitimizing
if I'm waiting for them still to approve me
that I plugged into them
and God calls that idolatry
by the way so Lord
I repent of idolatry
and I unplug from them
and I plug into you where I belong
and you'll feel the blood
instantly start flowing through your veins
you'll feel a whole new spiritual freedom
a whole new connecting
you'll be like dang
how long was I putting up with that stuff
time we talk about this and make sure we're living free
can you say amen to that we wanna get a I mean it's too
it's like we think the stuff's outside the church
the devil thought he had won
in your life by trying to put this Jezebel on you
but the Lord shows up and says
no actually
because I've called you to have true
spiritual authority and true power
so you get a hold of who God has called you to be
you have that internal dialogue
and you say wait Lord
you knew this test was gonna come
what have you done
to legitimize me in the last 72 hours
because so and so is
trying to blow holes through me right now
but I bet if you retraced your steps
for the last 72 hours
you'll find where god showed up and gave you blessings
out of nowhere
kisses from heaven
out of nowhere

to legitimize you to
from him to prepare you for this battle
he went before you
to make you ready for this
so you just have to go
wait a minute
I have two choices
I can listen to this Jezebel
or I can remind myself what the Lord has said to me
and I can stir myself up in the Lord
I can strengthen myself on his word
who has he said I am
amen you getting this I hope so
I want this to stick beyond the Sunday message
I want this to be a rock your world moment
where you drew a line in the sand and said
no more of this stuff at all
not outside the church
not inside the I don't care where it comes from Lord
if it's not you
I don't want it
and that's how we hunger and thirst for the glory
and we keep all this stuff pure listen
I'm telling you
there's only two powers on the planet
light and darkness
wait there's gotta be a middle
there's gotta be a medium Bobby
don't just tell me that there's only light and darkness
read your flipping Bible
and I hope your Bible is flipping by the way
I just thought of that
and I have so much more to share with you
but really quickly
when Simon the Sorcerer saw
that revival had come to Samaria
and they sent Peter down there to check on it
you remember the story
and he was going down in an acts chapter 8
Peter started saying gosh
you guys are saved
there's a lot of revolution happening here
I wanna lay hands on you
and make sure you receive the Holy Spirit
and they're like
no we haven't
we just been baptized to the John's baptism

and he's like okay
well I'mma start laying hands
and as soon as he started laying hands
and shows up using his authority
remember Simon the Sorcerer
it's funny that they're the same name Simon
Peter used to be Simon
and now he stepped into true spiritual authority
but Simon the Sorcerer
who has yet to become Peter
is still playing games as a read
waffling back and forth in full spiritual authority
if you know his background
he had stirred up that whole region
telling people who they were
giving them prophetic words
I mean that he was using a gift that by the way
may have been god given
for the wrong purposes
there's a lot of psychics
out there that are actually prophetic
but they're using it for the wrong purpose
and that's what Simon was doing
and but the cool thing is
is your Bible says in Acts 8
that Simon believed and was baptized
so he's getting his life transformed
but he's still raw Simon
and Peter comes down with real authority
and he's laying hands
and Simon has one of those moments and he goes
give me that ability
so that I can lay my hands on people too
and they'll get
cause really what his gig was when he was in divination
he liked being the spiritual drug dealer
that everybody came to him
and now Peter
people were going to him anymore
Peter was there with real authority
and he admired it from afar
and he went to Peter
even with false humility and said
give me some of that
cause I still wanna be a drug dealer
but just now for the Holy Ghost
and you know what Peter said

I'm gonna read it to you thought you'd never ask
and when in verse 18
chapter 8 and when Simon saw that the spirit was given
by the laying on of the apostles hands
he offered them money and said
give me also this ability
so that everyone on whom I lay my hands may receive
the Holy Spirit
here's Simon
who has yet to become Peter
and here is Peter
who used to be Simon
one is a rock and one is a reed
right and Peter answered verse 20
May your money
you trying to buy this gift
may your money perish with you
because you thought you could buy the gift of god
with money you have no part or share in this ministry
cause your heart is not right before the Lord
repent of this wickedness and pray to the Lord
in the hope that he may forgive you for having such a
thought in your heart
for I see that you are full of bitterness
and a captive to that sin
that's the open doorway right there
something happened that made him bitter
something happened that made him a spiritual
drug dealer
and Peter was giving him a word of knowledge
that the root of this issue
this broken spot in your life
came through woundedness
and then your bitter response to that woundedness
and now you become a Holy Ghost drug dealer
and we're not gonna allow that kind of mixture here
so get your heart fixed
cause I really do believe you have something to offer
we're not gonna just cut you off
but we can't let you operate in that much mixture here
Simon get your life right with God
and then let's move on
we need leaders like that don't we
we need leaders who can look at us and point out
the root issues of the broken spots in our life
and challenge us beyond those broken spots to go okay
let's get this

I don't have to be perfect
that part is true
but I cannot let this broken spot stay knowingly
I gotta be relentless about it
he said pray
Simon said then Simon answered
pray to the Lord for me
so that nothing that you have said may happen to me
how cool is that
I'm telling you right now
God is bringing us into a greater glory
God is bringing us into power
true authentic raw power
and I'm telling you
that God is releasing his pure power and glory
the way I heard it was pure raw power
and you don't have to be perfect
you don't have to be um
even completely mature to be entrusted with this power
but over time
God's speaking to your life
he's chiseling your life
and he's bringing you into areas where we have just as
much fruit of the spirit as we do gifts
there's a reason why there's nine fruit and nine gifts
cause there's a corresponding fruit to every gift
we don't want 9 gifts and two fruit
trying to do the math for us
we want the fullness
and it's gotta manifest beyond charismaniac ness
I just created a new word
it's gotta manifest beyond hype
it's gotta manifest beyond
all of the stuff that people try to do to gain control
and manipulation in the route is normally fear
you know we're just launching right now
something called Glory Light Transformation Center
um and that is where we can all go get
washed when we need it Lord
I've got roots
I don't even know where those roots came from
just like you might not know about the ins and
outs of your bloodline and all of those things
sometimes we don't know about the ins and
outs of our spiritual roots
and we just need the Lord just to like
wash us and cleanse us

we need the Lord to do that
so that we can have a new mindset
and he's not just into like washing us and cleansing us
he's actually wants to go somewhere with that
and I believe that people like Simon the sorcerer
who have said yes to the Lord
your Bible says and acts
he believed
he he's just still struggling
I believe God's got plans for those guys
cause they're really anointed
I believe those people are coming back to the church
uh there's people that are not saved yet
that are coming into the church that have
amazing gifts from the Lord
and they're about to find out
how to use those in a pure way
like you're literally trained at 1
900 get a word um
how to like look for ways to observe
when you're getting close to the Mark
when you say things like their mom and all of a sudden
you hear sniffles on the other end of the phone
and they're like seat
I knew it was your mom
and then you start
they are trained to look for ways
to head down those ways
we don't look for that I'd
I mostly close my eyes when I'm prophesying over people
especially one on one
I don't wanna look for ways in the natural
then someone tries to tell me yeah
they interrupt me and they go yes
it is my mom
and I'm like stop
you're gonna take this thing
and if I've ever been rude to you
to like get you to stop
it's cause I'm trying to get far away from 1
900 get a word
we got to keep this thing pure
we got to keep this thing with power
and that's my goal is to train us all to do that
and if you're noticing that has happened to you
or you're or you're trailing off into that
or you feel like gosh

I just don't seem to be anointed right now
and I just gotta hype it up
don't do it
don't do it
don't do it
God will come through
you're not speaking your word
you're speaking his word
you're speaking the word of the living God
this is not anything you need to hype
as a matter of fact
when we hype it up
we actually dumb it down don't we
we get all kinds of carnal flesh involved in there
and then it's gotta be rad and then
and then like Rick said
once you feed that monster
you gotta keep feeding that monster
don't you now
you gotta live by it
in the next week's gotta be amazing
don't do it
don't go to work that way
don't hype up your boss
don't hype up your people
don't resell them on why you're the best employee
you just do your thing
and you ask the Lord to annoy you
I wanna break some stuff off of you
and I wanna impart some things to you
stand with me
if you would
father first and foremost
I know is a forerunner to the Christian Church all over
all over the world
that we get to prophesy about things that
you're gonna start dealing with in the next six months
to the global church
and Lord I love being a forerunner
most of the time
and so Lord
we just step out in front to create a way
for the church to come out of all of that hype
and soul power
so that we can make way for the raw power of God
that is about to bust out all over the planet God
we're prophesying this

and right now
this is one of those John the Baptist moments
to prepare the way of the Lord
and to come into a place of repentance
as a global church
and to see that
if there's anything in us that is trying to uh
inaugurate soul power over the power of the Holy Spirit
and so Holy Spirit
we just say if
if we have been the victim of that
or operated in any of that
we repent right now
in Jesus name and father
I pray right now for those within the sound of my voice
who have ever been the subject of someone else
trying to legitimize you
as a person
as a parent
as an employee
as a minister
any of that
and they have not lined up
with what God has said about you
right now I take this authority
and I break that off of you in the name of Jesus Christ
and I unplug that source from you
and plug it back into Jesus Christ right now
in the name of the Lord
and if you've ever allowed that
to cause a confusion in your life
where now someone else is legitimizing you
I say take a second and unplug from that person
as your resource for legitimization
and plug back in to the Lord
nobody gets to tell you who you are
but the Lord himself
everyone else just gets to decide
whether they agree with God about you or not
that's their only option
and if they choose not to agree with what your daddy
says then that's not gonna change who you are at all
it just changes where they are
so father we just transfer that false authority
off of the shoulders of your people now
to the real authority that you've given us now
let us walk with greatness

with confidence
let all confusion that's come from Jezebel
or any other spirit like this
let it break off of your people now
and let there be a sense of clarity of call
a determination
a confidence that only comes from god
and we say oh Lord
all of those external things to any more
we will look into the eyes
of the author and the finisher of our faith
the Lord Jesus Christ
Lord we're not waiting
for something that we've already received
now I ask that you
Holy Spirit
as Rick said
it would be a shame
that the religious spirit is more welcome in churches
than the Holy Spirit
so we break that whole statement right now and we say
in the name of the Lord
Holy Spirit
come to your church
come to your people
come to your bride right now
in the name of the Lord
and we just repent of all kinds of fear
and all kinds of reasons why we've
allowed other things to get in that place
and we say Holy Spirit
fill us with fresh wind right now
right now fresh wind
fresh wind in ourselves
there it comes all across this room
all across this room right now
and those online right now
a fresh wind coming to you right now
this is what happens when we trade hype
for true authority
right now right now
oh there it comes
oh my God
just let him wash over you
there's something happening in the room right now
thank you Lord
wow he's replacing fear with just this childlike faith

some of you feel like you just wanna dance again
and you just like have this
oh this weight that's lifted off of your shoulders
that's right I never have to fear I have a choice
God I thank you that something's gonna shift
when we start laying hands on people
when we start walking in raw authentic power
God we just thank you
Lord that we're learning
what we're about to impart to the world
cause the world's about to come in
I'm gonna say it
bend is about to come in
and you talk over your region
if you're from another region
but this Central Oregon region is about to come in
and these things that we're learning
we will teach them
so they have a fast track to the glory of God
healing and deliverance salvation and wholeness
and if you're here or listening to sound of my voice
and you're saying Bobby
I need to get my life right like Simon I need to
I believed in the Lord
but I wanted to be the center of attention in a way
that steals glory from God
and I don't want that anymore
first of all
I just say to you
you have a true gift and God wants to use it
and God wants you to align with him so he can use it
and whatever broken spot is there
God wants to fix that too
cause he loves you
and if you need to give your life to the Lord
then just ask Jesus to come into your heart right now
and say Jesus
be the Lord of my life
I'm sorry for being the Lord of my own life
but I want you to be the Lord of my life
and I'm tired of carrying this thing by myself
it's like a five tons on my shoulders
and I just want to give it to you
be the Lord of my life
I repent of my sins
and I ask you to wash me and cleanse me and
take this thing from me

and God's just doing that right now
if you pray that prayer
and believe that Jesus is that savior
healer and deliverer
then your life just changed
and so father
the rest of us now we agree
for a changing
church that you're empowering right now with raw power
I ask for this tribe and all of those
who are part of who we are around the world
now there's a release today of raw power no hype
just real authentic power
in Jesus name to get anything out of this today
yeah yeah alright
before I let you go
couple things I want you to be made aware of
we are at Eagle Mountain TV have just launched
subscriptions that get you into not only
some of the digital conferences that we're doing
but also some of the local um
gatherings that we're doing as well
it's kind of all inclusive
we think it's awesome
um and in terms of the takeaways that you get uh
they're amazing as well
there's a catalyst membership for \$37 a month
and then there's a uh
World Changes membership for 97 a month
and that gives you
free content to most everything we do
and also access to our conferences
so we plan on doing a
a ton this year and next year as we grow
and so we're trying to figure out how to make it
easy for those
who are part of our local and digital tribe too
so um jump on that
and then also one of our
next digital experiences for you is May 19th and 20th
and that is called foundations
it's God designed foundations
and it's with Chris Banky
um and myself
and it's um
the new god design format with new content
and the launch price will be 149 next year

so get on at this year
and as I mentioned
it's the perfect time to get one of these memberships
so you're not having to pay
um full price for these things
also free food
market tomorrow
don't you just love that
our church pours out to our community free food
so if you wanna come and receive food or help
um then make sure you go to the Connect Center and um
and then also on Mother's Day
we have something very special that we're doing um
and we're going to have for Mother's Day a um
they're not called potlucks
it's a brunch
it's a tea and so that's gonna be super fun but guys
you're all welcome
so we get to be a part of that
that's on Mother's Day
we're gonna honor our mothers in a very special way
it'll be fun
we just wanted to give you a heads up about that
so father I just thank you
for your power and your glory
I thank you for the lightness
and what I'm feeling in the room
and I thank you Lord
that we just get to receive you got
you gather us together all the time
and as the gathering team said
I think it was more powerful on Sunday than it was in
the gathering and God
I just thank you that many people get to come here
and just experience her glory
and help us to stretch wide this portal Leilani
show me the picture
upside down
there it is girl
nice look at that
if you didn't get that word
go back and see the uh
funnel upside lay down
releasing heaven on earth
that's what that's all about we're just
trying to steward that prophetic word that they gave us
all right wrap your arms around somebody

bless them as you go
speak life and health over each other
we love you
and we'll see you next time
