Europe
may of last year
which would be May 2022
I was I was seeking the Lord
I was in our prayer room in New York City
and I was thrown into an open
a prophetic open vision from the Lord
we were sitting in our school of ministry
in the prayer room
and the Lord flash a television screen in front of me
and all of a sudden
um I get hearing the noise of
as if when a
a new station interrupts the program
it says we hate to interrupt uh
your scheduled programs
but we have an announcement to make
basically it was that type of encounter
and in this moment
I hear these words
uh we hate to interrupt your scheduled program
but coming to a city near you is a face down move
of the glory of God
and it said it again
coming to you
coming to a city near you
is a face down move of the spirit of God
a face down glory
and it's coming from city to city
and it reminded me of like a weather report
when a tornado or Hurricane is on the horizon
and I do believe that in this moment
we are in that moment
that the Lord interrupting our program our
he's interrupting the programs of cities
he is interrupting the programs of our lives
he is interrupting our

our churches
he is interrupting
Hebrew says it like this
everything that can be shaken
we'll be shaking and so
there is a great shaking that is going on in the earth
there is a great wind that is blowing in the earth
uh and while
uh uh uh uh
there may be great warfare
and different things that the enemy is trying to oppose
there are as much more greater in the kingdom
there is much more
greater that Jesus is doing in the earth
more than what the enemy is doing
matter of fact
the scripture says it like this
there is a great and affectual door that is open
there are many adversary
I wanna announce you tonight that the sign of the love
of your warfare
wherever your warfare or opposition is coming from is
is is the marker of what god desires to do
so if you're being attacked in any area of your
physical body
your ministry your mind
your emotion
take a a good assessment of it
because that is the thing that God wants to move upon
in this hour
that's the area that he wants to to move
that's the area of assignment
the area of your assignment will be the heaviest
area that is opposing
so right now
we're in an hour that god is releasing
a program interruption
and so when I had that open vision
I knew that we were in for something uh
uh that that our eyes could not see
that our ears could not uh
uh hear that you know
we're in something that
we've never imagined right now and so

I do believe that we are in that program interruption
where God is
he's interrupting our normal services
he's interrupting things that we just do casually
and he is shaking up our agendas
he is shaking up with how we have done things
you know things that we have done religiously casually
things that we have done
because it worked in the seasons past
I do believe that you know
the scripture says this
he says behold
I'll do a new thing
I believe that god is introducing us to the new thing
I don't know about you
but for the last several years
we have heard this word
reset reset
reset reset
but I wanna announce to you tonight
what the Lord said to me
as we move through the summer
as we get after I came out of that open vision in May
September of 2022
the Lord said these words to me
he said son
he said it actually on rashashana
at the head of the year 57 83
he said we are no longer in a reset
we have ended that reset
coming out of 2020
coming out of the pandemic
coming out of these last few years
we are now it uh
done with this reset
he said now
we are in a setting in motion
the reset should cause movement to be birthed
and we are in an hour right now
as we have stepped over into 2023
we have noticed that
there has been a great deal of movement that has been
gone on in the earth
transitioning that has been going on in the earth

uh uh uh things coming into alignment
come on movies right now in in
in in the earth are beginning to prophesy to us
we just recently had two major movies come out in
in mainstream media
uh uh uh come out in Jesus Name
and movie centered around deliverance
and Jesus power to break chains and
and to break the powers of darkness
and then we see this movie of
of the Jesus Revolution
I believe that right now
we are seeing
the motion pictures everywhere
that the earth is beginning to prophesy to us
of what is happening
and what is to come
and I am telling you tonight
it is only we going to increase
come on if you believe that
I just dare you to type that and say
more Lord more Lord
I don't know about you
but I'm hungry for more
what the Holy Spirit desires to do and I
I just love this whole Jesus revolution
because I do believe that
in this hour
what God is doing
it is upon not just young generation
but it's upon every generation
and what we are seeing is the former and the latter
rain come together
and I know that there is an emphasis
a lot of times yes
on the Gen Z
on the millennials on the alpha generation
but I wanna
encourage some gray hair ones that are on this
this line right now that are watching
I wanna encourage some 40 year old
some 50 year olds
that your dream is not dead
and that god is not done with you

you may have thought like
you've missed the window
you may have felt like you've missed the time
but god is not done it
so what do you he's doing
he's causing a Joel 2 moment to begin to happen
where he sang
I pour out my spirit
upon all flesh
whoa I feel that anything so strong that he says
he's gonna pour out his
power and his glory
upon all flesh
even Acts 2
picks it up
as I pour out my spirit
upon all flesh
and your your
your your sons and your daughters
are gonna prophesy
your old men will dream dreams
and he's gonna pull out his spirit
upon the handmade
I'm telling you
now more than ever
we're singing all flesh
multi generational
multicultural revival
begin to break forth
in the earth
if you believe that
I just I just
write where you are
just just give God a shout
right where you are hallelujah
and there's some
several things that I do believe
that what God is doing in this moment
um I wanna even piggyback a little bit more
um um January this year
as we came into
uh 2023 and
stepped into February
it was the end of February

and here's where I'm about to
to come in on
making revival stick
the end of February I was um
heading to go
speak uh for uh
the Sid Raw
its supernatural show
as I was sitting in my hotel room
the Lord uh
begin to uh uh uh uh
speak to my spirit
there was a wind of God
it was my hotel room
and all of a sudden I
I I felt the winds of the Lord
blow through the hotel room and
and I begin to see
a picture of the map of the United States
and I begin to see the wind of god begin to blow
from the west coast to the east coast of America
and then it begin to spread
throughout the nations of the earth
it begin to spread into South America
begin to spread throughout Europe
it began to spread throughout Africa
it began to spread throughout Canada and and
and Australia
uh it began to blow
but I love that it started uh
it began on the West Coast
and the Lord said these words to me
he said we are in the days of Seymours sons
the sons of Seymour are coming
the sons of Seymour
and I knew he was speaking about the late revivalist
William Seymour
who were the Azusa Revival
who helped launch initiate
the pentecostal movement that has spread into the earth
this is the pentecostal movement that gave way
to the assembly of god that gave way
to the churches of god
that gave way to many of the outs work

the reason why we have the moves of the Spirit
Pentecostalism
and charismatic movement
birth out of the azuza revival
and so when god said to me
he said we are in the days of the sons of Seymour
I believe that the Lord is saying in this hour
that what we saw in azuza
through a a a a
a one eyed black man
that begin to spread into every nation
tribe and tongue
the Lord says
we're in an hour
that that move is gonna be greater than before
that we are about to see another wave of outpouring
that is gonna break out
and I do believe in this season
in this moment
there are four types of people that the Lord says
he's gonna use
just like he did in the azuza
move of the spirit
he's gonna use the unlikely
he's gonna use those that you would have never
imagined that God was gonna use it
they may not have
uh prestige
it may not have platforms
they may not uh uh
uh you know
be well versed and
and some of the things that we
we deem as uh
the the the
the important part
the Lord says
in this hour
he's gonna use
the unlikely individuals
and he's gonna use the most unlikely places
that the glory of God is gonna break out
do you not know that right now
deliverance is happening in movie theaters

that right now that god is breaking out
not only in the the church
Rick and mortar
but living rooms are being set on fire
backyards are being set on fire
and right now
many of you that are watching right now
must begin to take on this posture and say god
use my house
use my church
use my city
use my college
use my job whatever it is
I just wanna see the glory of God
so he's gonna use the unlikely second
he's gonna use uh
the unknown
one of the biggest challenges uh uh uh
when it comes to the things of the spirit
when it comes to revival
when it comes to the outpouring
he has to god has to break our will
he has to break
what we know
he has to break our religious minds
as this is why he tells us things like
come as a child
because we have to come through a place
of humility
we have to come through a place of not knowing
and so God is
he's always in the in the the
the the the um
he's always in the business of of
of using the foolish things
that can found the wise
he's gonna use
the unknown
he's gonna use what you don't even know any
and he's gonna give supernaturalism not No. 3
he's gonna use uncommon
he's gonna use
the most uncommon uh
ways and the most uncommon places

the glory of God is gonna break out in No. 4
he's gonna use the undone
those that are willing to be undone
those that say
you know what
I don't care it
what it looks like
I don't care if they call me crazy
I don't care if they think I'm nuts
I just want
the glory of God
and this is what they were
in the Azuzan Mugal God
this is what we've seen
throughout the years
whenever there was a move of God
God always use the unlikely
he use the unknown
he use the uncommon
but he use the undone
there is something about those
that allow the Lord to undo them
through a place of brokenness
through a place of humility
and we're gonna get into that a little bit more
in a second
so the Lord said to me
these words
we are in the days of the sons of Seymour
and the winds of god
begin to blow
I want to tell you right now
we are in an hour
that god is setting
cities on fire
we are in an hour
where the Lord is
moving in the most un
precedented ways
what because
we are in an hour
of harvest now
this open vision happened to me uh
uh seven days

uh before the
Asbury revival broke out
at university
and I remember less than 24 hours of the outpouring
happening there
the Lord said
I want you to keep your eyes
on this particular move of God
keep your eyes on the sun
because I'm about to pour out my spirit
and it is important that the nations begin to watch
what I'm gonna do through this little
small campus
Asbury University
no one knows where it is
it was not a wildly publicized
it was not marketed
it was not ran by a celebrity
he said I'm gonna watch what I begin to do
through these humble places that no one knows about
that the whole earth is gonna begin to look to
that's the type of move of God
that God's doing right now in the earth
again he's gonna use the unlikely
come on Hallelujah
you may be saying
that's me right now
nobody knows who I am I'm just
a woman or a man that's hungry for the presence of God
I may not have a lot of Facebook likes
I may not have a big social media presence
that's the one that he's gonna use
he's gonna use those that don't have a platform
but he's gonna use those that have perfume
come on ask Mary at the feet of Jesus
he's gonna use those broken Marys
that are willing to waste it all
to lose their reputation in Jesus Christ
this is what the Lord is doing
so this is 7 days before the Asbury revival
and so I managed to make it
over there to Asbury
for the Collegiate Day of prayer
we have been believing god

what I love about this particular part
and I don't want to go too long into this
but what I love about what god was doing is
we were part of the Collegiate Day of prayer
that was set to be held at Asbury University
two years before the outpouring broke out
so it was on the mind of god
and what I love about it is
Asbury University had experienced a move of god
years before
and it blessed me
because it says to me that god remembers Wells
he remembers places where there has been
memorial stones of the presence of god
and I believe that should be an encouragement
somebody that's listening
I don't know where you may be watching from
or maybe where you may be joining from
but if there's wells of revival in your city
uh this is the hour to begin to pray
Lord do it again and greater
and when the Lord said to me
we are in the days of Seymour
he's not saying that he's gonna do another azuza
he's gonna do greater than
whatever time God gets ready to do something
he goes for the double
and we are in the hour of the double double
the double portion
come on over the last several years
we have walked through warfare
over the last several years
we have seen laws
over the last several years
we have had to
we were forced
as a nation
we were forced
the nations of the earth
had been beginning to feel the contractions and
and all these things that we begin to feel
um in the earth
it's been a time of great shaking
but in that

god never does that without releasing his glory
without releasing
double come on
if you're watching with me right now
I dare you to just type in double
double portion
double glory
double revival
double fire
double presence guess what
double Jesus
in this hour
come on come on
more of him
