

**Title: The Voice of Your Father**  
**Speaker: Bobby Haaby**

**Date: December 17th 2024**

**It's a fact: God's people know His voice. When we question this reality, we question the truth of this scripture and the power of His indwelling, Holy Spirit. Therefore, it's not about "if" you hear His voice, It's about "how" you hear His voice.**

you're so beautiful  
haha  
of all the things one could say you are beautiful  
um  
I can't get off of um holy forever  
there was something so precious on that song  
as we just sang to the Lord  
as we sang straight to Jesus  
and I just want to stay in that for a second  
or as long as it takes  
Jesus you're so wonderful  
all the things that you do that we can see  
and all the things that we cannot see  
Jesus you said my father is working and I am working  
you're always working all things together for good  
and I just thank you Lord  
I thank you Jesus for your presence  
I thank you that you're with us right here  
I thank you that we can feel you  
we can sense you we can know you we can hear you  
I thank you that you're the God of miracles  
and we just stand before you  
without confidence that you're the God of miracles  
Jesus we ask like your apostles did in the early church  
stretch forth your hand to heal today  
stretch forth your hand  
that at the mighty name of Jesus

signs and wonders  
and miracles would happen right here in this room  
and to those watching online  
God right now  
touch your people  
Lord God we believe that we can know you  
we believe there's more to know  
that they're beckoning  
you're calling our name  
we can feel that right now  
and some of you aren't even sure of what that is  
that you're feeling  
and it's just the Lord beckoning you  
he's just saying come  
come closer  
come closer  
and so Lord  
we just thank you that our lives are about you  
everywhere we go we wanna see your kingdom  
everything we do  
we wanna see your  
your power and your glory  
we wanna Jesus  
we wanna see you famous  
we wanna see you lift it up  
we wanna see you high and lift it up  
as it was said in the early church  
that the fame of Jesus spread throughout the land  
so do your work today right here do your work  
if you need healing in your body  
I want you to stand up let's go after healing first  
if you need healing in your body just stand up  
yeah  
all those standing and all those sitting  
just one more time I  
lord's not let me let go of this  
but earlier when we were singing this song  
I kept hearing the Holy Spirit say  
behold the Lamb of God  
behold the Lamb of God

behold the Lamb of God  
that I opened my eyes  
and I literally could see him walking around us  
taking our worship and praise before him  
I couldn't keep sitting because the Lord just said  
get up I get up  
you gotta share  
I'm here with you  
I hear your cry  
I hear your prayer  
I'm here to heal  
I'm here to deliver whatever you need  
ask ask me he says  
stay here mama we're just gonna pray  
I'm gonna have you pray in just a second  
Jesus we love you  
Jesus our healing comes through worship  
our breakthrough comes through thank you  
we thank you in advance

would you just lift your hand up  
lift your hand up high until someone comes around you

and let's believe that Jesus is walking  
through this room right now to touch

just increase  
we reverence your presence God we love you  
we love you we love you Jesus we love you Jesus  
you know it's an awesome thing when um  
joy walks in the room  
and I just feel like if we just wait on the Lord  
he'll give us some words of knowledge  
about things that he wants to do today  
and I'm feeling joy  
who needs joy  
who just said  
was just like gosh  
I just need joy  
stand up if that's you  
ah yeah  
yeah bunch of us bunch of us yeah please go yeah  
all right you need joy  
raise your hand  
and those sitting now  
go find someone who's raising their hand  
and release the oil of gladness  
Jesus is in this room  
and release the oil of gladness right now  
every bit the joy of the Lord is your strength  
right now we release the oil of gladness over you ha  
hahaha thank you Lord  
thank you Lord  
joy right now  
the oil of joy

and we replace it with joy right now

the joy of the Lord right now  
the joy of the Lord right now  
the joy of the Lord right now right now  
yes yes yes  
the joy of the Lord breaking through  
breaking through  
breaking through  
breaking through into your spirit  
let your spirit be filled with joy  
beyond what your mind can comprehend  
let your spirit be filled with joy  
release that joy  
release that joy  
like rivers of living water  
rivers of living water rivers of living water  
rivers ha ho  
rivers rivers  
rivers of living water right now for your life rivers  
rivers of living water  
rivers of living water in Jesus name  
in Jesus mighty name  
in Jesus mighty name  
rivers of living water  
rivers of living water  
rivers of living water  
yeah Lord I just pray you get him now  
you get him in the parking lot  
you get him in the restaurant  
you get him  
morning you get them when they're in bed  
Lord get them God  
get them God  
get them God  
joy in the name of the Lord  
in the name of the Lord  
in the name of the Lord  
the joy of the Lord is your strength

is your strength  
thank you Lord  
thank you Jesus  
thank you Lord  
come on sing it  
ha ha ha  
you don't sound happy come on  
hey alright let's beat that  
I got the joy joy joy joy down in my heart  
down in my heart  
yes Lord come on  
come on Lord  
we just receive your joy and God  
we just thank you Lord  
we just thank you  
for the reality that it hits our spirit right now  
um I just feel like um  
the joy which is our strength  
I mean Jesus said  
you know how can we be strong in the Lord  
in the power of his might unless we have the joy  
which is our strength  
so I just feel like sometimes we can just  
lay our hands on our belly and just go joy bubble up  
joy come beyond what I can think right now  
beyond what my emotions can comprehend  
my spirit knows how to rejoice  
my spirit knows how to call to mind that God is so good  
and I can just rejoice at the drop of a hat  
I can say thank you at the drop of a hat  
no matter what's going on  
my spirit knows how to rejoice  
and so we just get past the outward  
past our carnal mind and we just begin to say thank you  
remember the password at the gate is thank you  
that's how it works  
that's how it works  
it takes 30 days to get the change your mindset  
and every morning when you get up say thanks  
give this gift thanks

in the end it takes 30 days before you realize hey  
it is happening that's really good come on come on  
oh we bless you father we bless you Lord  
we bless you God  
we bless you Lord we bless you God we bless you Lord  
I feel like somebody um  
if we just take a second  
maybe a couple of you might just  
get a word of knowledge about something that um  
the Lord wants to do in the room  
someone he wants to heal or something he wants to heal  
or just Jesus showing you a picture  
or something like that  
I just feel like if we just wait a minute facilitate  
God might give you something  
you know his voice  
let's just wait on it  
and if you feel like it's heavy enough to  
where it's the Lord  
I want you to just raise your hand  
I'm gonna start and then we'll bring the mic to you  
Chris would you  
uh back there  
right back there  
um this gal right back here  
you've got a hoodie on and I see white um yes  
you're grabbing them  
um would you stand up for a second  
I don't wanna embarrass you  
but I do wanna um  
speak something over you um  
what's your name Sarah  
ha  
Lord how could this be that you  
the thing that you promised me a long time ago  
would come to pass  
and Sarah laughed the Bible says  
um God brought you here today  
it's not by chance um  
he's gonna bring back to you a joy

um we all need it  
we all go through stuff every  
so often that we just need the supernatural joy  
of the Lord to come and um  
strengthen you  
but he sees you today  
I just wanna say that he sees you  
um you belong  
you belong right here  
he sees you  
he knows you  
he loves you and um  
he sees this last season  
and um yeah  
it's been a  
it's been a  
you've been walking on the the seas  
they've been raging all around you a lot  
and the Lord sees that  
Lord says to you  
I am with you Sarah  
I am with you  
I will do more than you could have ever imagined  
I promised you something that I would do  
and though it seems you can't comprehend it now  
and like the Sarah in the Bible  
she laughed when she couldn't comprehend  
God is not a man that he should lie to you  
what he has promised you Sarah  
he will accomplish  
I'm here to tell you  
it's gonna happen  
it's gonna happen  
so Lord we just pray over Sarah right now God  
whatever whatever  
whatever you're touching in her life right now  
got all of the people around her and the things  
and sometimes when you're walking on that sea  
it feels like you're alone  
feels like uh

the people who said that they would be with you  
are nowhere to be found and  
and you're walking all by yourself  
and God says  
but I am with you Sarah  
I am with you  
have I not promised you  
I will do it  
I will do it  
be of good courage  
and receive the hope of God today into your being  
because I brought you here for hope's sake  
I brought you here for hope's sake  
I brought you here right now to give you my hope  
to point you out  
to tell you you belong  
and that I am with you  
I have not forgotten you  
I am with you  
you are not alone  
that is a lie  
I am with you right now  
and I will supply everything you need  
I am your healer  
I am your hope  
I am your deliverer  
I am your way maker  
I am with you Sarah  
I am with you God says  
so we bless God  
what you're doing in Sarah's life right now  
and we just thank you for the greatness of  
the testimony and Lord  
I just thank you Lord  
that even this day  
even this moment Lord  
as her countenance begins to to change  
as the glory light of God begins to just hit her Spirit  
Lord I just pray you lift all of the heaviness  
all of the concern off of her shoulders right now

God says this is not your burden to bear  
this is not your burden to bear  
I've got this  
I've got this  
this is not your burden to bear  
this is not Sarah  
you've got this  
God is saying  
I've got this  
so Lord as the scriptures say  
we cast all of our cares on you because you care for us  
Sarah would you just raise your hand  
and just lift that care up to Jesus right now  
would you just lift it up to him  
and just let him take it  
and he just cast it  
he just takes it from you  
as you cast it on him right now  
in Jesus Name  
you wanna do it yeah  
Sarah I had opened my Bible to this  
just before this whole thing started  
and this is an Isaiah 49 that says  
thus says the Lord  
in an acceptable time  
I have heard you  
and in the day of salvation  
I have helped you  
I will preserve you and give you  
as a covenant to the people to restore the earth  
to cause them to inherit desolate heritages  
that you may say to the prisoners go forth  
and to those who are in darkness  
show yourself  
okay let's go right back here  
and then we'll come over to Mason  
stand up would you yes thanks  
so I pray for Eagle Mountain every morning  
and what I always experience is this  
tremendous gratitude to god for this assembly

for these people  
for this body of Christ  
and this morning  
I was so overcome when  
as I was walking in here  
the Holy Spirit had been speaking  
to me on my way here  
about tandemness  
and what this body truly wants  
and God is gonna bless  
is a tandemness  
where we will be working like a relay team  
passing the baton to each other  
because we want the mind of Christ  
I can't believe I'm doing this  
the mind of Christ  
I think that what I wanna ask the Lord to do  
is give us a deep  
deep revelation of what it means to have  
the mind of Christ come on  
I don't think we  
understand what it means to have the mind of Christ  
come on when I'm worshipping  
I put my hands on my head and I say God  
I wanna know what it means to have the mind of Christ  
yeah because that is how the body is gonna work  
because our mind controls our body  
yes and that's how we're gonna work together as a body  
because this body  
Eagle Mountain  
can do this  
come on thank you come on  
I just proclaim a deep revelation over this body  
at the mind of Christ  
we are gonna have an understanding  
that is gonna be so profound  
and when we pray for people  
it will be like a tandem  
it will be like a relay race  
where we're passing healing and deliverance

on to each other  
we're gonna come together  
and the prayers are gonna be so powerful  
that people who come here will be saved  
delivered and healed yes  
in Jesus name  
come on thank you Lord  
come on Jesus  
Mason did you have something  
Sarah when we were praying for you  
I recently God has been flowing his emotions through me  
or when he feels others pain or their sadness  
and he feels their grief  
I feel it too  
and when I feel the joy that he's giving to them  
I feel that too  
and I felt the Lord  
he feels your sadness and  
the stress that you're feeling  
he feels it  
and he's so desperately  
just asking you to give it to him  
he wants to take that from you  
he's so thankful  
he created you  
he's so thankful for you  
and he wants to take that  
and he's he's  
he's restoring  
and I'm not sure  
this is what I felt  
there's a restoration coming in your work life  
and in your relationships  
that's social  
with friends and family  
he's restoring that  
he's restoring them  
and they're linked together somehow  
I don't know how  
but he's restoring them

and he's you do  
you just need to give it to him  
and he's gonna take that stress  
he's taking that burden  
he wants it  
he loves you  
and he's so thankful for you  
you give that to him  
and he is so excited to give you  
an overflowing sense of joy and peace  
all you have to do is  
and by giving it to him  
it means trust in him  
that means the worry  
and the stress that you have around it  
the almost anxiousness that you'll feel  
within the stress of it  
you step back  
you say I can't control this God  
I give it to you  
I release it to you  
and he's giving you an abundance of peace and joy  
in the knowing that he's got you yeah  
that's so good  
that's so good  
Deborah we're gonna go back to you and then Steve  
do you have your hand up  
yep good heard the word um  
I heard words coming home  
and I felt like that was for many of us  
and out there who have prodigals that this is  
they are coming home  
that this is the season come on  
God is all over them and they're coming home yes yeah  
we got faith for that  
come on come on  
good Steve right back in the middle there  
okay I'll take a risk um  
uh what came to mind is there's somebody  
that you've just been diagnosed with

some kind of a liver issue  
that's what came to mind um  
and then the name Anna or Annabelle  
and I don't know if the two are related or not  
is there anybody here that's  
you just had some kind of  
prognosis of some sort of a liver issue  
no could be online yeah could be online  
so Callie where are you raising your hand  
a niece named Annabelle  
okay Steve would you just pray and release healing  
just in case it is online or something else  
absolutely yeah  
but Lord if you're highlighting this  
and we heard right  
then it means you're gonna do something about it  
so whoever this is  
we ask that you give them hope  
I I get the sense that they've sort of lost hope  
because of this diagnosis  
but the liver is amazing  
it's one of the few organs in the body that  
can really heal itself  
and so if you're involved  
then there is gonna be healing  
there is gonna be hope  
and we pray that the negative prognosis  
yeah maybe give  
been given to him  
yeah will be turned around  
and when they go back  
the doctors will say wow  
we didn't think this could happen  
so Lord whoever that is  
we as a body  
yeah released to them healing for this liver issue  
and the other issues it seems to be causing  
so we ask that in Jesus name and Lord  
whoever this Anna or Annabelle is  
that you know what's going on

and we ask it  
you would overshadow and bless them mightily  
in Jesus name and meet their needs Jesus name  
that's so good  
thank you Steve for saying  
I got some on that real quick  
that's awesome  
as you were seeing that Steve  
I heard no no  
it's a turn around  
to turn around  
so I just gonna kind of extend what you said  
just a little bit  
so father I see you would just  
that you would just turn around any prognosis  
for anyone that is not in alignment with your kingdom  
this could be health  
this could be financial  
this could be relationship  
any prognosis  
any evaluation that is not in line with your kingdom  
we say absolutely no more  
and it's time for a turnaround  
we're just we're just one 80 turn around  
flip it around  
in Jesus name  
Lord anybody who needs your favored Grace  
on their life right now  
um I never pass those things open  
if they feel somewhat strong to me  
even like 50%  
I will go after it  
cause you never know  
even in the community  
doesn't matter  
sometimes they're in the room  
sometimes they're online  
sometimes they're in the region  
I'm cool with praying for someone I'll never meet  
I'm cool with that

I have no problem believing that God could touch me  
or in this case Steve  
for someone named Annabelle  
I just looked her name up  
it means favored Grace  
so Lord go find Annabelle right now  
send your angelic to go find her  
and give her the favored Grace  
do for her like you did Jesus  
uh your own mom  
when that angel said  
oh Mary highly favored  
go find Annabelle right now  
in Jesus name Tom  
well when Deborah talked about the prodigal  
I was I had something in my heart this morning  
and I was kind of wondering  
contemplating if I wanted to share or not  
but you said that about the prodigals  
and so exactly where I'm at this morning  
so yesterday  
Marie and I went up to Portland and visited  
my mom had many  
you remember her  
fireball for Jesus  
I probably wouldn't be standing here today with you all  
if it wasn't for her prayers yeah  
and obedience  
but we also want  
before that  
we went over our son's house and  
Barry knows god  
he's known god  
he's had encounters  
but right now for the last quite a few years  
you know he's walking in denial of that and  
and got another idea anyway  
I looked at his face yesterday  
and I was looking at him and I was going  
and something just struck me

the wrinkles  
and in some ways he looks older than I do  
and I have like 18 years on them  
and this morning  
I was going through pictures and taken  
trying to make copies of some pictures  
cause I had to return for mom  
and I found this picture  
you probably can't see it  
of Barry in 1984 my son  
serving god  
matter of fact I wasn't  
but because he had found Jesus in a true encounter way  
it reminded me  
it haunted me  
and I ended up coming back to the Lord  
but anyway I look at this picture and his eyes  
his smile his face is full of joy  
full of what Jesus  
yeah I mean  
it's just obvious to me  
it's all over his face wow  
and and I was  
when we were all worshipping  
I was walking back and forth over here  
of this picture going okay God  
that's Barry  
that's my son right there  
come on that's him  
because the life of Jesus is inside him  
it is still is yeah  
Marie and I  
you know we've lot of  
most of us have been through some stuff  
even in church and  
but we're still here  
we're still walking in obedience  
we're still walking  
we've made choices  
and I knew all along the choices we made in our life

we're not just for us  
yeah we were purchasing something for everyone  
that we had influence over  
all our kids  
all our lineage  
what's it say about the sins of the fathers  
how many generations does it go down  
well how about the obedience of the father the mother  
the parents  
come on how about the choices you make  
and I feel like this is the word of encouragement  
that you've made choices  
you're here  
you're still here  
and something sometimes pulls on us to get depressed  
because the kids aren't here or whatever  
but I'm telling you what  
one of your greatest weapons of warfare is  
your obedience and your choices  
to press in even harder  
if things aren't going right  
and your kids aren't serving god  
that means press in harder  
come on press in harder  
yeah maybe you'll well  
they don't see me  
they don't know I'm doing  
yeah you do  
in the spirit  
in the spirit  
in the spirit  
you are purchasing something  
you're taking your cross  
and you're doing something  
you're carrying it  
and you're purchasing  
the weight that you have in your prayers  
then is ignited  
and you have such an authority  
you can take a picture like this

of your prodigal child  
or whoever it is  
and you can say  
that's him right there  
not the person I seen yesterday  
come on and even that person I seen yesterday  
I can look down inside  
through those wrinkles  
past all that  
and look down and see the life of god in here yeah  
cause it hasn't gone nowhere  
it's still there yeah  
it's still there  
so I had encounters of god when I was like 8 years old  
there were just outrageous  
and with my mother  
times we had together  
well guess what she said  
she just kept that picture of me from those days  
she burnt my high school pictures  
because my high school graduation picture  
I'm not gonna  
say what kind of influence was on my life that day  
but it was about five hits of it  
you know and that's the way I was at that time  
she burnt that  
says that's not Tom  
yeah this is Tom wow wow  
and years later  
my encounters of god were  
all of a sudden  
I remember coming back from a road trip  
when I was playing music  
and I thought  
I had found something that really gave me fulfillment  
and all sudden  
I was so empty  
my son yesterday  
I looked at him  
and I'm going

all you do is work  
all you do is this and that  
what he's trying to fill his heart with something  
and guess what  
is never works  
but he's that  
those encounters he had when he was younger  
to come back  
and they're gonna get him come on  
so I just pray in the name of Jesus  
Father wait  
wait wait wait  
hold on yes  
I think this means something to a lot of people  
this is more than Tom's testimony  
and more than his prayer  
if you are in the same situation  
you're believing god for  
someone in terms of who he's called to be  
maybe not who they're presenting right now  
I just want you to lift a hand  
okay Tom now  
pray already  
ha ha ha come on  
thank you God  
so today is a day of joy God  
check out the day of expectation God  
it is a day of  
Celebration father  
cause the particles are coming home  
God and we're  
gathering the feast  
we're putting it together  
this great Celebration father  
and we will not let go  
we will not let go  
we will never let go come on  
we will never say  
take a no for an answer

come on but father  
we thank you God  
that they're still in your eyes  
are still in your heart  
and you are still in them  
and they will remember  
so we call them home  
from the east and the west  
who is you come home  
you come home  
you come home  
we're throwing a party yes yes  
yes I speak  
hope I speak  
hope I speak  
encouragement  
every hand has been lifted here  
everyone is missing something better about this decade  
everyone that knows somebody in their life that is  
not following you God  
I say father  
thank you God  
you bring encouragement  
and you assure them that their obedience  
and their choices and their determination of follow you  
no matter what God  
no matter what  
God will bring an outcome  
God will bring a harvest of those they love  
God in the name of Jesus  
come on come on come on  
come on come on  
you know who is sorry  
when the prodigal son returned  
the fatty calf  
so I want you to take 30 seconds and by name  
you go after  
the people that you were just raising your hand for  
take 30 seconds and do that  
and do it in the spirit of

I'm creating a Celebration get home  
I'm planning a Celebration  
get home come on  
go after by name go go  
go after those people by name right now  
take 30 seconds  
by name right now  
say their name  
you say you get home  
I'm planning a Celebration  
you get home right now  
in Jesus name  
in Jesus name  
in Jesus name  
in Jesus name Jesus name  
yesterday I was with some kiddos and  
I was asking them what movie they wanted to watch  
and they said I wanna watch Spider Man Far From Home  
and as soon as they said Far From Home I was like  
something on that there's something on that  
and now I'm finding out what that is Lord  
I just thank you that those who are far from home today  
see a light in the window  
bring him back God right now  
bring him back God right now  
call him call him whistle and call them God  
and bring them home right now  
we've got faith for that  
and we got faith so much so um  
some of you maybe um ha  
you may be LED by the Lord  
to create a meal prophetically for them  
and to throw a little feast for them in the spirit  
you know I'm saying  
some of you may be LED to do that okay Ryan  
so I kept seeing this  
this word picture going through my head over and over  
and I'm like Lord  
is this you  
is this you

and then Bobby  
you said the magic word 50%  
and I feel like this is something for all of us  
if if if you're  
trained in in legals or you've been an accident  
or you watch a lot of like Law Order or whatever  
you're you're familiar with the term settlement  
right settlement  
which means  
someone is offering less than what you deserve  
and you're supposed to be happy with that  
the Lord is tired of us settling  
the Lord is tired of us  
accepting less than the absolute fulfillment  
of what he intends for us in every aspect of our lives  
he's tired of us settling for joint pain  
he's tired of us settling for  
for bills that barely get paid  
he's tired of us settling for family that isn't  
isn't quite aware  
or remembering what you've done for them  
and he's just telling us  
people children  
I did not settle when I created you  
I didn't hold back  
I didn't spare any expense  
I did everything that came to mind  
when I created each of you  
when I put every person in your life  
it was by design  
it was with intention  
and nothing was held back  
and he wants us to remember  
that we are not supposed to settle for anything less  
than the absolute  
fulfillment of every promise that he's made  
and it takes a shift in our mindset to remember that  
if there's a certain aspect of our lives  
or there's a promise that we think is fulfilled  
you know Lord promised me a steak dinner

and I got Taco Bell well  
you know what  
maybe I just had my sights  
maybe I just wasn't looking at it right no  
that needs to stop  
we all need to stop  
because his word says that he wants to grant us  
the desires of our heart  
not 50% of them  
he wants to grant us those  
those desires in such a powerful way  
because that's how he designed it to be so people  
let's let's let's agree today right now  
and for everybody online too  
haha is not limited to this building  
no more settling wow  
and that expectation that we have is not  
it's not pride it's not  
it's not a sense at a worldly sense of entitlement  
because the world wants us to settle  
he wants us to accept nothing less than the  
than the fullness of his inheritance for us  
and that belongs to us  
so stop settling  
that's so good  
oh Jesus you've come that we might have life  
and life abundantly  
so Lord we just receive that word to not settle  
yes and then we'll come to you  
just super quick  
you guys probably know I'm a word person  
the Ephesians 3:20 says he's able  
to do exceedingly abundantly  
I just tagged him in there that  
that word is like not used hardly at all ever  
and it means beyond  
beyond that he is able to do more than able to more  
you know it's beyond  
and it's and so I just was like  
I'm I'm like

yeah God you know  
he's like just try me  
you know so I just want to encourage  
I'm in that boat I'm like  
I want the wildest desires of my heart in Christ  
to be fulfilled  
he's saying I'm able  
so I encourage you to look up Ephesians 3:20  
and find that that Greek word because it's like beyond  
that's really good  
thank you for sharing  
I mean that's awesome  
very good so um  
I'm a word person to English major  
and I've caught a few things today  
we keep bringing up 30  
whether it be 30 days or 30 seconds or 30 this there  
and I just sat here  
two thousand years ago  
someone died at 33  
yeah for us  
and I keep sitting here going  
everybody's afraid of something  
afraid to pray afraid to  
ask god for things that we don't think we deserve  
and I just keep being reminded  
of a song that I heard once and one simple line  
fear is a liar yeah  
we don't have a god of deceit  
we don't have a god of lies  
we have a god of truth  
so why are we afraid people is so good  
so and this season where we don't think we have enough  
that I don't have enough money to get  
everybody what I want to get them  
I don't have this  
I'm going back to the thirty  
it may take 30 days for something to change  
it takes 30 seconds to let people  
know about god and okay

so maybe you're afraid to talk to them  
we go on social media every day  
and we take 30 seconds to tell people  
what we had for lunch  
or a silly dad joke or whatever yeah  
but it would take 30 seconds to write a verse  
or to offer up a prayer to anybody  
you don't have to get specific  
you know you're sitting here saying people online  
people we don't know yeah they know god knows them yeah  
speak through us it's so good and don't be so good  
you've got uh two daughters twins  
you guys wanna do something fun  
let's bless these guys for Christmas  
if you've got extra cash in your pocket  
let's let's give it to this man right now  
trust me let's do this okay  
if you got it  
let's just take time and let's just pour it on his lap  
let's do it right now  
we're gonna bless you  
and we're gonna bless your kids for Christmas  
where's my cash  
come on pour it out  
so I wanted to talk about the importance of prayer  
for a moment and how um  
we come together every Sunday in the prayer room  
and here's what we prayed for today and I  
I want the whole body of Christ to know  
what we prayed for today  
before anything in this room happened  
um that we wanted the glory of the Lord  
and I heard this song on the way to church this morning  
and it said  
here comes the glory of the Lord  
here comes the glory of the Lord sweeping in the room  
here comes heaven  
here comes healing  
here comes Jesus  
and here comes heaven

and what happened today  
we saw Jesus in the room  
we saw healing in the room  
and here is heaven  
amen I just wanna confirm that what we pray and ask for  
really happens  
and I love that you were talking about prayer  
so anyway Hallelujah  
confirmation  
Jesus is in the room  
healing's in the house  
and here is heaven come on  
that's so good  
thanks for making a difference you guys  
we just pray over you  
over your family year  
God brought you here too  
just like Sarah  
God brought you here  
and he brought your girls here and Lord  
I just pray this Christmas be the best Christmas ever  
ever ever in Jesus name  
we got faith for that for you  
yep and we just thank you  
you're such a good dad  
I just wanna speak that over you  
you are such a good dad  
and every lie that you were just talking about  
that's come against you regarding that  
you are such a good dad  
you're such a good dad  
we love you  
we love you  
we love you  
all right open your bibles  
let's make this meeting legal  
I got 10 minutes  
I have to share this scripture with you  
because I felt like that's all I got was  
was one scripture

so you guys just preached  
come on give yourself a hand  
that's church right there  
alright John 10 John 10  
I want you to highlight this portion of scripture  
and I'm just gonna leave it with  
you to chew on all week  
and I believe Jesus is gonna encounter you  
with it all week in different ways  
and so I just wanna uh  
drop it on you John  
10 and we're gonna go verse 22 through 32  
that portion of scripture there  
put a bracket around it  
highlighted if you have your Bible  
uh and then you can begin to go through it all week  
and see what Holy Spirit saying to you John 10  
verse 22 through 32  
and I'm gonna read it in a passion translation  
and then you guys can um  
follow along and  
and reread it and whatever translation you have or  
or you like  
so thank you Jesus  
we'll start verse 22  
the time came to observe the winter feast of renewal  
some know that as Hanukkah  
or the feast of dedication  
in Jerusalem  
Jesus walked into the temple  
area under Solomon's covered walkway  
which is Solomon's colonnade  
some of the translations say  
when the Jewish leaders encircled him and said  
how much longer will you keep us in suspense  
tell us the truth  
and clarify this for us once and for all  
are you really the Messiah  
the anointed one  
Jesus answered them

I have told you the truth already  
and yet you do not believe me  
the truth or the proof  
of who I am is revealed by all the miracles that I do  
in the name of my father  
yet you stubbornly refuse to follow me  
because you are not my sheep  
as I've told you before  
my own sheep will hear my voice  
and I know each one  
and they will follow me  
I give to them the gift of eternal life  
and they will never be lost  
and no one has the power to snatch them out of my hands  
my father has given them to me as a gift  
my father who is given them to me as a gift  
is the mightiest of all  
and no one has the power  
to snatch them from my father's care  
the father and I are one  
and when they heard this  
the Jewish leaders were so enraged  
that they picked up rocks to stone him to death  
but Jesus says  
my father has empowered me to work many miracles  
and acts of mercy among you  
so which one of them do you want to stone me for  
wow  
just want to leave a few verses with you guys  
have fun have fun  
just something like  
just a snack before dinner  
a couple things I just wanna highlight  
and before we pray  
um I couldn't get over  
the fact that Jesus was talking about his people  
his sheep and he just took ownership  
they're my sheep  
and my sheep know my voice  
I mean it's not open for discussion

we discuss it with the devil  
and with our insecurities all the time  
but God's like my sheep know my voice  
each of you hear the Lord  
not because it's in your ability to hear him  
but because it's in his ability to speak  
huh what father or mother  
if your child was hard of hearing  
would condemn them for being hard of hearing what child  
would walk in shame for being hard of hearing  
if their father and mother just knew hey  
that's not your fault  
if you're hard of hearing  
what father or mother wouldn't speak up  
even louder  
the same god who chased Paul  
who was first saw killing Christians  
chased him down on the road to Damascus  
to give him something he didn't even know he wanted  
how will that God not find us  
not chase us down not speak up if we need it  
not come yelling  
calling our name to make sure we get it  
Jesus said my father gave my sheep to me as a gift  
how cool is that  
son here's what you get  
here's your reward  
son for going to the cross  
you get a bride  
and she's your match in every way son  
the Messiah anointed one Jesus  
I am your father  
and my reward to you for going to the cross  
is the bride  
the church I mean can you imagine  
some of you might think that Jesus got slighted  
but the father was serious about saying  
your reward  
and the very thing that would bless  
all of the desires of the son of god

is to have a bride who is his match in every way  
don't tell me there's a better reward for Jesus  
you're it you're it  
you've got to see yourself as that today  
my father gave them to me as a gift  
wow  
it's important  
that you understand  
you hear god  
some of you hear  
not by hearing a 9,000 year old voice Samuel  
some of you feel  
and you feel God's heart  
you had his emotion today for Sarah Mason is amazing  
some of you actually do here  
some of you see  
you see pictures  
you get little flashes of things  
and that's how you hear God  
some of you sense  
you just have a sense and it's easy to dismiss that  
some of you just know  
you just like I  
I just know things  
if we were watching the old reruns of mash  
you'd be radar  
remember that dude  
he was the first guy who could choppers  
I mean it was like they were like miles out  
and he was the first guy who could hear them  
and that's just you  
you're like your radar in the body of Christ  
you just know things  
that's super valuable  
that is hearing God's voice  
whether you're sensing  
seeing knowing  
whether you're hearing him  
feeling him  
my sheep know my voice

it's not open for discussion  
so it's not about if you hear is it  
it's about how you hear  
ha he wired you beautifully  
he wired you specifically for you  
we spend way too much time going  
I don't hear like so and so  
I don't get pictures like so and so oh gosh  
please don't tell me another one of your encounters  
where Jesus sat on your bed  
I never get those  
you know what I mean all that stuff and it's just like  
whoa whoa whoa whoa whoa  
Matthew 13 you take heed how you hear  
not how I hear  
but how you hear  
you're gonna grow best if you grow and how you hear  
that's it and you be encouraged about how you hear  
you be confident about how you hear  
I love Molly's quirkiness  
she hears God in so many cool ways  
she was telling me about  
I'm just gonna tell on you for a second  
it's Rudolph  
well let me do the short version real quick so  
Rudolph  
she was telling me yesterday  
how every year she watches the old school  
like the original Rudolph  
and how much the Lord speaks to her through that  
all right give me that Mike  
all right just  
do me the quick version  
break it down  
this is phenomenal  
I'm not wasting your time  
you need to hear okay  
so Rudolph is a story of redemption  
um it is a young one whose nose glows  
who flies further and farther than anyone else

because someone speaks life into him  
you're cute right  
flies further and farther  
what happens  
he has his nose covered by someone  
who is worried about what people think  
and then when the thing comes off his nose  
nobody nobody thinks about how high he flies  
they just look at his nose right  
so he runs away  
who's he run away with  
the dentist  
teeth are wisdom  
he hangs out with a man who collects silver and gold  
they run and find an island of misfit toys  
guarded by a lion  
and in the night season  
Rudolph realizes he needs to go grow up  
mature and find out who he is  
when he does  
he comes back to his home  
removes the teeth from the beast  
and brings reconciliation between the leadership  
and the misfits  
isn't that cool  
I mean you can hear the Lord in movies of all places  
he's constantly speaking  
he's constantly saying hey  
you know my voice  
the religious leaders got super upset about  
the fact that he said  
my sheep know my voice  
that's what actually separates them from the non sheep  
is the fact that they all hear my voice  
I put something in them  
that's now how he could get a message out immediately  
around the world to all of his people  
we've got prophets  
we've got Elijah list  
we've got all these things

but guess what  
we've got Holy Spirit who in one second  
can get a global message out to all of his people  
my sheep know my voice  
that's so powerful  
hold on sorry  
I forgot I forgot  
and in the end  
through the darkest  
deepest fog that ever was  
the gifts came because the one leading glowed  
his light yeah open the way yeah come on come on  
it's funny when she told me that the other day  
I used to take my grandma out who's been with the Lord  
now for a lot of years  
how many years  
mom has she been  
since I was 7  
but I used to take her out back  
and I did every Thursday  
and I just I love  
love my grandma and had a good close relationship  
but every Thursday when I would take her out  
she always wanted to go to Sizzler in bend  
I take her out  
you ready grandma  
we're gonna go to Sizzler  
she's like yep  
let's do it  
and so we would we take her out to Sizzler  
and when I was dropping her off at the house  
she had always come up next to me  
and I was giving her a hug  
she always tap my nose  
and she goes she'd always say I love that red nose  
I know I know I know I know yeah  
I'll give you 20 minutes to stop that  
you know his voice  
there are things that we overlook all the time  
there's a confidence that Jesus is saying

that overcomes that  
the religious leaders don't understand  
the people who wanna tell you  
whether you know God's voice don't understand  
nobody can tell you whether you know God's voice  
John 10 the words of Jesus just told you  
my sheep know my voice  
we're all growing  
we're all learning and there's Grace for that  
there's Grace to stand up in services and go  
I think there's someone named Annabelle  
what do you think that does to a father who says  
in the service  
the same service  
my sheep know my voice  
can you imagine first second guessing that  
oh self respecting leader who understands John 10  
is going to second guess whether you hear his voice  
take heed how you hear  
how you hear  
every one of you here differently  
and when we start getting off into other people's stuff  
then we start sort of  
downgrading the voice of God in our life  
and the Lord spoken some things to you guys  
that he is resurrecting right now  
and one of the first things that he's resurrecting  
is the fact that you hear his voice  
not just your promises  
not just the things he's spoken to you  
but the reality that you hear his voice  
can you hear that  
can you hear that  
all right stand up let's pray  
Lord what a great time in your presence  
Lord I love um  
how we can all just dangle by a string  
and let you lead us every time we're together  
we're not afraid of that  
we're not afraid of letting you break in

and God I just pray in the weeks and months to come  
and for years to come really  
that this would be our new norm  
not only collectively  
but individually  
or the reality that we hear you  
the reality that you're speaking to us  
wherever we go throughout the day  
Lord I thank you in advance for the person tomorrow  
that we're going to hear you  
for the person this afternoon at the restaurant  
that waitress  
who doesn't stand a chance from a blessing  
that you're gonna give us something  
and we feel you  
we see you we sense you  
we see what's going on  
in all the different ways that we hear you  
we know your voice  
and God I just thank you today  
of all that you've done in our lives  
the healings in our bodies  
mind soul spirits  
the prodigals  
all that you've said and all that you've done  
let this reality be in our spirits right now  
god and I pray father  
that we would be anointed again  
with the spirit of adoption  
to go compel the laws to come in  
that everyone who walks through these doors would feel  
sense and know that sense of belonging  
God I just thank you  
this will be the best Christmas  
ever because of the reality of your presents God  
we just love you and we just say you are holy forever  
ha we worship you  
and we thank you for the oil of gladness in Jesus name  
amen hey wrap your arms around somebody
