

Adult Education – Jesus: The Promise Fulfilled
Sunday, February 4

Our lesson today dealt with Jesus the Prophet as foretold in Scripture. In your small groups you might discuss the following:

1. What did you think and/or how did you feel about today's teaching?
2. When you think of a prophet, what do you think of? Do you think the spiritual gift of prophecy still exists today? Why or why not?
3. John the Baptist was a great prophet. How did he characterize himself versus Jesus? Can you see how this is solid evidence of his authority as a prophet?
4. Modern secular humans don't like to think about penalties for sin or even to acknowledge that they are sinful. Putting your prophetic hat on, how would you deliver the prophet's message of consequences for sin along with God's grace and forgiveness?
5. Muslims acknowledge Jesus as a great prophet, just as others see him as a great teacher and preacher and role model. What verse of scripture persuades you that he is way more than that - that he is the God who spoke creation into existence and will return in the end to set all things right?
