Message Summary

This week, Pastor John reminded us of the freedom we have in Christ. Our freedom is not a pass to do whatever we want, it is our release from the chains of sin, and into the service of our Lord Jesus.

Consider This

Why do you think the concept of freedom is so popular in our country?

Some would define freedom as "the absence of restraint." Do you agree with this definition? Why or Why not?

How would you define freedom?

Read John 8:31-36.

1. As followers of Jesus, what is our source of freedom?

2. What is Jesus freeing us from?

3. As adopted children of God, why is it important to experience freedom from sin?

4. What areas of your life do you need to experience the freedom Jesus offers?

Read Romans 8:1-17.

5. What does it mean for us when it says in verse 1 that "there is no condemnation"?

6. How does this assurance impact your faith?

7. According to verse 2, to what law does the freedom we have in Christ bind us to?

8. How would you define the law of the Spirit?

9. According to verses 12-13, what does our freedom obligate us to? What does that look like in our lives today?

Read 1 Corinthians 10:23-33

10. According to verse 23, how would you define what's beneficial and constructive?

11. Why is it important to limit our freedom? What reason(s) should we do so?

12. Look at verse 31, what is the most important thing about our actions?
