Table Talk

Warm Up: Have you ever experienced a time when you felt like things were out of control, but later you saw how everything worked out?

1. When we use the term “sovereign God” how do you understand that term?

2. *Read the following and share your thoughts afterwards:*

- *The greatest minds of history have wrestled with the issue of the sovereignty of God versus the free will of humankind. Someday in eternity we may discover how the track of God’s sovereignty and the track of our responsibility finally come together. But the way we should look at this is so simple we sometimes miss it: let God take care of His sovereignty, and let us take care of our responsibility. God’s sovereignty explains things that humans cannot possibly fathom.*
- *The sovereignty of God in our lives, from our perspective, is like looking at a weaving or tapestry from the wrong side. We see all the various threads and knots and strands sticking out. We see it from the back side because we do not have the perspective that God has. But someday in eternity, God will take that patchwork we have looked at and haven’t understood, and He will turn it around. We will see the beautiful tapestry that has been woven out of our lives. We can spend all our lives trying to figure out why God does this and why God does that. Sometimes we just have to fall back on the fact that God is sovereign and in control. We can rest secure in that truth. (David Jeremiah Morning and Evening Devotions: Holy Moments in the Presence of God, 2017)*

3. How does knowing that God is in control affect your fears and worries?

4. Can you think of an example in your life where you saw God’s plan working, even when things seemed uncertain?

5. What do you think it means to be a ‘rescued’ people? Why do you think this account of the Exodus (from Egypt to Sinai) was so central to Israel’s identity as a nation?

6. Share with your group any situations you are currently facing where it seems like God is not working at all.

Closing Prayer: Thank you, God, for giving us the account of the Exodus. Thank you for proving to Pharaoh, all of Egypt and the world that you are God I can trust with my past, present and future.

Pray for one another that you can maintain faith in a promise keeping God who works for His purpose according to his plan even when we don’t understand.
