Galatians 6.1 "How to Heal the Broken"

*I really believe, beloved, that one of the major problems in the church today is the church preaches against sin but doesn't do anything about it.*

John MacArthur

*I really believe, beloved, that one of the major problems in the church today is the church preaches against sin but doesn't do anything about it. And consequently it has a somewhat pure message and an impure population.*

John MacArthur

*I really believe, beloved, that one of the major problems in the church today is the church preaches against sin but doesn't do anything about it. And consequently it has a somewhat pure message and an impure population. There's leaven, maybe not in the preaching, but there's leaven in the living.*
