

Easter From Above

An Easter Sermon on **Revelation 5:1-14**

(Pages 1030-1031 of Bible under Seat)

This section of Scripture has four moments that make the combined vision of **Revelation 4-5** more and more beautiful and wonderful and meaningful.

Each of these four moments in **Chapter 5** begin in the same way, when it says, "**I saw**" in **Revelation 5:1, 5:2, 5:6** and **5:11**. "**I saw**" moves the plot forward and is the glue that holds everything together, all at the same time.

If you can therefore understand the significance of what the author (John) sees, then you will grasp on to an important truth that can significantly affect the way you live your life moving forward. The aim of this sermon is to get you there.
