### IN TODAY'S SOCIETY

God's original intent for relationships & sex has become unravelled.

The oversaturation of sex and the culture of instant gratification is fracturing the **STRONG FOUNDATION** needed for lasting, healthy relationships.

### 3 LIES our culture teaches us:

① There are no consequences.

Your soul is more tied to your partner's than you realize.

Like PB&J - once you put them together, a part is left with the other when you try to separate them.

② Your past doesn't follow you into your marriage.

It doesn't just disappear. We carry it all in with us.

③ Sex is instant.

The objectification of the female body teaches us that she's only there for one thing.

Song of Songs teaches us that strong relationships with fulfilling sex take time.

You have to work constantly to keep the relationship fueled.

It's time to **STAND AGAINST** the culture that objectifies and replace it with a **FIRM FOUNDATION** that can only be found in Christ.
