

The widow cried out to Elisha,
"My husband who served you is dead,
and a creditor has come, threatening
to take my two sons as slaves."

Elisha responded,
"What can I do for you?
What do you have in
your house?"

"Nothing except a flask of oil."

Elisha then instructed her to get
as many empty vessels as she
could from her neighbors and
keep pouring the oil from her
flask until they were all full.

This gave her and her sons
enough to sell to pay off her
debts and for them to live off
the rest.

It takes courage to
show our weaknesses
and ask for help.

We disqualify ourselves
from being used by God
because we feel we have
nothing to give.

oo ——— oo ——— oo

The 2 MAIN CAUSES that make
us feel like we have nothing...

Loss can make us focus
on what we no longer
have in our lives.

Comparison

makes us focus on what
others have in their lives.

Shift your
Perspective

Is your glass half
empty or half full?

If you spend
your life
looking at
someone else's
everything, and

disregard
your something,
you'll live
a life with nothing.

Maybe you have nothing

EXCEPT the
ingredients
for a
Miracle
from God!
