

She had suffered a great deal under many doctors and still continued to get worse.

“If I could just touch His clothes, I will be healed.”

So she fought her way through the crowd - touched the hem of His robe - and was healed.

Have you ever had a **BAD DAY?**

After 12 years filled with discouragement,

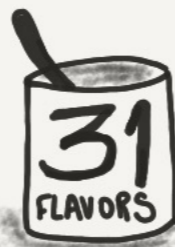

she fixed her Eyes on Jesus

then pushed through the obstacle in her way to get to him.

ARE WE PURSUING JESUS WITH EVERYTHING WE'VE GOT?

What are you relying on?

The more distractions we have the less we rely on Jesus.

If we want to be a church that **WAKES PEOPLE UP** to new life, we need our eyes fixed on Jesus.

Have you become comfortable in your disfunction?

NOW is Not the time to get comfortable.

Now is the time to use our gifts to help those who are far away to get close ^{TO THE} Real Jesus

WE MUST

set our hearts on the

Real Jesus

IT'S NOT ABOUT YOU

The religious people in the crowd were keeping her from getting to Him.

Are you an **OBSTACLE?**
Just one of the crowd!

If your eyes aren't fixed on something, you will not persevere.

Jesus is on the move around the world. GET MOVING to interrupt Him to stop here and do something NEW and different and FRESH.
