

On the same day that the tomb was found empty, two of Jesus' followers, filled with sadness at His death, were leaving Jerusalem when He came up and walked beside them. Yet they did not recognize Him.

They thought He would be the one to save Israel.

But they lost their hope when things didn't happen as they expected.

Through the whole journey He walked with them, explaining the scriptures to them.

Finally their eyes were opened and they realized He had been there all along.

How many times has life disappointed you?

Maybe you thought God was going to do things one way and found out He had other plans.

You may be so caught up in the disappointment that you don't realize He's right beside you **WANTING YOU TO TALK !!** with Him about your pain.

If only we would take God at His Word, what wonderful things we would see.

Because of His unfailing Love, I am not consumed. My hope is renewed every morning. Great is His faithfulness.

He's right there with you.

He sees THE pain...

THE brokenness

AND THE bitterness

AND wants to set you back on the right path.

He is who He says He is.
