

Lady Wisdom has prepared a banquet and invited everyone to join her.

"Come, leave your confusion behind and live a life with meaning."

Lady Folly also prepared a banquet and invited people.

"Come, I'll show you a good time. No one will ever know."

If you become wise, you will be the one to benefit. If you scorn wisdom, you will be the one to suffer.

The decisions you make each day will affect which path you follow.

THE WAY OF WISDOM

Wisdom sets you above the storm so you can make decisions based on reason, taking the future into account.

A wise person is:

- ① Humble & teachable.
Always in a state of learning.
- ② Committed.
Even when they fail, they get back up and try again.
- ③ Respectful.
Doesn't take God lightly and understands He knows best.

VS

THE WAY OF FOLLY

Folly only sees what's in front of it and makes decisions based on emotion and the moment.

A foolish person is:

- ① Unaware of the consequences.
Blinded by tunnel vision.
- ② Hard in their ways.
They despise instruction.
- ③ Scornful of reproof.
Refuses to listen.

Which way will you choose?
