

Intro to Revelation Week 1

1. Revelation means an _____ it is meant to be understood by its readers. The symbols and language used by the author would have been understood by the intended readers.
2. _____ - this word means that there is representation of something through a different word. So we know that the language because of that is mainly symbolic.
3. Must take place- it says that these things must _____ which in Greek means quickly it was not meant to be something that happened a long time from the intended readers.

Daniel 9:24-27

Verse 24: - seventy weeks that is about a year and a quarter so if this was the end of the world then Daniel missed the mark. When you understand like that culture. When a prophet spoke of weeks they meant each week represented 7 years. So what is 70×7 ? = _____ Years so keep that number in mind write it down.

People and the holy city- Daniels people were Jews not _____ so we were not included in the end of times I guess. Bad news right.

Who shows up 490 years from the decree of the Jews to go free which is in Ezra 1:1 Cyrus decree? _____

*Brings rebellion of God to an end- _____

*He stops _____ - Jesus does this not the people he gets rid of the sin that stays on them

*He wipes away _____ and makes us righteous before God

*He was the fulfillment of vision and prophecy

*He is anointed in his _____.

V: 25 - The 490 is split into 3 sections 7/62/1

7x7 equals 49 years Zerubbabel governor of Judah allows rebuilding of Jerusalem

62=434 years Jesus ministry begins after this

1=7 Jesus ministry fulfillment takes place

V: 26- Jesus death takes place/ the coming prince is Caesar or Rome/ Rome came with the power of a flood as it swept through Jerusalem.

V: 27 -Firm _____= Jesus everlasting new Covent between God and man

-1 week= 7 years middle of the week Jesus is killed 3 years into that seven

- Stop sacrifice and offering- these were not needed to cover the people's sin any more

- Abomination of desolation- first this abomination takes place from what Daniel has already predicted with the fall of the temple. In _____ BC an event takes place Antiapaus Epiphanies he was from Assyria who invaded after the Babylonians and sacrificed a pig on the altar of God to Zeus.

- If that happens before Christ why mention it? Because it is something that will take place again later after Jesus ministry: in 70 ad the romans destroy the temple-

: _____= equal the eagle on the Roman symbol

: The standard that they carried was a symbol of idolatry and worship to Caesar. So this was another act of abomination.
