

Week 21 SG Revelation 10

- During both of these interludes we get a message from God that serves as a message of _____ to the Christians

V1-3

* The Angel- The cloud, the rainbow, the face like the sun, and the legs like fiery pillars relate to an angel that was directly in _____.

- How we know this? All of these things are connected to covenants and messages given directly from God in the Old Testament.
 1. _____ = Moses on Sinai with 10 commandments & Jesus on mount transfiguration (Matt 17)
 2. _____ = Covenant with humanity to never flood the earth again Genesis.
 3. _____ = Moses in Exodus 34 after second set of tablets and Jesus on Mount of transfiguration
 4. _____ = pillar of fire as a promise to lead his people
- Voice of a lion= Represents the words from _____
- Thunder= Usually used to get attention as God pronounces a _____ (Exodus, Matt 17, Daniel, Ezekiel)

V.4-7

* Why John should not write it down= Humanity is not ready to _____ **or** _____.

* NO more time= making the point that there will be no more _____ or delay for the judgment, yet to come.

V. 8-11

* Eating of the scroll= _____ of Gods prophecy to be shared by his servants and prophets.

* The scroll is taken not given why? = Humanity _____ God's word it is not forced on them.

- The sweet and bitter= why would the words of God given for humanity be both?= The joy of being chosen to _____ Gods word is sweet, however the sorrow of having to _____ God's message can be bitter.
- One key thing to notice is this is another area we see that this text does not deal with the final judgment. How would John have a chance to prophesy again what he is told not to write down if there is no more earth? If time is over.
