

## Introduction

On Sunday we had the chance to reflect on our history as a church, and we celebrated some awesome wins from 2019! While we shared a lot of numbers, it is important to know that the numbers are not what we strive for, but they are an indicator of what is going on in our church. They are evidence of us living out the values we have as a community of people following Jesus.

## Discussion Topics

As a group, spend some time considering how you can continue, or in some cases begin, living out the values we hold as a church. Ask the group these questions. You can read some of the verses that go along with each value as well.

- How can we as a group, continue to be **genuine**?
  - [Matthew 23:25-26](#)
- How can we as a group, continue to be **growing**?
  - [Hebrews 10:24-25](#)
- How can we as a group, continue to be **giving**?
  - [Matthew 5:41, 6:20, 19:21](#)
- How can we as a group, continue to be **going**?
  - [Matthew 28:18-19](#)
- How can we as a group, continue to be **glorifying**?
  - [2 Corinthians 5:20](#)

## Moving Forward

If there are any answers given that might involve the group taking on a service project, volunteering in any capacity, adding more people to the group, etc., set a date for that to happen. Don't miss an opportunity during this time to put action into motion. Living out these values throughout our community will create lasting impact.
