

# About Us

Part of the Southeastern California Conference of Seventh-day Adventists, the Center of Discipleship and Evangelism is a space where emphasize that God's first priority is to be with you.

It is out of our relationship with God that we enter the work of God in expanding the kingdom of God.

Evangelism, or us bearing witness, is a natural response to what God is doing in our lives. It is not just simply information that we learn about to share to others.

The goal of the center is to help people internalize and practice abiding with and following Jesus. As we practice what he did, we will bear witness or share the good news of what God has done in our lives with others.
