Set Free

Titus 2:11-14 NIV; 1 Peter 1:14-23

1. What's one thing from last weekend's sermon that you hope we talk about as a group?

2. Share a memory when you received a punishment/consequences for a decision you made as a child. What was the consequence? How did you feel about it then? How do you feel about it now?

Digging Deeper:

Pastor Terry spoke on God's love and holiness as characteristics of God, but our need to understand that wrath is a response, a decision that is made because of God's love and holiness. He then went on to relate this to the organization Mother's Against Drunk Driving (MADD). Can you think of any other human examples?

- a. What lengths would you go to make sure your kids, your family, your loved ones were safe? What distance or sacrifice would you make to protect those you love? In your own words, how does that relate to God's love and wrath?

b. What would be some healthy practices or spiritual habits that might allow for us to stay away from sin?

c. Is there anything you need to do as a result of what you've learned this week?

Closing in Prayer: As a group continue to pray for Warren and Glenda Perkins.
