## Moving Forward

*Mark 2:1-12*

To be the church to others, it takes a heart that sees the need in the hearts of others.

To be the church to others, it takes a determined persistence that grows out of a strong belief in the life-changing power of Jesus.

To be the church to others, it takes a willingness to do what you've never done before.

When we do whatever it takes, sin loses its hold on people.

When we do whatever it takes, people are set free.

When we do whatever it takes, God is made known.

NOTES:
