The Cost of Love

Mark 1:40-44 & John 12:12-15

1. If you had to give an abbreviated version of Pastor Alexis' sermon, what one or two things would you be sure to mention?
2. Share a scars story you may have? Can you see any victories from that scar? These can be seen or unseen scars, whatever you are comfortable with sharing.
3. We looked at John 12:12-15 together during the message. Pastor Alexis mentioned the significance of Jesus' fulfillment of the prophecy and the significance of the palm branches. Look at Zechariah 9:9 and Revelation 7:9-10, what stands out to you? What does this mean when thinking of victory? What does this mean for us?

4. Digging Deeper: In this weekend's message, Pastor Alexis shared about how sometimes the cost of love is healing our own wounds to be a testimony to others of God's glory. Share of a time where you found healing and were able to share that with others.

a. How has that impacted your faith?

b. In what ways, has it costed you in healing your wounds?

c. Share of a time where someone else's testimony has helped you in your own faith walk or in healing.

d. How are you going to be close to Jesus this week? Is there anything you need to do as a result of what you've learned this week?
