

IS JESUS REALLY GOD?

1. Historically speaking, what evidence is there that Jesus existed?
2. What type of man was Jesus?
3. Read John 10:30-33. Jesus claimed to be the divine Son of God. What do we make of someone who was such a good man, yet said he was divine?
4. When you are engaging in conversation with someone (family member, neighbor, coworker, etc.) about Jesus, how would you describe who Jesus is? (Think three big parts of Jesus life: birth, death, resurrection)
5. If Jesus really is God, how does this big story of Jesus intersect with your story? How can you celebrate what God is doing in and through your life?
