NEXT STEPS

WATER BAPTISM

This is an important step of obedience that shows others we have personally trusted Jesus for our salvation. Jesus was baptised and we do this to follow His example. When Christians are baptised, they are submerged under water to identify with the death and burial of Jesus and raised out of the water to identify with His resurrection. We believe that water baptism is a public declaration of three important things: you are a follower of Jesus Christ, you are beginning a changed life in Christ, and you are part of a new family.

To register for our next baptisms or for more information, please visit lifenz.org/baptisms

ALPHA

Alpha is a series of interactive sessions exploring the basics of the Christian faith. Each session looks at a different question and is designed to create conversation.

There's no pressure, no follow-up and no charge; it's an open, informal, and honest space to explore and discuss life's big questions together - such as "Is there more to life than this?", "Who is Jesus?", "How does God guide us".

All sessions start with dinner, as it's a great way to build relationships and get to know each other, and then it breaks out into small groups. Alpha gives a chance to share thoughts and ideas about the topic without being corrected or judged. It's an opportunity to hear from others and contribute your own perspective.

GROUPS

Groups are the backbone of church life. It's where we find meaningful connection. It's within small Groups throughout the city that we make a big church feel small and where we build relationships.

*"You know that I have not hesitated to preach anything that would be helpful to you but have taught you publicly and from house to house."
– Acts 20:20, NIV*

In the Bible, they worshipped in the temple but ministry happened house to house. Groups are where we build meaningful relationships, celebrate life's wins, and support each other in life's challenges. We are all designed to do life with others and getting involved in a Group helps us to carve out time and ensure relationship remains a priority.
