# NEXT STEPS

## WATER BAPTISM

This is an important step of obedience that shows others we have personally trusted Jesus for our salvation. Jesus was baptised and we do this to follow His example. When Christians are baptised, they are submerged under water to identify with the death and burial of Jesus and raised out of the water to identify with His resurrection. We believe that water baptism is a public declaration of three important things: you are a follower of Jesus Christ, you are beginning a changed life in Christ, and you are part of a new family.

To register for our next baptisms, please email: [nextsteps@lifeau.org](mailto:nextsteps@lifeau.org)

## ONE2ONE

We have created resource which is available to everyone to help share the foundations of Christianity whether you have been a Christian all your life or for just a few months.

one2one is a 7-session teaching guide that outlines the basic principles of Christianity through short online videos with an associated booklet with a number of discussion points. This means that you can take your friend through it at home, in a café, at the beach or even better, on a boat with a fishing rod – and all without a PhD

in biblical theology. It's also a great reminder of foundational principles of Christianity and we reinforce these in our lives when we work through them with somebody else. If you are new to Christianity and would like to join a New Christians Group that will take you through the one2one foundations of Christianity, please email:

## GROUPS

Groups are the backbone of church life. It's where we find meaningful connection. It's within small Groups throughout the city that we make a big church feel small and where we build relationships.

*"You know that I have not hesitated to preach anything that would be helpful to you but have taught you publicly and from house to house."*

– Acts 20:20, NIV

In the Bible, they worshipped in the temple but ministry happened house to house. Groups are where we build meaningful relationships, celebrate life's wins, and support each other in life's challenges. We are all designed to do life with others and getting involved in a Group helps us to carve out time and ensure relationship remains a priority.
