A New Work  
Acts 16:11-40

Every great new work begins and is  
fueled by the transforming power of  
Jesus.

ANTIOCH

EPHESUS

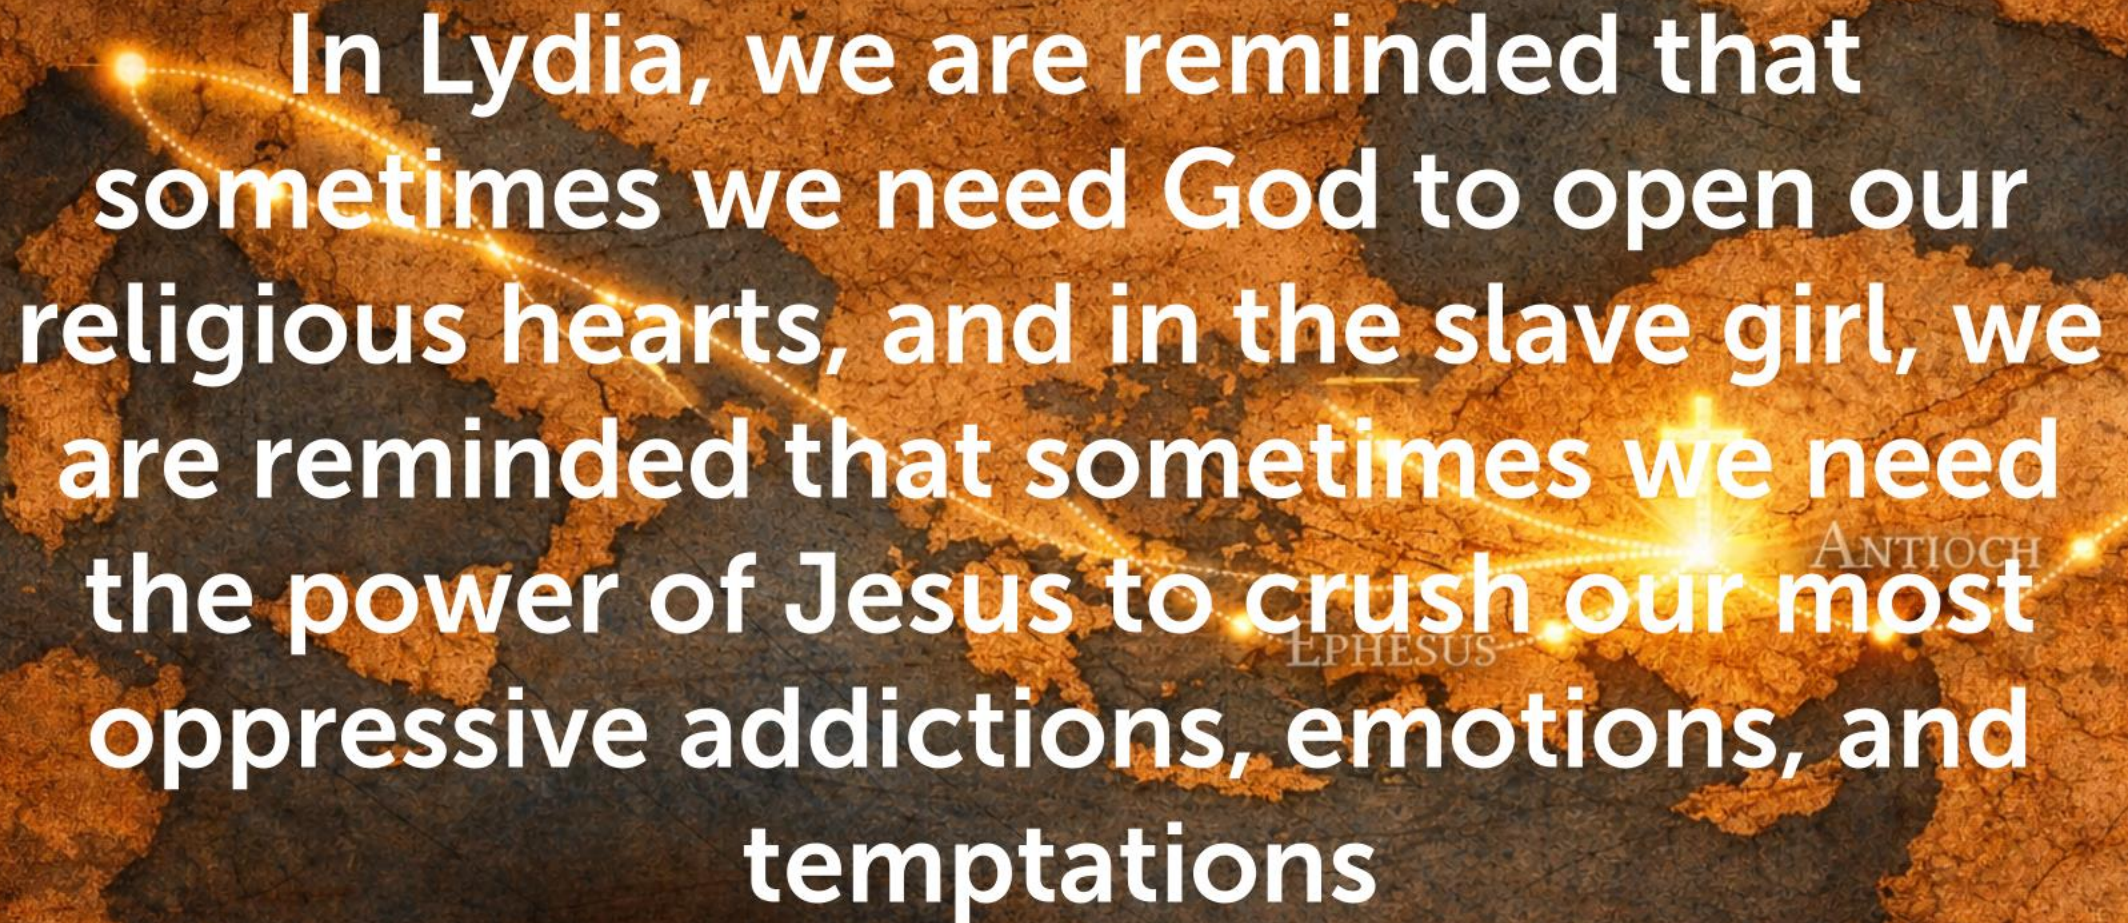

Lydia needed the God of all grace to  
open her heart so that she could  
experience the transforming power of  
Jesus.

**You should not need an earthquake-sized sign to lead you into obedience.**

EPHESUS

In Lydia, we are reminded that sometimes we need God to open our religious hearts, and in the slave girl, we are reminded that sometimes we need the power of Jesus to crush our most oppressive addictions, emotions, and temptations

God is not always calling us to what is easy or comfortable. God is calling us to what brings him the most glory.
