

# Prayer is about communion with God

“Hypocrite”- doing something for God with our eyes on people instead of God.

Jesus is condemning praying in a way  
that is aimed at affecting others rather  
than the prayer.

Prayer is not a duty you must perform. It is a privilege for you to enjoy.

True disciples pray for the approval of a heavenly audience.

Biblical prayer is an act of faith, an expression of dependence on God.

Our prayers are not to inform God of our needs but to confess and worship Him as the only one who can meet our needs.

Prayer is about changing us, our character, our will, and our values, even while we seek God's response.
