

**Easter Demands
a Response
Luke 23:33-24:12**

**Christianity is not based on the teachings of
Jesus; the Christian faith is based on the
resurrection of Jesus!**

You spend your whole life responding to the events this weekend represent, and you will spend all eternity suffering or enjoying the consequences of your response.

If you are a believer, you are still making a decision about Easter every day with the way you live your life.

**Man's self-centeredness results in
indifference to the cross.**

**People mocked Jesus because they got the
Messiah they needed, not the Messiah they
wanted**

Confession is not just acknowledging you did something God doesn't like; it's acknowledging that your crimes are so heinous that you deserve God's wrath.

The resurrection offers the hope that the worst thing about us doesn't have to be the last thing about us.
