

# Battle Prep: Phase 1

**Joshua 2:1-14**

You cannot expect to  
win battles you  
haven't prepared to  
fight.

If you are in Christ,  
you are already in a  
position of victory.

Preparation is both  
personal and  
corporate.

Your reputation won't  
intimidate the enemy.  
But the  
transformational  
power of God in you  
will.

Too many churches  
build strategies they  
like, without  
considering the  
people they're trying  
to reach.

True partnerships  
require trust.

We win battles  
together. We lose  
them alone.
