The Mission Continues

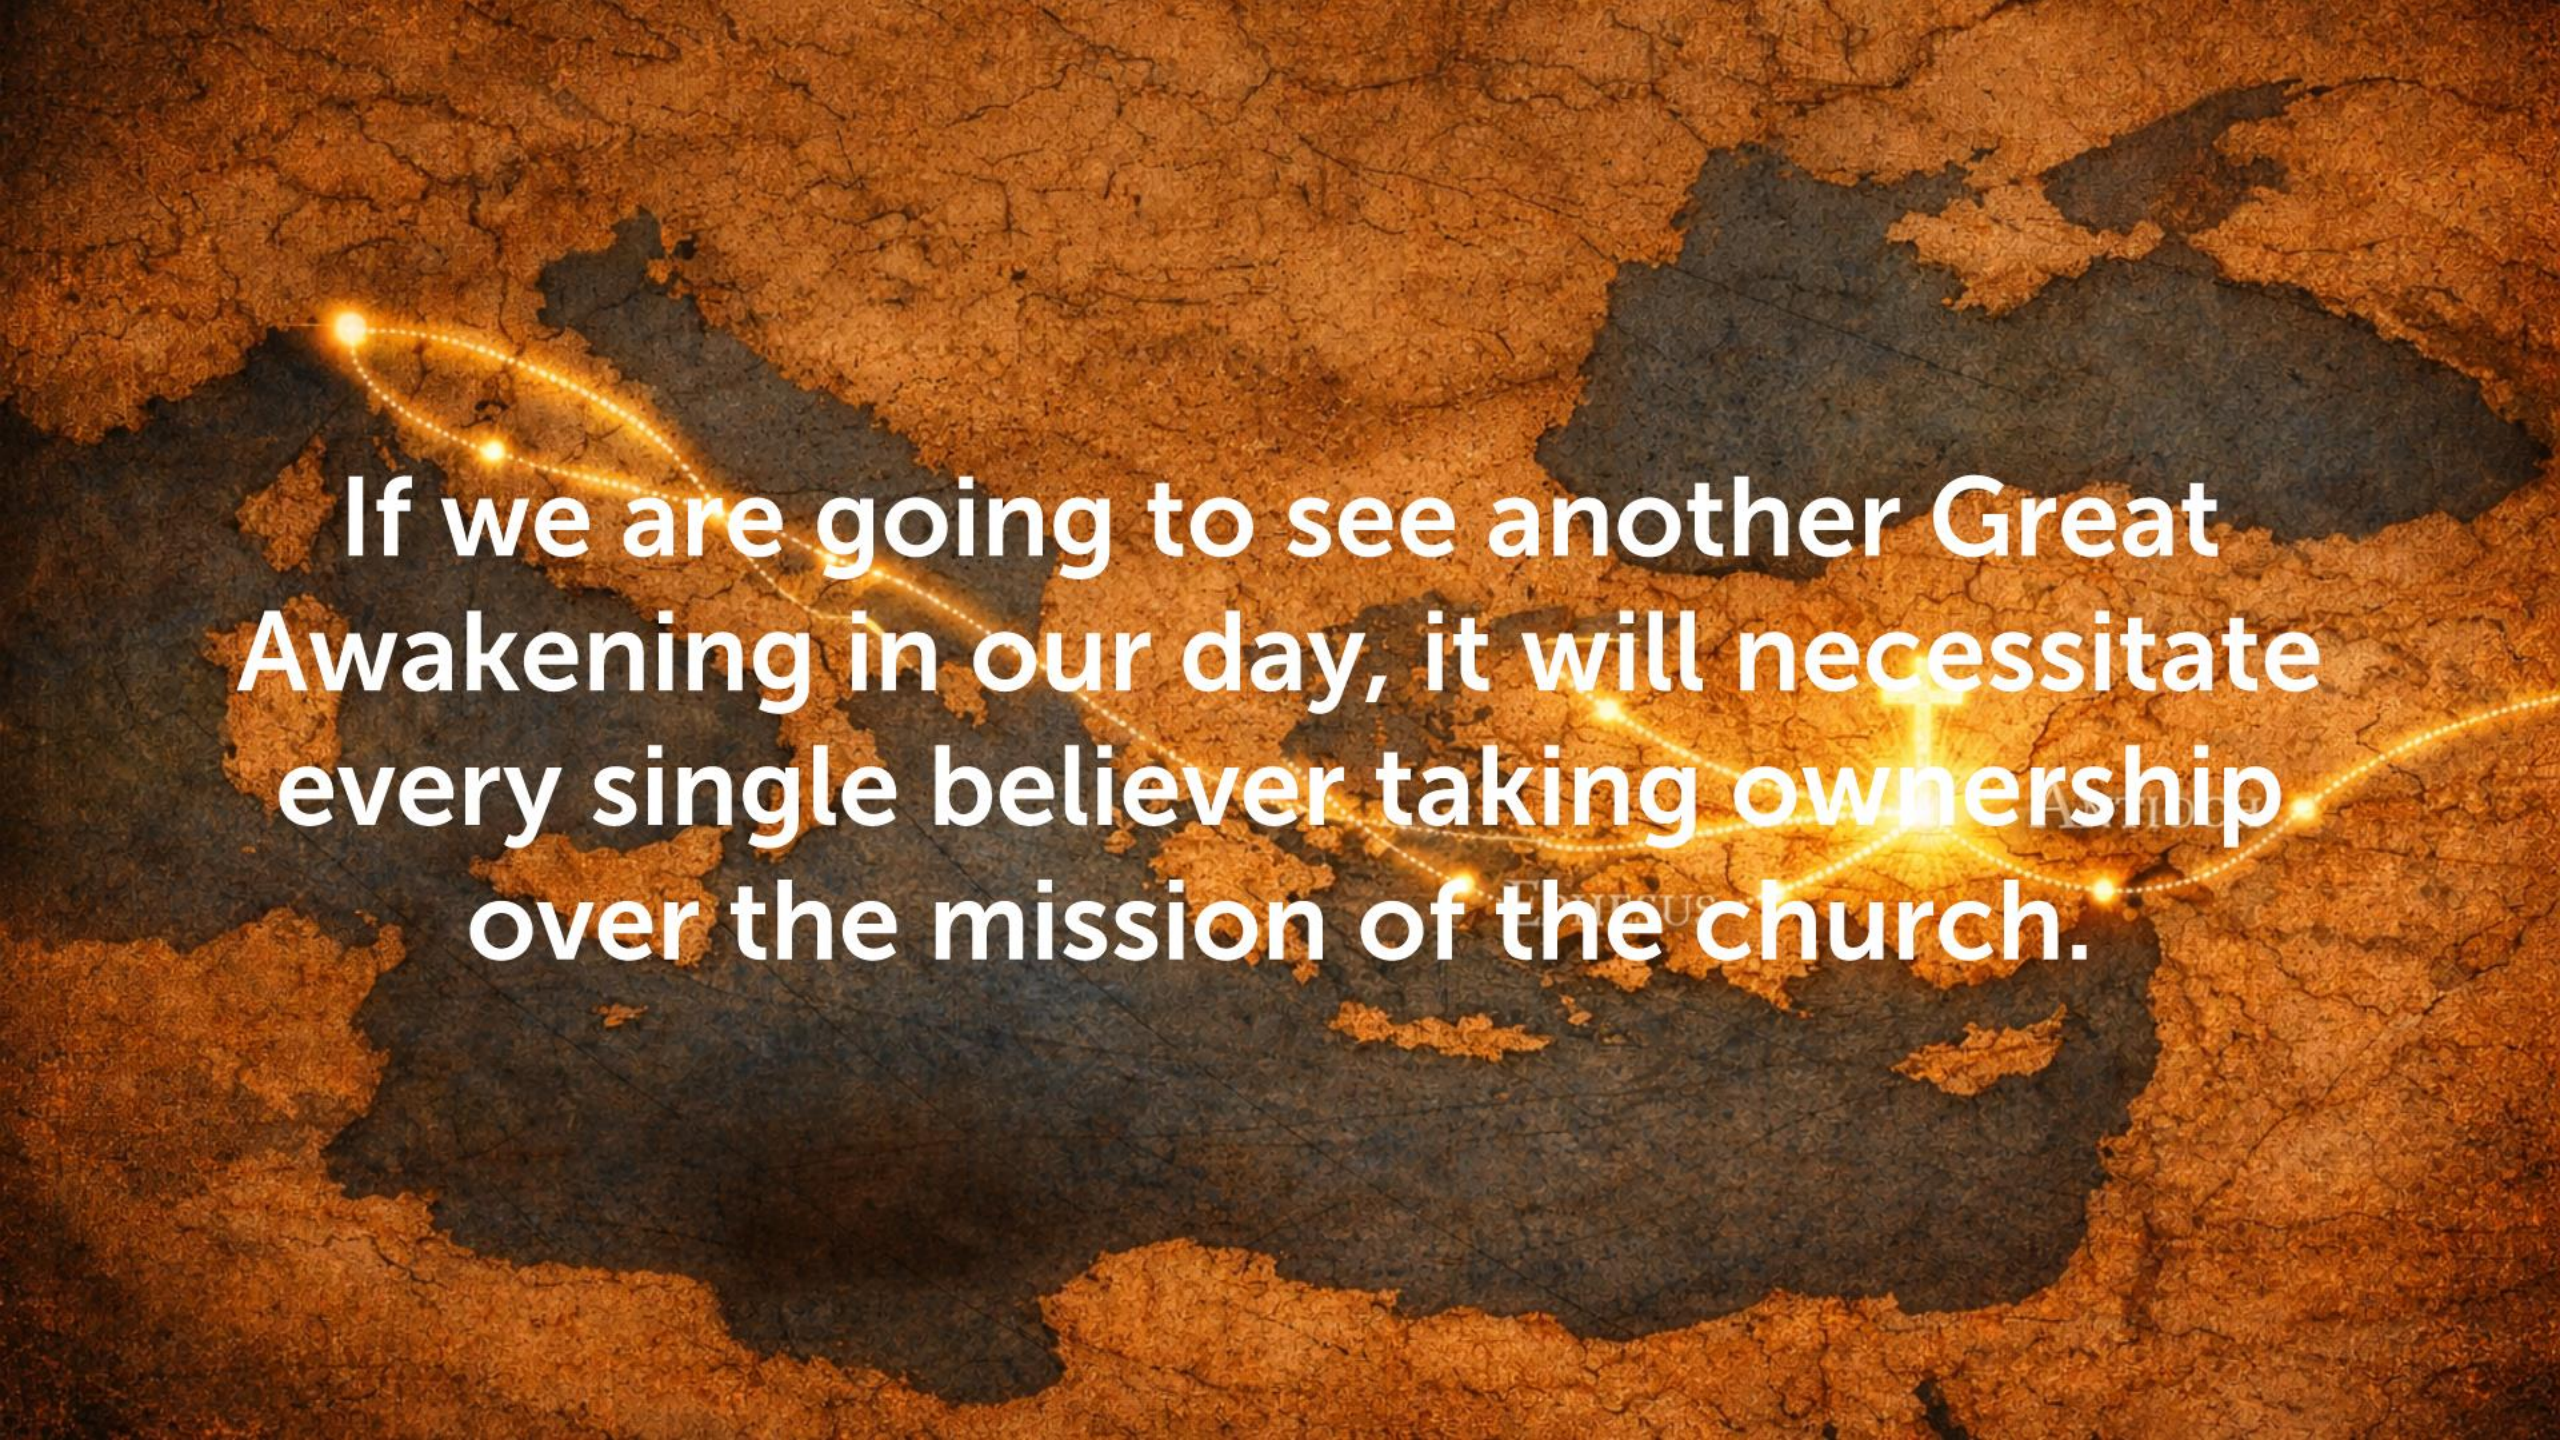

The way Luke ends the book communicates to us that the mission continues.
Antioch
Ephesus

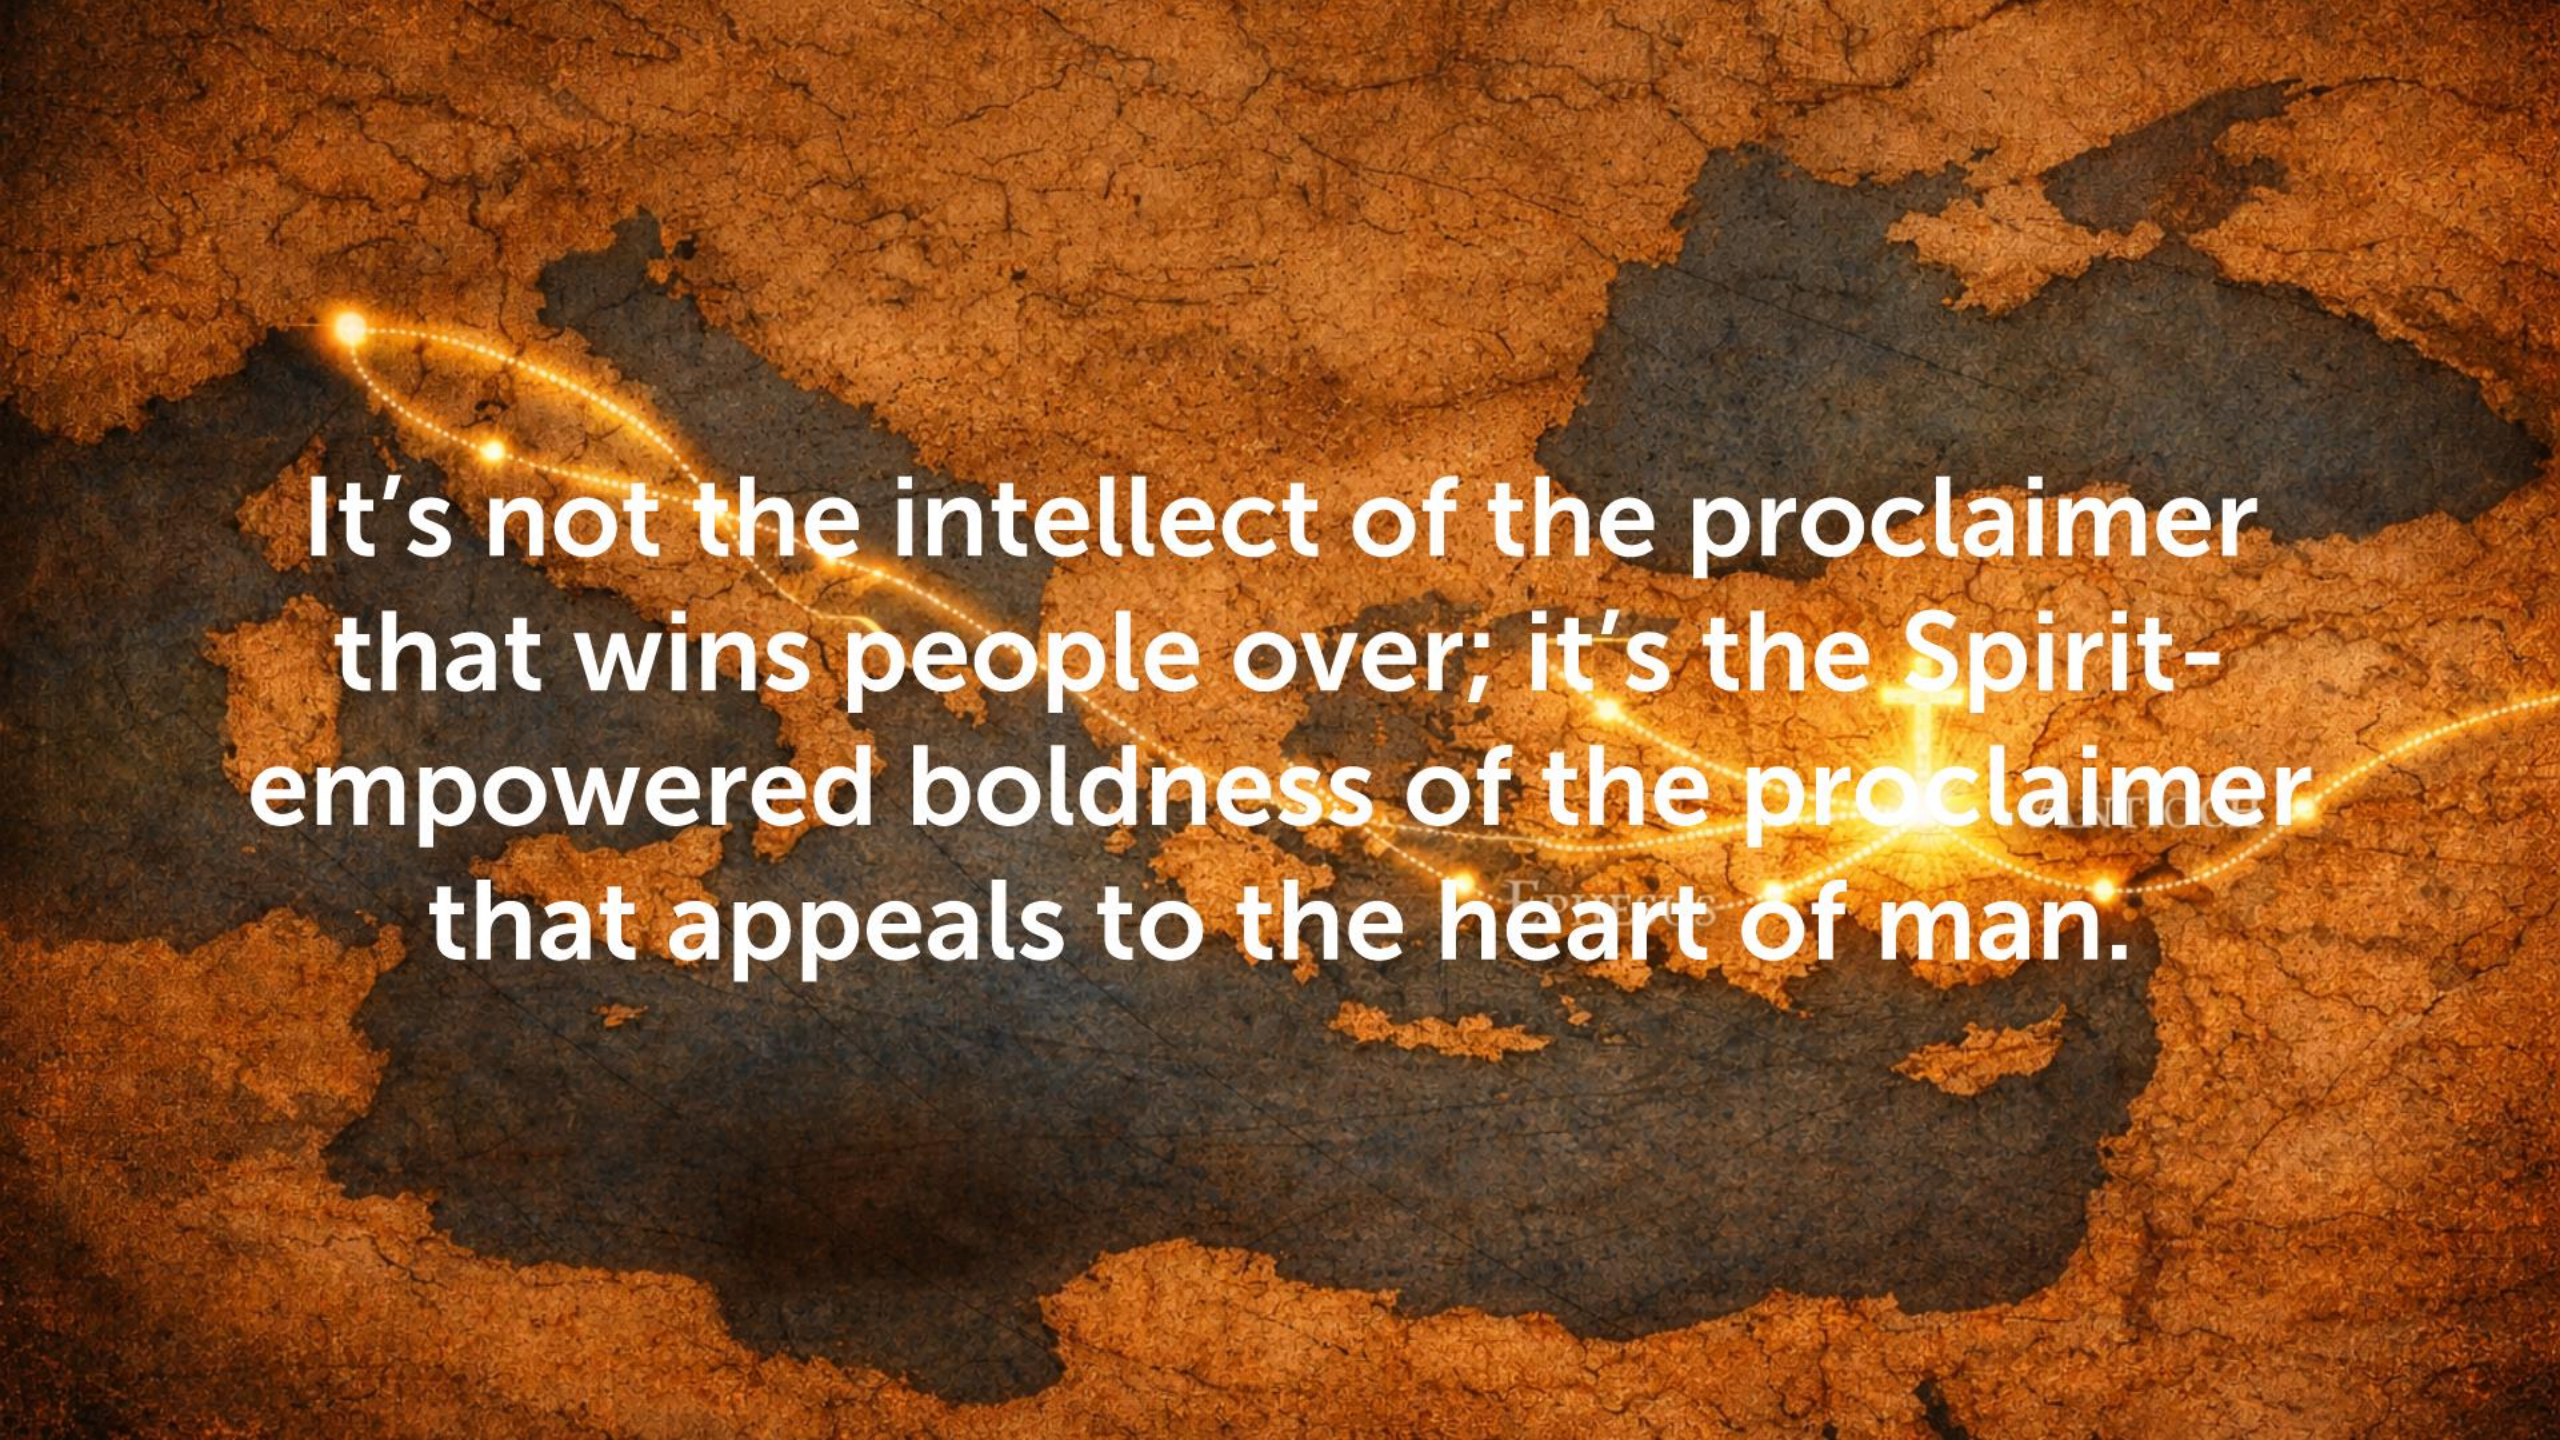

The church that was instituted in the book of Acts to carry out God's mission in the world is still alive and well today, and it remains the primary means by which God continues His mission in the world.

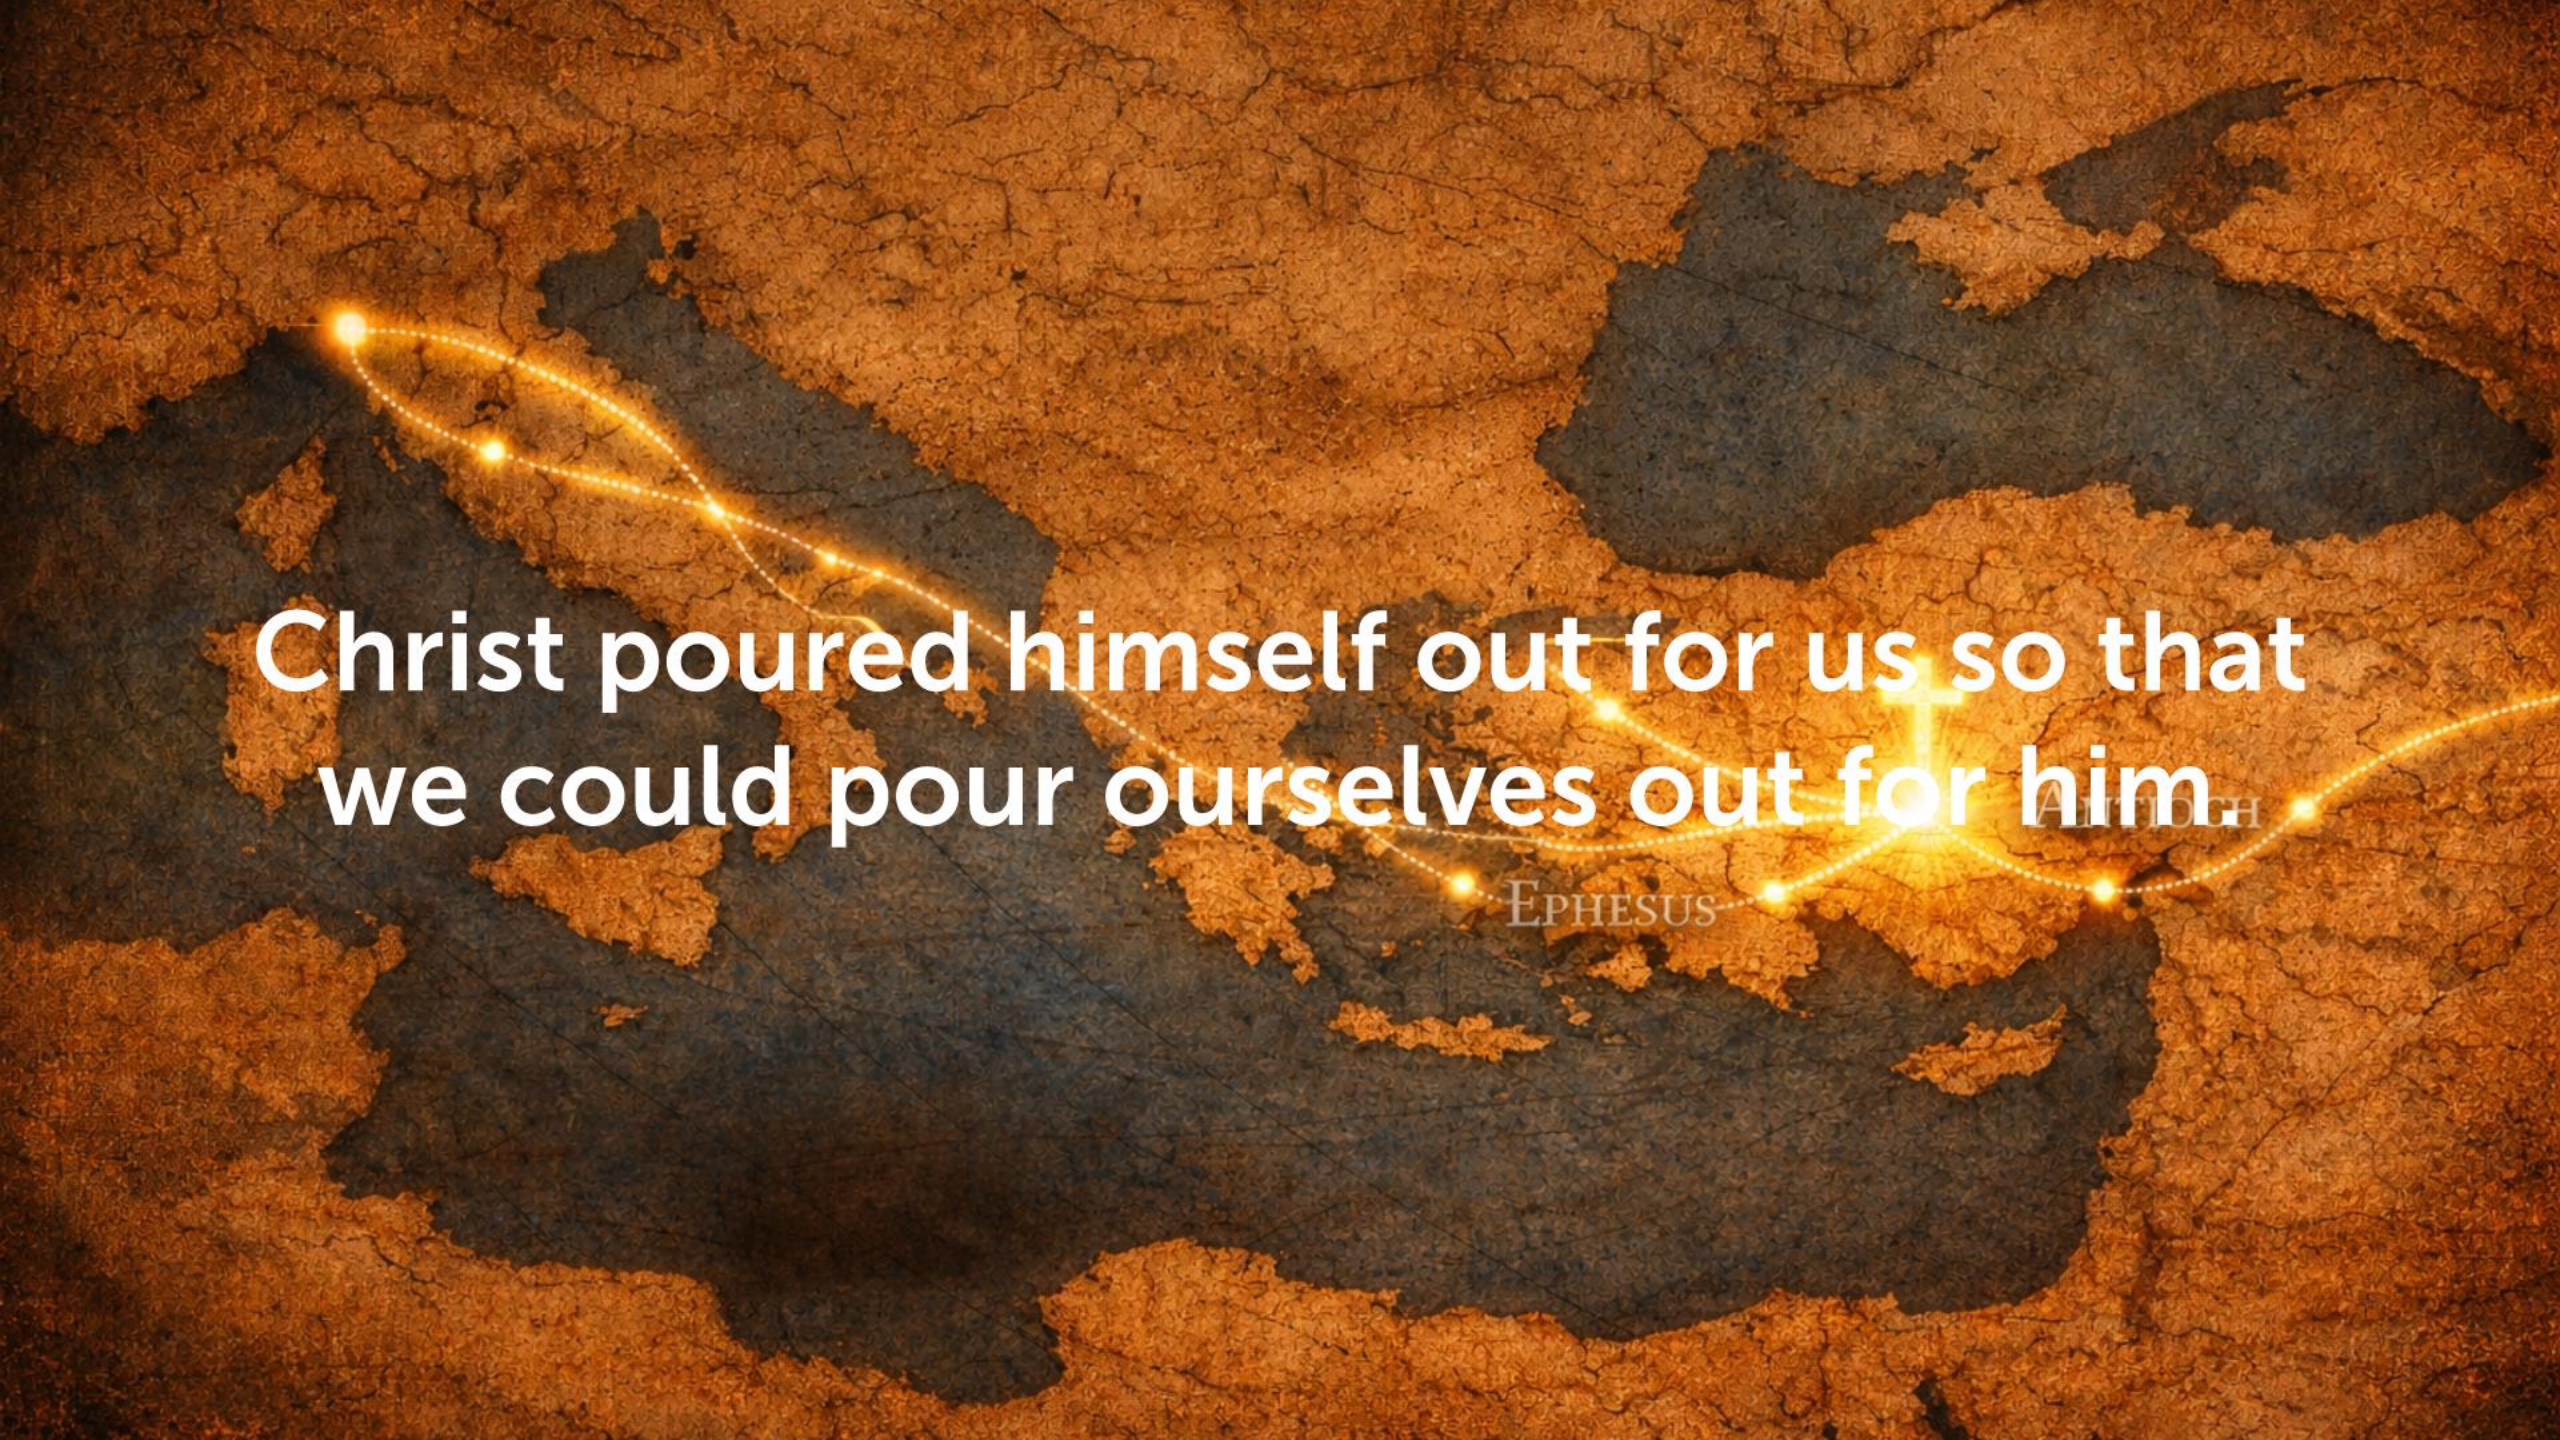

The mission continues as the church proclaims Jesus.

Ephesus

In a post-Christian world, people who are far from God don't understand the things that you take for granted.
ANTIOCH
EPHESUS

Each one of us must teach the Word of Christ and the Christ of the Word.
Ephesus

If we are going to see another Great Awakening in our day, it will necessitate every single believer taking ownership over the mission of the church.

It’s not the intellect of the proclaimer that wins people over; it’s the Spirit-empowered boldness of the proclaimer that appeals to the heart of man.

Christ poured himself out for us so that
we could pour ourselves out for him.
EPHESUS
