

The Hope of Repentance

Joshua 8

True repentance only happens when we are troubled by the offense, not just the penalty.

Fear of future
punishment isn't
enough to produce
genuine faith or
lasting change.

When God turns from
His anger, His people
can turn from their
fear.

Repentance refocuses
our hope on God's
sovereignty and His
sufficiency.

God's sovereignty-
nothing happens in all
creation that is
outside His authority
or control.

When fear grips your heart, it's not that God has lost control — it's that we've lost sight of His control.

Biblical prosperity isn't about wealth or comfort — it's about having enough of God's provision to fulfill His purpose in your life.

The only thing that
hides God's will from
us is our own sin.
